

GENERAL SERVICES ADMINISTRATION ACQUISITION MANUAL (GSAM)

RE-ISSUED JULY 2004 BY THE:

**U.S. GENERAL SERVICES ADMINISTRATION (GSA)
OFFICE OF ACQUISITION POLICY (OAP)**

(This edition includes the consolidation of all GSAM Changes through Change 9.)

INTRODUCTION

The General Services Administration Acquisition Manual (GSAM) consolidates the General Services Administration (GSA) agency acquisition rules and guidance.

Distinguishing Regulatory Material

The GSAM incorporates the General Services Administration Acquisition Regulation (GSAR) as well as internal agency acquisition policy. GSAR material is shaded. The shading helps users to distinguish and identify those parts that are regulatory from those that apply internally to GSA.

The shaded parts are those subject to section 22 of the Office Federal Procurement Policy Act, as amended (41 U.S.C. 418b). GSA must publish these rules in the Federal Register and codify them in 48 CFR Chapter 5 in accordance with the Paperwork Reduction Act (44 U.S.C. 3051 et seq.) and the Regulatory Flexibility Act (5 U.S.C. 601 et seq.). The rules that require publication fall into two major categories:

- (1) Those that affect GSA's business partners (e.g., prospective offerors, contractors).
- (2) Those that apply to acquisition of leasehold interests in real property. The Federal Acquisition Regulation (FAR) does not apply to leasing actions. GSA establishes regulations for lease of real property under the authority of 40 U.S.C. 490 note.

Separating regulatory material from internal directives decreases the number of rules subject to publication in the Federal Register. It also provides greater flexibility and responsiveness because an internal directive is easier and quicker to update or change.

Addressed to the Contracting Officer

Both the GSAR and GSAM address the contracting officer, except where specifically indicated. "You" means the contracting officer.

Compliance with Internal Directives

Non-shaded material is nonregulatory, but occasionally includes requirements that are mandatory for GSA personnel. These requirements are necessary to ensure uniformity or for other reasons.

Consolidation of Acquisition Directives

To the extent practicable, acquisition directives have been integrated into one document to eliminate the burden of checking multiple sources for related acquisition guidance.

**PART 501—GENERAL SERVICES ADMINISTRATION
ACQUISITION REGULATION SYSTEM**

**Subpart 501.1—Purpose, Authority,
Issuance**

501.101 Purpose.

(a) The General Services Acquisition Regulation (GSAR) contains agency acquisition policies and practices, contract clauses, solicitation provisions, and forms that control the relationship between GSA and contractors and prospective contractors.

(b) The GSAR addresses rules directly to you, the contracting officer, unless otherwise indicated.

501.103 Authority.

GSA’s Senior Procurement Executive issues the GSAR under the authority of the Federal Property and Administrative Services Act of 1949, as amended.

501.104 Applicability.

(a) *General.* The GSAR applies to contracts for supplies or services, including construction.

(b) *Acquisition of leasehold interests in real property.* [Part 570](#) establishes rules for the acquisition of leasehold interests in real property. Other provisions of 48 CFR Chapter 5 (GSAR) do not apply to leases of real property unless specifically cross-referenced in [Part 570](#).

(c) *Relationship to statute.* Some GSAR rules implement and interpret laws and other authorities affecting procurement. A GSAR rule specifically directed by statute has the force and effect of law.

(d) *GSAR/FAR Relationship.* The GSAR may deviate from the Federal Acquisition Regulation (FAR) if authorized. If the GSAR does not implement the FAR, the FAR alone governs.

501.105 Issuance.

501.105-1 Publication and code arrangement.

The GSAR is published in the following sources:

- (a) Daily issue of the Federal Register.
- (b) Annual Code of Federal Regulations (CFR), as Chapter 5 of Title 48.
- (c) GSA Acquisition Manual distributed within GSA.
- (d) GSA Home Page at <http://www.gsa.gov>. Click on either “Government Agencies” or on “Business and Industry,” then click on “Acquisition.”

501.105-2 Arrangement of regulations.

(a) The GSAR numbers and captions policies and procedures to correspond to how they appear in the FAR, e.g., 1.104 in the FAR is 501.104 in the GSAR.

(b) GSAR rules not implementing the FAR have numbers beginning with 70, e.g., part 570, subsection 515.209-70.

(c) The GSAR may have gaps in its numbering scheme because a FAR rule may not require GSAR implementation.

501.105-3 Copies.

The GSAR in CFR form may be purchased from: Superintendent of Documents, Government Printing Office, Washington, DC 20402.

501.106 OMB Approval under the Paperwork Reduction Act.

501.170 General Services Administration Acquisition Management System.

(a) *Description.* The General Services Administration Acquisition Management System consists of the General Services Administration Acquisition Regulation (GSAR) and agency and Service non-regulatory acquisition guidance documents.

(b) *Format.* For users' convenience, the General Services Administration Acquisition Manual (GSAM) contains the GSAR and nonregulatory agency acquisition guidance. The GSAM adheres to GSAR numbering and drafting conventions. GSAR material is shaded. Non-shaded material is non-regulatory. The shading distinguishes regulatory material from material that applies internally to GSA.

(c) *Agency policy.* Although GSAM requirements are not all regulatory, occasionally the requirements are mandatory for GSA personnel. The mandatory requirements reflect agency policy which must be followed to ensure uniformity or for other reasons.

(d) *Applicability.* The GSAM applies to contracts for supplies or services, including construction.

(e) *Acquisition of leasehold interests in real property.* [Part 570](#) establishes requirements for the acquisition of leasehold interests in real property. Other provisions of the GSAM do not apply to leases of real property unless specifically cross-referenced in [Part 570](#).

(f) *Availability.* The GSAM is available on the GSA Home Page at <http://www.gsa.gov>. Click on either "Government Agencies" or on "Business and Industry," then click on "Acquisition." You may also link to the GSAM on Insite at <http://insite.gsa.private>. Click on "Business Hot Links," then on "Acquisition."

501.171 Other GSA publications.**501.171-1 GSA orders and handbooks.**

(a) Heads of contracting activities (HCA's) may issue internal agency guidance, as described in FAR 1.301(a)(2), in the form of a GSA order or handbook.

(b) GSA orders and handbooks must not unnecessarily repeat, paraphrase, or otherwise restate the FAR, GSAR, or GSAM.

(c) The handbook, Writing GSA Internal Directives (OAD P 1832.3B), prescribes policies and procedures for issuing GSA orders and handbooks.

501.171-2 Acquisition letters.

(a) Acquisition letters provide interim policies and procedures pending incorporation in GSA orders or handbooks.

(b) Acquisition letters expire one year after issuance, unless the letter indicates an earlier expiration date.

(c) The Senior Procurement Executive and HCAs, or designees, may issue acquisition letters.

(d) The issuing official must coordinate each acquisition letter with appropriate offices including Acquisition Policy, Counsel, and the Inspector General. Any proposed policy or procedure that affects the operation of the small business program, must be coordinated with the Office of Small Business Utilization (E).

(e) The issuing activity must identify each acquisition letter with an assigned number. The number should begin with the issuing office correspondence symbol, followed by the last two digits of the calendar year when issued, then numbered consecutively beginning with 1. For example, FC-97-5 would be the fifth acquisition letter issued by FSS in fiscal year 1997).

(f) The body of an acquisition letter should contain the following paragraphs, as appropriate:

- (1) Purpose.
- (2) Background.
- (3) Effective date.
- (4) Termination date.
- (5) Cancellation.
- (6) Applicability (offices to which the acquisition letter applies)
- (7) Reference to regulations (FAR or GSAR), handbooks, or orders.
- (8) Instructions/procedures.

(g) The issuing office is responsible for distributing its acquisition letters to affected contracting activities and the Office of Acquisition Policy. In addition copies should be distributed to:

- (1) For acquisition letters issued by the Office of Acquisition Policy or a Central Office Service:
 - (i) Associate General Counsel.
 - (ii) The Administrative Policy and Information Management Division (CAI).
- (2) For acquisition letters issued by a Region:
 - (i) Regional Counsel.
 - (ii) The regional clearance office as defined in the handbook, Writing GSA Internal Directives (OAD P 1832.3B).
 - (iii) Central office contracting activities, if appropriate.

(h) If an acquisition letter is distributed only electronically, then the issuing office may issue a notice to affected contracting activities, the Office of Acquisition Policy, and Associate General Counsel or Region Counsel in lieu of distributing paper copies. The notice must identify the subject, number, and location of the letter.

(i) Each issuing office must report on acquisition letters issued and canceled on a quarterly basis to the Office of Acquisition Policy. The Office of Acquisition Policy will issue a consolidated index of all acquisition letters issued or cancelled.

Subpart 501.4—Deviations from the FAR and GSAR

501.402 Policy.

Uniformity is a goal of GSA's Acquisition Regulation System. Despite this desire for uniformity, a contracting activity may take any of the following actions:

- (a) Develop and test new procedures and techniques.
- (b) Adopt alternate procedures in the public interest for unique programmatic or managerial requirements.
- (c) Deviate from a regulatory provision implementing a statutory requirement provided the deviation does not violate the underlying statute. Deviations must not be used to defeat the FAR and GSAR approval requirements.

501.403 Individual deviations.

(a) An individual deviation affects only one contract action.

(1) The Head of the Contracting Activity (HCA) must approve an individual deviation to the FAR. The authority to grant an individual deviation may not be re-delegated. A copy of the deviation must be provided to GSA's Senior Procurement Executive (SPE).

(2) An individual deviation to the GSAR must be approved by the HCA. The authority to grant an individual deviation may be re-delegated to the Contracting Director.

(b) If GSA delegates authority to another agency and requires compliance with the GSAR as a condition of the delegation, the Contracting Director in the agency receiving the delegation may approve individual deviations from the GSAR unless the agency head receiving the delegation designates another official.

- (c) Send a copy of each deviation to GSA's SPE (V).

501.404 Class deviations.

(a) A class deviation affects more than one contract action. A deviation for any solicitation that will result in multiple awards or any solicitation under the multiple award Federal Supply Schedule program is considered to be a class deviation. Each award under such a solicitation is considered an individual contract action.

(1) A class deviation to the FAR must be forwarded by the cognizant HCA to GSA's SPE for approval. Prior to approving a class deviation to the FAR, the SPE will consult with the Chairman of the Civilian Agency Acquisition Council (CAAC) in accordance with FAR 1.404(a)(1).

(2) A class deviation to the GSAR must be forwarded by the cognizant HCA to GSA's SPE for approval.

(3) When an HCA knows that a proposed class deviation will be required on a permanent basis, the HCA should propose or recommend an appropriate FAR and/or GSAR revision.

(b) If GSA delegates authority to another agency and requires compliance with the GSAR as a condition of the delegation, the HCA in the agency receiving the delegation may approve class deviations from the GSAR unless the agency head receiving the delegation designates another official.

- (c) Send a copy of each deviation to GSA's SPE (V).

(d) A request for class deviations must be supported by statements that fully describe the need for and the nature of the deviation.

(e) Class deviations from the GSAR:

- (1) Expire in 12 months if not extended.

(2) May be rescinded earlier by GSA's SPE or by officials designated under paragraph (a) of this section without prejudice to any action taken previously.

501.404-70 Contract action.

Contract action. A contract action, for the purpose of determining whether an individual or class deviation is appropriate, has the same meaning as that used for reporting contract actions to Federal Procurement Data System–Next Generation (FPDS-NG). A contract action includes, but is not limited to, any of the following:

- (a) Initial letter contract.
- (b) Definitive contract superseding letter contract.
- (c) New definitive contract.
- (d) Purchase order/BPA calls using simplified acquisition procedures.
- (e) Orders under single award indefinite delivery contracts.
- (f) Orders under BOA.
- (g) Order/modification under Federal schedule contract.
- (h) Modification.
- (i) Termination for Default.
- (j) Termination for Convenience.
- (k) Order under multiple award contract.
- (l) Initial load of Federal schedule contract.

501.404-71 Deviations to the nonregulatory GSAM.

Handle individual and class deviations to the nonregulatory (unshaded) part of the GSAM as stated in [501.403](#) and [501.404](#).

Subpart 501.6—Career Development, Contracting Authority, and Responsibilities

501.601 General.

HCA's are contracting officers by virtue of their position. Other contracting officers are appointed under FAR 1.603 and GSA's contracting officer warrant program (See [501.603](#)).

501.602 Contracting officers.**501.602-2 Responsibilities.**

(a) *Fund sufficiency.* A requisition or purchase request signed by an authorized individual is evidence that sufficient money for the purchase is available in the fund cited.

(b) *GSA revolving funds.* A requisition for indefinite delivery, indefinite quantity contracts requiring a guaranteed minimum quantity must specify enough funds to pay for the guaranteed minimum.

(c) *GSA funds, other than revolving funds.*

(1) The requisitioning activity must certify that additional funds are available before contract or purchase order award if the purchase exceeds the dollar amount on the requisition by 10 percent or \$50, whichever is greater.

(2) If a requisition is not used, e.g., lease of real property, you must ensure funds are available before awarding the contract.

(d) *Other Federal agencies' funds.* A GSA buying activity must not exceed a fund limitation on a customer agency's purchase request unless authorized by supply support agreements. If a purchase request indicates insufficient funds to cover all costs, the customer agency must provide additional funds. Regardless of which Central Office or Regional buying activity will make the acquisition, the office initially receiving the requirement requests the additional funds.

501.602-3 Ratification of unauthorized commitments.

(a) *Authority to ratify.* Under FAR 1.602-3, you may ratify unauthorized contractual commitments if the HCA approves the ratification action. An HCA may not redelegate approval authority.

(b) *Criminal investigation.* Generally, the Government is not bound by commitments made by persons with no contracting authority. Unauthorized commitments may violate laws or regulations. They constitute serious employee misconduct and may warrant disciplinary action. If unauthorized commitments involve any type of misconduct that might be punishable as a criminal offense, either you or the employee's supervisor must report the matter immediately to the Office of the Inspector General with a request for a complete investigation.

(c) *Documentation required for ratification.* The individual who made the unauthorized commitment gives the contracting director all records and documents about the commitment and a complete written statement of facts, including all the following:

- (1) Why normal acquisition procedures were not followed.
- (2) Why the contractor was selected.
- (3) Other sources considered.
- (4) Description of work or products.
- (5) Estimated or agreed-upon contract price.
- (6) Appropriation citation.
- (7) Status of contract performance.

(d) *Documentation waivers.* Under exceptional circumstances, a contracting director may waive the requirement that the individual who made the unauthorized commitment must initiate and document the request for ratification. In such a case, the individual who does initiate the request for ratification must provide a written determination stating that an unauthorized commitment was made and identifying the individual who made it. For example, an exceptional circumstance may occur when the person who made the unauthorized commitment is no longer available to attest to the circumstances.

(e) *Processing a ratification.* (1) You must process the request for ratification. Prepare a summary statement of facts addressing the limitations in FAR 1.602-3(c) and recommend whether or not the procurement should be ratified. Include a recommendation for other disposition if you advise against ratification.

(2) Submit to the HCA all the following:

- (i) Request for ratification.
- (ii) Your statement of facts and recommendation(s).
- (iii) Concurrence of assigned legal counsel (except when you recommend payment based on quantum merit or quantum valebant).
- (iv) If applicable, recommendation for payment on a quantum merit or quantum valebant basis (see [501.602-3\(f\)](#)).
- (v) Recommendation for corrective action to prevent recurrence.

(f) *Payment based on quantum merit or quantum valebant.*

(1) If ratification is not permissible due to legal improprieties, you may recommend that payment be made under either:

- (i) Services rendered on a quantum merit basis (the reasonable value of work or labor).
- (ii) Goods furnished on a quantum valebant basis (the reasonable value of goods sold and delivered).

(2) To base payment on either of these conditions, there must be a showing that the Government has received a benefit (See FAR 1.602-3(d)).

(3) You must obtain the approval of assigned counsel before making any payment on a quantum merit or quantum valebant basis.

(g) *HCA action.* The HCA either:

(1) Approves the ratification request in writing and sends the approval to you for issuance of the necessary contractual documents.

(2) Forwards a recommendation for payment on a quantum merit or quantum valebant basis to assigned counsel for approval.

(3) Returns an unjustified request or recommendation with a written explanation why the request or recommendation is denied.

(h) *Files.* The HCA maintains a separate file containing a copy of each request to ratify an unauthorized contractual

commitment and the response. The HCA must make this file available for review by the Senior Procurement Executive and the Inspector General.

501.603 Selection, appointment, and termination of appointment.

501.603-1 General.

(a) *Contracting officer warrant program (COWP)*. GSA's COWP establishes criteria for the selection, appointment, and termination of appointment of GSA contracting officers. It ensures that a GSA organization has qualified individuals as contracting officers who meet the organization's needs for contracting authority. Factors considered in determining the number of contracting officers appropriate for a given organization include volume of actions, work complexity, and organizational structure.

(b) *Training and education*. The COWP establishes acquisition training requirements for all personnel who exercise contracting officer authority consistent with the intent of the Clinger-Cohen Act of 1996 and Governmentwide training requirements. COWP incorporates the Governmentwide core curriculum and requires that personnel warranted above the simplified acquisition level meet the same educational standards that apply to personnel in the 1102 contracting series.

(c) *Deviations*. The Senior Procurement Executive must approve, in writing, any deviation from the policies, procedures, and requirements of the COWP.

(d) *Definitions*.

“Contracting experience” means personal and substantial involvement in purchasing, renting, leasing, or otherwise obtaining goods or services from nonfederal sources and includes any of the following functions: preparing and issuing purchase orders including selection of sources, issuing requests for quotations or solicitations, evaluating bids or proposals, selecting sources, participating in price negotiations, and all aspects of contract administration.

“Contracting Officer Warrant Board” means a group of senior-level acquisition employees who receive, evaluate, and process requests for appointment of contracting officers at the basic, simplified acquisition, intermediate, and senior levels.

“Test control officer” means a GSA employee, designated by the Head of the Contracting Activity, with responsibility for administering tests for acquisition courses for GSA employees.

Designated test control officers must be employed in organizations that are independent of operational activities with acquisition personnel.

(e) *Responsibilities*. (1) GSA's Senior Procurement Executive:

(i) Establishes the policies, procedures, and requirements that govern COWP.

(ii) Approves/disapproves deviations from any of the COWP requirements.

(2) Each HCA establishes procedures for administering COWP in his or her organization. The HCA:

(i) Appoints contracting officers in accordance with FAR 1.603 and designates officials to appoint contracting officers in accordance with [501.603-3\(a\)](#).

(ii) Establishes and budgets for training plans for contracting personnel.

(iii) Monitors contracting officers' performance.

(iv) Establishes controls to ensure compliance with laws, regulations, procedures, and good management practice.

(v) Appoints the chairperson of the Contracting Officer Warrant Board (COWB) if a COWB has been established to process requests for contracting officer appointments.

(vi) Determines the number of contracting officer warrants necessary for a particular work unit and the grade levels at which the warrant authority will be granted.

(f) *Applicability*. COWP applies to all contracting officers except those appointed under the Inspector General Act (Pub. L. 95-452). Contracting authority is not required for any of the following:

(1) Using the imprest fund.

(2) Signing training authorizations for public course offerings.

(3) Signing travel documents.

(4) Ordering printing and duplicating services from Government sources.

(5) Ordering supplies from GSA stock through GSA *Advantage!* or other electronic means.

(6) Signing Government Bills of Lading.

(7) Signing machine-loaded orders to replenish warehouse stock or to place orders under the Special Order Program.

(8) Signing system-generated delivery orders against definite quantity contracts for motor vehicles.

(9) Signing memoranda of agreement with other Federal agencies.

(10) Authorizing interagency transfers of funds.

(11) Using the Government telephone systems for commercial long distance and local service and/or approving payments for such services.

(12) Using the Federal Supply Service (FSS) nationwide contract for express small package transportation services and/or approving payments for such services.

(13) Certifying receipt and acceptance of goods or services (this does not apply to certified invoices under 513.70).

(14) Submitting a Standard Form 145, Telephone Service Request (TSR), to the Federal Technology Service (FTS).

(g) *Warrant levels.* COWP warrant levels are based on the dollar value of individual transactions (e.g., contract, modification, supplemental agreement) and not the aggregate contract value. If the basis of award involves evaluating options, the option periods are included in the contract value to determine the warrant level required for award. If an action includes both additions and deductions, the aggregate, absolute value of the changes determines the warrant level required for award (e.g., the value of an action that adds \$35,000 of work and deducts \$80,000 is \$115,000). HCAs may further limit warrant authorities.

Warrant Level	Authority Per Order Against Established Source Contract	Open Market Contracting Authority
Micro-purchase	\$2,500	\$2,500
Basic	In accordance with (IAW) contract terms and conditions or \$25,000 at HCA's discretion	\$25,000
Simplified Acquisition	IAW contract terms and conditions or \$100,000 at HCA's discretion	\$100,000 using simplified acquisition procedures (\$100,000 average net annual rent for real property leases)
Intermediate	IAW contract terms and conditions or \$1,000,000 at HCA's discretion	\$1,000,000 (\$1,000,000 average net annual rent for real property lease)
Senior	IAW contract terms and conditions	Unlimited
Telephone services (FTS employees only)*		Unlimited

* **NOTE:** For issuing TSR's for tariff services to regulated local exchange carriers on, or in conjunction with, existing telephone systems.

501.603-2 Selection.

(a) *Experience requirements.*

Warrant Level	Experience Required
Micro-purchase	Must possess clear understanding of policies and procedures applicable to micro-purchases
Basic	At least 1 year of current (within last 3 years) contracting experience with progressively broader assignments

Warrant Level	Experience Required
Simplified Acquisition	At least 2 years of current (within the last 5 years) contracting experience with progressively broader assignments
Intermediate	At least 3 years of current (within the last 7 years) contracting experience with progressively broader assignments
Senior	At least 4 years of current (within the last 10 years) contracting experience with progressively broader assignments

(b) *Training requirements.* (1) Contracting officer candidates must complete minimum training requirements. The preferred source for training is the Governmentwide contract for acquisition training established by the Federal Supply Service. However, training may be provided by other Federal Government training organizations, accredited colleges and universities, or the private sector, provided that the course uses the approved student and instructor textbooks and tests that are part of the Governmentwide acquisition curriculum.

(2) Courses may be taught by qualified GSA employees. The HCA (or his/her designee) is responsible for determining if an employee is qualified to serve as an instructor. Courses to be taught by qualified employees are subject to the following conditions:

(i) The course must use the approved training materials for student and instructor texts and course tests for the Governmentwide curriculum.

(ii) The instructor must have completed a 4-year course of study leading to a bachelor's degree that included at least 24 semester hours in accounting, business, finance, law, contracts, purchasing, economics, industrial management, marketing, quantitative methods, or organization and management.

(iii) The instructor must have on-the-job experience in the course subject.

(iv) The instructor must demonstrate good teaching skills, and have experience in making presentations.

(v) Course tests must be administered by a GSA test control officer and scored by the Office of Acquisition Policy (MV). Instructors may not serve as test control officers for the same course. A current list of GSA test control officers is contained on GSA Insite at: <http://insite.gsa.private/acqwork>.

(3) Employees who complete courses in the Governmentwide acquisition curriculum from sources other than contractors on the Federal Supply Service acquisition training contract or an accredited college or university are cautioned that such courses may not be eligible for college credit unless the training organization has received a positive credit recommendation from American Council of Education. This includes training provided by designated GSA employees.

(4) The minimum training requirements apply to all contracting officers appointed on or after the date when the Governmentwide acquisition courses become available.

(i) Individuals holding a permanent warrant issued before the Governmentwide acquisition courses became available are not required to take additional training, other than the training required for continuing education. However, such contracting officers should give priority to completing any new COWP training requirements in fulfilling the continuing education requirement.

(ii) Individuals holding an interim warrant issued before the Governmentwide acquisition curriculum became available must complete the new training requirements prior to receiving a permanent warrant. A training course received before availability of the Governmentwide curriculum may be used to satisfy a new course requirement if it meets both of the following conditions: the interim warrant holder completed and received training credit from GSA for the course before availability of the Governmentwide acquisition curriculum, and the course is accepted as equivalent to one of the new required training courses (see [501.603-2\(f\)](#)).

(c) *Minimum training requirements.* (1) Micro-Purchase level candidates must receive on-the-job orientation or formal training in simplified acquisition procedures. Personnel who have completed any of the following courses meet the requirement: Small Purchases/Schedule Contracts, Simplified Acquisitions, Introduction to Contracting, Interactive Customer Assistance CD-ROM micro-purchase training, GSA disk titled “GSA Purchase Card Program, IMPAC (VISA).”

(2) Basic level candidates for:

(i) Fleet manager warrants must complete the Basic Fleet Management Procurement course (40 hours).

(ii) Fleet sales warrants must complete only the Fleet Sales course (40 hours) when commercial contractors will conduct fleet sales.

(iii) Building manager warrants must complete the COR Mentor training course in addition to other courses required at this warrant level. The COR Mentor is a self-paced, on-line training course available at: <http://www.faionline.com>.

(3) Candidates for warrants at the simplified acquisition, intermediate, or senior levels currently serving and classified in 1102 or 1170 positions or in positions whose primary responsibility involved contracting for an uninterrupted period of 3 years do not have to take the basic level courses.

(4) Personal property sales warrant candidates who are classified in 1104 positions, excluding marketing positions, for an uninterrupted period of 3 years are not required to take the Personal Property Utilization and Disposal course.

(5) All Contracting Officer Representatives (CORs):

(i) With or without warrant authority, must complete those portions of the COR Mentor training course that correspond to the duties assigned to them by you. The COR Mentor is available at <http://www.faionline.com>. Each COR must complete this training within a reasonable time after appoint-

ment as a COR. The COR must provide you with copies of completion certificates for each duty completed under the COR Mentor.

(ii) Seeking warrant authority must also complete all courses required at the applicable warrant level.

(iii) For construction contracting seeking warrant authority limited to the issuance of change orders up to \$25,000, must complete the COR Mentor and Construction Contracting courses.

(6) TSR-issuer candidates must receive on-the-job orientation or formal training on the proper procedures for issuing TSRs and on the responsibilities and obligations of contracting officers.

(7) Contracting officers with dual warrant authority (e.g., with authority to dispose of and to acquire goods and services) must complete the mandatory training required for both types of warrant authority, based on the appropriate warrant level.

(8) Other warrant level training is outlined in [Figure 501-1](#).

(d) *Testing out of a course.* [Reserved]

(e) *Educational requirements.* Effective January 1, 2000, applicants for permanent warrants above the simplified acquisition level must meet the stated education requirements prior to receiving a warrant. HCAs may, at their discretion, make this requirement effective prior to January 1, 2000. These requirements apply to all candidates for permanent warrants, regardless of job series.

(1) *Applicants at grades 5 through 12.* Applicants for permanent warrants above the simplified acquisition level, who are at grades 5 through 12, must either have completed a 4-year course of study leading to a bachelor’s degree or have completed 24 semester hours in any combination of the designated fields.

(2) *Applicants at grades 13 and above.* Applicants for permanent warrants above the simplified acquisition level, who are at grade 13 or above, must have completed a 4-year course of study leading to a bachelor’s degree that included or was supplemented by at least 24 semester hours in any combination of the designated fields. The Senior Procurement Executive may waive one, but not both, of these educational requirements (i.e., either the requirement for a 4-year course of study or the requirement for 24 semester hours in designated fields), for applicants at grades 13 and above. The applicant must demonstrate significant analytical and decision-making capabilities, an acceptable job performance record, and qualifying experience.

(3) The designated educational fields are:

- (i) Accounting.
- (ii) Business.
- (iii) Finance.
- (iv) Law.
- (v) Contracts

- (vi) Purchasing
- (vii) Economics.
- (viii) Industrial management.
- (ix) Marketing.
- (x) Quantitative methods.
- (xi) Organization and management.

(f) *Course equivalencies.* (1) For employees who completed training prior to availability of the Governmentwide core curriculum, the following is a list of the courses contained in the Governmentwide curriculum and the course equivalencies that GSA will recognize. GSA cannot guarantee that other Federal agencies will accept the same substitutes.

Governmentwide Curriculum Course	Equivalent GSA Course
Acquisition or Procurement Planning I	Introduction to Contracting plus Procurement Planning

(3) Acceptance of course equivalencies extends only to GSA-approved courses successfully completed prior to availability of the Governmentwide curriculum. Requests to consider course equivalencies for training taken thereafter will not be considered or approved.

(4) Employees who attended courses approved as course equivalencies, prior to availability of the Governmentwide curriculum, are not required to complete the corresponding course in the Governmentwide curriculum. GSA Insite at: <http://insite.gsa.private/acqwork> contains a list of course equivalencies for GSA courses.

(5) Employees are cautioned that GSA's determination concerning the acceptability of GSA-approved courses is not binding on other Federal agencies. Employees who wish to qualify for senior 1102 positions in other Federal agencies may want to complete the courses contained in the Governmentwide core curriculum, as fulfillment of the mandatory training requirements for 1102 positions at grades 13 and above, to ensure acceptability across Government.

501.603-3 Appointment.

(a) *Authority to make micro-purchases or issue TSR's.*

(1) HCAs may authorize division directors or higher level officials to delegate contracting authority to employees to:

(i) Make purchases not to exceed \$2,500 (micro-purchases).

(ii) Issue TSRs for tariff services on, or in conjunction with, existing telephone systems, to regulated local exchange telephone companies. (Officials so designated by the HCA may not redelegate their authority.)

(2) Memoranda delegating authority to issue TSRs must state that the authority does not apply to Rate Stabilization Plans or orders for new Centrex service on a site level basis, except for new locations that require interim, temporary, small or emergency service.

(3) Branch chiefs or equivalent or Regional FTS Program Support Branch Chiefs may request delegations of contracting authority for issuing TSRs. The memorandum requesting appointment must include all the following:

(i) Candidate's name, title, and organizational location.

(ii) Brief explanation of why authority is needed.

(iii) Brief description of the candidate's qualifications.

(iv) Statement that the candidate has received the required training.

(b) *Authority to make other purchases.*—(1) *Nominations for appointment.*

(i) The chairperson of COWB, or other designee established by the HCA, submits nominations for appointment.

(ii) Nominations are submitted on GSA Form 3410, Request for Appointment and must be accompanied by one of the following: a GSA Form 3409, Personal Qualifications Statement for Appointment as a Contracting Officer; a Standard Form 171, Personal Qualifications Statement, prepared and signed by the candidate; or a resume detailing the candidate's experience, education, and training relevant to the position.

(2) *Certificate of Appointment.* (i) HCA's appoint contracting officers at the basic, simplified acquisition, intermediate, or senior level using Standard Form 1402, Certificate of Appointment. [Appendix 501A](#) provides suggested language for use in preparing SF 1402's. The examples shown in [Appendix 501A](#) are not meant to limit the issuance of warrants to only those contained in the Appendix.

(ii) The HCA gives the original Certificate of Appointment to the appointed contracting officer for display at his or her duty station.

(3) *Types of appointments.* Candidates are nominated for either an interim or permanent appointment.

(i) *Interim appointments.* Interim appointments are for a specified period of time. Personnel who hold interim simplified acquisition warrants must complete all training required for a permanent warrant within 1 year of the interim appointment. Personnel who hold interim warrants above the simplified acquisition level must complete all training and formal education required for a permanent warrant within 3 years of the interim appointment. A candidate for an interim warrant must have completed all courses required for an

interim warrant and have the necessary experience prior to appointment.

(ii) *Permanent appointments.* A permanent appointment is made to a candidate who meets all requirements for experience, education, and training at the time the appointment is made. Permanent appointments may be made for a specified period if the need for contracting authority is limited to that time period.

(c) *Training required for continued appointment for other than micro-purchase, TSR, or interim warrants.* (1) To maintain competency, you must complete formal or informal acquisition-related training as follows. The training may be accomplished through completion of a training class or through any of the examples cited in [501.603\(c\)\(2\)](#) below.

(i) 16 hours every two years (for basic or simplified acquisition level warrants).

(ii) 40 hours every 2 years (for intermediate or senior level warrants).

(2) To meet this requirement, you may attend:

(i) In-house training sessions.

(ii) Courses designed to broaden procurement knowledge (e.g., Contract Quality Assurance, Evaluating Contractor Performance, Alternative Dispute Resolution Procedures), including repeat courses taken for refresher training.

(iii) Courses related to procurement (e.g., Ethics, Standards of Conduct).

(iv) Lectures, seminars, or conferences conducted by nationally-recognized acquisition organizations or professional associations (e.g., National Contract Management Association, National Institute of Governmental Purchasing) or write papers or articles for these groups.

(v) Training to acquire knowledge of the product or service you are responsible for procuring (i.e., courses and in-house training sessions; attending contractor sponsored seminars, conferences, and trade shows; and site visits to a contractor's place of manufacture/performance to learn about manufacturing/operations processes).

(3) If you successfully complete a professional certification program offered by a nationally-recognized acquisition organization such as NCMA, NIGP, NAPM, or equivalent organization, you fulfill the continuing education requirements for contracting officers for a period of 3 years. The 3-year period begins on the effective date of your professional certification.

(d) *Authority to make purchases for domestic and national security emergencies.* (1) If you have already been appointed as a contracting officer, you may enter into contracts on behalf of a GSA organization different from the organization speci-

fied in your Certificate of Appointment in response to a domestic or national security emergency (see GSA Order, National Emergency Management Program (ADM P 2400.18)).

(2) An HCA may grant higher contracting authority for use during emergencies in a basic or intermediate warrant.

(3) An HCA may appoint contracting officers with authority limited to entering into contracts required to respond to domestic or national security emergencies.

501.603-4 Termination.

(a) An appointing official may terminate your appointment at any time. Return the terminated warrant document to the appointing official if your appointment is terminated. At the HCA's discretion, a contracting officer whose appointment is terminated may retain the original warrant certificate.

(b) Your supervisor or other management official within your organization must notify the HCA if you:

(1) Resign.

(2) Transfer to another agency or are reassigned to another office in GSA.

(3) Are terminated, or otherwise disciplined, for malfeasance or incompetence.

(4) No longer need your appointment.

(5) Failed to comply with any of the experience and training requirements.

(c) Anyone within your supervisory chain-of-command may suspend your appointment temporarily pending a final determination by the HCA:

(1) If there is reason to believe that you failed to exercise sound business judgment.

(2) For other improprieties in carrying out your responsibilities as a contracting officer.

Subpart 501.7—Determinations and Findings

501.707 Signatory authority.

(a) The FAR frequently refers to determinations made by the agency head. Under section 309 of the Federal Property and Administrative Services Act, the Administrator authorized HCA's to act as agency head to facilitate procurement of property and services under Title III of the Act. (See GSA Delegation of Authority Manual, ADM P 5450.39C.)

(b) An HCA normally signs a class D&F.

(c) If a statute precludes an agency head redelegating authority, the Administrator must sign the D&F (See, for example, FAR 6.302-7).

Subpart 504.4—Safeguarding Classified Information Within Industry**504.402 General.**

(a) This subpart:

(1) Prescribes procedures for safeguarding classified information required to be disclosed to contractors in connection with the solicitation of offers, and the award, performance, and termination of contracts.

(2) Implements the requirements of the Department of Defense's Industrial Security Regulation (ISR) and Industrial Security Manual for Safeguarding Classified Information (ISM). By agreement, the Department of Defense (DoD) will act for, and on behalf of, GSA in rendering security services required for safeguarding classified information released by GSA to U.S. industry.

(b) As used in this subpart, the term:

(1) "Contractor(s)" means prospective contractors, sub-contractors, vendors, and suppliers.

(2) "U.S. industry" means those industries (including educational and research institutions) located within the United States, its possessions, and the Commonwealth of Puerto Rico.

504.470 Requests for release of classified information.

(b) Sign the form as requesting officer and obtain approval from your immediate supervisor.

(c) Forward all copies of the completed form to the Office of Management Services (CA).

504.470-1 Authorization for release.

(b) Do not disclose or make classified information accessible to a contractor until CA gives you the completed form. If only Item 14b, Section 11, of the form has been checked, follow the instructions on the reverse side of the form. CA will advise you if a contractor is ineligible for a security clearance.

504.470-2 Termination of authorization for release.

When circumstances support withdrawal or revocation of a security clearance, CA informs you of the termination of authorization to release classified information and provides instructions on actions required to safeguard, withhold, or obtain the return of classified information. Reasons for termination include any of the following:

- (a) Failure of the contractor to maintain the physical standards required by the ISM.
- (b) Information indicating either that the contractor no longer:
 - (1) Is eligible for clearance.
 - (2) Requires access to classified information.

504.471 Processing security requirements checklist (DD Form 254).

(a) Prepare DD Form 254, Contract Security Classification Specification (illustrated in FAR 53.303-DD-254), for contracts involving contractor access to classified information. This identifies for DoD and contractors the areas of classified information involved. You may use written notice of classification for research or service contracts.

(b) Obtain instructions or guidance on completing DD Form 254 from CA.

504.472 Periodic review.

(a) You must review DD Form 254 whenever a change in the phase of performance occurs or at your discretion. Review the form at least once a year to determine if the classified information can be downgraded or declassified.

(b) Inform the contractor of the results of the review by one of the following means:

- (1) Issuance of a revised specification.
- (2) Written instructions instead of DD Form 254, if authorized.
- (3) Written notification if the review results in no change in the classification specifications.

(c) Prepare a final checklist upon termination or completion of the contract.

504.473 Recurring procurement.

- (a) End item.

- (4) Upon notification that authorization to release classified information has been withdrawn.

You or any other GSA employee responsible for the information must refer the facts of an unauthorized disclosure of classified information promptly to CA.

Subpart 504.5—Electronic Commerce in Contracting**504.500 Scope of Subpart.**

This subpart provides policy and procedure for use of GSA's Electronic Posting System (EPS).

504.502 Policy.

(a) The EPS is GSA's primary vehicle for disseminating synopses and written solicitations. GSA intends that the EPS will substitute for, not supplement, paper copies of solicitations. (Note that FAR 2.101 defines "in writing" or "written" to include "electronically transmitted and stored information.")

(b) This policy does not apply to orders placed against existing contracts, including Federal Supply Service schedule contracts.

(c) Nothing in this policy limits your authority to obtain oral quotations or proposals as authorized by regulation (e.g., FAR 13.106-1 or FAR 15.203(f)).

504.570 Procedures for using the EPS.

(a) You must use the EPS to issue any synopsis required by FAR Part 5 or GSAR [Part 505](#).

(b) You must issue each written solicitation on the EPS, except as provided in paragraphs [\(c\)\(2\)](#) and [\(d\)](#) below.

(c) Although GSA intends that the EPS will substitute for paper copies of solicitations, web-based transactions are not practical in some industries or in some geographic areas at this time.

(1) If you expect that electronic access to a solicitation will result in adequate competition, distribute the solicitation only through the EPS. Include the following notice in the related synopsis:

GSA is issuing this solicitation only electronically. Interested parties may access the solicitation at <http://www.eps.gov>. This site provides instructions for downloading the solicitation file.

(2) If you believe that distribution of paper copies is necessary to ensure adequate competition, document the file to justify distribution of paper copies. Include the notice in paragraph [\(c\)\(1\)](#) above in the related synopsis, leaving out the first sentence.

(d) In some cases, release of construction drawings must be controlled to ensure adequate security. In other cases, an exhibit or attachment incorporated in a solicitation may not be available electronically. In either of these cases, you must explain in both the synopsis and the solicitation how interested parties may obtain a copy. In addition to the notice required by paragraph [\(c\)](#), include a notice substantially the same as below in both the synopsis and solicitation. Tailor the notice as necessary for the particular acquisition.

This solicitation incorporates documents which are not available electronically. See [*Identify the solicitation section that lists the subject documents*]. Interested parties may request copies of these documents by writing the Contracting Officer at the address in [*Identify address block in the solicitation*].

(e) The *Electronic Posting System Manual* provides detailed instructions for using the EPS. The Manual is available at <http://www.eps.gov/buyer.html>.

The Office of Federal Procurement Policy (OFPP), in accordance with 41 U.S.C. 405(d), requires all Federal agencies to report information on contract actions to the Federal Procurement Data System—Next Generation (FPDS-NG). Federal agencies are required to report all transactions over \$2,500 and modifications to those transactions regardless of dollar value, in accordance with FAR 4.602(c)(1). Addition-

ally, Federal agencies participating under the Small Business Demonstration Program, in accordance with FAR 4.602(c)(2), are required to report as an individual contract action all awards, regardless of dollar value, in the designated industry groups. With the implementation of FPDS-NG, the General Services Procurement Data System (GPDS) was discontinued and all transactions are reported directly to FPDS-NG.

(a) *Reporting requirements.* Detailed specification of FPDS-NG data reporting requirements is contained in the FPDS-NG Reports document (available at <http://www.fpds-ng.com/downloads.html>). Reporting offices are encouraged to utilize automated information systems for FPDS-NG data reporting, provided that the systems contain all required FPDS-NG data elements via the machine-to-machine process and the automated acquisition system has received the proper certification from the FPDS-NG system manager.

(b) *Responsibilities.*—(1) *Senior Procurement Executive.* The Senior Procurement Executive—

(i) Exercises overall responsibility for policy matters relating to reporting by GSA contracting activities to the FPDS-NG;

(ii) Provides GSA officials with information necessary for the management, evaluation and oversight of GSA procurement activity. Provides GSA officials with policy guidance required to implement reporting requirements, and periodic changes to reporting requirements, prescribed by OFPP;

(iii) Approves reporting procedures, including use of GSA automated data systems, for reporting data to the FPDS-NG;

(iv) Ensures complete and accurate data reporting, including correction of error listings, for data submitted by Central Office staff offices and ensures that GSA contracting activities are in compliance with all special data reporting requirements specified in the FPDS-NG Validations and Data Dictionary (available at

<http://www.fpds-ng.com/downloads.html>);

(v) Assists the Heads of Services in establishing procedures to ensure complete and accurate reporting of procurement data to the FPDS-NG by their respective services, and developing appropriate training to ensure accurate reporting by contracting offices; and

(vi) Evaluates the completeness and accuracy of FPDS-NG data reporting through information retrievals.

(2) *Heads of Services.* The Head of each Service—

(i) Establishes procedures within the Service to ensure complete and accurate reporting of procurement data to the FPDS-NG by all contracting offices within the Service;

(ii) Communicates reporting procedures provided by the Senior Procurement Executive to all contracting

offices within the Service that do not report procurement data through an automated system;

(iii) Ensures, for all contracting offices within the Service using automated systems for reporting procurement data, that user manuals for the systems incorporate all data elements required for FPDS-NG reporting. User manuals for automated systems, edit checks incorporated into these systems, and conversion programs for extraction of data in a format suitable for transmission to the FPDS-NG, will be subject to periodic review by the Senior Procurement Executive to validate conformance with FPDS-NG reporting requirements;

(iv) Implements changes to reporting procedures when advised of changes to FPDS-NG reporting requirements by the Senior Procurement Executive;

(v) Designates FPDS-NG Coordinators to manage and monitor the submission and editing of FPDS-NG Data; and

(vi) Conducts training for contracting office personnel, where necessary, to ensure complete and accurate procurement data reporting.

(3) *Regional Heads of Contracting Activities (HCAs)*. The Regional Heads of Contracting Activities (the Regional Administrators)—

(i) Exercise responsibility for complete and accurate reporting of procurement data submitted to the FPDS-NG, including data input and correction of error records, for all contracting offices that are not within the responsibility of the Heads of Services;

(ii) Periodically evaluates the completeness and accuracy of FPDS-NG data reporting in all regional contracting offices through use of information retrievals; and

(iii) Designates FPDS-NG Regional Coordinators to manage and monitor the submission and editing of FPDS-NG data.

(4) *Heads of Staff Offices*. The Heads of Staff Offices will ensure that staff offices report procurement data to the FPDS-NG in accordance with established procedures.

504.602-71 Federal Procurement Data System—Public Access to Data.

(a) *The FPDS database*. The General Services Administration awarded a contract for creation and operation of the Federal Procurement Data System (FPDS) database. That database includes information reported by departments and agencies as required by Federal Acquisition Regulation (FAR) Subpart 4.6. One of the primary purposes of the FPDS database is to provide information on Government procurement to the public.

(b) *Fee for direct hook-up*. To the extent that a member of the public requests establishment of real-time integration of reporting services to run reports from another application, a one-time charge of \$2,500 for the original integration must be paid by the requestor. This one-time charge covers the setup and certification required for an integrator to access the FPDS database and for technical assistance to help integrators use the web services. The fee will be paid to the FPDS contractor and credited to invoices submitted to GSA by the FPDS contractor.

Subpart 504.8—Government Contract Files

504.7001-2 Basic procurement instrument identification number.

The basic procurement instrument identification number normally is assigned at award. (a) *Proposing a class justification.* If you determine that the facts supporting other than full and open competition would be present in other GSA contracting activities, you should propose a class justification. Recommend through

appropriate channels that the Senior Procurement Executive approve a class justification for all GSA contracting activities. This does not apply to justifications based on the authority of 41 U.S.C. 253(c)(7), which does not permit class justifications.

(b) *Justifications based on 41 U.S.C. 253(c)(7).* For a justification based on the authority of 41 U.S.C. 253(c)(7) (see FAR 6.302-7), submit the justification for the Administrator's approval through the Senior Procurement Executive.

(c) *Justifications for contract actions subject to the Agreement on Government Procurement.* When you acquire eligible products without full and open competition using the authority in FAR 6.302-3(a)(2)(i) or 6.302-7, furnish a copy of the approved justification to the Senior Procurement Executive. The Senior Procurement Executive will transmit the justification to the U.S. Trade Representative.

PART 507—ACQUISITION PLANNING

Subpart 507.1—Acquisition Plans

507.101 Definitions.

“Planner” means the person residing in the requirements office who initiates, coordinates and prepares written acquisition plans. The person may be in an individual program office or have responsibility for a number of such offices.

“Planning team” means a team of individuals formed to prepare individual elements of an acquisition plan. The team should be comprised of technical and professional representatives from the requirements customer, contracting, budget, counsel, small business technical advisors (SBTA), and other offices as warranted.

“Requirements office” means the internal GSA office that establishes and funds the agency need. If an organization outside of GSA establishes and funds the need, then the requirements office will be the GSA office that is managing the acquisition for that outside organization.

507.103 Agency-head responsibilities.

The HCA must ensure that the planning team adheres to the requirements of FAR Part 7, Acquisition Planning.

507.104 General procedures.

(a) The planner shall:

(1) Comply with the requirements of FAR Subpart 7.1, and coordinate with other members of the planning team as appropriate.

(2) Write the acquisition plan using all planning team members especially for complex or highly sensitive acquisitions.

(3) Review the acquisition history of the supplies and services.

(4) Review the description of the supplies, including (when necessary for adequate description) a picture, drawing, diagram, or other graphic representation.

(5) Coordinate with the Small Business Technical Advisor (SBTA) as necessary to fulfill the requirements of FAR 7.104(d)(1).

(6) Coordinate with local representatives of the Office of the Chief Information Officer (CIO) if the action involves IT services or supplies for use by GSA to ensure compliance with the requirements of GSA Order CIO 2135.1, GSA Information Technology (IT) Capital Planning and Investment Control (not required for establishing a Federal Supply Schedule program).

(7) Obtain concurrence of the contracting officer, and approvals as required in paragraph [507.105\(c\)\(1\)](#).

(8) Coordinate with the Office of General Counsel on an as needed basis, but definitely for plans over \$20 million.

(9) Ensure that an interagency agreement is in place in all agency specific clauses, terms and conditions are incorporated in the acquisition, when conducting purchases on behalf of other agencies.

(b) The contracting officer shall:

(1) Ensure that acquisition planning and market research are performed for all acquisitions.

(2) Ensure that the contract file contains a copy of the approved acquisition plan.

(c) *Applicability.* With the following exceptions, all acquisitions, including orders and BPAs, require written acquisition plans.

(1) When awarding a single IDIQ contract or a BPA for a specific requirement and agency, an acquisition plan will be developed for the base contract. The resulting orders should be covered by and reference the same acquisition plan.

(2) Oral plans.

(d) The planner is encouraged to use the Acquisition Planning Wizard (APW) (found at <http://apw.gsa.gov>), or any successor system, for all acquisitions exceeding the SAT. Not later than 7 calendar days after the acquisition plan is approved, if not completed in APW, an electronic copy shall be sent to acquisitionplans@gsa.gov.

507.105 Contents of acquisition plans.

(a) *Written.* (1) The APW contains the format prescribed in FAR 7.105 and shall be used in the preparation of acquisition plans. Where a particular element described in FAR 7.105 does not apply, the acquisition plan should read “not applicable.” The dollar value, complexity (e.g., commercial versus non-commercial item) and method of acquisition (e.g., full and open competition versus task/delivery order) of the supplies and services to be acquired will affect the scope and breadth of the acquisition plan.

(2) FAR 7.106 (*major systems*) and FAR 7.107 (*bundling*) shall be addressed in the plans, if applicable.

(3) For leasehold interests in real property, a modified version of the contents of acquisition plans for leases is provided in the APW.

(4) The requirement for a written plan may be waived by the appropriate level of an approving official listed in GSAM 507.105(c). When the requirement for a written plan is waived, an oral plan is still required. The planner must obtain approval for the oral plan from the approving official.

(b) *Oral plans.* Oral plans are only authorized by approval of the HCA and may be used in unusual and compelling situations. The planner shall document a summary of the oral plan, and shall also include: the name and signature of the approving official; the date the oral plan was approved; and the reason for waiving a written plan. The summary shall be included in the official contract file. In addition, the summary should be a part of, or attached to, any justification for other than full and open competition as required by FAR 6.302, or in the basis for using an exception to the fair opportunity process required by FAR 16.505(b)(2). The summary may be prepared after award if preparation before award would unreasonably delay the award, such as in the case of circumstances warranting the use of a letter contract.

(c) *Approval thresholds.* (1) The following are the dollar value thresholds and the level of the approving official for

approving acquisition plans or waiving written plans. For purposes of leasing, the Simplified Leasing Acquisition Threshold (SLAT) is defined in Part 570. The HCA may authorize higher level approving officials for the thresholds set out below.

<u>Threshold</u>	<u>Approving Official</u>
Below the SAT (SLAT for leases)	Contracting Officer
SAT (SLAT for leases) to, and including, \$5.5 million	One Level above the Contracting Officer
Over \$5.5 million to, and including, \$20 million	Contracting Director
Over \$20 million to, and including, \$50 million	Regional Commissioner or Deputy Regional Commissioner
Over \$50 million	HCA

Note: Thresholds shall include all options.

(2) If the acquisition meets one of the following criteria and is greater than the SAT, the planner must obtain HCA approval of the plan:

- (a) Complex, critical to agency strategic objectives and mission, highly visible or politically sensitive.
- (b) An acquisition with which GSA has little or no experience that may result in a need for greater oversight or risk management.
- (c) Actions using significantly changed methods (e.g., methods of procurement such as lease versus purchase, or methods of performance such as contractor versus Government personnel).
- (d) New construction or repair, lease prospectus and alteration prospectus budget line items.
- (e) Any acquisition that requires contract bundling (FAR 7.107).

Subpart 507.5—Inherently Governmental Functions

507.503 Policy.

- (a) Concurrent with the transmittal of each statement of work or any modification to a statement of work for a service contract, the requirements office must provide the contracting officer a written determination that none of the functions to be performed are inherently governmental as defined in FAR 7.5. The determination must include a statement that the requirement is not for functions similar to those listed under FAR 7.503(c).
- (b) The requirements office must also review the examples of functions listed under paragraph (d) of FAR 7.503. While these functions are not inherently governmental, they may

restrict the discretionary authority, decision-making responsibility, or accountability of Government officials using the contractor services or work products. If the services to be acquired may cause such restrictions, the acquisition plan must discuss the associated vulnerabilities, and address management controls to mitigate them.

(1) These measures may include requiring special controls and safeguards to prevent improper personal services relationships, contractor personnel access to privileged or sensitive information, and/or confusion regarding the mistaking of contractor employees for Federal employees.

(2) The requirements office is directed to use FAR 37.104 and 37.5 and OFPP Policy Letter 93-1 for guidance in addressing these considerations.

(3) The HCA resolves any disagreement regarding the requirements official's determination, following the guidelines in FAR 7.5. The HCA may delegate this authority to a level not lower than the contracting director.

Subpart 507.70—Additional Requirements for Purchases in Support of National Security Systems

507.7000 Scope of subpart.

This subpart prescribes acquisition policies and procedures for use in acquiring information technology supplies, services and systems in support of a weapon system as part of a national security system, as defined by FAR 39.002.

507.7001 Policy.

(a) Although GSA's mission does not include the direct acquisition of weapon systems on behalf of the Department of Defense (DoD), GSA contracting activities may procure information technology supplies, services and systems in support of a weapon system, which is part of a national security system (e.g., components, services to install and maintain weapon systems, ancillary items and services) when responding to a bona-fide requirement received from a requiring agency or program office.

(b) Contracting Officers shall ensure that all requiring agency regulations and the policies and directives of The Committee on National Security Systems at www.cnss.gov are conducted during the acquisition planning stage and are met before acquiring information technology supplies, services and systems in support of a weapon system as part of a national security system.

(c) Employees responsible for or procuring information technology supplies, services and systems in support of a weapon system shall possess the appropriate security clearance associated with the level of security classification related to the acquisition. They include, but are not limited to contracting officers, contract specialists, project/program managers, and contracting officer representatives.

PART 508—REQUIRED SOURCES OF SUPPLIES AND SERVICES

Subpart 508.6—Acquisition from Federal Prison Industries, Inc.

508.604 Ordering procedures.

508.604-70 Delinquent delivery orders.

(a) Establish delivery schedules based on the lead time required by Federal Prison Industries (FPI).

(b) You may use delinquent orders as the reason for requesting clearance to procure from other sources until FPI can make deliveries.

508.605 Clearances.

Cite FPI clearance numbers in solicitations and award documents.

Subpart 508.7—Acquisition from Nonprofit Agencies Employing People Who Are Blind or Severely Disabled

508.705 Procedures.

508.705-4 Compliance with orders.

(a) Until all deliveries are made on a delinquent order, take one of the following actions:

(1) For an excusable delay, extend the contract delivery schedule without obtaining consideration.

(2) For an inexcusable delay, review and adjust contract prices following normal procedures.

(b) If the central non-profit agency (CNA) delays acting on a request for, or refuses to grant, a purchase exception, refer the matter to the contracting director for resolution.

508.705-70 Adding items to the Procurement List.

(a) If a CNA expresses interest in adding an item to the Procurement List, provide the CNA with both:

(1) The most recent solicitations issued for the commodity or service.

(2) The award price(s) for the commodity or service.

(b) The Committee for Purchase from People Who Are Blind or Severely Disabled (the Committee), at the CNA's request may assign the supply or service to the CNA for development by a workshop.

(c) Before issuing a solicitation, ask the CNA about the status of any item in which the Committee has expressed interest.

(d) The Committee may request that a procurement be delayed pending Committee action. The contracting activity must consult with the Office of Small Business Utilization (E) before rejecting such a request.

508.705-71 Central non-profit agency performance capability.

(a) Include on the purchase document both the annual requirement and the estimated monthly requirement.

(b) With the permission of the Committee, you may verify the workshop's ability to satisfy the Government's estimated monthly requirement by requesting a preaward survey. If the CNA cannot satisfy the Government's requirement, you may request a purchase exception only for those quantities the CNA cannot provide in a timely manner.

508.706 Purchase exceptions.

Cite CNA purchase exception numbers in solicitations and award documents.

PART 509—CONTRACTOR QUALIFICATIONS**Subpart 509.1—Responsible Prospective Contractors****509.105 Procedures.****509.105-1 Obtaining information.**

(a) *From a prospective contractor.* FAR 9.105-1 lists a number of sources of information that a contracting officer may utilize before making a determination of responsibility. The contracting officer may request information directly from a prospective contractor using GSA Form 527, Contractor's Qualifications and Financial Information, but only after exhausting other available sources of information.

(b) *From Government personnel.* The contracting officer may solicit and consider information from any appropriate activities, *e.g.*, legal counsel, quality control, contract management, credit and finance, and auditors before determining that an offeror is responsible.

509.105-2 Determinations and documentation.

(a) The contracting officer shall provide written notification to a prospective contractor determined not responsible. Include the basis for the determination. Notification provides the prospective contractor with the opportunity to correct any problem for future solicitations.

(b) Due to the potential for de facto debarment, the contracting officer shall avoid making repeated determinations of nonresponsibility based on the same past performance information.

(c) To provide for timely consideration of the need to institute action to debar a contractor, the contracting officer shall submit a copy of each nonresponsibility determination, other than those based on capacity or financial capability, to the Suspension and Debarment Official in the Office of the Chief Acquisition Officer.

Subpart 509.3—First Article Testing and Approval**509.302 General.**

(a) If first article testing and approval is required, GSA usually requires that the contractor perform testing and that the first article:

(1) Be produced at the same facility where production quantities will be produced; and

(2) Serve as the manufacturing standard.

(b) Coordinate the need for first article testing and approval with the Contract Operations Management Division (FXCC), which will provide the information to complete the clauses at FAR 52.209-3 or 52.209-4.

509.306 Solicitation requirements.

The clauses at FAR 52.209-3 and 52.209-4 do not cover all the solicitation requirements described in FAR 9.306. If a solicitation contains a testing and approval requirement, the contracting officer must address the requirements in FAR 9.306(d) and (f) through (j) in the solicitation's Section H, special contract requirements.

Subpart 509.4—Debarment, Suspension, and Ineligibility**509.401 Applicability.**

This subpart applies to all the following:

(a) Acquisitions of personal property, nonpersonal services, construction, and space in buildings.

(b) Acquisition of transportation services (Federal Management Regulation (FMR) Parts 102-117 and 102-118 (41 CFR parts 102-117 and 102-118)).

(c) Contracts for disposal of personal property (FMR Parts 102-36 through 102-38 (41 CFR parts 102-36 through 102-38)).

(d) Covered transactions as defined by 41 CFR part 105-68.

509.403 Definitions.

“Debarring official” means the Suspension and Debarment Official within the Office of the Chief Acquisition Officer.

“Fact-finding official,” means the Suspension and Debarment Official or a designee.

“Notice” means a letter sent by certified mail, return receipt requested, to the last known address of a party, its counsel, or agent for service of process. In the case of a business, such notice may be sent to any partner, principal officer, director, owner or co-owner, or joint venturer. If no return receipt is received within 10 calendar days of mailing, receipt will then be presumed.

“Suspending official” means the Suspension and Debarment Official within the Office of the Chief Acquisition Officer.

509.405 Effect of listing.**509.405-1 Continuation of current contracts.**

(a) When a contractor appears on the current EPLS, consider terminating a contract under any of the following circumstances:

(1) Any circumstances giving rise to the debarment or suspension also constitute a default in the contractor’s performance of the contract.

(2) The contractor presents a significant risk to the Government in completing the contract.

(3) The conduct that provides the cause of the suspension, proposed debarment, or debarment involved a GSA contract.

(b) Before terminating a contract when a contractor appears on the current EPLS, consider the following factors:

(1) Seriousness of the cause for debarment or suspension.

(2) Extent of contract performance.

(3) Potential costs of termination and reprocurement.

(4) Need for or urgency of the requirement, contract coverage, and the impact of delay for reprocurement.

(5) Availability of other safeguards to protect the Government’s interest until completion of the contract.

(6) Availability of alternate competitive sources to meet the requirement (*e.g.*, other multiple award contracts, readily available commercial items.)

(c) The responsibilities of the agency head under FAR 9.405-1 are delegated to the GSA Suspension and Debarment Official.

509.405-2 Restrictions on subcontracting.

The responsibilities of the agency head under FAR 9.405-2(a) are delegated to the GSA Suspension and Debarment Official.

509.406 Debarment.**509.406-1 General.**

The Suspension and Debarment Official is the designee under FAR 9.406-1(c).

509.406-3 Procedures.

(a) *Investigation and referral.* (1) Refer to the Suspension and Debarment Official matters involving serious contract improprieties or performance deficiencies. Performance deficiencies that continue over a period of time or apply to more than one contract may warrant debarment consideration.

(2) Refer possible criminal or fraudulent activities to the Office of the Inspector General (OIG). See 5 CFR 6701.107, Reporting Waste, Fraud, Abuse, and Corruption. If, after investigation, the OIG believes a cause for debarment exists, it will refer the matter to the Suspension and Debarment Official for consideration of debarment action.

(b) *Reports.* Include in referrals to the Suspension and Debarment Official a report that contains at least the following:

(1) The recommendation and supporting rationale.

(2) A list of parties to be considered for possible debarment, including the contractor, principals, and affiliates. Include last known home and business addresses, zip codes, and DUNS Numbers.

(3) A statement of facts.

(4) Copies of documentary evidence and a list of witnesses. Include addresses and telephone numbers. Determine their availability to appear at a fact-finding proceeding and identify the subject matter of their testimony.

(5) GSA’s acquisition history with the contractor. Include recent experience, copies of the pertinent contracts, and an explanation of impact debarment would have on GSA programs. OIG referrals do not require this explanation; the Suspension and Debarment Official will obtain the information directly from the contracting activity(s).

(6) A list of any known active or potential criminal investigations, criminal or civil proceedings, or administrative claims before the Board of Contract Appeals.

(c) *Review.* The Suspension and Debarment Official will review the report, and after coordinating with assigned legal counsel—

(1) Initiate debarment action;

(2) Decline debarment action;

(3) Request additional information; or

(4) Refer the matter to the OIG for further investigation and development of a case file.

(d) *Decisionmaking process.* (1) The Suspension and Debarment Official will provide:

(i) Notice of declinations, proposed debarments, and decisions to the referring activity.

(ii) Notice of proposed debarment to each party being considered for debarment.

(iii) Decision notices to each party after considering information in the administrative record and information and argument submitted by the affected party or parties.

(2) A party proposed for debarment:

(i) Has 30 calendar days after receipt of the notice to respond to the Suspension and Debarment Official or the debarment becomes final.

(ii) May request and receive a copy of the administrative record that was the basis for the proposed debarment. If information is withheld, the party will be notified and provided the reason.

(iii) May request the opportunity to present information and argument in person to the Suspension and Debarment Official. The Suspension and Debarment Official will schedule an oral presentation within 20 calendar days of receipt of the request, unless a longer period of time is requested by the party. An oral presentation is informal and a transcript usually is not made. The party may supplement the oral presentation with written information and arguments.

(iv) May identify to the Suspension and Debarment Official material facts in dispute and the bases. For an action other than one based on a conviction or civil judgment, a party may request review and a written finding by a fact-finding official.

(3) Following a review of the record and, if needed, a presentation by the contractor in opposition to the proposed action, the Suspension and Debarment Official will determine whether there is a genuine dispute of material fact. If so, the Suspension and Debarment Official will initiate the fact-finding process. The fact-finding official will:

(i) Establish a date for a fact-finding proceeding, normally to be held within 45 days of the determination of who will function as the fact-finding official.

(ii) Grant extensions for good cause.

(iii) Provide notice of the scheduled hearing.

(iv) Provide the parties with a schedule for exchange of documents and witness lists.

(v) Develop an official transcript of the fact-finding proceeding.

(vi) Provide the Government's representative and the contractor with an opportunity to present evidence relevant to the facts at issue. The contractor may appear in person or through a representative.

(vii) Conduct hearings under rules consistent with FAR 9.406-3 pertaining to fact finding. Neither the Federal Rules of Evidence nor the Federal Rules of Civil Procedure govern fact finding. Hearsay evidence may be presented and will be given appropriate weight by the fact-finding official.

(viii) Provide for witness testimony. Witnesses may testify in person. Witnesses are subject to cross examination.

(ix) Prepare written findings of fact based on a preponderance of the evidence and submit them to both the Suspension and Debarment Official and the contractor within 20 calendar days following the conclusion of the fact-finding proceeding.

509.407 Suspension.

509.407-1 General.

The Suspension and Debarment Official is the designee under FAR 9.407-1(d).

509.407-3 Procedures.

(a) *General.* The procedures in [509.406-3](#) apply to suspension actions except as noted in paragraph (b) of this section.

(b) *Fact-finding.* (1) Fact-finding will not be conducted in an action:

(i) Based on an indictment.

(ii) When the Suspension and Debarment Official finds no genuine dispute of material facts.

(2) If the action is not based on an indictment, the Suspension and Debarment Official must coordinate with the Department of Justice or state prosecutorial authority through OIG. Based on the advice received, the Suspension and Debarment Official will determine if fact-finding would impair substantial interests of the Federal or state Government. In an action not based on an indictment, a suspended party may:

(i) Identify to the Suspension and Debarment Official material facts in dispute and the bases.

(ii) Request review and a written finding by a fact-finding official to resolve genuine disputes of material fact. For procedures involving a genuine dispute of material fact, see [509.406-3\(d\)\(3\)](#).

PART 511—DESCRIBING AGENCY NEEDS

511.001 Definitions.

“Dual systems” mean the use of both inch-pound and metric systems. For example, an item is designed, produced, and described in inch-pound values with soft metric values also shown for information or comparison purposes.

“Hard metric” means measurement, design, and manufacture using the metric system of measurement, but does not include measurement, design, and manufacture using English system measurement units which are subsequently expressed in the metric system of measurement.

“Hybrid systems” mean the use of both inch-pound and hard metric values in specifications, standards, supplies, and services; e.g., an engine with internal parts in metric dimensions and external fittings or attachments in inch-pound dimensions.

“Metric system” means the International System of Units of the International Bureau of Weights and Measures. The units are listed in Federal Standard 376A, “Preferred Metric Units for General Use by the Federal Government.”

“Soft metric” means the result of mathematical conversion of inch-pound measurements to metric equivalents in specifications, standards, supplies, and services. The physical dimensions are not changed.

511.002 Policy.

511.002-70 GSA Metric Program.

(a) FAR 11.002(b) and GSA Order, GSA Metric Program (ADM 8000.1B), establish policy for using the metric system in procurements. Consistent with this policy, use specifications and purchase descriptions stated in metric units of measurement whenever metric is the accepted industry system.

(b) Whenever possible adopt the following:

(1) Internationally or domestically developed voluntary standards that use metric measurements.

(2) Commercially developed metric specifications.

(c) If metric is not the accepted industry system, use specifications and purchase descriptions stated in soft metric, hybrid, or dual systems during transition. Replace these with hard metric measurements as soon as practical.

(d) For an industry in transition to metric, the head of each Central Office Service responsible for nationwide programs must develop policies promoting and encouraging the use of soft metric, hybrid, or dual systems.

(e) *Construction*: For construction of Federal facilities, you may use specifications for concrete masonry units and recessed lighting fixtures expressed in the metric system. However, you may not use specifications for these that can be satisfied only by hard-metric.

(f) *Exceptions*. (1) The head of each Central Office Service responsible for nationwide programs may grant an exception to the use of metric system measurements under any of the following conditions:

(i) Use of the metric system is impractical.

(ii) Use of the metric system is inefficient.

(iii) Use of the metric system would cause harm to the program mission.

(2) Exceptions to the use of metric system measurements may be made on an individual or class basis. Exceptions for procurements over the simplified acquisition threshold must be in writing and prepared in accordance with GSA Order, GSA Metric Program (ADM 8000.1B).

(3) The Administrator of GSA may allow use of hard metric specifications for concrete masonry units and recessed lighting fixtures in accordance with GSA Order, GSA Metric Program (ADM 8000.1B).

511.002-71 Construction metrication ombudsman.

(a) GSA’s Construction Metrication Ombudsman is in the Office of the Senior Procurement Executive.

(b) The Construction Metrication Ombudsman:

(1) Reviews and responds to complaints from prospective bidders, subcontractors, suppliers, or their designated representatives related to GSA guidelines and regulations on any of the following:

(i) The use of the metric system in contracts for construction of Federal buildings.

(ii) For services and materials required for incorporation in individual projects to construct Federal Buildings.

(2) Ensures that GSA implements the metric system of measurement in a manner consistent with both:

(i) Policy and guidance issued by the Secretary of Commerce.

(ii) The Metric Conversion Act of 1975, as amended.

(c) The Ombudsman’s authority does not replace the authority of the General Accounting Office.

511.002-72 Procedures for procuring products containing recovered materials and environmentally preferable products.

Specification managers must follow the procedures in [523.4](#) and GSA’s Affirmative Procurement Program ([Appendix 523A](#)) when preparing plans, drawings, specifications, standards, and purchase descriptions.

Subpart 511.1—Selecting and Developing Requirements Documents

511.103 Market acceptance.

You may require offerors to meet market acceptance criteria under FAR 11.103 to satisfy GSA needs.

511.104 Use of brand name or equal purchase descriptions.

(a) A brand name or equal purchase description must avoid specifying characteristics that do not materially affect the intended end use and which unnecessarily restrict competition.

(b) When you use a brand name or equal purchase description, best practice is to cite the known acceptable brand name products in current manufacture, rather than only a single brand name product. For example, cite the acceptable brand name products identified during market research.

(c) You may require samples for “or equal” offers, but not for “brand name” offers.

(d) Provide for full consideration and evaluation of “or equal” offers against the salient characteristics specified in the purchase description. Do not reject offers for minor differences in design, construction, or features which do not affect the suitability of the product for its intended use.

511.104-70 Solicitation provisions.

(a) Include the following immediately after each brand name or equal item description, with instructions for the offeror to complete the information:

Offering on:

Manufacturer’s Name _____

Brand _____

Model or Part No. _____

(b) If the solicitation does not require samples for “or equal” offers, include the following notice in the list of brand name or equal items or component parts:

Notice

If you offer other than brand name items identified in this solicitation, you must provide adequate information for GSA to determine the equality of the product(s) offered.

(c) If you use brand name or equal purchase descriptions for some component parts of an end item, you may limit the application of the provision at FAR 52.211-6 to the specified components.

Subpart 511.2—Using and Maintaining Requirements Documents

511.204 Solicitation provisions and contract clauses.

(a) *Construction services.* Insert the clause at [552.211-71](#), Standard References, in solicitations and contracts for construction services when you expect the contract amount to exceed the simplified acquisition threshold, and the solicitation meets either of the following conditions:

(1) The solicitation cites documents or publications not furnished with the solicitation.

(2) The solicitation incorporates documents or publications by reference.

(b) *Federal specifications.* Insert the clause at [552.211-72](#), Reference to Specifications in Drawings, in solicitations and contracts citing Federal specifications which contain drawings.

(c) *Supply contracts that exceed the simplified acquisition threshold.* (1) Include the clause at [552.211-73](#), Marking, in solicitations and contracts for supplies when deliveries may be made to both civilian and military activities and the contract amount is expected to exceed the simplified acquisition threshold.

(2) Include the clause at [552.211-74](#), Charges for Marking, in solicitations and contracts that include the clause at [552.211-73](#) or a similar clause.

(3) Include the clause at [552.211-75](#), Preservation, Packaging and Packing, in solicitations and contracts for supplies expected to exceed the simplified acquisition threshold. You may also include the clause in contracts estimated to be at or below the simplified acquisition threshold when appropriate. Use Alternate I in solicitations and contracts for—

(i) Federal Supply Schedule 70;

(ii) The Consolidated Schedule containing information technology Special Item Numbers;

(iii) Federal Supply Schedule 84; and

(iv) Federal Supply Schedules for recovery purchasing (see [538.7102](#)).

(4) Insert a clause substantially the same as the clause at [552.211-76](#), Charges for Packaging and Packing, in solicitations and contracts for supplies to be delivered to GSA distribution centers.

(d) *Supply contracts.* Include the clause at [552.211-77](#), Packing List, in solicitations and contracts for supplies, including purchases over the micropurchase threshold. Use Alternate I in solicitations and contracts for—

(1) Federal Supply Schedule 70;

(2) The Consolidated Schedule containing information technology Special Item Numbers;

(3) Federal Supply Schedule 84; and

(4) Federal Supply Schedules for recovery purchasing (see [538.7102](#)).

Subpart 511.4—Delivery or Performance Schedules

511.401 General.

(a) *Other than multiple award schedules.* Preferred practice is to state time of delivery in solicitations and contracts as “required” time of delivery or shipment, expressed in specific periods from receipt by the contractor of a notice of award or an order.

(b) *Multiple award schedules.* (1) In multiple award schedule solicitations, preferred practice is to state delivery times as “desired.” Require offerors to indicate a definite number of days for delivery.

(2) In negotiations, secure the best possible delivery time regardless of the “desired” delivery time(s) in the solicitation. For example, some offers comply with the Government’s desired delivery time but others cite substantially shorter delivery times. Negotiate with the former to bring them in line with the latter. Negotiate variable delivery time offers (e.g., 30-90 days) to keep the timespan to a minimum. If the span applies to several items or several quantity breaks for one item, you may segregate the items or item quantity breaks into smaller groups and assign more specific delivery times.

(c) *Unusually short delivery times.* A requisitioning office that requests an unusually short delivery time must provide satisfactory written justification. A sound justification is particularly important where the time specified is so short that it may limit competition and possibly result in higher prices. Examples of justifications include:

(1) Furniture is required to outfit quarters scheduled for occupancy on a specific date.

(2) Construction material is required to meet job progress schedules.

(3) Supplies are required at a port to meet scheduled ship departures.

(d) *Early delivery.* When the requisitioning office needs a portion of the total delivery early, consider whether to:

(1) Require that portion by the early date and the balance later.

(2) Include the portion required early and the balance as separate items in the same solicitation.

(3) Procure the two portions separately.

(e) *Multiple delivery time requirements.* If a solicitation contains a mix of items that require different delivery times, specify the delivery periods separately. When practical, group

items with similar delivery time requirements according to delivery times in the solicitation.

511.404 Contract clauses.

(a) *Supply contracts.*

(1) *Single award schedules.* Insert [552.211-8](#), Time of Delivery, in solicitations and contracts instead of the clause at FAR 52.211-8. If you need to show different delivery times for different items or groups of items, use Alternate I.

(2) *Multiple award schedules.* Insert [552.211-78](#), Commercial Delivery Schedule (Multiple Award Schedule), in solicitations issued and contracts awarded under the multiple award schedule program.

(3) *Shelf-life items.* Use the following clauses in solicitations and contracts that require delivery of shelf-life items within a specified number of months from the date of manufacture or production (see 101-27.206-2 of the Federal Property Management Regulation):

(i) Insert [552.211-79](#), Acceptable Age of Supplies, if the required shelf-life period is 12 months or less, and lengthy acceptance testing may be involved. For items having a limited shelf-life, substitute Alternate I when required by the director of the commodity center concerned.

(ii) Insert [552.211-80](#), Age on Delivery, if the required shelf-life period is more than 12 months, or when source inspection can be performed within a short time period.

(4) *Stock replenishment contracts.* Insert [552.211-81](#), Time of Shipment, in solicitations and stock replenishment contracts that do not include the Availability for Inspection, Testing and Shipment/Delivery clause at [552.211-83](#) and require shipment within 45 calendar days after receipt of the order. If shipment is required in more than 45 days, use Alternate I.

(5) *Notice of shipment.* Include [552.211-82](#), Notice of Shipment, in solicitation and contracts for supplies when you need to have a notice of shipment from the contractor.

(6) *Indeterminate testing time.* Insert [552.211-83](#), Availability for Inspection, Testing and Shipment/Delivery, in solicitations and contracts that provide for source inspection by Government personnel and that require lengthy testing for which time frames cannot be determined in advance. If the contract is for stock items, use Alternate I.

(b) *Construction contracts.* Insert the clause at [552.211-84](#), Non-Compliance with Contract Requirements, in solicitations and contracts for construction when you expect the contract amount to exceed the simplified acquisition threshold.

Subpart 511.6—Priorities and Allocations**511.600 Scope of subpart.**

FAR Subpart 11.6 implements the Defense Priorities and Allocations System (DPAS), a Department of Commerce (DOC) regulation (15 CFR part 700) to assure timely delivery of industrial resources (products, materials, and services) in support of approved national defense, energy, and civil emergency preparedness (Homeland Security) programs. Pursuant to DPAS Delegation 3, DOC delegated GSA the authority to use the DPAS in support of the GSA Federal Supply system. This subpart implements the DPAS within GSA.

511.601 Definitions.

As used in this subpart—

“Approved program” means a program determined as necessary or appropriate for priorities and allocations support to promote the national defense by the Secretary of Defense, the Secretary of Energy, or the Department of Homeland Security Under Secretary for Emergency Preparedness and Response under the authority of the Defense Production Act, the Stafford Act, and Executive Order 12919, or the Selective Service Act and related statutes, and Executive Order 12742. See Schedule 1 of 15 CFR part 700 for a list of Delegate Agencies, approved programs, and program identification symbols at <http://www.bis.doc.gov/DefenseIndustrialBasePrograms/OSIES/DPAS/Default.htm>.

“Authorized person” means a Delegate Agency, or other entity either permitted under 15 CFR part 700, or explicitly authorized by DOC to issue DPAS rated orders.

“Defense Priorities and Allocations System (DPAS)” means the regulation published at 15 CFR part 700 that requires preferential treatment for certain contracts and orders placed by a Delegate Agency in support of an approved program.

“Delegate Agency” means an agency of the U.S. Government authorized by delegation from DOC to place priority ratings on contracts or orders needed to support approved programs.

“Rated order” means a prime contract, a subcontract, a purchase order, or a delivery or task order in support of an approved program issued in accordance with the provisions of the DPAS regulation (15 CFR part 700).

511.602 General.

(a) The purpose of the DPAS is to assure the timely availability of industrial resources to meet current national defense, energy, and civil emergency preparedness program requirements and to provide an operating system to support rapid industrial response in a national emergency. The primary statutory authority for the DPAS is Title I of the Defense Production Act of 1950, as amended, with additional authority from the Selective Service Act of 1948, and the Robert T. Stafford Disaster Relief and Emergency Assistance Act. Executive Orders 12919 and 12742 delegate this authority to the DOC to administer the DPAS. The DOC is further authorized to redelegate to heads of other departments and agencies (Delegate Agencies) authority under the DPAS for the priority rating of contracts and orders in support of approved programs. Within the DOC, the Office of Strategic Industries and Economic Security (SIES) is assigned the implementation, administration, and compliance responsibilities for the system.

(b) The DPAS is published in the Code of Federal Regulations at 15 CFR part 700. This regulation provides an overview, a detailed explanation of operations and procedures, and other implementing guidance, including information on special priorities assistance and compliance.

(c) Orders placed under DPAS are “rated orders.” Rated orders must receive preferential treatment only as necessary to meet delivery requirements. Rated orders are identified by a rating symbol of either “DX” or “DO” followed by a program identification symbol. All “DO” rated orders have equal priority with each other and take preference over unrated orders. All “DX” rated orders have equal priority with each other and take preference over “DO” rated orders and unrated orders. A program identification symbol indicates which approved program is supported by the rated order.

(d) Only authorized persons may place an order containing a DPAS priority rating.

(e) Within GSA, the Federal Supply Service (FSS) has been delegated the authority to issue rated orders to meet approved national defense, energy, and civil emergency preparedness program requirements of the supply distribution program. The Commissioner, FSS, shall issue additional guidance, as may be necessary, to ensure effective implementation of its delegated DPAS authority, such as the exclusions listed in paragraph F(2) of the 1998 DOC DPAS Delegation 3.

(f) Executive Order 12919 defines the jurisdictional limitations as set forth in 15 CFR 700.18(b).

511.603 Procedures.

(a) A DPAS rating may be placed against an entire contract at time of award or an individual order issued under an existing, otherwise unrated, contract.

(b) When a DPAS rating is placed against an entire contract, the contracting officer must include the clause and provision prescribed at FAR 11.604, as well as the elements listed in paragraphs (c)(1) through (c)(3) of this section (see 15 CFR 700.12).

(c) When a DPAS rating is placed against an individual order issued under an existing, otherwise unrated, contract, the order must include the following elements (see 15 CFR 700.12):

(1) The appropriate priority rating symbol (*i.e.*, either “DO” or “DX”) along with the program identification symbol. As required by the 1998 DOC DPAS Delegation 3 to GSA, when GSA contracting officers place DO rated orders, they will use program identification symbol K1. When placing a DX rated order for other agencies, GSA contracting officers will use the requesting agency program identification symbol. When a Delegate Agency places its own orders, it uses its own program identification symbol. (See Schedule 1 of 15 CFR part 700 for a listing of Delegate Agencies, approved programs, and program identification symbols.)

(2) A required delivery date. The words “as soon as possible” or “immediately” do not constitute a required delivery date. A specific date or a specified number of days ARO (after receipt of order) is acceptable.

(3) The written signature on a manually placed order, or the digital signature or name on an electronically placed order of an individual authorized to place rated orders.

(4) A statement that reads substantially as follows: “This is a rated order certified for national defense use, and you are required to follow all the provisions of the Defense Priorities and Allocations System regulation (15 CFR part 700).”

(d) Multiple and Single Award Schedule contracts are not rated at time of award. Individual DPAS rated orders must include the elements listed in paragraphs (c)(1) through (c)(4) of this section.

511.604 Solicitation provision and contract clause.

The contracting officer must insert in full text the clause at 552.211-15, Defense Priorities and Allocations System Requirements, in Single and Multiple Award Schedule solicitations and resultant contracts, except where the contract is wholly for products, materials, or services excluded from DPAS applicability (see 15 CFR 700.18).

PART 513—SIMPLIFIED ACQUISITION PROCEDURES

Subpart 513.1—Procedures

513.106-1 Soliciting competition.

(a) “Urgency”, as used in FAR 13.106-1(a)(1)(iii) and 13.106-1(b), includes situations which, if not corrected immediately, will result in unnecessary expenditure of funds, property damage, personal injury, or interruption of agency functions.

(b) To avoid unnecessarily restricting competition for urgent requirements, consider the following actions:

- (1) Inviting prospective offerors to visit the site.
- (2) Informing them orally of the exact requirements.
- (3) Requesting them to prepare quotations.

513.106-3 Award and documentation.

File documentation and retention. Contracting officers may use GSA Form 2010, Small Purchase Tabulation Source List/Abstract, to document written and oral quotations. If a lower-priced offer was not evaluated, the contracting officer should document the basis for its rejection, e.g., offeror is debarred or suspended, offer is not responsive to the requirement, offer is a large business (and the acquisition is set aside).

Subpart 513.3—Simplified Acquisition Methods

513.301 Governmentwide commercial purchase card.

(a) GSA Order, Guidance on Use of the Credit Card for Purchases (CFO 4200.1), establishes procedures for using the Governmentwide commercial purchase card to make purchases and payments.

(b) Holders of the Governmentwide commercial purchase card must comply with all procedures and documentation requirements that apply to the procurement action.

513.302 Purchase orders.

513.302-70 Purchase order and related forms.

(a) See GSA Order, Guidance on Use of the Credit Card for Purchases (CFO 4200.1), for forms required for purchase card actions.

(b) Use OF 347, Order for Supplies or Services instead of GSA Form 300 or 300-1 (pin-feed format), Order for Supplies and Services, when making purchases payable through PEGASYS.

(1) The OF 347 may also be used to make other purchases when a specific form is not prescribed. It may be used as a delivery or task order instead of SF 1449, Solicitation/Contract/Order for Commercial Items.

(2) Prepare and process OF 347. Use OF 348, Order for Supplies or Services - Continuation, if additional space is needed.

(c) Use GSA Form 1458, Motor Vehicle Shop Work Order, Repair and Purchase Order, or the OF 347 when making purchases in connection with the maintenance, servicing or repair of GSA fleet management vehicles.

(d) Use OF 347, Order for Supplies or Services, or GSA Form 3186, Order for Supplies or Services, or GSA Form 3186-B, Order for Supplies or Services (EDI), when making simplified acquisitions or placing orders against established contracts through the FSS-19 system.

(1) Use GSA Form 3186 for mail orders placed against established contracts.

(2) Document the file for a delivery, task, or purchase order transmitted to contractors electronically using Electronic Data Interchange (EDI) procedures by generating a GSA Form 3186-B or OF 347.

(e) Use GSA Form 8002B, Motor Vehicle Delivery Order, to order fleet management vehicles. Do not use this form as a purchase order for simplified acquisitions. Use GSA Form 8002A to notify the consignee of the status of motor vehicle requisitions.

513.303 Blanket purchase agreements (BPAs).

513.303-3 Preparation of BPAs.

(a) *Description of agreement.* Describe limitations, if any, on the geographic area to be served. The GSA Form 3521, Blanket Purchase Agreement, may be used to prepare a blanket purchase agreement.

(b) *Delivery tickets.* Instruct the contractor to include the name of the individual placing the order on the delivery ticket. The individual receiving the item or service must sign and date the delivery or service ticket. Both the supplier and the receiving office must retain a copy of the delivery ticket.

(c) *Invoices.* If the contracting officer has exhausted all efforts to get a supplier to accept one of the invoicing statements outlined in FAR 13.303-3(a)(6), the contracting officer may deviate in order to permit the submission and payment of invoices for each delivery under the BPA. The contracting officer shall document efforts and the contractor’s refusal.

(d) *Processing invoices.* The designated billing office must time-stamp invoices to indicate the date of receipt. The ordering office must forward an invoice to the appropriate Finance Division within 5 workdays of its receipt or acceptance of the

supplies or services. An exception applies if the BPA provides for the accumulation of invoices for a specified period. If this exception applies, the ordering office must forward the accumulated invoices within 5 workdays after the specified period for accumulation. Mark all invoices to indicate that purchases were made under a BPA.

513.307 [Reserved]

513.370 Certified invoice procedure.

513.370-1 Applicability.

If advantageous to the Government, the contracting officer may acquire supplies or services on the open market from suppliers using a vendor's invoice instead of a purchase order.

513.370-2 Limitations.

(a) Purchases are subject to FAR Part 13 and [Part 513](#) and these limitations:

- (1) The amount of any one purchase must not exceed the micro-purchase threshold.
- (2) Neither the supplier nor the Government require a purchase order.
- (3) The individual making the purchase does not have a Governmentwide commercial purchase card or the card is not accepted by the supplier.
- (4) Appropriate invoices can be obtained from the supplier.

(b) If the contracting officer uses certified invoice procedures, the contracting officer still must:

- (1) Verify price reasonableness using the conditions contained in FAR 13.202(a).
- (2) Certify that the quality and quantity of items/services furnished comply with the verbal agreement made with the supplier.

(c) Authorized individuals without warrants may solicit quotations. Although FAR 1.601(a) states that contracts may be entered into and signed on behalf of the Government only by contracting officers, a non-warranted Government employee may place a micro-purchase when a contracting officer approves in advance the placement of an order. Approval must be in writing on GSA Form 2010 or other documentation unless the geographic distance makes it impracticable. In those cases, the contracting officer may provide approval by telephone or e-mail. The authorized individual must document the file accordingly.

513.370-3 Invoices.

(a) If the contracting officer uses these procedures, s/he must require the suppliers to immediately submit properly prepared itemized invoices.

(b) Upon receipt of the invoice, the receiving office must take all the following actions:

- (1) Time-stamp the invoice to indicate the date the invoice is received.
- (2) Verify the accuracy of the invoiced amount.
- (3) Verify that the supplies or services have been received and accepted. Whenever possible, require that inspection and acceptance or rejection occur within 7 calendar days of delivery or completion.
- (c) Before certifying the invoice and forwarding it to the appropriate office, the contracting officer or a designated representative must obtain a certification of receipt and acceptance from the individual who actually inspected and accepted the supplies or services.

(d) Within 5 workdays after receipt of the invoice or acceptance of the supplies or services, whichever is later, forward the invoice stamped with the Certified Invoice Stamp.

(1) Complete the accounting information, received and accepted dates, taxpayer identification number (TIN), type of business (corporation, sole proprietorship/partnership, or other), and certification, and PEGASYS Document Number (PDN) .

(2) If a Certified Invoice Stamp is not available, place the following statement on the invoice along with the PDN number, accounting information, TIN, and the type of business. (**Note:** In some organizations, the PDN number is determined by a budget or executive office within the service or staff office.)

“I certify that these goods and/or services were received on [Date] and accepted on [Date]. An oral purchase was authorized and no confirming order has been issued.”

Signature of Contracting/Ordering Officer

Print name and telephone no.

Subpart 514.2—Solicitation of Bids

514.201 Preparation of invitations for bids.

514.201-1 Uniform contract format.

Include the following notice in each solicitation:

“The information collection requirements contained in this solicitation/contract, are either required by regulation or approved by the Office of Management and Budget pursuant to the Paperwork Reduction Act and assigned OMB Control No. 3090-0163.”

514.201-2 Part I—The Schedule.

(a) When you use Standard Form 33, Solicitation, Offer and Award, include the following cautionary notice:

“Notice to Bidders—Use Item 13 of the Standard Form 33, Solicitation, Offer and Award, to offer prompt payment discounts. The Prompt Payment clause of this solicitation sets forth payment terms. Do not insert any statement in Item 13 which requires payment sooner than the time stipulated in the Prompt Payment clause. EXAMPLE: If you insert “NET 20” in Item 13, GSA will reject your offer as nonresponsive because the entry contradicts the 30 day payment terms specified in the Prompt Payment clause.”

(b) When you use any other authorized form (e.g., Standard Form 1447, Solicitation/Contract), include the notice in (a) above. Change the reference to the form number, form title, and item number accordingly.

514.201-6 Solicitation provisions.

When you will consider all or none bids, insert the provision at [552.214-70](#), “All or None” Offers, in the solicitation. For requirements or indefinite quantity contracts, use Alternate I. Do not include this provision in solicitations when you require the bidder to submit bids on all items and will make only one award.

514.201-7 Contract clauses.

(a) *Stock replenishment contracts.* For some stock replenishment contracts, individual contractors may be unable to furnish the Government’s monthly requirements. You may determine that progressive awards will be more expedient. In such cases, insert a clause substantially the same as the clause at [552.214-71](#), Progressive Awards and Monthly Quantity Allocations, in the solicitation and contract.

(b) *Examination of Records.* (1) Insert [552.215-70](#), Examination of Records by GSA, in solicitations and contracts for supplies or services that exceed \$100,000, and acquisitions of leasehold interests in real property that exceed the simplified lease acquisition threshold, that meet at least one of the following conditions:

- (i) Involve the use or disposition of Government-furnished property.
- (ii) Provide for advance payments, progress payments based on cost, or guaranteed loan.
- (iii) Contain a price warranty or price reduction clause.
- (iv) Include an economic price adjustment clause where the adjustment is not based solely on an established, third party index.
- (v) Are requirements, indefinite-quantity, or letter contracts as defined in FAR part 16.
- (vi) Contain the provision at FAR 52.223-4, Recovered Materials Certification.

(2) You may modify the clause to define the specific area of audit (e.g., the use or disposition of Government-furnished property). Legal Counsel and the Assistant Inspector General-Auditing or Regional Inspector General-Auditing, as appropriate, must concur in any modifications to the clause.

514.201-70 GSA Form 1602.

You may use GSA Form 1602, Notice Concerning Solicitation, to do any of the following:

- (a) Describe the type of contract, the duration of the contract, and the type of supplies or services being procured.
- (b) Direct the attention of prospective bidders to special requirements which, if overlooked, may result in rejection of the offer.
- (c) Highlight significant changes from previous solicitations covering the same supplies or services.
- (d) Include other special notices, as appropriate.

514.202 General rules for solicitation of bids.**514.202-4 Bid samples.****(a) Solicitation requirements.**

(1) When you require bid samples, require bidders to submit samples produced by the manufacturer whose products will be supplied under the contract.

(2) The FAR limits use of bid samples to cases where you cannot describe some characteristics of a product adequately in the specification or purchase description. This usually applies to subjective characteristics. You may determine that you need to examine objective characteristics of bid samples to determine the responsiveness of a bid. Base your determination on past experience or other valid considerations. In the solicitation, separately list “Subjective Characteristics” and “Objective Characteristics.”

(3) A sample provision appears at [552.214-72](#), Bid Sample Requirements. You may use this provision as shown or modify it to fit the circumstances of a procurement.

(b) Handling and disposition of samples.

(1) Retain samples from accepted bids for the period of contract performance. If you have no outstanding claims regarding the contract, dispose of the samples at the end of the contract term following the bidder’s instructions.

(2) If you anticipate a claim regarding the contract, retain the bid samples until the claim is resolved.

(3) Retain samples from unsuccessful bids until you make award. After award, dispose of these samples following the bidder’s instructions.

(c) Using bid samples. Include the information required by FAR 14.202-4(e) in the solicitation. Provide the number, size, and full description of samples with instructions on how to submit bids. List the characteristics that you will examine. The list needs to include any aspect of the bid sample the acquisition team will examine to determine the product(s) acceptability.

514.203 Methods of soliciting bids**514.203-1 Transmittal to prospective bidders.**

Prospective bidders, as used in FAR 14.203-1, include both of the following:

(a) The incumbent contractor, except when its written response to the notice of contract action under FAR Subpart 5.2 states a negative interest.

(b) Bidders that responded to recent solicitations for the same or similar items.

514.205 Solicitation mailing lists.**514.205-1 Establishment of lists.**

FSS must use the computerized central solicitation mailing list maintained by Region 7 for supplies and services for procurements expected to exceed the simplified acquisition threshold. Other GSA contracting activities may maintain local lists. Contracting activities that maintain local mailing lists must inform their enterprise development staff of the list and provide related information.

514.211 Release of acquisition information.

Before award, limit access to information concerning the Government cost estimate to Government personnel whose official duties require knowledge of the estimate. After award, you may reveal the total amount of the Government estimate upon request. Do not release the basis for calculating the estimate at any time.

514.213 Annual submission of representations and certifications.

The Commissioners of the Federal Supply Service, Public Building Service, and Federal Technology Service may establish procedures for contracting activities in their respective organizations. This includes authority to assign responsibility for centrally requesting, receiving, storing, verifying and updating offerors’ annual submissions.

514.270 Aggregate awards.**514.270-1 Definition.**

“Aggregate award” means an arrangement whereby two or more separately-priced line items are combined for award to that bidder whose bid will result in the lowest overall cost to the Government for the line items as a group. The individual price for each item does not have to be the lowest bid received. (See also the definition of a “line item” in FAR 3.302.)

514.270-2 Justification for use.

(a) GSA usually solicits prices and reserves the right to make award for individual line items. In some cases it serves GSA's best interest to combine two or more line items for an aggregate award. Such cases include when:

(1) Users desire uniformity of design, style, and finish, (e.g., suites of household furniture).

(2) The articles will be assembled and used as a unit, and different manufacturers' components may not be interchangeable.

(3) Users have high demand for certain articles, but demand for related articles is insufficient to attract competitive bids (e.g., various sizes of socket wrenches).

Awarding the low-demand articles in conjunction with the high-demand articles may encourage competition.

(4) One location (delivery point) has a large requirement, and another location has a requirement too small to individually attract competitive bids.

(5) Awarding and administering numerous small contracts for similar articles or services is impractical.

(b) Before deciding to combine items for aggregate award, consider the following factors:

(1) The capability of bidders to furnish the types and quantities of supplies or services in the aggregate.

(2) How grouping delivery points will affect bidders.

(3) Which combinations will accurately project the lowest overall cost to the Government.

(c) Do not use an aggregate award if it will significantly restrict the number of eligible bidders.

514.270-3 Evaluation factors for award.

Clearly state in the solicitation the basis for evaluating bids for aggregate award. Require bidders to submit a price on each item within the group or a percentage to be added or subtracted from a list price. Advise bidders that failure to submit prices as required within a group makes a bid ineligible for award for that group.

514.270-4 Grouping line items for aggregate award.

(a) Type of contract. While this section addresses supply contracts (articles and delivery points), the same principles apply to service contracts (types of services and service areas).

(b) Effect on competition. Provide for full and open competition when you group items for award. Grouping items for award may preclude a significant number of firms from bidding. This occurs if firms are unable to provide all the types or quantities of supplies or services, or make deliveries to the various delivery points included in the prospective aggregate group.

(c) Grouping different articles. Include only related articles in an aggregate group. Related articles are those normally manufactured or produced by a majority of prospective bidders. Grouping unrelated articles often restricts competition unnecessarily.

(d) Grouping geographic locations or delivery points. Consider the following guidelines before deciding to group different geographic locations or delivery points:

(1) A delivery point may have sufficient requirements so that individual shipments involve economic production runs and carload or truckload quantities. In this case, list it as a separate line item.

(2) The types of bidders (i.e., small or large firms, manufacturers or distributors, etc.) who respond to previous solicitations can provide important information. For example, if previous bidders are distributors with franchises in certain territories, grouping different territories could tend to restrict competition.

(3) Transportation costs can affect competition and pricing. They may constitute a significant portion of the total delivered cost. Obtain the advice and assistance of transportation specialists before grouping geographic locations or delivery points. Depending upon the supplies being acquired:

(i) Grouping widespread geographic locations or delivery points may reduce competition or result in higher prices. It can cause you to lose "area pricing" advantages provided by a supplier with a single production point.

(ii) Conversely, for many small commercial items (hand tools, locks, etc.), manufacturers may quote the same price for delivery anywhere in the U.S.

(iii) Tariff boundaries can also affect how manufacturers price deliveries to different areas.

514.270-5 Evaluation methodologies for aggregate awards.

(a) *Definite quantity contracts without options.* For definite quantity contracts without options, the evaluated bid price is the total bid price, as adjusted for any price-related factors identified in the solicitation. This reflects the actual cost to the Government and will identify the most advantageous bid.

(b) *Indefinite quantity contracts, requirements contracts, and options.* Indefinite quantity and requirements contracts use estimated quantities. Options involve the probability of whether and when the options will be exercised. These situations may result in unbalanced bids (see FAR 15.404-1(g)), leading to inaccurate evaluation of the projected cost and award to other than the most advantageous bid. To avoid unbalanced bids, GSA has two preferred methods for evaluating bids for aggregate awards: weight factors and price list.

(1) *Weight factors method.* Assign a weight to each item in a group. The weight is based on the portion of quantities that item represents. To evaluate bids, multiply each unit price by its weight factor, then total the results.

(2) *Price list method.* Establish prices for bidders to use as a base for preparing their bids. Prepare a list that identifies a base price for each item in a group. Bidders bid a percentage factor to add to or subtract from the base price.

514.270-6 Guidelines for using the weight factors method.

(a) Use the weight factors method when you have reliable estimates for the quantities needed in an acquisition. Reliable estimates of quantities form the foundation for:

(1) Accurate evaluation of the projected cost of each bid.

(2) An appropriate determination of which bid is most advantageous to the Government for the aggregate group.

(b) Assign a weight factor to each item in a group. Develop the weight factor by calculating the portion of the total quantity in a defined group that each item represents.

(c) To evaluate bid prices, first multiply the price bid for each item (unit price X quantity) by its weight factor. Then, add the subtotals together to project the cost for the aggregate group.

(d) You may reduce estimated quantities to smaller numbers by a common denominator. This may help facilitate the computations involved in evaluating bids.

(e) Consider all price-related factors you identified in the solicitation. Award to the responsive and responsible bidder with the lowest evaluated overall cost to the Government for the aggregate group. This represents the most advantageous bid.

514.270-7 Guidelines for using the price list method.

(a) *General.* The price list method helps avoid unbalanced bidding when you need to make aggregate awards, but lack accurate estimates of anticipated quantities. This method establishes base prices for bidders to use in preparing their bids.

(b) *Solicitation requirements.* When you use the price list method, in the solicitation:

(1) Include the price list.

(2) Include an estimate of requirements.

(3) Require the bidder to express its price as “net” or as a percentage added to or subtracted from the list prices for each group. Require the bidder to quote only one percentage factor for each group. This means that the bidder provides one percentage factor that applies to every item in a group; not a separate percentage for each item. “Net” indicates the bidder chooses to submit the list prices as its bid.

(4) Identify the percentage factor in (3) above as a price related evaluation factor.

(c) *Developing list prices.* You may develop price lists using one or more of the following sources:

(1) Industry published prices.

(2) Industry surveys.

(3) Government cost estimates based on knowledge of the supplies or services and previous contract prices.

(d) *First time use for an item or service.* The first time you use list prices for an item or service, give prospective bidders an opportunity to review the proposed list. Also provide information on how GSA will use the list prices. You may provide this information in a draft solicitation.

(e) *Balanced prices.* Ensure that the list prices for the grouped items bear a reasonable and balanced relationship to one another. You may use prices from previous awards made using the weight factors method to develop price lists. Review those prices first to ensure they did not result from unbalanced bidding.

(f) *Evaluation and award.* Consider all price-related factors identified in the solicitation. Award to the responsive and responsible bidder whose percentage factor produces the most favorable price to the Government. This represents the most advantageous bid.

(g) *Example.* The following illustrates a bidding schedule arrangement for a group of items for aggregate award under the price list method:

Drills, Twist, High Speed, under Federal Specification (no. and date)_ and Amendment (no. and date), Wire gauge sizes, straight shank, short length, Type C					
Item No.	National Stock Number	Drill Size	Est. Quantity	Unit	List Price
Group 1 (Items 1 through 5)					
1	5133-00-189-9246	1	2,800	Pkg	\$11.16
2	5133-00-189-9247	2	2,400	Pkg	\$11.16
3	5133-00-189-9248	3	2,800	Pkg	\$10.44

Drills, Twist, High Speed, under Federal Specification (no. and date) and Amendment (no. and date), Wire gauge sizes, straight shank, short length, Type C					
Item No.	National Stock Number	Drill Size	Est. Quantity	Unit	List Price
4	5133-00-189-9249	4	1,600	Pkg	\$10.80
5	5133-00-189-9250	5	2,000	Pkg	\$10.80

The bid on each item above is the list price shown minus/plus _____ percent. (Bidder, insert "net" or a single percentage amount in the blank space and cross out minus or plus, as appropriate.)

(h) *Special considerations for contracts for store stock items.* Show estimated quantities only if estimates of demand for each item within a group can be derived from Government records or verified contractor sales reports. Use only current estimates. If you cannot estimate the Government's needs, the solicitation may include past orders. (See CG Decision, B-209037, 82-2 CPD para 323 (1982).)

(i) *Special considerations for repair and alteration contracts.* In the solicitation:

(1) List the estimated quantities for work to be performed during both normal working hours and outside of normal working hours.

(2) State the percent of work anticipated to be performed during normal working hours.

(3) List the unit prices for work to be performed during both normal working hours and outside of normal working hours.

(4) Define "normal" in terms of hours and days of the week.

(5) Advise bidders of the previous year's total expenditures or portions of that total attributable to the listed items.

(6) If you provide quantity estimates, state that the estimates are for information only and do not constitute guarantees or commitments to order items under the contract.

(7) Solicit two percentage factors for the line item unit prices listed: one for the unit prices for work performed during normal working hours and the second for the unit prices for work performed outside of normal working hours.

(8) You may require multiple percentages when the solicitation further groups unit prices by trade or business category.

(9) For the evaluated bid price, add together (i) and (ii):

(i) The percentage of work performed during normal work hours multiplied by the total estimate adjusted by the bidder's percentage factor for that portion of the work, plus

(ii) The percentage of work performed during other than normal working hours multiplied by the total estimate adjusted by the bidder's percentage factor for that portion of the work.

(10) Consider other price-related factors identified in the solicitation. Make award to the responsible and responsive bidder submitting the lowest overall evaluated bid price for the aggregate group. This represents the most advantageous bid.

Subpart 514.3—Submission of Bids

514.303 Modification or withdrawal of bids.

(a) If you receive a telegraphic modification or withdrawal of a bid by telephone under the circumstances in FAR 14.303(a), record the identity of the telegraph office employee telephoning the message.

(b) The receipt required by FAR 14.303(b) for withdrawal of a bid in person should read:

I am a bona fide agent for or representative of _____ (Bidder's name and address) . I am authorized to withdraw the bid on IFB No. _____ scheduled for opening on _____, and acknowledge receipt of the unopened bid.

Name and telephone no.

Date

514.304 Late bids, late modifications of bids, or late withdrawal of bids.

Upon receiving a late bid, the bid custodian records it on the duplicate copy of the list of bidders. The bid custodian then immediately notifies the responsible contracting officer of the bid. You must arrange for pick-up or delivery of the bid.

514.370 Copies of bids required.

Require each bidder to submit an original and at least one copy of its bid. This requirement does not apply to bids transmitted and received through an electronic commerce method authorized by the solicitation.

Subpart 514.4—Opening of Bids and Award of Contract

514.401 Receipt and safeguarding of bids.

(a) You may designate the Regional BSC to receive and safeguard bids and modifications until the time specified for opening. Handle bids as follows:

(1) Authorized personnel mark the envelope (or other covering) of each package identified as a bid or modification with a time-stamp or the place, date, and time of receipt. They then deliver the bid by special handling to the bid custodian.

(2) Deposit hand-carried bids into the designated locked bid box, safe, or secured, restricted-access electronic bid box. At least once daily and immediately preceding the time scheduled for bid opening, the bid custodian removes and time stamps the bids. If a bidder hands a bid to the bid cus-

todian or other GSA employee, the custodian or employee time stamps the bid immediately.

(3) When the solicitation authorizes telegraphic or facsimile bids and modifications, the bid custodian seals each in an envelope immediately upon receipt. The custodian labels the envelope with appropriate identification.

(4) For each invitation, the bid custodian prepares a bidders' list using GSA Form 1378, Record of, and Receipt for, Bids and Responses, or the appropriate bid abstract form. The list includes the name and address of all responses, including any bid modifications, received before bid opening time. The list also indicates withdrawn bids.

(5) The bid custodian records each bid and modification delivered before bid opening on the bidders' list on the day of receipt. The custodian stores bids and modifications in a suitable secured cabinet.

(b) At the scheduled bid opening time, the bid custodian delivers all bids received in response to the invitation, with the original and one copy of the bidders' list, to the bid opening official or designee. The bid opening official or designee acknowledges receipt of the bids by signing the copy of the form and returning it to the bid custodian. The original list becomes part of the contract file.

(c) When a BSC is designated to receive bids, the BSC Director may designate an individual(s) working at a PBS Field Office as a bid custodian, provided all the following conditions are met:

(1) The Field Office has adequate space and facilities.

(2) The individual(s) designated as a bid custodian has been trained.

(3) The Field Office has a Small Business Technical Advisor.

(4) The bid custodian(s) must submit monthly reports to the BSC Director. The BSC Director forwards these reports to the Office of Enterprise Development (E).

514.402 Opening of bids.

514.402-1 Unclassified bids.

(a) *Location of bid openings.* Public bid openings take place in the BSC if the bid custodian is in the BSC. If the bid opening occurs elsewhere, inform your BSC. Give the BSC the invitation number and the location of the bid opening.

(b) *Bid opening officer.* (1) You may appoint a qualified employee of the contracting office as assistant bid opening officer as provided in FAR 14.402-1(b).

(2) The distance between the BSC and the contracting office may make it impracticable for you to conduct bid opening. In this case, you may request the HCA and the Associate Administrator for Enterprise Development (E) in Central Office, or the BSC Director in the Region, to authorize a qualified BSC employee to open, read, and record bids.

(c) Bid openings are open to business representatives, members of the press, and the general public.

(d) Preferred practices for conducting bid openings.

(1) To ensure that bid opening occurs at the exact time specified, verify the accuracy of the timepiece to be used.

(2) For the information of bidders present, provide an audible announcement approximately one-minute prior to bid opening.

(3) Announce audibly when the exact time of opening arrives. In the announcement, identify the invitation(s) scheduled for opening.

(4) For construction contracts that provide for bid alternates, announce the amount of funds available for the award before opening bids.

(5) Open the bids in full view of the parties present.

(6) When practicable and feasible, announce the following information from each bid: the bidder's name, item and unit price bid, and other pertinent information, such as delivery and discount terms.

(7) For bids submitted in multiple copies, one copy remains in the bid opening room for public examination until the bid abstract is substituted. The contracting activity uses the original. For bids submitted in original only, see FAR 14.402-1(c). The contracting activity retains all supplemental financial forms or other information submitted with a bid. Do not provide supplemental information for public examination.

(8) Forward any negotiable instruments submitted as bid guarantees to the Finance Division following procedures established by the Chief Financial Officer. After award, cancellation of the solicitation, or rejection of all bids, direct the Finance Division to refund the amount of the bid guarantee to unsuccessful bidders. You may authorize return of a bid guarantee before award when requested by a bidder who is not in contention for the award. Retain other forms of bid guarantees (e.g., bid bonds, letters of credit, corporate and individual sureties, etc.) in the contract file.

(9) Prepare a record of the opening for the contract file. Include the names of persons attending the bid opening and the firms or organizations they represent.

(10) Verify the entries on all copies of a bid. Resolve any suspected mistake(s) following the procedures in FAR 14.407.

(11) Retain the envelopes in which bids and bid modifications are received until all awards are made. After award, retain those with notations concerning abnormal receipt or opening for identification in the solicitation file. You may destroy the remainder.

514.403 Recording of bids.

(a) As soon as practicable, make a copy of the abstract of bids and any amendments available for public examination at the location of the bid opening. Make the abstract available

for public examination for at least 30 calendar days. Include late bids determined eligible for consideration on the bid abstract or, if necessary, in an amendment.

(b) In abstracts for aggregate awards, record: unit prices, weight factors, totals for each aggregate group, and any other information required for bid evaluation.

(c) For building services, contracting activities in PBS may use GSA Form 3471, Abstract of Offers, instead of the Standard Form 1409, Abstract of Offers.

514.404 Rejection of bids.

514.404-1 Cancellation of invitations after opening.

The HCA, or designee, makes any determinations required by FAR 14.404-1.

514.404-2 Rejection of individual bids.

(a) You may use the “Remarks” Item on GSA Form 1535, Recommendation for Award(s), or other appropriate documentation to record findings with respect to rejected bids.

(b) Document any bid rejected for nonresponsiveness, nonresponsibility, ineligibility, or because the bid after evaluation is no longer low. Examples of bids which may no longer be low after evaluation include aggregate bids, “all or none” bids, bids evaluated for freight costs, and bids evaluated using Buy American differentials.

(c) For sensitive or controversial bid rejections, include all supporting documentation to justify awards. This includes copies of the bid to be rejected and the proposed awardee, statements from or records of conversations with the requisitioning activity, plant facilities and financial responsibility reports, and other relevant correspondence or reports (Certificates of Competency, copies of Congressional correspondence or other high level interest, etc.).

514.407 Mistakes in bids.

514.407-3 Other mistakes disclosed before award.

(a) Delegation of authority by head of the agency. Under FAR 14.407-3(e), contracting directors (see [502.101](#)) are authorized, without power of redelegation, to make:

(1) The determinations regarding corrections and withdrawals under FAR 14.407-3(a), (b), and (c).

(2) The corollary determinations not to permit withdrawal or correction under FAR 14.407-3(d).

(b) Legal review and approval. Assigned counsel must approve determinations by the contracting director and contracting officer regarding mistakes in bid.

514.407-4 Mistakes after award.

The contracting director and assigned counsel review and approve your determinations under FAR 14.407-4(b) and (c).

514.408 Award.

514.408-6 Equal low bids.

To determine the status of bidders (small/large/labor surplus area) in a tie-bid situation, use the bidders’ status as of the date they signed their bids.

514.408-70 Awards involving related cases referred to higher authority.

Avoid any action which might prejudice the freedom of the higher authority to act on any case referred for review. This includes partial awards to the same bidder under the same solicitation.

514.408-71 Forms for recommending award(s).

Contracting activities may use GSA Form 1535, Recommendation for Award(s), and GSA Form 1535-A, Recommendation for Award(s), Continuation Sheet, to document proposed awards. One or more awards may be set forth on each form. Contracting activities have the discretion to use other means of documentation that meet their needs for information to support an award recommendation.

514.409 Information to bidders.

514.409-1 Award of unclassified contracts.

You may use GSA Form 3577, Notice of Unsuccessful Offeror of Contract Award, to notify unsuccessful bidders other than either of the following:

(a) Any apparent low bidders not selected for award.

(b) Unsuccessful bidders from designated countries for acquisitions subject to the Trade Agreements Act or North American Free Trade Agreement Implementation Act (NAFTA) Implementation Act.

514.409-70 Restriction on disclosure of inspection or test data.

Before award, disclose inspection or test data only to Government officials that require the information for bid evaluation. This applies whether the data was prepared by the Government or an outside inspection or testing agency. For requests received after award, see FAR 24.2.

514.470 Multiple bids.

(a) You must consider all bids received from a person, firm, or its affiliates for award if responsive and otherwise acceptable.

(b) You may accept a bid offering two or more products for the same item if it is the lowest cost responsible and responsive bid.

PART 515—CONTRACTING BY NEGOTIATION

Subpart 515.2—Solicitation and Receipt of Proposals and Information

515.204 Contract format.

515.204-1 Uniform contract format.

(a) The uniform contract format is not required for leases of real property.

(b) Each solicitation and contract must include the two notices in paragraphs (b)(1) and (b)(2) of this subsection, except that acquisitions of leasehold interests in real property, must include only the notice in (b)(1):

(1) The information collection requirements contained in this solicitation/contract are either required by regulation or approved by the Office of Management and Budget pursuant to the Paperwork Reduction Act and assigned OMB Control No. 3090-0163.”

(2) GSA’s hours of operation are 8:00 a.m. to 4:30 p.m. Requests for preaward debriefings postmarked or otherwise submitted after 4:30 p.m. will be considered submitted the following business day. Requests for postaward debriefings delivered after 4:30 p.m. will be considered received and filed the following business day.”

515.205 Issuing solicitations.

Potential sources, as used in FAR 15.205, include both of the following:

(a) The incumbent contractor, except when its written response to the notice of contract action under FAR Subpart 5.2 states a negative interest.

(b) Offerors that responded to recent solicitations for the same or similar items.

515.207 Handling proposals and information.

(a) *Unclassified Proposals.* In most cases, the best practice is to require offerors to submit proposals and modifications to the issuing contracting office. You may chose to use the local Business Service Center (BSC) for receipt and safeguarding of proposals. If so, make appropriate arrangements with the BSC.

(b) *Classified Proposals.* Handle classified proposals and quotations according to [504.4](#), 41 CFR Part 105-60, and GSA Freedom of Information Act procedures at <http://www.gsa.gov/staff/c/ca/FOIA/FoiaProc/mainpage.html>.

(c) *Recording of offers.* Abstracts help to summarize key aspects of proposals when you receive multiple responses to a solicitation (see FAR 4.803(a)(10)).

(1) You may use GSA or Standard Forms prescribed for abstracting bids in sealed bidding to abstract proposals or

quotations in competitively negotiated procurements. You may modify the forms to include the information necessary for evaluation.

(2) Abstracts contain contractor bid or proposal information and source selection information. See FAR 15.201, 15.207, 15.306, 15.5, and 24.2 about disclosing information.

515.209 Solicitation provisions and contract clauses.

515.209-70 Examination of records by GSA clause.

Clause for other than multiple award schedules

(a) For other than multiple award schedule (MAS) contracts, insert the clause at [552.215-70](#), Examination of Records by GSA, in solicitations and contracts over \$100,000, including acquisitions of leasehold interests in real property, that meet any of the conditions listed below:

(1) Involve the use or disposition of Government-furnished property.

(2) Provide for advance payments, progress payments based on cost, or guaranteed loan.

(3) Contain a price warranty or price reduction clause.

(4) Involve income to the Government where income is based on operations under the control of the contractor.

(5) Include an economic price adjustment clause where the adjustment is not based solely on an established, third party index.

(6) Are requirements, indefinite-quantity, or letter type contracts as defined in FAR Part 16.

(7) Are subject to adjustment based on a negotiated cost escalation base.

(8) Contain the provision at FAR 52.223-4, Recovered Material Certification.

(b) You may modify the clause at [552.215-70](#) to define the specific area of audit (e.g., the use or disposition of Government-furnished property, compliance with the price reduction clause). Counsel and the Assistant Inspector General-Auditing or Regional Inspector General-Auditing, as appropriate, must concur in any modifications to the clause.

Clause for multiple award schedules

(c) Insert the clause at [552.215-71](#), Examination of Records by GSA (Multiple Award Schedule), in solicitations and contracts for MAS contracts.

(d) With the Senior Procurement’s Executive approval, you may modify the clause at [552.215-71](#) to provide for post-award access to and the right to examine records to verify that the pre-award/modification pricing, sales or other data related to the supplies or services offered under the contract which formed the basis for the award/modification was accurate, current, and complete. The following procedures apply:

(1) Such a modification of the clause must provide for the right of access to expire 2 years after award or modification.

(2) Before modifying the clause, you must make a determination that absent such access there is a likelihood of significant harm to the Government and submit it to the Senior Procurement Executive for approval.

(3) The determinations under paragraph (d)(2) must be made on a schedule-by-schedule basis.

515.210 Forms.

515.210-70 GSA Form 1602.

You may use GSA Form 1602, Notice Concerning Solicitation, to do any of the following:

(a) Describe the type of contract, the duration of the contract, and the type of supplies or services being procured.

(b) Direct the attention of prospective offerors to special requirements which, if overlooked, may result in rejection of the offer.

(c) Highlight significant changes from previous solicitations covering the same supplies or services.

(d) Include other special notices as appropriate.

Subpart 515.3—Source Selection

515.300 Scope of subpart

In addition to the policies and procedures of FAR 15.3, [Appendix 515A](#), Source Selection Procedures, provides guidance and advice on various source selection techniques.

515.305 Proposal evaluation.

(a) *Restrictions placed on a proposal by the submitter.* If you receive a proposal with more restrictive conditions than those in the provision at FAR 52.215-1(e), ask whether the submitter is willing to accept the conditions of the paragraph at FAR 52.215-1(e). If the submitter refuses, consult with legal counsel on whether to accept the proposal as marked or return it.

(b) *Actions before releasing proposals.* Before releasing any proposal to an evaluator you must take all the following actions:

(1) Obtain the signed original “Conflict of Interest Acknowledgment and Nondisclosure Agreement” from each Government and nongovernment individual serving as an evaluator. Use the Acknowledgment/Agreement in [Figure 515.3-1](#).

(i) For employees of other Executive agencies, replace the reference in paragraph (c) of the Acknowledgment/Agreement to GSA’s supplemental standards with a reference to the applicable agency.

(ii) For nongovernment evaluators, substitute paragraph (c) of the Acknowledgment/Agreement with the language below and delete paragraph (h):

“(c) I have read and understand the requirements of subsection 27(a) and 27(b) of the Office of Federal Procurement Policy Act (41 U.S.C. 423).”

(2) Attach to each proposal a cover page bearing the following notice:

Government Notice for Handling Proposals

To anyone receiving this proposal or proposal abstract:

- (1) This proposal must be used and disclosed for evaluation purposes only.
- (2) You must apply a copy of this Government notice to any reproduction or abstract of this proposal.
- (3) You must comply strictly with any authorized restrictive notices which the submitter places on this proposal.
- (4) You must **not** disclose this proposal outside the Government for evaluation purposes except to the extent authorized by, and in accordance with, the procedures in 48 CFR 515.305-71.

(c) *Cost or price evaluation—MAS.* When evaluating prices under MAS, compare an offeror’s price to GSA with its price to other customers. In this comparison, consider discounts for early payment to the extent provided in [552.232-8](#), Discounts for Prompt Payment.

(d) *Past performance evaluation information:*

(1) You must use information from the Past Performance Information Retrieval System (PPIRS) at [www.ppirs.gov](#) when evaluating an offeror’s past performance. In addition, you may also obtain information through:

(i) Questionnaires tailored to the circumstances of the acquisition,

(ii) Interviews with program managers and contracting officers, or

(iii) Other sources.

(2) You may obtain information to evaluate an offeror’s past performance on subcontracting plan goals and small disadvantaged business participation, monetary targets, and notifications under FAR 19.1202-4(b) from the following sources:

FIGURE 515.3-1. CONFLICT OF INTEREST ACKNOWLEDGMENT AND NONDISCLOSURE AGREEMENT

Conflict of Interest Acknowledgment and Nondisclosure Agreement	
For proposals submitted in response to GSA solicitation no. _____, I agree to the following:	
(a) To the best of my knowledge and belief, no conflict of interest exists that may either:	
(1) Diminish my capacity to impartially review the proposals submitted.	
(2) Or result in a biased opinion or unfair advantage.	
(b) In making the above statement, I have considered all the following factors that might place me in a position of conflict, real or apparent, with the evaluation proceedings:	
(1) All my stocks, bonds, other outstanding financial interests or commitments.	
(2) All my employment arrangements (past, present, and under consideration).	
(3) As far as I know, all financial interests and employment arrangements of my spouse, minor children, and other members of my immediate household.	
(c) I have read and understand the requirements of the Standards of Ethical Conduct for Employees of the Executive Branch (5 CFR, part 2635) and Supplemental Standards of Ethical Conduct for Employees of the General Services Administration (5 CFR, part 6701).	
(d) I have a continuing obligation to disclose any circumstances that may create an actual or apparent conflict of interest. If I learn of any such conflict, I will report it immediately to the Contracting Officer. I will perform no more duties related to evaluating proposals until I receive instructions on the matter.	
(e) I will use proposal information for evaluation purposes only. I understand that any authorized restriction on disclosure placed on the proposal by the prospective contractor, prospective subcontractor, or the Government applies to any reproduction or abstracted information of the proposal.	
(f) I will use my best efforts to safeguard proposal information physically. I will not disclose the contents of, nor release any information about, the proposals to anyone other than:	
(1) The Source Selection Evaluation Board or other panel assembled to evaluate proposals submitted in response to the solicitation identified above.	
(2) Other individuals designated by the Contracting Officer.	
(g) After completing evaluation, I will return to the Government all copies of the proposals and any abstracts.	
(h) GSA Appropriations Act restriction: These restrictions are consistent with and do not supersede, conflict with, or otherwise alter the employee obligations, rights, or liabilities created by Executive Order No. 12958; section 7211 of title 5, United States Code (governing disclosures to Congress); section 1034 of title 10, United States Code, as amended by the Military Whistleblower Protection Act (governing disclosure to Congress by members of the military); section 2302(b)(8) of title 5, United States Codes, as amended by the Whistleblower Protection Act (governing disclosures of illegality, waste, fraud, abuse or public health or safety threats); the Intelligence Identities Protection Act of 1982 (50 U.S.C. 421 et seq.) (governing disclosures that could expose confidential Government agents); and the statutes which protect against disclosure that may compromise the national security, including sections 641, 793, 794, 798, and 952 of title 18, United States Code, and section 4(b) of the Subversive Activities Act of 1950 (50 U.S.C. 783(b)). The definitions, requirements, obligations, rights, sanctions, and liabilities created by said Executive order and listed statutes are incorporated into this agreement and are controlling.	
_____ (Enter name of evaluator and organization)	_____ Date

- (i) The Small Business Administration.
- (ii) Information on prior contracts from contracting officers and administrative contracting officers.
- (iii) Offeror's references.
- (iv) Past performance information collected under FAR 42.15 and available through PPIRS.

515.305-70 Use of outside evaluators.

(a) *Conditions.* To use outside evaluators, you must meet the restrictions in FAR 37.203 and [537.2](#).

(b) *Limitations on disclosing proposal information.* You may disclose proposal information outside the Government before the Government's decision as to contract award only to the extent authorized in this section. Disclosure and handling must comply with FAR 3.1 and [503.1](#).

(c) *Solicitation notice.* Include in the solicitation a notice substantially as follows:

Notice About Releasing Proposals

- (1) The Government intends to disclose proposals received in response to this solicitation to nongovernment evaluators.
- (2) Each evaluator will sign and provide to GSA a "Conflict of Interest Acknowledgment and Nondisclosure Agreement."

(d) *Relationship to the Freedom of Information Act.* Release of a proposal outside the Government for evaluation does not constitute the release of information under the Freedom of Information Act (5 U.S.C. 552).

515.306 Exchanges with offerors after receipt of proposals.

Limit access to Government cost estimates to Government personnel whose official duties require knowledge of the estimate. During negotiations, you may disclose part or all of the Government estimate under FAR 15.306(e) when necessary to arrive at a fair and reasonable price. After award, you may

reveal the total amount of the independent Government estimate.

Subpart 515.4—Contract Pricing

515.403 Obtaining cost or pricing data.

515.403-4 Requiring cost or pricing data

(10 U.S.C. 2306a and 41 U.S.C. 254b).

To determine if a contract action meets the threshold at FAR 15.403-4 for requesting cost and pricing data, consider the value of the action plus any priced options. Exercise of a priced option is not a price adjustment and does not require submission of cost and pricing data.

515.404-2 Information to support proposal analysis.

(a) “Field pricing assistance” is provided by the Assistant Inspector General-Auditing, or the Regional Inspector General-Auditing, as appropriate.

(b) Follow the procedures in GSA Order, Audit resolution and follow-up system, Ch. 3 (ADM P 2030.2B) for handling contract audit reports.

515.404-4 Profit.

(a) *Structured approach for determining profit or fee objectives.* Base the analysis of profit factors on information available to the Government before negotiations. Obtain such information from proposals, audit data, performance reports, preaward surveys and the like. The structured approach helps establish a profit objective. It also provides a basis for documenting the objective, including an explanation of any significant departure from this objective in reaching a final agreement. Prepare documentation commensurate with the dollar value and complexity of the proposed procurement.

(b) *Exemptions from requirement to use the structured approach.*

(1) The following types of procurements are exempt from the structured approach:

(i) Management contracts for operation and/or maintenance of Government facilities.

(ii) Contracts primarily requiring delivery of material supplied by subcontractors.

(iii) Termination settlements.

(iv) Cost-plus-award-fee contracts.

(v) Contracts and contract modifications of \$100,000 or less in value.

(vi) Architect-engineer and construction contracts.

(2) You may request exemptions for other contracts having unusual pricing situations where you determine the structured approach is unsuitable. Document your justification in writing. The HCA must approve all such exemptions.

(c) *Other methods for exempted procurements.* Under exempted procurements, you may use other methods for

establishing profit objectives. In general, use methods supported in a manner similar to the structured approach (profit factor breakdown and documentation of profit objective). Exclude factors within the structured approach that do not apply to the procurement.

(d) *Profit-analysis factors.* Consider the following factors when you negotiate profit. Use the weight ranges listed after each factor when you use the structured approach.

	Profit Factors	Weight Ranges in Percent
Contractor Effort	Material acquisition	1 to 4
	Conversion direct labor	4 to 12
	Conversion related indirect cost: Other costs General management	1 to 3 2 to 5
Other Factors	Contract cost risk	0 to 7
	Capital investments	-2 to +2
	Federal socioeconomic programs	-.5 to +.5
	Cost-control and other past accomplishments	-2 to +2
	Independent development and additional factors	-2 to +2

(e) *GSA Form 1766.* You may use GSA Form 1766, Structured Approach Profit/Fee Objective, to help compute the profit objective. Measure the Contractor Effort by assigning a profit percentage within the designated weight ranges to each element of cost recognized.

(f) *Facilities capital cost of money.* If you allow facilities capital cost of money as an item of cost, either as a part of your price/cost objective in a firm fixed price type contract or as an allowable cost in a flexibly priced type contract, e.g., cost reimbursement or fixed price incentive type contract, reduce the profit/fee objective as follows. After you develop a dollar profit/fee amount for the requirement, subtract from that aggregate dollar profit/fee amount any dollar amount allowed for facilities capital cost of money. The remainder is the profit/fee objective.

(g) *Calculating profit dollars.* After computing a total dollar profit for Contractor Effort, calculate the specific profit dollars for the categories under Other Factors. Do this by multiplying the total Government cost objective, excluding any cost of money for facilities capital, by the specific weights assigned to the elements in Other Factors.

(h) *Common factors.* In determining the value of each factor, consider the definition, description, and purpose of the factors prescribed in FAR 15.404-4(d) and this subsection.

(1) *General management.* Management problems surface in various degrees. Consider the management expertise exercised to solve them as an element of profit. For example, a new program for an item that involves advanced state of the

art techniques may involve more problems and require more managerial time and abilities of a higher order than a follow-on contract. If an initial contract creates more problems and merits a higher profit weight, then a follow-on should merit a downward adjustment, as many of the problems should have been solved. Evaluate the underlying managerial effort involved on a case-by-case basis.

(2) *Other costs.* Include all other direct costs of contractor performance under this item (e.g., travel and relocation, direct support, and consultants). When you analyze these costs, consider:

- (i) Their significance.
- (ii) Their nature.
- (iii) How much they contribute to contract performance.

(3) *Contract cost risk.* When you select the proper contract type, the reward for risk by contract type will usually fall into the ranges below.

(i) *Cost-reimbursement type contracts.* 0–3 percent. A cost-plus-a-fixed-fee contract does not normally justify a reward for risk in excess of 0 percent. Only a contract that contains cost risk features such as ceilings on overhead might merit a higher weight. Such cases may justify up to 1 percent. Cost-plus-incentive-fee contracts fill the remaining portion of the 0 to 3 percent range. For these, assign weightings based on such factors as confidence in target cost, share ratio of fee(s), etc.

(ii) *Fixed-price type contracts.* 3–7 percent. This weight range is wide enough to accommodate the many types of fixed-price arrangements. Assign weightings based on the cost risk assumed. Only firm fixed-price contracts should reach the top end of the range.

(iii) *Subcontracting program.* The contractor's subcontracting program may significantly impact the contractor's risk under a contract. It could affect risk in terms of both cost and performance. Consider this in selecting a weight for cost risk. The prime contractor may effectively transfer cost risk to a subcontractor. This merits a risk evaluation below the range that would otherwise apply for the contract type proposed. However, you should not evaluate risk lower when a substantial portion of the contract cost represents subcontracts, but without any substantial transfer of contractor's risk.

(iv) *Definitizing letter contracts, unpriced change orders, and unpriced orders under basic ordering agreements.* Consider the effect on risk as a result of partial performance before definitization. Some circumstances may effectively reduce the contractor's total risk, while others may have no effect. Determine an equitable profit weight for all recognized costs, both those incurred and future costs. Consider all attendant circumstances, not just the portion of costs incurred or percentage of work completed before definitization.

(v) *Service contracts.* Apply a weight range of 0 to 4 percent for cost risk. A firm fixed-price contract, not priced on a labor-hour method, may warrant high consideration for contractor cost risk. It may merit a weight up to 4 percent. Conversely, a cost-plus-fixed-fee service contract normally warrants a zero cost risk factor.

(4) *Capital investments.* In evaluating this factor for profit weights, consider the following:

(i) *Facilities.* (A) To evaluate how this factor contributes to the profit objective, you need to know the level of facilities use needed for contract performance, the source of financing for the facilities, and the overall cost effectiveness of the facilities offered.

(B) Contractors who furnish their own facilities that significantly contribute to lower total contract costs, warrant additional profit. Contractors who rely on the Government to provide or finance facilities warrant less profit. Evaluate situations between the above examples on their merits and make either a positive or negative profit weight adjustment, as appropriate.

(C) You do not need to adjust the profit when a contractor who owns a large quantity of facilities will perform a contract that does not benefit from these facilities, or when a contractor's use of its facilities has a minimum cost impact on the contract.

(ii) *Payments.* Consider the frequency of payments by the Government to the contractor. Assess the impact the contract will have on the contractor's cash flow. Generally, payments more frequent than monthly merit negative consideration, with maximum reduction as the contractor's working capital approaches zero. Payments less frequent than monthly merit positive consideration, with additional consideration for payments less frequent than the contractor's or the industry's normal practice.

515.404-70 Nonprofit organizations.

(a) The structured approach for determining profit or fee objectives was designed for other than nonprofit organizations. However, if modified as below, you may use it to establish fee objectives for nonprofit organizations (See FAR 31.701). Do not apply the modifications as a deduction to historical fee levels. Instead apply them as a reduction in the fee objective calculated under the structured approach.

(b) For contracts with nonprofit organizations, subtract an adjustment of up to 3 percent from the total profit-fee objective. In developing this adjustment, consider each of the following factors:

- (1) Tax position benefits.
- (2) Granting of financing through letters of credit.
- (3) Facility requirements of the nonprofit organization.
- (4) Other factors that may work to the advantage or disadvantage of the contractor as a nonprofit organization.

515.405 Price negotiation.

If a contractor insists on a price or demands a profit or fee that you consider unreasonable as outlined in FAR 15.405(d), refer the matter to one level above the contracting officer for resolution.

515.408 Solicitation provisions and contract clauses.**MAS Requests for Information Other Than Cost or Pricing Data**

(a) You should use Alternate IV of the FAR provision at 52.215-20, Requirements for Cost or Pricing Data or Information Other Than Cost or Pricing Data, for MAS contracts to provide the format for submission of information other than cost or pricing data for MAS contracts. To provide uniformity in requests under the MAS program, you should insert the following in paragraph (b) of the provision:

(1) An offer prepared and submitted in accordance with the clause at [552.212-70](#), Preparation of Offer (Multiple Award Schedule).

(2) Commercial sales practices. The Offeror shall submit information in the format provided in this solicitation in accordance with the instructions at [Figure 515.4-2](#) of the GSA Acquisition Regulation (48 CFR 515.4-2), or submit information in the Offeror's own format.

(3) Any additional supporting information requested by the Contracting Officer. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether the price(s) offered is fair and reasonable.

(4) By submission of an offer in response to this solicitation, the Offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before initial award, books, records, documents, papers, and other directly pertinent records to verify the pricing, sales and other data related to the supplies or services proposed in order to determine the reasonableness of price(s). Access does not extend to Offeror's cost or profit information or other data relevant solely to the Offeror's determination of the prices to be offered in the catalog or marketplace.

(b) Insert the following format for commercial sales practices in the exhibits or attachments section of the solicitation and resulting contract (see FAR 12.303).

COMMERCIAL SALES PRACTICES FORMAT

(c) Include the instructions for completing the commercial sales practices format in [Figure 515.4-2](#) in solicitations issued under the MAS program.

FIGURE 515.4-2. INSTRUCTIONS FOR COMMERCIAL SALES PRACTICES FORMAT

If you responded “YES” to question (3), on the COMMERCIAL SALES PRACTICES FORMAT, complete the chart in question (4)(a) for the customer(s) who receive your best discount. If you responded “NO”, complete the chart in question (4)(a) showing your written policies or standard sales practices for all customers or customer categories to whom you sell at a price (discounts and concessions in combination) that is equal to or better than the price(s) offered to the Government under this solicitation or with which the Offeror has a current agreement to sell at a discount which equals or exceeds the discount(s) offered under this solicitation. Such agreement shall be in effect on the date the offer is submitted or contain an effective date during the proposed multiple award schedule contract period. If your offer is lower than your price to other customers or customer categories, you will be aligned with the customer or category of customer that receives your best price for purposes of the Price Reductions clause at [552.238-75](#). The Government expects you to provide information required by the format in accordance with these instructions that is, to the best of your knowledge and belief, current, accurate, and complete as of 14 calendar days prior to its submission. You must also disclose any changes in your price list(s), discounts and/or discounting policies which occur after the offer is submitted, but before the close of negotiations. If your discount practices vary by model or product line, the discount information should be by model or product line as appropriate. You may limit the number of models or product lines reported to those which exceed 75% of actual historical Government sales (commercial sales may be substituted if Government sales are unavailable) value of the special item number (SIN).

Column 1—Identify the applicable customer or category of customer.

A “customer” is any entity, except the Federal Government, which acquires supplies or services from the Offeror. The term customer includes, but is not limited to original equipment manufacturers, value added resellers, state and local Governments, distributors, educational institutions (an elementary, junior high, or degree granting school which maintains a regular faculty and established curriculum and an organized body of students), dealers, national accounts, and end users. In any instance where the Offeror is asked to disclose information for a customer, the Offeror may disclose information by category of customer if the Offeror’s discount policies or practices are the same for all customers in the category. (Use a separate line for each customer or category of customer.)

Column 2—Identify the discount.

The term “discount” is as defined in solicitation clause [552.212-70](#), Preparation of Offer (Multiple Award Schedule). Indicate the best discount (based on your written discounting policies or standard commercial discounting practices if you do not have written discounting policies) at which you sell to the customer or category of customer identified in column 1, without regard to quantity; terms and conditions of the agreements under which the discounts are given; and whether the agreements are written or oral. Net prices or discounts off of other price lists should be expressed as percentage discounts from the price list which is the basis of your offer. If the discount disclosed is a combination of various discounts (prompt payment, quantity, etc.), the percentage should be broken out for each type of discount. If the price lists which are the basis of the discounts given to the customers identified in the chart are different than the price list submitted upon which your offer is based, identify the type or title and date of each price list.

The contracting officer may require submission of these price lists. To expedite evaluation, offerors may provide these price lists at the time of submission.

Column 3—Identify the quantity or volume of sales.

Insert the minimum quantity or sales volume which the identified customer or category of customer must either purchase/order, per order or within a specified period, to earn the discount. When purchases/orders must be placed within a specified period to earn a discount indicate the time period.

Column 4—Indicate the FOB delivery term for each identified customer.

See FAR 47.3 for an explanation of FOB delivery terms.

Column 5—Indicate concessions regardless of quantity granted to the identified customer or category of customer.

Concessions are defined in solicitation clause [552.212-70](#), Preparation of Offers (Multiple Award Schedule). If the space provided is inadequate, the disclosure should be made on a separate sheet by reference.

If you respond “YES” to question 4(b) in the Commercial Sales Practices Format, provide an explanation of the circumstances under which you deviate from your written policies or standard commercial sales practices disclosed in the chart on the Commercial Sales Practices Format and explain how often they occur. Your explanation should include a discussion of situations that lead to deviations from standard practice, an explanation of how often they occur, and the controls you employ to assure the integrity of your pricing. Examples of typical deviations may include, but are not limited to, one time goodwill discounts to charity organizations or to compensate an otherwise disgruntled customer; a limited sale of obsolete or damaged goods; the sale of sample goods to a new customer; or the sales of prototype goods for testing purposes. If deviations from your written policies or standard commercial sales practices disclosed in the chart on the Commercial Sales Practices Format are so significant and/or frequent that the Contracting Officer cannot establish whether the price(s) offered is fair and reasonable, then you may be asked to provide additional information. The Contracting Officer may ask for information to demonstrate that you have made substantial sales of the item(s) in the commercial market consistent with the information reflected on the chart on the Commercial Sales Practices Format, a description of the conditions surrounding those sales deviations, or other information that may be necessary in order for the Contracting Officer to determine whether your offered price(s) is fair and reasonable. In cases where additional information is requested, the Contracting Officer will target the request in order to limit the submission of data to that needed to establish the reasonableness of the offered price.

(End of Figure)

(d) Insert the clause at [552.215-72](#), Price Adjustment—Failure to Provide Accurate Information, in solicitations and contracts under the MAS program.

(e) You should use Alternate IV of FAR 52.215-21, Requirements for Cost or Pricing Data or Information Other Than Cost or Pricing Data—Modifications, to provide for submission of information other than cost or pricing data for MAS contracts. To provide for uniformity in requests under the MAS program, you should insert the following in paragraph (b) of the clause:

(1) Information required by the clause at [552.243-72](#), Modifications (Multiple Award Schedule).

(2) Any additional supporting information requested by the Contracting Officer. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether the price(s) offered is fair and reasonable.

(3) By submitting a request for modification, the Contractor grants the Contracting Officer or an authorized representative the right to examine, at any time before agreeing to a modification, books, records, documents, papers, and other directly pertinent records to verify the pricing, sales and other data related to the supplies or services proposed in order to determine the reasonableness of price(s). Access does not extend to Contractor's cost or profit information or other data relevant solely to the Contractor's determination of the prices to be offered in the catalog or marketplace.

Subpart 515.5—Preaward, Award, and Postaward Notifications, Protests, and Mistakes

515.506 Postaward debriefing of offerors.

For purposes of determining the date of receipt of a request for a postaward debriefing, GSA's hours of operation are 8:00 a.m. to 4:30 p.m. Requests received after 4:30 p.m. will be considered received the following business day.

515.570 Release of information concerning unsuccessful offerors.

Consult FAR 24.2, 41 CFR part 105-60, and GSA Freedom of Information Act procedures at <http://www.gsa.gov/staff/c/ca/FOIA/FoiaProc/mainpage.html>. to determine what information you may disclose.

Subpart 515.6—Unsolicited Proposals

515.601 Definitions.

“Coordinating office,” as used in this subpart, means:

(a) The Senior Procurement Executive for all Central Office activities.

(b) The office designated in writing by the Regional Administrator in the Regions.

515.606 Agency procedures.

Coordinating offices serve as agency points of contact and establish procedures for controlling the receipt, evaluation, and timely disposition of proposals consistent with FAR 15.6.

515.606-2 Evaluation.

Complete the evaluation as soon as practicable, normally within 45 calendar days. Communicate the results of the evaluation to the submitter.

515.609 Limited use of data.

When you release an unsolicited proposal for evaluation, use the “Conflict of Interest Acknowledgment and Nondisclosure Agreement” in [Figure 515.3-1](#).

Subpart 515.70—Use of Bid Samples

515.7000 General.

Except as provided in [515.7002](#) and 515.7003, the policy and procedures in FAR 14.202-4 and [514.202-4](#) apply to negotiated acquisitions. When referring to FAR 14.202-4 and [514.202-4](#), the term “bid” means “offer” or “proposal.” The terms “bidder” and “invitation” or “invitation for bids” are used synonymously with “offeror” and “solicitation” or “RFP”.

515.7001 Policy.

(a) The terms “responsiveness” and “nonresponsive” do not apply to negotiated acquisitions. FAR 14.202-4(b)(2) and (4) do not apply to the use of bid samples under this subpart.

(b) Instead of FAR 14.202-4(b)(2) and (4), apply the following:

(1) Use bid samples in the technical evaluation of proposals to both:

(i) Determine the acceptability of the samples to meet GSA's requirement.

(ii) Ensure compliance with all subjective and objective characteristics listed in the solicitation.

(2) If you conduct written or oral discussions, you may exclude a proposal from further consideration for award only if you meet all the following conditions:

(i) You discussed with the offeror any deficiencies found in the samples.

(ii) You gave the offeror an opportunity to correct those deficiencies.

(iii) The sample still fails to conform to each of the characteristics listed in the solicitation. (See FAR 15.609 and 15.610).

515.7002 Procedures.

(a) *Unsolicited samples.* The reference to FAR 14.404-2(d) in FAR 14.202-4(g) does not apply. Use the following when contracting by negotiation:

“However, qualifications in the proposal that are at variance with the Government’s requirements, constitute deficiencies. Resolve these as provided in FAR 15.306.”

(b) *Solicitation requirements.* (1) Use the clause at FAR 52.214-20. The second sentence in paragraph (c) of the clause does not apply. Substitute a sentence substantially as follows:

“Failure of the bid samples to conform to all the required characteristics listed in the solicitation constitutes a deficiency in the proposal (see FAR 15.306).”

(2) In addition to listing subjective characteristics that you cannot adequately describe in the specification, you may list and evaluate objective characteristics. To include objective characteristics, you must determine that examination of such characteristics is essential to the acquisition of an acceptable product. Base your determination on past experience or other valid considerations.

(c) FAR 52.215-1(c)(3) applies to samples received after the time set for receipt of offers.

PART 516—TYPES OF CONTRACTS

Subpart 516.2—Fixed Price Contracts

516.203 Fixed-price contracts with economic price adjustment.

516.203-3 Limitations.

(a) For multiple award schedule contracts, you should:

(1) Include an economic price adjustment (EPA) clause only in multiyear solicitations and contracts.

(2) Document in the acquisition plan the determination required by FAR 16.203-3.

(3) Provide supporting rationale in the contract file to include an EPA clause in a 1-year solicitation or contract.

(b) The contracting director must approve any of the following actions:

(1) A determination to include an EPA clause in a 1-year solicitation or contract or to provide for price increases during the first 12 months of a multiyear contract.

(2) The use in a contract of any EPA clause that you did not include in the initial solicitation. This includes any clause that provides for price adjustment during the first 12 months of a multiyear contract.

(c) The contracting director may raise the price ceiling (the aggregate of permitted price increases during a 12-month period) during the contract period when both of the following conditions are met:

(1) A supplier or suppliers request that the ceiling be raised.

(2) Analysis of current market conditions reveals that most suppliers of similar supplies or services are affected. If the price ceiling is raised, you must amend the contract to reflect the revised ceiling.

516.203-4 Contract clauses.

(a) *Multiple award schedules.* Do not use FAR 52.216-2, 52.216-3, or 52.216-4 in negotiated acquisitions based on discounts from established commercial catalogs or pricelists. Instead, use:

(1) [552.216-70](#), Economic Price Adjustment—FSS Multiple Award Schedule Contracts, in a 1-year solicitation or contract.

(2) [552.216-70](#) (Alternate I) in multiyear solicitations and contracts.

(b) *Stock or Special Order Program Contracts.* In multi-year solicitations and contracts, after making the determination required by FAR 16.203-2, use [552.216-71](#), Economic Price Adjustment-Stock and Special Order Program Contracts, or a clause prepared as authorized in paragraph (a)(2)(ii) of this subsection.

(1) If the contract includes one or more options to extend the term of the contract, use the clause with its Alternate I or a clause substantially the same as [552.216-71](#) with its Alternate I suitably modified.

(2) In a contract requiring a minimum adjustment before the price adjustment mechanism is effectuated, use the basic clause with Alternate II or with Alternate I and Alternate II.

(3) If the Producer Price Index is not an appropriate indicator for price adjustment, modify the clause to use an alternate indicator for adjusting prices. Similarly, if other aspects of [552.216-71](#) are not appropriate, use an alternate clause following established procedures.

(c) *Adjustments based on cost indexes of labor or material.*

(1) If you decide to provide for adjustments based on cost indexes of labor or material, prepare a clause that defines each of the following elements:

(i) The type of labor and/or material subject to adjustment.

(ii) The labor rates, including any fringe benefits and/or unit prices of materials that may be increased or decreased.

(iii) The index(es) that will be used to measure changes in price levels and the base period or reference point from which changes will be measured.

(iv) The period during which the price(s) will be subject to adjustment.

(2) The contracting director must approve use of this clause.

Subpart 516.4—Incentive Contracts

516.406 Contract clauses.

The contracting director must approve any award fee clause.

Subpart 516.5—Indefinite-Delivery Contracts

516.506 Solicitation provisions and contract clauses.

(a) In solicitations and contracts for stock or special order program items, when the contract authorizes FSS and other activities to issue delivery or task orders, insert the clause at [552.216-72](#), Placement of Orders. If only FSS will issue delivery or task orders, insert the clause with its Alternate I.

(b) In solicitations and contracts for single or multiple award schedule program items, insert the clause at [552.216-72](#), Placement of Orders, with its Alternate II.

(c) Use [552.216-72](#), Placement of Orders, Alternate III, instead of Alternate II, in solicitations and contracts for—

- (1) Federal Supply Schedule 70;
- (2) The Consolidated Schedule containing information technology Special Item Numbers; and
- (3) Federal Supply Schedule 84.

(d) In solicitations and contracts for Federal Supply Schedules for recovery purchasing (see [538.7102](#)), use [552.216-72](#), Placement of Orders, Alternate IV, instead of Alternate II.

(e) If the clause at [552.216-72](#) is prescribed, insert the provision at [552.216-73](#), Ordering Information, in solicitations for stock items and in other FSS solicitations. Use [552.216-73](#) Alternate II when [552.216-72](#) Alternate II, Alternate III, or Alternate IV are prescribed.

Subpart 516.6—Time-and-Materials, Labor-Hour, and Letter Contracts

516.603 Letter contracts.

516.603-3 Limitations.

Architect-engineer (A-E) services.

(a) *Requirement for a price proposal.* Before you award a letter contract, the proposed A-E must provide a price proposal for the non-design effort.

(b) *Contents of each letter contract.* You must include the following information in the letter contract:

(1) The scope. If you include the design effort, only authorize the A-E to perform those services that are independent of the design effort (for example, feasibility studies, existing facility surveys or site investigation, etc.). Do not authorize the A-E to begin the design effort before the letter contract is definitized.

(2) A definitization schedule. Include dates for each of the following:

(i) Submission of the design fee proposal.

(ii) Start of negotiations.

(iii) Definitization. This date must be no later than 90 days after the date of the letter contract.

(3) A limitation on the Government's liability for the non-design effort to be performed under the contract. Insert this amount in FAR 52.216-24, Limitation of Government Liability.

(c) *Unilateral price decision.* If you must issue a unilateral price decision, the maximum contract amount must not exceed a reasonable price for the excludable items plus the 6 percent statutory fee limitation for the project.

PART 517—SPECIAL CONTRACTING METHODS

Subpart 517.1—Multiyear Contracting

517.101 Authority.

(a) In addition to the multiyear authority described in FAR 17.101, GSA is authorized to enter into contracts for periods not to exceed:

(1) Five years for the inspection, maintenance, and repair of fixed building equipment in federally owned buildings (40 U.S.C. 490(a)(14)).

(2) Ten years for public utility services (40 U.S.C. 481(a)(3)).

(3) Five years for contracts awarded under the Information Technology Fund (40 U.S.C. 757(c)).

(b) You may award contracts under the authority of paragraph (a)(1) or paragraph (a)(2) of this section without a cancellation clause.

517.109 Contract clauses.

Use of FAR 52.217-2, Cancellation Under Multi-year Contracts, is optional in multiyear contracts authorized by 40 U.S.C. 490(a)(14) for maintenance and repair of fixed equipment in federally-owned buildings and services and 40 U.S.C. 481(a)(3) for public utility services.

Subpart 517.2—Options

517.200 Scope of subpart.

(a) This subpart applies to all GSA contracts for supplies and services, including:

(1) Services involving construction, alteration, or repair (including dredging, excavating, and painting) of buildings, bridges, roads, or other kinds of real property.

(2) Architect-engineer services.

(b) If a requirement in this subpart is inconsistent with FAR 17.2, this subpart takes precedence.

517.202 Use of options.

(a) *Supplies or services.* (1) You should use options when they meet one or more of the following objectives:

(i) Reduce procurement lead time and associated costs.

(ii) Ensure continuity of contract support.

(iii) Improve overall contractor performance.

(iv) Facilitate longer term contractual relationships with those contractors that continually meet or exceed quality performance expectations.

(2) An option is normally in the Government's interest in the following circumstances:

(i) You anticipate a need for additional supplies or services during the contract term.

(ii) Multiyear contracting authority is not available or its use is inappropriate and you anticipate a need for additional supplies or services beyond the initial contract term.

(iii) There is a need for continuity of supply or service support.

(iv) Funds are not available for the entirety of the Government's needs, but are likely to become available during the contract term.

(v) The initial contract will be used to evaluate the performance of an emerging small business.

(3) Do not use an option if the market price is likely to change substantially and an economic price adjustment clause inadequately protects the Government's interest.

(b) *Construction.* For limitations on the use of options, see [536.213](#) and [536.270](#).

517.203 Solicitations.

A solicitation that includes an option to extend should inform offerors that the contract could result in a long term contractual relationship subject to both of the following conditions:

(a) Continuing need by GSA.

(b) Level of contract performance that at least meets GSA's quality performance expectations.

517.204 Contracts.

(a) *Information technology contracts.* Notwithstanding FAR 17.204(e), the 5 year limitations apply also to information technology contracts unless a longer period is authorized by statute.

(b) *Requests to exceed 5-year limitation.* A request to exceed the 5-year limitation specified in FAR 17.204(e) must provide all the following information:

(1) Clearly explain the contract(s) and organization(s) covered by the request.

(2) Support the need for and reasonableness of the extension. Consider factors such as the following:

(i) The results of market research.

(ii) Stability of the requirement(s).

(iii) Benefits to the Government.

(iv) Use of a performance-based contracting approach.

(v) Availability of funds to cover estimated cancellation costs as well as costs for the first contract period.

(vi) Customary commercial practice.

(vii) Mechanisms to adjust for economic fluctuations.

(c) *Approval authority.* Requests to exceed the 5-year limitations specified in FAR 17.204(e) must be approved by:

(1) The head of the contracting activity for individual contracts.

(2) GSA's Senior Procurement Executive for classes of contracts.

517.207 Exercise of options.

Before exercising an option, you must:

(a) Synthesize it unless you meet of the following conditions:

(1) The option was evaluated as part of the original competition.

(2) The contract action meets an exception in FAR 5.202.

(b) Conclude that the contractor's performance under the contract met or exceeded the Government's expectation for quality performance, unless another circumstance justifies an extended contractual relationship.

(c) Determine that the option price is fair and reasonable.

517.208 Solicitation provisions and contract clauses.

(a) For solicitations under FSS's Stock or Special Order Program, insert a provision substantially the same as the provision at [552.217-70](#), Evaluation of Options, if both of the following conditions apply:

(1) The solicitation contains an option to extend the term of the contract.

(2) The contract will be fixed price and contain an economic price adjustment clause.

(b) Insert the provision at [552.217-71](#), Notice Regarding Option(s), or a similar provision, in solicitations that include an option for increased quantities of supplies or services or an option to extend.

PART 519—SMALL BUSINESS PROGRAMS

519.001 Definitions.

“Office of Small Business Utilization staff” is the staff with responsibility for supporting small business activities. In Central Office, this is the Office of Small Business Utilization, (OSBU) (E) and the Small Business Technical Advisors (SBTAs). In the Regions, this staff may be a separate office (e.g., Small Business Utilization Centers (SBUCs).

Subpart 519.2—Policies

519.201 General policy.

(a) The Associate Administrator, Office of Small Business Utilization (AAOSBU) is the Director of Small and Disadvantaged Business Utilization in GSA.

(b) The Office of Small Business Utilization, (OSBU) (E) appoints small business technical advisors (SBTAs), in writing, after consultation with HCAs. Each Central Office Service and each Region has at least one SBTA. All references to SBTA in this part refer to the SBTA designated to support his/her service or region, whichever is applicable.

519.202 Specific policies.

519.202-1 Encouraging small business participation in acquisitions.

(a) The acquisition planner is required to coordinate with the Small Business Technical Advisor or Small Business Specialist any acquisition that:

- (1) Requires submission of a GSA Form 2689, Procurement Not Set Aside, under GSAM 519.502-70.
- (2) Involves contract bundling (see FAR 19.202-1(e)).
- (3) Is \$5,000,000 or more (See FAR 7.104(d)(2)).
- (4) Exceeds the simplified acquisition threshold, if you decide not to set the acquisition aside for HUB-Zone Small Businesses (See 519.1305(a)).

(b) Bundled acquisitions (See Appendix F).

(1) If the planner and contracting officer have failed to recognize that the acquisition is bundled, the small

business specialist shall notify the Office of Small Business Utilization.

(2) When substantial bundling is contemplated (see FAR 7.107(e)), coordination with the Office of Small Business Utilization is also required.

519.202-2 Locating small business sources.

(a) Confer with the appropriate SBTA when you need help to identify additional small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concern sources to solicit for a requirement. The SBTA will coordinate with the Small Business Administration (SBA) Procurement Center Representative (PCR).

(b) The SBTA should query Central Contractor Registration (CCR) database link, “Dynamic Small Business Search,” at www.ccr.gov.

Subpart 519.3—Determination of Small Business Status for Small Business Programs

519.302 Protesting a small business representation.

If SBA determines that an offeror is not a small business concern and there is evidence that the offeror knowingly misrepresented itself as a small business concern:

(a) Contracting activities in Central Office must refer the matter to the Inspector General (J).

(b) Regional contracting activities must refer the matter to the Regional Inspector General.

519.305 Protesting a representation of disadvantaged business status.

If SBA determines that a small business concern is not disadvantaged and there is evidence that the offeror knowingly misrepresented its disadvantaged status:

(a) Contracting activities in Central Office must refer the matter to the Inspector General (J).

(b) Regional contracting activities must refer the matter to the Regional Inspector General.

519.306 Protesting a firm’s status as a HUBZone small business concern.

If SBA determines that an offeror is not a HUBZone small business concern and there is evidence that the offeror knowingly misrepresented itself as such:

- (a) Contracting activities in Central Office must refer the matter to the Inspector General (J).
- (b) Regional contracting activities must refer the matter to the Regional Inspector General.

519.307 Protesting a firm’s status as a Service-Disabled Veteran-Owned small business concern.

If SBA determines that an offeror is not a service-disabled veteran-owned small business concern and there is evidence that the offeror knowingly misrepresented itself as such:

- (a) Contracting activities in Central Office must refer the matter to the Inspector General (J).
- (b) Regional contracting activities must refer the matter to the Regional Inspector General.

Subpart 519.4—Cooperation With the Small Business Administration

The Associate Administrator for the Office of Small Business Utilization is the focal point for interfacing with SBA. Refer issues relating to small business programs through the designated SBTA.

Subpart 519.5—Set-asides for Small Business

519.502 Setting aside acquisitions.

519.502-1 Requirements for setting aside acquisitions.

(a) A contracting activity that is meeting goals under the Small Business Competitiveness Demonstration Program must contract for construction, trash/garbage collection services, and landscaping and pest control services estimated to exceed \$25,000, and architectural and engineering services estimated to exceed \$50,000, using unrestricted procedures (see FAR 19.10 and 519.10.). If this circumstance applies, do not use the procedures in 519.502-70. You may make awards under the 8(a) program, or set aside for HUBZone small business or service-disabled veteran-owned small business concerns.

(b) Once a contracting activity acquires a product or service successfully on the basis of a set-aside, the activity must acquire all future requirements for that product or service using set-aside procedures. If you determine that you no longer can reasonably expect to receive offers from at least two responsible small business concerns and make awards at fair market prices, use the procedures in FAR 19.506 to with-

draw a repetitive set-aside. However, the availability of Federal Prison Industries, Inc. and Nonprofit Agencies Employing People Who Are Blind or Severely Disabled (JWOD) mandatory sources which may not have existed at the time of the original requirement are sufficient reason to discontinue setting aside a continuing requirement.

519.502-70 Review of non-set-aside determinations.

Acquisition expected to exceed \$100,000.

(a) *GSA Form 2689, Procurement Not Set Aside.* If you decide that an acquisition expected to exceed \$100,000 cannot be set aside for small business, record your decision on GSA Form 2689. Submit the form to the SBTA for review.

(b) *Reviews and timeframes.*

If...	Then...
(1) The acquisition meets any one of the following conditions: (i) It will be a multiple award schedule contract. (ii) The estimated value does not exceed \$500 million, including options. (iii) The contract will cover only one region or designated locations in one region (at any dollar value).	The SBTA provides a copy of the GSA Form 2689 to the SBA representative for review. The SBTA and the SBA representative must complete their review within 5 workdays after the SBTA receives the Form, or request an extension from you.
(2) The acquisition, excluding multiple award schedule contracts, meets either one of the following conditions: (i) The estimated value exceeds \$500 million (including options) and contract performance will occur in two or more regions. (ii) Based on political sensitivity or importance to GSA, the Associate Administrator for the Office of Small Business Utilization designates the acquisition for review.	The SBTA provides a copy of the GSA Form 2689 to the AAOSBU for review and comment on the decision. After the AAOSBU review, the SBTA submits the GSA Form 2689 to the SBA representative for review. The AAOSBU and SBTA each have 5 workdays to review the decision. All reviews and comments must be completed within 10 workdays after the SBTA receives the Form, or the SBTA must request a time extension from you.

(c) *Disagreements.* If a reviewing official disagrees with your decision not to set-aside an acquisition, the SBTA must provide you the rationale for the disagreement or provide you with additional small business sources that are interested in and capable of fulfilling the requirement. Review and consider any information provided by the SBTA before making a decision.

(d) *Resolving disagreements.* The Contracting Director resolves disagreements between you and the SBTA. To

resolve disagreements with the SBA representative, see FAR 19.505.

519.503 Setting aside a class of acquisitions for small business.

(a) *Definition.* A class set-aside is an item (or service), a group of related items under a Federal Supply Class (FSC), or a whole FSC set aside for exclusive small business participation on more than a one-time basis. If the item or group of items constitute only a small portion of an FSC, this definition still applies.

(b) *Determinations.* If you have procurement responsibility for the class of items or services involved, prepare the determination required by FAR 19.503. The determination can apply to either a total or partial set-aside.

519.506 Withdrawing or modifying small business set-asides.

If you and the SBTA disagree over the withdrawal or modification of a set-aside, the SBTA must notify the AAOSBU at the same time the matter is referred to the SBA PCR.

519.508 Solicitation provisions and contract clauses.

Insert [552.219-70](#), Allocation of Orders—Partially Set-Aside Items, in solicitations and requirements type supply contracts that are partially set aside for small business.

Subpart 519.6—Certificates of Competency and Determinations of Responsibility

519.602 Procedures.

519.602-3 Resolving differences between the agency and the Small Business Administration.

(a) Within 5 business days after requesting the SBA Area Office to refer an intention to issue a Certificate of Competency to SBA Headquarters for review, forward the information in paragraphs (a)(1) and (a)(2) of this subsection to the AAOSBU through your designated SBTA. This period may be extended by mutual agreement.

(1) Copies of all correspondence between GSA and SBA concerning the case. Include the initial referral notice of nonresponsibility.

(2) Copies of all technical documents sent to SBA (for example, the solicitation, preaward surveys, or any abstract of offers). Include any new information and justify your decision to continue the appeal.

(b) After considering all the facts and conferring with the applicable contracting activity, the AAOSBU will decide whether or not to file a formal appeal. Before deciding not to appeal, the AAOSBU must notify the concerned activity. The AAOSBU also must notify you of the OSBU decision regarding the appeal.

(c) For decisions on cases over \$25,000,000, the AAOSBU shall confer with the contracting activity before responding to SBA regarding either of the options in FAR 19.602-3(b)(1)(i) and (ii).

Subpart 519.7—The Small Business Subcontracting Program

519.700-70 Additional responsibilities.

In addition to FAR 19.705 responsibilities, your preaward responsibilities include:

(a) Developing target goals for sealed bid solicitations when practicable.

(b) Following FAR 15.306, conducting discussions with individual offerors, as appropriate, concerning the subcontracting plans submitted for a negotiated solicitation.

519.702 Statutory Requirements.

In addition to the exemptions in FAR 19.702(b), other exemptions to the requirement for subcontracting plans include contracts with:

(a) Unicor (Federal Prison Industries).

(b) Nonprofit agencies of the National Industries for the Blind (NIB) and NISH awarded under the provisions of the Javits-Wagner-O'Day Act.

519.705 Responsibilities of the contracting officer under the subcontracting assistance program.

519.705-2 Determining the need for a subcontracting plan.

(a) When you calculate the applicable threshold, consider the actual or estimated value of the contract for the entire term of the contract, including any option period(s). This also applies to schedule contracts and other indefinite delivery type contracts. Consider the estimated value of all orders expected to be placed during the term plus all options.

(b) FAR 19.705-2(d) permits you to require submission of subcontracting plans with initial offers under a negotiated acquisition. You must require all offerors (other than small business concerns) to submit subcontracting plans with their initial offers when a negotiated acquisition meets all conditions listed below:

(1) You anticipate receiving individual subcontracting plans (not commercial plans).

(2) You will award on the basis of trade-offs among cost or price and technical and/or management factors under FAR 15.101-1.

(3) The acquisition is not a commercial item acquisition.

(4) The acquisition offers more than minimal subcontracting opportunities.

(5) An offeror's subcontracting plan is identified as an evaluation factor in the solicitation.

(c) Nothing in paragraph (b) above limits your ability to request subcontracting plans with initial offers under other negotiated acquisitions when you decide such action is appropriate under FAR 19.705-2(d). For example, such action may be appropriate for multiple award schedules where GSA may have responsibility for negotiating commercial plans.

(d) Notify the AAOSBU after receipt of offers if you determine that an apparent successful offeror's proposal has no subcontracting opportunities.

(1) Coordinate the notice through your Small Business Technical Advisor. In a regional contracting activity, also coordinate the notice through the regional small business staff.

(2) Obtain AAOSBU concurrence on the determination prior to contract award.

519.705-3 Preparing the solicitation.

(a) If an acquisition, excluding any multiple award schedule contract, will cover two or more Regions and is estimated to exceed \$500 million (including options):

(1) In addition to the SBA PCR, provide the SBTA and Office of Small Business Utilization (E) a reasonable period of time to review any solicitation requiring submission of a subcontracting plan and to submit advisory findings before issuing the solicitation. Ensure that evaluation criteria contained in the solicitation do not unnecessarily limit subcontracting opportunities for small, HUBZone small, small disadvantaged, women-owned small, veteran-owned, and service-disabled veteran-owned small business concerns.

(2) For a negotiated acquisition, if you believe that the acquisition provides substantial subcontracting opportunities, consider including the offeror's subcontracting plan as an evaluation factor for award. This may be most appropriate in acquisitions when you expect individual plans or master plans. You should consult with your SBTA or regional SBUC to obtain any needed assistance with developing subcontracting plan evaluation criteria before incorporating the plan into the solicitation as an evaluation factor.

Target goals in sealed bidding

(b) Unrealistic target goals tend to inhibit competition or increase acquisition costs if goals are too high. Target goals that offer no challenge to potential contractors reflect poorly on GSA's commitment to ensure maximum practicable use of small, HUBZone small, small disadvantaged, women-owned small, veteran-owned, and service-disabled veteran-owned small business concerns as subcontractors.

(c) In establishing target goals for sealed bid solicitations, avoid using mechanical formulas or similar approaches that may be considered arbitrary. Reviewing historical performance by contractors performing similar work is valid, but

you should consider each solicitation independently in terms of the potential for subcontracting. Use as many information sources as practical, including your own knowledge of the supplies or services. Factors to consider in setting targets include:

- (1) Manufacturing processes involved.
- (2) Availability and location of potential subcontractors.
- (3) The basis for establishing subcontracting relationships.
- (4) The diversity in prevailing economic conditions in the place of contract performance.

(d) If you cannot establish realistic target goals, do not state specific targets in the solicitation.

(1) Establishing realistic target goals is likely to be a problem in contracting for supplies because the place of contract performance may not be known prior to contract award.

(2) Even if you can predict the area of contract performance because a particular industry is concentrated there, the diversity of manufacturing processes may affect the amount of subcontracting and how subcontracting relationships are established. For example, some manufacturers may use formal teaming arrangements or long term relationships versus nonrepetitive purchase orders.

519.705-4 Reviewing the subcontracting plan.

(a) You may provide offerors a model subcontracting plan when you determine it appropriate, *e.g.*, when it may facilitate evaluation or negotiation. You may use the model plan developed by the Office of Small Business Utilization (E) in [Appendix 519A](#). Include the following notice on the transmittal, if you provide a model in response to a single request, or in the solicitation, if you include it as an attachment:

Notice to Offerors: "GSA provides this model plan as a tool. You must adapt this model plan to fit your subcontracting situation. The plan is NOT a fill-in-the-blank form and you must remove instructional language. This model does not establish minimum requirements for an acceptable plan. The model reflects objectives GSA encourages contractors to adopt."

(b) Performance under other contracts is an indicator of an offeror's understanding of the reasons for the law and benefits of the program.

(1) If an offeror prepared a subcontracting plan for another contract, contact the contracting officer responsible for administering the earlier plan to determine if the offeror met the plan's objectives and submitted required reports in a timely manner.

(2) Consider overall compliance in your evaluation, not just whether or not the offeror met the goals established in the plan.

(3) Submission of timely reports is an indication the offeror takes its responsibilities seriously.

(c) Be flexible and guard against using arbitrary criteria when reviewing a subcontracting plan. If an offeror has not submitted a previously-approved commercial or master subcontracting plan, such detailed review may not be necessary. You may use the Subcontracting Plan Evaluation Checklist at [Appendix 519B](#) to identify potential weaknesses that should be called to the offeror's attention.

(1) Remember that a positive goal is required to establish a gauge for measuring results and to provide an incentive for continuing efforts to increase the dollar value of subcontracts placed with small, HUBZone small, small disadvantaged, women-owned small, veteran-owned, and service-disabled veteran-owned small business concerns. Carefully scrutinize any subcontracting category (*e.g.*, small business, HUBZone small business, etc.) where the offeror does not specify a goal and accept it only after assuring that no subcontracting opportunities exist. If you accept any category with no goal:

(i) You must document the file explaining why you accepted it.

(ii) The subcontracting plan must include an assurance that the contractor will make every effort to continue seeking subcontracting opportunities in the category that lacks a goal.

(2) One measure of the adequacy of a subcontracting plan is that it provides a challenge to the offeror and then builds upon previous achievements in subsequent contracts.

(3) Include in the contract file your basis for determining the subcontracting plan's acceptability.

(d) You can not tell the offeror what its goals must be. You may tell the offeror what GSA's national goals are. Ensure that an offeror's subcontracting plan reflects realistic goals and provide the maximum opportunity practicable to small, HUBZone small, small disadvantaged, women-owned small, veteran-owned, and service-disabled veteran-owned small business concerns to participate as subcontractors. If necessary, obtain information from the offeror to substantiate the offeror's proposed goals, past performance with respect to subcontracting, and the proposed good faith effort. This information may include the names of proposed subcontractors and other such data.

(e) When you receive subcontracting plans with initial offers, provide an opportunity to the SBTA to review the subcontracting plans of those offers in the competitive range. Allow the SBTA 5 workdays for review. Consider the SBTA's comments in developing your negotiation strategy.

Negotiating Goals and Other Aspects of Plans

(f) For complex or large dollar value procurements, when an offeror proposes miniscule or minimally acceptable goals for small, HUBZone small, small disadvantaged, women-owned small, veteran-owned, and service-disabled veteran-owned small business concerns, ensure that the off-

eror has included all subcontracts that contribute to contract performance (see FAR 52.219-9(d)(1)).

(g) Develop a strategy for negotiating the subcontracting plan and goals just as you would for negotiating a contract. Be forceful in negotiating the subcontracting plan and, whenever possible, offer recommendations for subcontracting potential with small, HUBZone small, small disadvantaged, women-owned small, veteran-owned, and service-disabled veteran-owned small business concerns. Suggest organizations the offeror may contact to identify potential sources. For example, offerors may contact any of the following:

(1) Local SBA offices. These can provide an offeror assistance in accessing the Central Contractor Registration database to conduct market research and confirm the eligibility for SBA's procurement preference programs.

(2) Department of Commerce, Minority Business Development Agencies (MBDA's). An offeror can ask for access to the MBDA's Profile System. Refer offerors to Internet address <http://www.mbda.gov> for more information.

(3) GSA Regional small business staffs and SBTAs, as well as Office of Small Business Utilization.

(4) State, county, and city government minority business offices.

(5) Small, minority, women-owned, and veteran business associations by accessing Internet address www.gsa.gov/smallbusiness.

(6) Local chambers of commerce.

(7) Trade associations, professional organizations, and Procurement Technical Assistance Centers.

(8) www.vetbiz.gov

(h) In developing a negotiation strategy, consider whether the offeror's plan is realistic and does more than merely restate the elements required by FAR clause 52.219-9. Question aspects of the plan that do not appear to be realistic or do not demonstrate a serious attempt to address requirements.

Commercial plans

(i) Obtain from the contractor copies of any commercial plan for the company's fiscal year and approval document from another GSA contracting activity or another Federal agency. Incorporate these documents in the contract.

(j) If GSA is the first agency to enter into a contract with a company during the company's fiscal year, you must approve the commercial plan, ensure receipt of the SF 295, and evaluate compliance with the plan. If contract administration is delegated, the Administrative Contracting Officer (ACO) generally is assigned responsibility for receiving the SF 295 and evaluating compliance. Subsequent GSA contracts awarded during the company's same fiscal year and incorporating the previously approved plan will not require submission of subcontracting reports.

(k) If the commercial plan was approved by another agency, the first GSA contracting officer entering into a con-

GENERAL SERVICES ADMINISTRATION ACQUISITION MANUAL

tract with the company during the company's same fiscal year in which the plan was approved requires the contractor to submit the SF 295 report and monitors receipt of the report. GSA requires no other monitoring or evaluation of this plan.

519.705-5 Awards involving subcontracting plans.

(a) For each contract that requires a subcontracting plan, both the SBTA and SBA PCR review the apparent successful offeror's subcontracting plan. When you make multiple awards under a solicitation, submit the subcontracting plans of all apparent successful offerors.

(1) Except as noted in (b) below, provide the SBTA a copy of the plan at least 5 workdays before the anticipated award date.

(2) Consider any recommendations the SBTA or SBA PCR provides about whether to accept or reject a subcontracting plan. In the case of an unresolved disagreement, notify the AAOED and consider any subsequent advice the AAOED provides.

(b) For contracts that meet either of the conditions listed below, the AAOSBU (through your designated SBTA or Regional SBUC) will review the SBTA's and SBA PCR's recommendations. Provide the SBTA a copy of the plan at least 10 days before the anticipated award date. The SBTA and SBA PCR have 5 workdays to review and comment on the plan and the AAOSBU (through your designated SBTA or Regional SBUC) has 5 workdays to review their recommendations. All reviews must be completed in 10 workdays unless you grant an extension.

(1) Contract performance will occur in two or more Regions and the estimated value of the acquisition exceeds \$500 million (including options), excluding multiple award schedule contracts.

(2) Based on political sensitivity or importance to GSA, the AAOSBU designates the procurement for review.

(c) *Notification letter for individual contract plans.* After approval of an individual contract plan, using the format below, send a letter to the contractor transmitting copies of the SF 294 and SF 295. Send the letter with the award package or as soon as practicable after award.

Re: Subcontracting Plan Reports for Contract No. _____

Dear _____:

Your commercial plan, submitted in connection with the subject contract has been approved by *[insert name, address, and telephone number of approving official]*. You must submit subcontracting reports on Standard Form (SF) 295, Summary Subcontract Report.

The SF 295 is an annual report due on or before October 30th of each year. The reporting period is October 1–September 30, i.e., the Government fiscal year. The report should summarize subcontracting activity under all contracts awarded during the current fiscal year that are covered by this commercial plan.

If at any time during contract performance you are unable to identify capable small, HUBZone small, small disadvantaged, women-owned small, veteran-owned, and service-disabled veteran-owned small business concerns, please contact the Office of Small Business Utilization by telephone at (202) 501-1021 or by facsimile at (202) 208-5938.

In addition to the Commercial Market Representative (CMR), forward the SF 295 to both: *[insert address of contracting office administering the contract]*; and send a copy to: GSA Office of Small Business Utilization (E), 1800 F Street, NW, Washington, DC 20405.

The SF 295 report forms are enclosed.

Sincerely,

Contracting Officer

Enclosure (SF 295)

519.705-6 Postaward responsibilities of the contracting officer.

In addition to responsibilities described in FAR 19.705-6, you must give the SBTA and the Office of Small Business Utilization (E) a copy of the notice of award and the successful offeror's subcontracting plan within five days of contract award or contract modification when applicable. The notice of award must contain all the following:

- (a) Contractor's name, address, and phone number.
- (b) Subcontracting plan administrator's name, address, and phone number.
- (c) Contract number.
- (d) Place of performance.
- (e) Dollar amount of contract award.
- (f) Period of contract performance.
- (g) Description of items/services (including FPDS-NG Product/Service Code).
- (h) Contracting Officer's name, address, and phone number.
- (i) Administrative contracting office address and phone number.
- (j) Type of plan.
- (k) Approved goals stated both as percentages of total subcontracting planned and in dollars.
- (l) A notation, "Awarded under the Energy Policy Act of 1992", if the contract will be used to measure GSA achievements under Section 3021 of the Energy Policy Act of 1992.

519.705-7 Liquidated damages.

(a) *Initial assessment.* Provide your SBTA an information copy of your initial assessment that the contractor did not make a good faith effort to comply with the plan.

(b) *Final decision.* Before making a final decision, consider all pertinent available information including the contractor's response, if any, to your notification letter required by FAR 19.705-7 that the contractor did not comply with the plan. Document your decision in a "final decision", which is appealable by the contractor under the "Disputes" clause of the contract. Provide your SBTA a copy of your final decision assessing liquidated damages. In addition to the FAR provisions, include in the final decision letter:

- (1) A description of the contractor's failure.
- (2) Reference to the appropriate contract terms.
- (3) A statement of the factual areas of agreement and disagreement.
- (4) A statement of your decision with supporting rationale.
- (5) A demand for liquidated damages.
- (6) An explanation of the contractor's appeal rights.

(c) *Funds withheld from payments.* If funds to collect liquidated damages are withheld from payments due, the funds may be returned to the applicable GSA account along with other funds that were obligated but not expended. If a commercial plan is involved, or if all payments have been made under a contract with an individual contract plan, instruct the contractor to submit a check to GSA. The GSA Office of Finance will transfer the funds to the Treasury Department for deposit in the general receipts account.

(d) Copy to the SBTA your final decision assessing liquidated damages.

519.706 Responsibilities of the cognizant administrative contracting officer.

(a) If you administer a contract with an individual contract plan, you must also monitor receipt of SF 294 reports.

(b) On all contracts with a subcontracting plan (individual or commercial), you must monitor receipt of the SF 295 reports.

(c) Review reports for progress in meeting subcontracting goals by comparing the applicable report with the plan. If percentage goals are not met, require the contractor to explain the shortfall in the "Remarks" block of the subcontracting report. You may also require the contractor to submit evidence of its outreach efforts to locate and provide subcontracting opportunities to small business, HUBZone small business, small disadvantaged business, women-owned small, veteran-owned, and service-disabled veteran-owned small business concerns.

(d) If an SF 294 or SF 295 is not received within 10 days of the due date, contact the contractor and request that the report be submitted immediately. For contracts with individual contract plans, pay particular attention to the final SF 294 required at contract completion. Issue to contractors who do not respond to the first notice a second notice by certified mail indicating:

- (1) The named report has not been received.
- (2) The contractor's failure to submit the report is a material breach of its contract (see FAR 52.219-9, Small Business Subcontracting Plan).

(3) If the report is not received within 10 days from the date of the notice, you will consider withholding payments until the report is received or terminating the contract for default. To ensure that the facts support a termination for default, the notice should provide the contractor with the

opportunity to show cause why the contract should not be terminated for default. [Note: These statements do not apply to leases of real property unless the terms of the lease expressly provide for withholding of payment or termination under this circumstance.]

(4) Failure to submit the report may affect the contractor's ability to receive future awards from GSA (see FAR 9.104-3(c)) and willful failure to perform or a history of failure to perform may result in debarment from future contracting with the Government for a period of time (see FAR 9.406-2(b)).

(5) That the report should be submitted to you and a copy of the report must be sent to the Office of Small Business Utilization (E), if it is an SF 295 report, or to the appropriate SBTA, if it is an SF 294 report.

519.708 Contract clauses.

519.708-70 Solicitation provisions.

Insert the following provisions as directed:

(a) [552.219-71](#), Notice to Offerors of Subcontracting Plan Requirements, on the cover page of solicitations containing the clause at FAR 52.219-9, Small Business Subcontracting Plan.

(b) [552.219-72](#), Preparation, Submission, and Negotiation of Subcontracting Plans, in solicitations requiring submission of the subcontracting plan with initial offers.

(c) [552.219-73](#), Goals for Subcontracting Plan as follows:

(1) Use the basic provision in sealed bid solicitations containing FAR 52.219-9 if you are able to establish realistic target goals.

(2) Use Alternate I in:

(i) Sealed bid solicitations if you cannot establish target goals.

(ii) Negotiated solicitations that include FAR 52.219-9, but do not include [552.219-72](#).

Subpart 519.8—Contracting With the Small Business Administration (The 8(a) Program)

519.803 Selecting acquisitions for the 8(a) program.

519.803-70 Contracting officer evaluation of recommendations for 8(a) set-aside(s).

(a) If you disagree with a recommendation by the Associate Administrator for the Office of Small Business Utilization or the SBTA to set aside a procurement for award under the 8(a) program, discuss the matter with the official who made the recommendation.

(b) If you decide not to award the contract under the 8(a) program, forward a copy of the documentation required by FAR 19.202-1(e)(4) to the Office of Small Business Utilization (E) within 10 working days.

(c) Once a contracting activity acquires a product or service successfully on the basis of an 8(a) set-aside, the activity must acquire all future requirements for that product or service using 8(a) set-aside procedures. However, the availability of Federal Prison Industries, Inc. and Nonprofit Agencies Employing People Who Are Blind or Severely Disabled (JWOD) mandatory sources which may not have existed at the time of the original requirement are sufficient reason to discontinue setting aside a continuing requirement. If you determine that acquiring the product or service as an 8(a) set-aside is no longer in the Government's best interest, use the procedures in FAR 19.506 to withdraw a repetitive set-aside.

519.803-71 Withdrawing or modifying 8(a) set-asides.

If you and the SBTA disagree over the withdrawal or modification of a set-aside, the SBTA must notify the Associate Administrator for Office of Small Business Utilization at the same time the matter is referred to the SBA PCR.

519.870 Direct 8(a) contracting.

519.870-1 Authority and applicability.

(a) Under a May 6, 1998, Memorandum of Understanding (MOU) which was subsequently renamed Partnership Agreement and signed March 4, 2004, (formerly referred to as the Direct 8(a) MOU), SBA delegated to GSA its authority under Section 8(a)(1)(a) of the Small Business Act to enter into prime contracts and Section 8(a)(1)(B) to subcontract the performance of the contracts to eligible 8(a) participants. To implement the MOU, GSA obtained a class deviation to the Federal Acquisition Regulation (FAR) permitting direct 8(a) contracting.

(b) The delegation streamlines the acquisition process for requirements not exceeding the simplified acquisition threshold (SAT) by eliminating offering letters and acceptance letters. For acquisitions over the SAT, this delegation expedites the contracting process by shortening the period of SBA's acceptance of the requirement for the 8(a) program from 15 working days to 5 working days, and eliminating the requirement for multiple copies of the award document, SBA's signature, and the tripartite agreement.

(c) This authority applies to all 8(a) acquisitions conducted by FSS, FTS, and PBS. It does not apply to FSS's multiple award schedule program.

519.870-2 Acquisitions at or under the SAT.

(a) For acquisitions over the micropurchase threshold but not over the SAT, use the simplified acquisition procedures of FAR Part 13 to issue purchase orders or contracts to 8(a) participants.

(b) You are not required to send offering letters to, nor obtain acceptance letters from, SBA.

(c) Use CCR “Dynamic Small Business Search” to establish that the selected 8(a) firm is a current program participant.

(d) Establish the price with the selected 8(a) firm and prepare and issue a purchase order or contract in accordance with FAR Part 13.

(e) Forward to the SBA District Office serving the 8(a) firm a copy of the purchase order or contract within 5 days after the order is issued.

519.870-3 Acquisitions exceeding the SAT.

(a) In addition to the requirements of FAR 19.804-2, the offering letter must:

(1) State that the requirement is being offered under the GSA/SBA Memorandum of Understanding.

(2) Ask SBA to fax or e-mail its acceptance letter to you.

(b) SBA will determine the eligibility of the firm(s) and advise you within 5 working days of the receipt of the request. If SBA determines the firm is ineligible, then submit information on the next low offeror or next apparent successful offeror (as applicable) to the cognizant SBA district office.

(c) SBA must transmit its decision whether to accept the requirement to you in writing within 5 working days of receipt of the offering letter.

(d) If you do not receive an acceptance or rejection of the offering from SBA within 5 days of SBA’s receipt of the offering letter, you may assume that SBA has accepted the requirement and proceed with the acquisition.

(e) The acceptance letter includes all elements of eligibility (e.g., determination of adverse impact, North American Industry Classification System code appropriateness, and program eligibility) of the recommended 8(a) contractor. SBA will make a final determination of size eligibility for the procurement as of the date of the 8(a) concern’s initial offer which includes price.

(f) When required by FAR 15.4, obtain cost or pricing data directly from the 8(a) contractor.

519.870-4 Sole source requirements.

(a) For a sole source 8(a) requirement over the simplified acquisition threshold, the selected contractor is responsible for negotiating with you within the time you establish. If the 8(a) contractor does not negotiate within the established time and you cannot allow additional time, notify SBA. When you receive SBA’s approval, proceed with the acquisition from other sources.

(b) You have authority to negotiate directly with the 8(a) participant. However, if requested by the 8(a) participant, the SBA may participate in negotiations.

(c) Prepare the contract award or order to the 8(a) firm using your contracting activity’s normal, non-8(a) procedures

for similar acquisitions (e.g., contract type and dollar amount), except for the following:

(1) The award form must cite 41 U.S.C. 253(c)(5) and 15 U.S.C. 637(a) as the authority for use of other than full and open competition.

(2) Include SBA’s requirement number on the contract for acquisitions exceeding the SAT.

(3) Use a single award document between GSA and the 8(a) contractor. As such, a single signature by the Contracting Officer who is identified as having concurrent authority under the MOU to enter into 8(a) contracts will suffice (i.e., an SBA signature is not required). The “Issued by” block must identify the awarding GSA office. Your title must include SBA and the appropriate GSA business line, as illustrated below:

Contracting Officer for

SBA and GSA/(Name of Business Line)

(4) For a contract, have the 8(a) contractor sign the award document as the prime contractor. Place the 8(a) contractor’s name and address in the “awarded to” or “contractor name” block on the appropriate forms. At your discretion, you may also have the contractor sign a purchase order (See FAR 13.302-3).

519.870-5 Competitive requirements.

(a) Advertise competitive 8(a) acquisitions in Government Point of Entry (GPE), <http://www.fedbizopps.gov> in accordance with FAR 5.101(a)(1) and GSAR [505.101](#). Provide a copy of the announcement to the SBA’s coordinating office.

(b) Prepare the contract or order, and signatures, using the procedures in [519.870-4\(c\)](#).

519.870-6 Contract administration.

(a) Awards under the MOU are subject to 15 U.S.C. 637(a)(21). These contracts and orders contain the clause at [52.219-74](#), Section 8(a) Direct Award, that requires the 8(a) contractor to notify the SBA and the Contracting Officer when ownership of the firm is being transferred.

(b) For any contract or purchase order awarded pursuant to this MOU, you must coordinate contract termination and novation proceedings with SBA prior to initiating action.

519.870-7 Reporting.

(a) Under the MOU, GSA must report quarterly to SBA on direct (8) actions. GSA will make these reports to SBA through the Office of Small Business Utilization (E).

(b) Each business line (FSS, FTS, PBS)) will be responsible for electronically reporting to E within 10 days at the close of each fiscal year quarter the following information for each direct 8(a) contract, order, and modification:

(1) Contractor’s name.

(2) Contract number.

(3) SBA requirement number (for new contract awards only).

(4) Dollar amount obligated.

(5) Contract type.

(6) Contract period.

(7) If applicable, the modification number, modification award date, modification dollar amount.

(c) To facilitate reporting and avoid duplication of effort, GSA has developed a pre-programmed retrieval from the Federal Procurement Data System-Next Generation (FPDS-NG). Each business line must designate a point of contact to access the system and retrieve the report. The report will have all of the required data fields except the “requirement number” which is provided by SBA to the contracting officer for new contract awards (not modifications or orders) over the SAT. The designated point of contact will need to obtain the “requirement number” for new actions that appear on the report and add the “requirement number” in the blank field provided for any new contracts over the SAT.

519.870-8 Contract clauses.

(a) Insert the following clauses in solicitations, contracts, and orders issued under the MOU:

(1) Insert the clause at [552.219-74](#), Section 8(a) Direct Award.

(2) Insert the clause at FAR 52.219-14, Limitation on Subcontracting.

(3) Insert the clause at FAR 52.219-18, Notification of Competition Limited to Eligible 8(a) Concerns. Substitute the paragraph below for paragraph (c) of the clause. Add the word “Deviation” at the end of the clause title.

Exterminating and Pest Control Services under NAICS 561710	40%	15%
Landscaping Services under NAICS 561730	40%	15%

(b) *Calculating goal achievement.* All prime contract awards to small business or emerging small business, including awards under the 8(a) program, sole source and the HUB-Zone Act of 1997, count toward goal attainment. Contract awards made to fulfill the 15 percent goal for emerging small business also count toward attainment of the 40 percent goals for small business.

(c) *Good faith effort for emerging small business awards.* GSA must make a good faith effort to award not less than 15 percent of the value of awards in the designated industry groups to emerging small business.

(d) *Monitoring goal achievement.* The Senior Procurement Executive will monitor goal achievement on an annual basis through the Federal Procurement Data System-Next Generation. The Senior Procurement Executive will provide reports to the Office of Small Business Utilization (E) for forwarding to the Small Business Administration (SBA). These annual reviews and reports are due to SBA no later than January 31 of each year. GSA will measure goal achievement for the preceding 12 month period.

(e) *Notification of changes to procedures.* The Senior Procurement Executive will provide notice of changes to agency solicitation procedures based on goal attainment through an annual GSA Acquisition Letter.

Subpart 519.11—[Reserved]**519.1007-71 Procedures.**

(a) The reserve program applies only to new awards. Modifications within the scope of work of contracts having an initial award value in excess of the \$25,000 for construction and trash/garbage collection service or \$50,000 for A-E service are not subject to the reserve program.

(b) Unrestricted procurements are those procurements that will not be set aside for small business under Subpart 19.5 (but must be considered for 8(a) and HUBZone set aside before conducting a full and open competition). You may make procurements of construction or trash/garbage collection services with an estimated value in excess of \$25,000 and procurements of A-E services with an estimated value in excess of \$50,000 on an unrestricted basis as long as annual review shows that GSA, as an agency, has attained the 40 percent goals. The 40 percent goal applies to each of the 3 subsectors in construction, to trash/garbage collection services, to A-E services, exterminating and pest control services, and landscaping services.

(c) If goal attainment, for GSA as an agency, in any individual NAICS code or product service code drops below 40 percent, the Senior Procurement Executive will reinstate small business set-asides even if the major group met the 40 percent goal. Competition will be restricted to small business, in accordance with FAR 19.5, on future procurements by the GSA contracting activities (e.g., Regions) that failed to attain the goal. Other GSA contracting activities that meet the goals will continue to use unrestricted procedures. You may continue to use unrestricted procedures if GSA fails to meet the 15 percent goal for emerging small businesses.

(d) *Contract award documents.* For each procurement awarded under the program, include the following statement on the award document:

“This procurement is being made under the Small Business Competitiveness Demonstration Program.”

(e) The Small Business Competitiveness Demonstration Program does not apply to construction (including repair and alteration) services acquired from a lessor under the terms and conditions of a lease for space in buildings.

Subpart 519.12—Small Disadvantaged Business Participation Program**519.1201 General.**

A solicitation may separately contain source selection evaluation factors or subfactors for small and women-owned small business concerns. However, any factor or subfactor for SDB concerns must comply with FAR 19.12 and this subpart.

519.1202 Evaluation factor or subfactor.**519.1202-2 Applicability**

In addition to the exceptions in FAR 19.1202-2, do not evaluate the extent of participation of SDB concerns in performance of multiple award schedule contracts when all fair and reasonable offers from responsible sources are accepted.

519.1202-4 Procedures.

An offeror may receive credit under the evaluation factor only for proposed SDB participation by a prime contractor, joint venture partner, teaming arrangement member, or subcontractor in the authorized North American Industry Classification System (NAICS) Industry Subsectors.

519.1203 Incentive subcontracting with small disadvantaged business concerns.

(a) To include monetary incentives in a contract under FAR 19.1203, you must have funds available for the incentives and obligate these at the time of contract award.

(b) Do not provide for monetary incentives under FAR 19.1203 in a contract that includes an award fee.

Subpart 519.13—Historically Underutilized Business Zone (HUBZone) Program**519.1305 HUBZone set-aside procedures.**

(iii) The contract will cover only one region or designated locations in one region (at any dollar value). (2) The acquisition, excluding multiple award schedule contracts, meets either one of the following conditions: (i) The estimated value exceeds \$500 million (including options) and contract performance will occur in two or more regions. (ii) Based on political sensitivity or importance to GSA, the Associate Administrator for the Office of Small Business Utilization designates the acquisition for review.	The SBTA provides a copy of the decision to the AAOSBU for review and comment. After the AAOSBU review, the SBTA submits the decision to the SBA representative for review. The AAOSBU and SBTA each have 5 workdays to review the decision. All reviews and comments must be completed within 10 workdays after the SBTA receives the decision, or the SBTA must request a time extension from you.

(b) *Disagreements.* If a reviewing official disagrees with your decision not to set-aside an acquisition, the SBTA must provide you the rationale for the disagreement or provide you with additional HUBZone small business sources that are interested in and capable of fulfilling the requirement. Review and consider any information provided by the SBTA before making a decision.

(c) *Resolving disagreements.* The Contracting Director resolves disagreements between you and the SBTA. Disagreements with the SBA representative, are resolved consistent with FAR 19.1305(e).

(d) *Setting aside a class of acquisitions.* (1) *Definition.* A HUBZone small business class set-aside means an item, a group of related items under a Federal Supply Class (FSC), or a whole FSC set aside for exclusive HUBZone small business participation on more than a one-time basis. If the item or group of items constitute only a small portion of an FSC, this definition still applies.

(2) *Determination.* If you have procurement responsibility for the class of items involved, prepare the determination required by FAR 19.503.

(3) *Withdrawing or modifying HUBZone small business concern set-asides:* If you and the SBTA disagree over

the withdrawal or modification of a HUBZone small business set-aside, the SBTA must notify the AAOSBU at the same time the matter is referred to the SBA PCR.

Subpart 519.14—Service-Disabled Veteran-Owned Small Business Procurement Program

519.1405 Service-disabled veteran-owned small business set-aside procedures.

(2) *Determination.* If you have procurement responsibility for the class of items involved, prepare the determination required by FAR 19.503.

(b) Withdrawing or modifying *SDVOSB* concern set-asides: If you and the SBTA disagree over the withdrawal or modification of a SDVOSB set-aside, the SBTA must notify the AAOSBU at the same time the matter is referred to the SBA PCR.

519.1405-70 Additional Responsibilities—Service Disabled Veteran Executive Order

Executive Order 13360 (69 FR 62549, October 26, 2004) gives additional responsibilities to GSA to:

(a) Develop a strategy to implement the policy set forth in Executive Order 13360. This policy states that agencies shall provide the opportunity for service-disabled veteran businesses to significantly increase the Federal contracting and subcontracting of such businesses. To achieve that objective, agencies shall more effectively implement section 15(g) of the Small Business Act (15 U.S.C. 644(g)), which provides that the President must establish a goal of not less than 3 percent for participation by service-disabled veteran businesses in Federal contracting, and section 36 of that Act (15 U.S.C. 657f), which gives agency contracting officers the authority to reserve certain procurements for service-disabled veteran businesses.

(b) GSA must make its strategy publicly available and report annually to the Administrator of the Small Business Administration on implementation of the agency's strategy.

(c) The Administrator of General Services Administration shall:

(1) Establish a Government-wide Acquisition Contract reserved for participation by service-disabled veteran businesses; and

(2) Assist service-disabled veteran businesses to be included in Federal Supply Schedules.

(d) GSA maintains a service-disabled veteran-owned small business website, (www.gsa.gov/service-disabled.) This website targets the GSA acquisition community and service-disabled veteran-owned small businesses by providing current information about the program and other information such as Frequently Asked Questions

Subpart 519.70—GSA Mentor-Protégé Program

519.7001 Scope of subpart.

The GSA Mentor-Protégé Program is designed to encourage and motivate GSA prime contractors to assist small businesses concerns, small disadvantaged businesses concerns, women-owned small businesses concerns, veteran-owned small business concerns, service-disabled veteran-owned small businesses concerns, and HUBZone small businesses concerns, and enhance their capability of performing successfully on GSA contracts and subcontracts, foster the establishment of long-term business relationships between these small business entities and GSA prime contractors, and increase the overall number of small business entities that receive GSA contract and subcontract awards.

519.7002 Definitions.

The definitions of small business concern, small disadvantaged business concern, HUBZone small business concern, women-owned small business concern, veteran-owned small business concern, and service-disabled veteran-owned small business concern are the same as found in FAR 2.101. Also see 13 CFR 121, 124, 125 and 126.

(a) “Mentor” as used in the GSA Mentor-Protégé Program, is a prime contractor that elects, on a specific GSA contract, to promote and develop small business subcontractors by providing developmental assistance designed to enhance the business success of the protégé.

(b) “Mentor-Protégé Program Manager” means an employee in the Office of Small Business Utilization (OSBU) (E) designated by the Associate Administrator of OSBU to manage the Mentor-Protégé Program.

(c) “Protégé” as used in the GSA Mentor-Protégé Program is a small business concern that is the recipient of developmental assistance pursuant to a mentor-protégé arrangement on a specific GSA contract.

519.7003 General Policy.

(a) A large business prime contractor that meets the requirements at section [519.7006](#), and is approved as a mentor firm by the Mentor-Protégé Program Manager, may enter into an Agreement with a small business concern, small disadvantaged business concern, women-owned small business concern, veteran-owned small business concern, service-disabled veteran-owned small business concern or HUBZone small business concern that meets the requirements for being a protégé (see [519.7007](#)) in order to provide appropriate developmental assistance to enhance the capabilities of the protégé to perform successfully as a subcontractor and supplier.

(b) A small business prime contractor that is capable of providing developmental assistance to protégés, may also be approved as a mentor.

(c) An active mentor-protégé arrangement requires the protégé to either be a current or newly selected subcontractor under the mentor’s prime contract with GSA.

(d) A small business concern’s status as a protégé under a GSA contract shall not have an effect on its ability to seek other prime contracts or subcontracts.

(e) Potential Mentors may submit an application for admittance to the Mentor-Protégé Program at any time as long as the requirements at section [519.7006](#) are met.

(f) The determination of affiliation is a function of the SBA.

519.7004 Incentives for prime contractors.

(a) Under the Small Business Act, 15 U.S.C. 637(d)(4)(E), the GSA is authorized to provide appropriate incentives to prime contractors in order to encourage subcontracting opportunities for small business concerns consistent with the efficient and economical performance of the contract. This authority is limited to negotiated procurements, including the GSA Multiple Award Schedule contracts and the GSA Governmentwide Acquisition Contracts. It does not include orders under any GSA contracts.

(b) Costs incurred by a mentor to provide developmental assistance, as described in section [519.7012](#) to fulfill the terms of their agreement(s) with a protégé firm(s), are not reimbursable as a direct cost under a GSA contract. If GSA is the mentor’s responsible audit agency under FAR 42.703-1, GSA will consider these costs in determining indirect cost rates. If GSA is not the responsible audit agency, mentors are encouraged to enter into an advance agreement with their responsible audit agency on the treatment of such costs when determining indirect cost rates.

(c) In addition to paragraph (b) of this section, contracting officers may give mentors evaluation credit during the source selection process for subcontracts awarded under their subcontracting plans pursuant to their Mentor-Protégé Agreements. (See FAR 15.101-1). Therefore:

(1) Contracting officers may evaluate proposals with subcontracting plans containing Mentor-Protégé Agreements more favorably than proposals with subcontracting plans that do not include Mentor-Protégé Agreements; and

(2) Contracting officers may assess the prime contractor's compliance with the subcontracting plans submitted in previous contracts as a factor in evaluating past performance under certain circumstances (see FAR 15.304(c)(3) and 15.305(a)(2)(v)) and determining contractor responsibility FAR section 19.705-5(a)(1).

(d) *OSBU Mentoring Award*. A non-monetary award may be presented annually to the mentoring firm providing the most effective developmental support of a protégé. The Mentor-Protégé Program Manager will recommend an award winner to the Administrator of GSA.

(e) *OSBU Mentor-Protégé Annual Conference*. At the conclusion of each year in the Mentor-Protégé Program, mentor firms will be invited to brief contracting officers, program leaders, office directors, and other guests on their experience and progress under the Program. Participation is voluntary.

519.7005 Measurement of program success.

The overall success of the GSA Mentor-Protégé Program encompassing all participating mentors and protégés will be measured by the extent to which it results in:

(a) An increase in the number, dollar value, and percentage of subcontracts awarded to protégés by mentor firms under GSA contracts since the date of entry into the Program. The baseline that demonstrates an increase is determined by comparing the number and total dollar amount of subcontract awards made to the identified protégé firm(s) during the two preceding fiscal years (if any) that are listed in application;

(b) An increase in the number and dollar value of contract and subcontract awards (including percentage of subcontract awards) to protégé firms since the date of the protégé's entry into the Program (under GSA contracts and contracts awarded by other Federal agencies);

(c) An increase in the number and dollar value of subcontracts awarded to a protégé firm by its mentor firm; and

(d) An increase in subcontracting with protégé firms in industry categories where they have not traditionally participated within the mentor firm's activity (i.e., the protégé is expanding its field of expertise or is increasing its opportunities in areas where it has not traditionally performed).

(e) Assessments of the semi-annual reports submitted by the mentors and "Lessons Learned" evaluation submitted by the mentors and protégés to the GSA Mentor-Protégé Program Manager.

519.7006 Mentor firms.

(b) A protégé firm may self-represent to a mentor firm that it meets the requirements set forth in paragraph (a) of this section. Mentors may check the Central Contractor Registration (CCR) at www.ccr.gov to verify that the self-representation of the potential protégé meets the specified small business and socioeconomic category eligibility requirements (see FAR 19.703(b) and (d)). HUBZone and small disadvantaged business status eligibility and documentation requirements are determined according to 13 CFR Parts 124 and 126.

(c) A protégé firm must not have another formal, active mentor-protégé relationship under GSA's Mentor-Protégé Program but may have an active mentor-protégé relationship under another agency's program.

Mentors are encouraged to select from a broad base of small business concerns including small disadvantaged business concerns, women-owned small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, and HUBZone small business concerns. A protégé must be either a current subcontractor or a newly selected subcontractor for the prime contractor's GSA contract.

(b) Mentor firms may have more than one protégé. GSA reserves the right to limit the number of protégés participating under each mentor firm.

(c) The selection of protégé firms by mentor firms is not protestable, except for a protest regarding the size or eligibility status of an entity selected by a mentor to be a protégé. Such protests shall be handled in accordance with FAR 19.703(b). The contracting officer shall notify the Office of Small Business Utilization (OSBU) of the protest.

519.7009 Application process.

The Mentor-Protégé Program Manager will complete its review no later than 30 days after receipt of the application. The contracting officer must provide feedback to the Program Manager no later than 10 days after receipt of the application.

(b) After the Mentor-Protégé Program Manager completes its review and provides written approval, the Mentor may execute the Agreement and implement the developmental assistance as provided under the Agreement. The Mentor-Protégé Program Manager will provide a copy of the Mentor-Protégé Agreement to the GSA contracting officer for any GSA contracts affected by the Agreement.

- _____ MASTER PLAN: *In this type of plan, goals are separately developed for this contract in an individual plan; all other elements are standard. The master plan must be approved once every three years. Once incorporated into a contract with specific goals, it is valid for the life of the contract.*
- _____ COMMERCIAL PLAN: *This type of plan is used when the contractor sells large quantities of off-the-shelf commodities to many Government agencies. Plans and goals are negotiated with the initial agency on a company-wide basis rather than for individual contracts. The plan is effective only during year approved. The contractor must provide a copy of the initial agency approval, and must submit an annual SF 295 to GSA with a breakout of subcontracting prorated for GSA. Contractors must submit a new commercial plan on an annual basis. The subcontracting plan must be submitted at least 30 days prior to the expiration date of the currently in effect subcontracting plan.*

Appendix 519A

GENERAL SERVICES ADMINISTRATION ACQUISITION MANUAL

A. Outreach efforts to obtain sources:

- _____ Contacting minority and small business trade associations
- _____ Contacting business development organizations
- _____ Requesting sources from the CCR website at <http://www.ccr.gov/> "Dynamic Small Business Search"
- _____ Attending small, minority, and women-owned business procurement conferences and trade fairs

B. Internal efforts to guide and encourage purchasing personnel:

- _____ Establishing, maintaining and using small, HUBZone small, small disadvantaged, women-owned small, veteran-owned small, and service-disabled veteran-owned small business source lists, guides and other data for soliciting subcontracts
- _____ Monitoring activities to evaluate compliance with the subcontracting plan

C. Additional efforts: (Please describe.)

VII. CLAUSE INCLUSION AND FLOWDOWN

FAR 52.219-9(d)(9) requires that your company provide assurances that it will include the clause at FAR 52.219-8, "Utilization of Small Business Concerns," in all subcontracts that offer further subcontracting opportunities.

FAR 52.219-9(d)(9) also requires that your company agrees in this plan that it will require all subcontractors, except small business concerns, that receive subcontracts in excess of \$500,000 (\$1,000,000 for construction) to adopt a plan complies with the requirements of FAR 52.219-9, "Small Business Subcontracting Plan."

[Insert company name] agrees that the clause will be included and that the plans will be reviewed against the minimum requirements for such plans. The acceptability of percentage goals for small, HUBZone small, small disadvantaged, women-owned small, veteran-owned small, and service-disabled veteran-owned small business concerns must be determined on a case-by-case basis depending on the supplies and services involved, the availability of potential small, HUBZone small, small disadvantaged, women-owned small, veteran-owned small, and service-disabled veteran-owned small business subcontractors and prior experience. Once the plans are negotiated, approved, and

implemented, the plans must be monitored through the submission of periodic reports, including Standard Form (SF) 294 and SF 295 reports.

In accordance with policy letters published by the Office of Federal Procurement Policy, such assurance must describe the offer's procedures for the review, approval and monitoring for compliance with such subcontracting plans.

VIII. REPORTING AND COOPERATION

FAR 52.219-9(d)(10) requires that your company (1) cooperate in any studies or surveys as may be required, (2) submit periodic reports which show compliance with the subcontracting plan; (3) submit Standard Form (SF) 294, "Subcontracting Reports for Individual Contracts," and SF 295,

"Summary Subcontract Report," in accordance with the instructions on the forms; and (4) ensure that subcontractors agree to submit SF 294 and SF 295.

Both the Associate Administrator for the Office of Small Business Utilization and the Small Business Technical Advisor must receive the report(s) within 30 days after the close of each calendar period. That is:

Calendar Period	Report Due	Date Due	Send Report To
10/01-03/31	SF 294	04/30	Contracting Officer/Small Business Technical Advisor

IX. RECORDKEEPING

FAR 52.219-9(d)(11) requires a list of the types of records your company will maintain to demonstrate the procedures adopted to comply with the requirements and goals in the subcontracting plan. These records include, but are not limited to, the following:

A. Small, HUBZone small, small disadvantaged, women-owned small, veteran-owned small, and service-disabled veteran-owned small business concern source lists, guides, and other data identifying such vendors.

C1. Whether small business concerns were solicited, and if not, why not.

C2. Whether HUBZone small business concerns were solicited, and if not, why not.

C3. Whether small disadvantaged business concerns were solicited, and if not, why not.

C4. Whether women-owned small business concerns were solicited, and if not, why not.

C5. Whether veteran-owned small business concerns were solicited, and if not, why not.

C6. Whether service-disabled veteran-owned small business concerns were solicited, and if not, why not.

C7. Reasons for the failure of solicited small, small disadvantaged, women-owned small business, veteran-owned small business, service-disabled veteran-owned small business, and HUBZone small business concerns to receive the subcontract award.

E. Records to support internal activities to (1) guide and encourage purchasing personnel, e.g., workshops, seminars, training programs, incentive awards; and (2) monitor activities to evaluate compliance.

F. On a contract-by-contract basis, records to support subcontract award data including the name, address and business size of each subcontractor. (This item is not required for company or division-wide commercial plans).

G. Other records to support your compliance with the subcontracting plan: (Please describe)

Four horizontal lines for describing other records.

X. TIMELY PAYMENTS TO SUBCONTRACTORS

FAR 52.219-8(a) requires your company to establish and use procedures to ensure the timely payment of amounts due

pursuant to the terms of your subcontracts with small, HUBZone small, small disadvantaged, women-owned small, veteran-owned small, and service-disabled veteran-owned small business concerns.

[Insert company name] has established and uses such procedures:

Four horizontal lines for describing procedures.

XI. DESCRIPTION OF GOOD FAITH EFFORT

Maximum practicable utilization of small, HUBZone small, small disadvantaged, women-owned small, veteran-owned small, and service-disabled veteran-owned small business concerns as subcontractors in Government contracts is a matter of national interest with both social and economic benefits. When a contractor fails to make a good faith effort to comply with a subcontracting plan, these objectives are not achieved, and 15 U.S.C. 637(d)(4)(F) directs that the contractor must pay liquidated damages. In order to demonstrate your compliance with a good faith effort to achieve the small, HUBZone small, small disadvantaged, women-owned small, veteran-owned small, and service-disabled veteran-owned small business subcontracting goals, outline the steps your company plans to take. These steps will be negotiated with the contracting officer prior to approval of the plan.

Four horizontal lines for describing good faith effort steps.

The offeror is advised that submission of the subcontracting plan and Standard Form 294 and/or Standard Form 295 will be made a material part of the contract.

Appendix 519F—GSA Acquisition Alert—Contract Bundling

GSA Acquisition Alert 2006-04

MEMORANDUM FOR GSA ACQUISITION WORKFORCE ASSOCIATES

FROM: EMILY W. MURPHY
CHIEF ACQUISITION OFFICER

SUBJECT: CONTRACT BUNDLING

If you are considering consolidating into a single contract action (*e.g.* task or delivery order, single award contract, or multiple award contract) two or more existing contracts that are already performed by or could be performed by small business, then your acquisition planning must address contract bundling. Sound acquisition planning is the key to addressing contract bundling issues.

The Federal Acquisition Regulation (FAR), the General Services Administration Acquisition Manual (GSAM), and the Acquisition Planning Order prescribe policies and procedures pertaining to contract bundling. GSAM 507.103(a) states that you must “structure contract requirements to facilitate competition by and among small business concerns” and that you must “avoid unnecessary and unjustified bundling that precludes small business participation as contractors”. This applies to both *contracts and orders* (see GSA Order OGP 2800.1, Acquisition Planning).

Bundling. Bundling means consolidating 2 or more procurement requirements for goods or services previously provided or performed under separate smaller contracts into a solicitation of offers for a single contract that is likely to be unsuitable for award to a small-business concern due to:

1. The diversity, size, or specialized nature of the elements of the performance specified.
2. The aggregate dollar value of the anticipated award.
3. The geographical dispersion of the contract performance sites, or
4. Any combination of the factors described in 1 - 3 above. **FAR 2.101**

The bundling definition in the FAR states that a “single contract” includes multiple award IDIQ contracts (to two or more sources), issued under a single solicitation for the same or similar supplies or services. It also includes an order placed under a Federal Supply Schedule IDIQ contract. It also includes an order placed against a task-order contract or delivery-order contract awarded by another agency. Separate smaller contract means a contract that has been performed by one or more small business concerns or was suitable for award to one or more small business concerns. **FAR 2.101**

Steps to take once you realize you may have a bundled requirement:

- (1) *Small business impact.* Identify the incumbent contractors and contracts affected by the bundling. Assess the impact of bundling on small businesses. FAR 7.105(b)(1), 10.001 (a)(3)(vi), and (c).
- (2) *Market research.* Conduct market research to determine whether bundling is necessary and justified. [FAR 7.105(a)(1) and 10.001(a)(3)(vi). Consult with your GSA Small Business Technical Advisor/Small Business Specialist (SBTA/SBS) and the SBA procurement center representative (PCR). **FAR 10.001(c)(1)**
- (3) *Bundling determination.* Write a determination documenting that bundling would have sufficient “measurably substantial benefits”. If the market research authority was delegated to the contracting officer, the bundling determination must be approved one level above the contracting officer. If other than the contracting officer conducts the market research, the contracting officer may approve it. However, when bundling is necessary and the minimum “measurably substantial benefits” are not met, the

CHANGE 17 OCTOBER 1, 2006

determination must show benefits critical to the agency mission, maximum practical participation by small businesses, and be signed by the Deputy Administrator. **FAR 7.107; GSA Acquisition Planning Order OGP 2800.1 paragraph 9.b.(4)**

(4) *Acquisition plan.* Prepare a written comprehensive acquisition plan. Use the Acquisition Planning Wizard at apw.gsa.gov. Identify the incumbent contractors and the effect on small businesses. Include the bundling determination. Address the extent and results of the market research and indicate the impact on the various elements of the acquisition plan. If this also is "substantial bundling" document the additional required strategies in the acquisition plan. **FAR 7.105(b)(1), 7.107(e) and (f); The GSA Acquisition Planning Order paragraph 8.c.(1)(v)**

(5) *Source selection evaluation factors.* For solicitations involving bundling that offer a significant opportunity for subcontracting, the contracting officer must include two factors:

- Past performance indicating the extent to which the offeror attained applicable goals for small business participation under contracts that required subcontracting plans. FAR 15.304(c)(3)(iii)

- For the offeror's proposed use of small businesses as subcontractors and their past performance in meeting subcontracting goals. FAR 15.304(c)(5)

(6) *30 day notice.* At least 30 days before releasing your solicitation (or placing an order without a solicitation):

- Notify any affected incumbent small business concerns of the government's intention to bundle the requirement, and how the concerns may contact the appropriate SBA representative. FAR 10.001(c)(1)

- Provide a copy of the proposed acquisition package to your SBA PCR through your Small Business Specialist/Small Business Technical Advisor. If this is "substantial bundling" also provide it to the Office of Small Business Utilization (E).

FAR 19.202-1(e), and GSA Acquisition Planning Order paragraph 9.c.(2)(b)

(7) *Size status of joint ventures.* Apply size standards to individual persons or concerns, not to the combined assets, of the joint venture. FAR 19.101 "affiliates" paragraph 7(i)(A)

Please also note that the acquisition planner must coordinate all acquisition plans for requirements over the simplified acquisition threshold with their GSA small business technical advisor/small business specialist (SBTA/SBS), unless the requirement will be reserved or set-aside for small business under Part 19. GSA Acquisition Planning Order paragraph 9.c.(b)

FREQUENTLY ASKED QUESTIONS CONTRACT BUNDLING

Question: Who checks whether a contract or order would be considered bundled?

Answer: Ideally, it should be the acquisition team but the ultimate responsibility is the contracting officer.

Question: Where in the Federal Acquisition Regulation (FAR) can I find bundling regulations?

Answer:

Part	Section
2	Definitions of “bundled contract” and “bundling” at 2.101
7	7.103(s), 7.104(d), 7.105(b)(1), and especially 7.107
8	8.404(c)(2)
10	10.001(a)(2)(iv), 10.001(a)(3)(vi) and 10.001(c)
15	15.304(c)(3)(iii) and (c)(5)
16	16.505(a)(7)
19	19.101 definition of “affiliates” in paragraph (7)(i)(A), 19.201(d)(5)(i) and (d)(11), 19.202-1(e)(1)(iii) and (2)(v).

References to bundling are also found in the GSA Acquisition Planning Order (OGP 2800.1, found at GSAM Appendix 507A), which requires a written comprehensive acquisition plan for bundled acquisitions.

Question: Is bundling prohibited?

Answer: No, after conducting market research, it may be determined that bundling is necessary and justified because the agency will derive sufficient “measurably substantial benefits”. If a cost comparison analysis will be performed in accordance with OMB Circular A-76, then this substitutes for the determination. Even if there are insufficient “measurably substantial benefits”, GSA’s Deputy Administrator can determine the bundling is necessary and justified. See FAR 7.107(a), (c), and (h)

Question: What are “measurably substantial benefits”?

Answer: “Measurably substantial benefits” from bundling may include, individually or in any combination or aggregate the following benefits:

- Cost savings or price reductions.
- Quality improvements that will save time or improve or enhance performance or efficiency.
- Reduction in acquisition cycle times.
- Better terms and conditions.
- Any other benefits.

The bundling determination must quantify identified benefits and explain how their impact would be measurably substantial. FAR 7.107(b)

CHANGE 17 OCTOBER 1, 2006

Question: How much must the “measurably substantial benefits” be?

Answer: “Measurably substantial benefits” must be equivalent to:

- (1) 10% of the estimated contract value (including options) if the value is \$75 million or less; or
- (2) 5% of the estimated contract value (including options) or \$7.5 million, whichever is greater, if the value exceeds \$75 million.

Reduction in administrative or personnel costs is not sufficient justification for bundling, unless the cost savings are expected to be at least 10% of the estimated value (including options) of the bundled requirement. FAR 7.107(b) and (d)

Question: When assessing cost savings that are expected to be at least 10% of the estimated value (including options) of the bundled requirement, what must be considered?

Answer: The contracting officer must consider the cost that has been charged (or where data is available, could be charged) by small business concerns for the same or similar work. FAR 7.107(g)

Question: Does the bundling definition apply to contracts that will be awarded and performed entirely outside of the United States?

Answer: No FAR 2.101

Question: What is “substantial bundling”?

Answer: Substantial bundling is “bundling” resulting in a contract or order of:

- \$7 million or more for the Department of Defense;
- \$5 million or more for the National Aeronautics and Space Administration, the Department of Energy, and the General Services Administration;
- \$2 million or more *for all other agencies.*

If the strategy contemplates the award of multiple contracts or orders, these thresholds apply to the cumulative maximum potential value, including options.

Question: What more do I have to do for a contract that is substantially bundled?

Answer: In cases involving substantial bundling, you not only need “measurably substantial benefits”, your acquisition strategies must:

- Identify the specific benefits anticipated to be derived from bundling;
- Include an assessment of the specific impediments to participation by small business concerns as contractors that result from bundling;
- Specify actions designed to maximize small business participation as contractors, including provisions that encourage small business teaming;
- Specify actions designed to maximize small business participation as subcontractors (including suppliers) at any tier under the contract, or order, that may be awarded to meet the requirements;
- Include a specific determination that the anticipated benefits of the proposed bundled contract or order justify its use; and
- Identify alternative strategies that would reduce or minimize the scope of the bundling, and the rationale for not choosing those alternatives. FAR 7.107(e)

Question: Does bundling apply when several contracts are consolidated but awards as a small business set-aside?

CHANGE 17 OCTOBER 1, 2006

Appendix 519F—GSA Acquisition Alert—Contract Bundling

Answer: No. The bundling definition answers this question. You can consolidate two or more requirements for supplies or services previously provided or performed under separate smaller contracts, into a solicitation for a single contract as long as it is likely that it is suitable for award to a small business concern. A small business set-aside is a likely award to a small business. FAR 2.101

Question: Are there any contract reporting requirements for contract bundling?

Answer: Yes, FAR 4.601(e) & (f) require identification through Federal Procurement Data System-Next Generation (FPDS-NG) bundled contracts with a total contract value (including options) exceeding \$5,000,000.

Question: Who makes the call on when a bundling review is necessary: the requiring activity, the Contracting Officer, the Small Business Specialist/Small Business Technical Adviser or Office of Small Business Utilization (OSBU)?

Answer: The planner and contracting officer are supposed to recognize a bundled procurement, and take the steps outlined in these FAQs. If they have failed to recognize that the acquisition is bundled, the small business specialist shall notify the Office of Small Business Utilization. FAR 7.104.

Question: Does the review level on orders placed against contracts apply to the thresholds of the requiring agencies or the thresholds of the agencies placing the orders?

Answer: The review levels apply to the requiring agency. For example, if agency A is requesting that agency B place an order against a Multiple Award Schedule contract, the threshold for agency A applies. GSA Acquisition Letter V-05-05 Purchases on Behalf of other Agencies.

Question: Are Architect and Engineering contracts exempt from the bundling definition?

Answer: No.

Question: Is there any additional guidance available other than these FAQs?

Answer: Yes, Department of Defense has guidance at <http://www.acq.osd.mil/osbp/news/contractconsolidation.pdf>

Subpart 523.4—Use of Recovered Materials

523.403 Policy.

(a) GSA's Affirmative Procurement Program ([Appendix 523A](#)) establishes agency policy and procedures for the procurement of products containing recovered materials. In implementing the Program, contracting activities will:

(1) Communicate to industry that markets exist for environmentally preferable products (See FAR 23.7), including products containing recovered materials.

(2) Ensure that product specifications do not impede the acquisition of products containing recovered materials.

(3) Purchase EPA designated products to the maximum extent practicable.

(4) Identify other product categories that offer opportunities for the purchase of environmentally preferable products. To the maximum extent practicable, and consistent with applicable provisions of Federal procurement law, acquire these products before non-environmentally preferable products.

(b) To the extent permitted by law, and where economically feasible, E.O. 13101 applies to the acquisition and management of federally owned and leased space.

(1) Solicitations for services, leased space, and construction must include environmental and recycling provisions.

(2) These provisions should include specifications promoting, and maximizing, the use of environmentally prefera-

ble products, including products containing recovered materials, by contractors and subcontractors.

(c) Purchases by construction contractors or their subcontractors are included in this program.

(d) You must use applicable minimum content standards in all acquisitions that include an EPA designated product. In addition to new acquisitions, this includes:

(1) Delivery orders placed against established source contracts that identify environmentally preferable products.

(2) Orders from such sources as the GSA/Federal Supply Service Environmental Products Guide or GSA Supply Catalog.

523.404 Procedures.

Under FAR 23.404(b)(3), the Agency Environmental Executive must approve any purchase of designated products that does not meet or exceed EPA guidelines and standards.

523.404-70 Preference programs for other than EPA designated products.

(a) The statutory requirements associated with affirmative procurement programs only apply to products covered by EPA guidelines. GSA must also meet goals established under E.O. 13101 to maximize the number of recycled products purchased. Contracting activities should conduct market research and analysis for routinely procured products to identify additional opportunities to establish product preferences through:

(1) Minimum material content requirements in applicable product descriptions.

(2) Description of services to be performed.

(b) Alternatively, the contracting activity may require that offerors provide a product incorporating some recovered material, without specifying a percentage, that will allow the product to meet the required standard of performance. Do this only if market research indicates that industry is capable of producing a product with recovered material, but the specification manager cannot identify an appropriate minimum content requirement.

523.405 Solicitation provision and contract clause.

In FAR clause 52.223-9, instruct the contractor to submit the required certification to you. The contracting activity must forward a copy to the agency Environmental Executive, by November 1 of each year, of each certification received in the preceding fiscal year.

GSA ORDER

SUBJECT: GSA Affirmative Procurement Program

1. *Purpose.* This Order establishes the GSA Affirmative Procurement Program for purchase and use of Environmental Protection Agency (EPA) designated Comprehensive Procurement Guideline (CPG) items containing recovered materials, environmentally preferable, and biobased products.
2. *Cancellations.* GSA Affirmative Procurement Program dated June 19, 1996, and Acquisition Letter MV-93-9, Acquisition of Environmentally Preferable Products, are canceled.
3. *Background.* GSA, as a Federal procuring agency, is required to procure and use products containing post-consumer content (recycled material) by the Resource Conservation and Recovery Act (RCRA), Section 6002, and Executive Order (EO) 13101, "Greening the Government Through Waste Prevention, Recycling, and Federal Acquisition." EO 13101 also requires Federal agencies to procure and use environmentally preferable and biobased products. Both RCRA Section 6002 and EO 13101 require Federal agencies to develop and implement an Affirmative Procurement Program to facilitate the procurement of these products.
4. *Nature of revision.* This revision updates GSA's Affirmative Procurement Program to comply with current statutory, Executive Order and EPA requirements.
5. *Implementation.* Heads of Contracting Activities (HCAs) that are responsible for acquiring personal property, nonpersonal services (including construction), and leasehold interests in real property, will develop implementation plans within 180 days of the date of this order to comply with the attached GSA Affirmative Procurement Program. U.S. General Services Administration Affirmative Procurement Program

March 15, 2000

A Program for Compliance with Section 6002 of the Resource Conservation and Recovery Act (RCRA) and Executive Order (EO) 13101 requiring the purchase and use of Environmental Protection Agency (EPA) designated Comprehensive Procurement Guideline (CPG) items containing recovered materials, “environmentally preferable,” and biobased products.

Preface

The U.S. General Services Administration (GSA), as a Federal procuring agency, is required to procure and use products containing post-consumer content (recycled material) by the Resource Conservation and Recovery Act (RCRA), Section 6002, and Executive Order (EO) 13101, “Greening the Government Through Waste Prevention, Recycling, and Federal Acquisition.” EO 13101 also requires Federal agencies to procure and use “environmentally preferable” and biobased products. Both RCRA Section 6002 and EO 13101 require each Federal agency to develop and implement an Affirmative Procurement Program (APP) to facilitate the procurement of these products.

The APP seeks to promote markets for products containing recycled materials, thereby reducing the quantity of solid waste requiring disposal. Procurement and use of “environmentally preferable” and biobased products promotes the technologies to develop products that effectively compete with the traditional products already familiar to us. The Federal Government is the largest purchasing agent in the U.S.; therefore, it is important that we maximize the procurement and use of these new environmental products in order to help increase and expand the market.

Implementing these guidelines to the maximum extent possible provides for:

- (1) The opportunity for GSA to demonstrate its commitment to the environment by becoming a leader in the procurement and use of environmental products.
- (2) Increased demand for these products, creating markets for recycled materials.
- (3) Decreased demand for virgin products.
- (4) Reduction in landfill space required and associated costs.
- (5) Direct or indirect cost savings from the procurement of designated products containing recycled content versus traditional virgin products.
- (6) Benefits associated with some products containing recycled content that possess improved properties over traditional virgin products.
- (7) Development of new environmental technologies.

Each GSA region and Central Office service and staff office must participate in the GSA APP to the maximum extent feasible. Questions regarding this program may be directed to the Office of Acquisition Policy (MV) or the GSA Environmental Executive.

GSA Affirmative Procurement Program

1. Purpose

The GSA Affirmative Procurement Program (APP) establishes policy and procedures to assist GSA procurement and program offices promote the purchase of products containing recycled material, “environmentally preferable” products and services, and biobased products in accordance with the requirements of RCRA, Section 6002, EO 13101, and Office of Federal Procurement Policy (OFPP) Letter 92-4.

2. Policy

(a) All GSA procurement and requisitioning offices will procure and use products containing recycled materials, “environmentally preferable” products and services, and biobased products to the maximum extent feasible. GSA will procure and use those products:

(1) Specified by the U.S. Environmental Protection Agency (EPA) as Comprehensive Procurement Guideline (CPG) items and their associated Recovered Materials Advisory Notices (RMANs). The list of CPG items is available at <http://www.epa.gov/cpg>.

(2) Designated as environmentally oriented in the GSA Federal Supply Service “Environmental Products and Services Guide.” This guide is available at the FSS Environmental Homepage at <http://pub.fss.gsa.gov/environ>.

(3) To be designated as biobased products on the United States Department of Agriculture (USDA) Biobased Products List. The APP will be updated once this list becomes available.

(b) Many of these products are already available through various GSA supply programs.

(c) Each region and Central Office service and staff office must implement this program tailored to its own needs. Each Head of the Contracting Activity (HCA) will develop an implementation plan that, at a minimum, addresses key program elements that are required by law. To facilitate program implementation, the appendices include an APP Fact Sheet, sample determination format, a summary of legislative and regulatory requirements, and definitions. The list of EPA-designated CPG items and RMANs is available at <http://www.epa.gov/cpg>.

3. Applicability

The APP applies to 100 percent of GSA purchases of EPA-designated CPG items unless the item is not available competitively within a reasonable time frame, does not meet appropriate performance standards, or is only available at an unreasonable price. This program applies to all regions and to Central Office services and staff offices that are responsible

for acquiring personal property, nonpersonal services (including construction), and leasehold interests in real property. The program applies to GSA offices purchasing items for internal use or consumption (e.g., office supplies, carpet, etc.) as well as to contracts that provide for contractor operation of a Government-owned or -leased facility and contracts that provide for contractor or other support services at Government-owned or -operated facilities. This APP applies to the acquisition and management of Federally owned and leased space and the acquisition and management of all leased space and construction of new Federal buildings.

4. Background

(a) RCRA Section 6002, EO 13101, and OFPP Letter 92-4 require each procuring agency to develop and implement an affirmative procurement program. A procuring agency is defined as:

“...any Federal agency, or any State agency, or agency of a political subdivision of a State which uses appropriated Federal funds for such procurement, or any person contracting with any such agency with respect to work performed under such contract.” [The term “person” is defined in such a way as to include contractors.]

(b) The OFPP letter and the order further require that this program be cost-effective. The letter defines a “Cost-Effective Procurement Preference Program” as one “...that favors, where price and other factors are equal, the procurement of products and services that are more environmentally-sound or energy-efficient than other competing products and services.”

(c) Any solicitation or contract that is for, or specifies the use of, an EPA-designated CPG item must include the appropriate solicitation provision and contract clause (FAR 52.223-4 and 52.223-9).

(d) There are 3 situations when GSA may justify not purchasing an EPA-designated CPG item or “environmentally preferable” product:

(1) It is not available competitively within a reasonable time frame.

(2) It does not meet appropriate performance standards.

(3) It is only available at an unreasonable price.

(e) References to environmental issues are included in the Federal Acquisition Regulation (FAR) at Parts 7 (Acquisition Planning), 10 (Market Research), 11 (Describing Agency Needs), 23 (Environment, Conservation, Occupational Safety, and Drug-Free Workplace), and 42 (Contract Administration). Similar references may also be found in the General Services Administration Acquisition Manual (GSAM) at [Parts 508](#), [511](#), and [523](#).

5. EPA-Designated CPG Items and RMANs

(a) RCRA and the Executive order require EPA to designate CPG items and their accompanying RMANs. All procuring agencies must comply with the EPA guidance. The RMAN for each product line describes the minimum amount or a range of recycled material that must be present in the particular product purchased.

(b) The EPA-designated CPG items and associated RMANs are subject to additions and revisions by EPA. The web site at <http://www.epa.gov/cpg> will be updated accordingly.

6. Affirmative Procurement Key Program Elements

(a) For compliance with RCRA, Section 6002 and EO 13101, an APP is to address the following key program elements:

- (1) Preference Program
- (2) Promotion Program
- (3) Procedures for estimation, certification and verification
- (4) Performance measures or procedures (for annual review and monitoring)

(b) At a minimum, each APP implementation plan must incorporate these program elements.

7. Preference Program

(a) Each HCA will develop a plan to implement the procurement preference program for each of the EPA-designated CPG items, “environmentally preferable” products and services, and biobased products. Many such products are available through GSA’s Federal Supply Schedules. **Give preference to these when price, performance and availability are equal to traditional products and services.**

(b) Competition between environmental products and services required by RCRA and EO 13101 and traditional products and is encouraged when adequate competition is not available for the former based on market research. Award may be made to the traditional product or service based on one of the exemptions. While the EPA web site lists manufacturers and suppliers for the CPG items, newly introduced products or services may not have sufficient manufacturers and suppliers to provide a satisfactory level of competition.

(c) The procurement originator is responsible for defining product performance requirements. When the solicitation includes a recycled product, the originator must ensure that it meets the minimum recycled content required by EPA.

(d) If a contracting officer consistently experiences a problem procuring a CPG item that meets the RMAN requirements for recycled content, he or she should contact the GSA Environmental Executive for assistance.

(e) For purchases at or under the micropurchase threshold, procurement originators and purchasers are encouraged to consider aggregating when this method would promote economy and efficiency. When aggregating results in a requirement that exceeds the purchasing authority of an individual, another purchaser with adequate authority must execute the action.

8. Promotion Program

(a) The GSA Office of Acquisition Policy (MV) and the GSA Environmental Executive will actively promote GSA’s policy to purchase recycled products and will provide guidance to the services and regional offices on implementing the program. MV and the GSA Environmental Executive will:

- (1) Promote the GSA preference program in trade publications, recycling/environmental journals, and procurement publications.
- (2) Develop and provide standard language for solicitations and statements of work.
- (3) Develop and provide information and training to procurement and program offices regarding GSA’s preference program for recycled products through conferences, workshops, and meetings.
- (4) Provide vendor and product information by means of:

- (a) Multi-use File for Interagency News (MUFFIN).
- (b) GSA *Advantage!* on-line shopping service.
- (c) FSS publications such as the “Environmental Products and Services Guide,” applicable Federal Supply Schedules, “Marketips,” and other customer catalogs.

(b) Each HCA will implement a promotional program that:

- (1) Informs suppliers about the recycled product lines in GSA’s preference program.

(2) Educates procurement and program offices about requirements to procure recycled products.

(3) Incorporates life cycle cost analysis whenever feasible and appropriate to assist in selecting an EPA-designated CPG item.

(4) Provides GSA and its contractors information on sources of recycled products.

(5) Encourages contractors to use electronic commerce/electronic data interchange (EC/EDI).

(6) Requires contractors to maximize the use of double-sided recycled content paper for submitting written acquisition documents.

9. Vendor Estimation, Certification and Verification

(a) The GSA Federal Supply Service, Government Printing Office (GPO) and Department of Defense (DoD)/Defense Logistics Agency (DLA) have established their own system regarding certification and verification of EPA-designated

CPG items. Products purchased from these sources will need no further action.

(b) When conducting open market procurements in excess of the micropurchase threshold, the following procedures apply:

(1) *Estimation and Certification.* (a) In solicitations that are for, or specify the use of, recovered materials:

(i) The contracting officer must include FAR 52.223-4, Recovered Material Certification.

(ii) A vendor responding to the solicitation must provide the required certification with its offer.

(b) In contracts exceeding the simplified acquisition threshold that are for, or specify the use of, an EPA-designated item:

(i) The contracting officer must include FAR 52.223-9, Certification and Estimate of Percentage of Recovered Material Content for EPA-Designated Items.

(ii) The contractor must provide the required certification and estimate at contract completion.

(2) *Verification.* The GSA Environmental Executive shall periodically review vendor certification documents as part of the annual review and monitoring process. These reviews will assist in verifying GSA's compliance with EO 13101.

10. Annual Review, Monitoring and Reporting

(a) RCRA and EO 13101 require the GSA Environmental Executive to:

(1) Ensure that GSA procures and uses the maximum amount feasible of EPA-designated CPG items.

(2) Submit an annual status report to the Office of Management and Budget (OMB) and the Office of the Federal Environmental Executive.

(b) The annual status report must address:

(1) CPG item purchases.

(2) Status of review of product specifications, descriptions and standards regarding new products.

(3) Justification as to why CPG products were not purchased or submit a plan as to how GSA will increase purchases.

(c) The GSA Environmental Executive will relay to regional and Central Office services and staff offices strengths and weaknesses of the GSA APP identified by this process.

(d) Regions and Central Office services and staff offices are required to participate and cooperate in all tracking mechanisms and review processes developed and implemented by the GSA Office of Acquisition Policy and Environmental Executive. The GSA Environmental Executive will initiate specific procedures for gathering procurement data, develop a monitoring strategy and transmit these to the responsible service and regional offices.

11. Determination

(a) The following conditions may justify not purchasing an EPA-designated CPG item or a product that does not meet the content level described in EPA's web site at <http://www.epa.gov/cpg> (for certain product lines GSA may exceed the amount of recycled material specified in the RMAN):

(1) It is not available competitively within a reasonable time frame.

(2) It does not meet appropriate performance standards.

(3) It is only available at an unreasonable price. EPA defines an unreasonable price "... as a price that is greater than the price of a competing product made from virgin materials. EPA further interprets the reasonable price provision of RCRA Section 6002(c)(1)(C) to mean that there are no projected or observed long-term or average increases over the price of competing virgin items. This interpretation is supported in the preamble to the OFPP Policy Letter 92-4 (57 FR 53364), which provides that there is no legal mandate to provide a price preference for products containing recovered materials over similar virgin products."

(b) For acquisitions exceeding the micropurchase threshold, each determination must be documented in writing, citing the appropriate justification(s), and providing an explanation. The contracting officer must:

(1) Sign and date the determination.

(2) Retain the original determination in the official contract file.

(3) Provide a copy of the determination to the GSA Environmental Executive.

(c) [Appendix B](#) provides a sample format for determinations. Either the procurement originator or the contracting officer may initiate the determination.

12. Specification Control

(a) The procurement originator is responsible for reviewing product performance specifications, product descriptions, and standards of EPA-designated CPG items during the acquisition planning stage. Specifications and standards regarding a CPG product line must relate to the performance of that product. Product specifications and standards that prevent the purchase of CPG items or "environmentally preferable" products must be revised or eliminated in the actual procurement specifications. Product specifications, where appropriate, must:

(1) Express preference for purchase of products with recovered materials.

(2) Eliminate requirements for virgin materials.

(3) Eliminate requirements excluding use of recovered materials.

(4) Specify performance requirements.

(5) Eliminate performance standards having more stringent requirements than necessary.

(b) Questions regarding product performance and availability should be directed to the GSA Environmental Executive.

13. Awards

(a) The GSA Environmental Executive administers the annual GSA Environmental Awards program in which the Administrator recognizes employees for their successful efforts in waste prevention, recycling, and affirmative procurement. Requests for nominations will appear in “GSA Update” periodically. Any GSA employee may submit nominations (e.g., procurement, program, environmental personnel, supervisors, or co-workers). In completing your nomination, consider the following suggestions:

- (1) Provide a clear and concise description of the environmental initiative.
- (2) Show how success was measured.
- (3) Document success with data.

14. Goals

The GSA Environmental Executive will establish annual agency-wide environmental goals, which will focus on the requirements of EO 13101 and the current environmental initiatives established by the Administration and GSA. Environmental goals will be updated as necessary. The GSA Environmental Executive will distribute information on goals to services and regions to allow them to plan the coming fiscal year initiatives.

15. Waste Prevention Opportunities

The GSA Environmental Executive will update services and regions on the latest waste prevention opportunities on a regular basis and establish a clearinghouse of best practices in the environmental arena.

Appendix A

GSA Affirmative Procurement Program Fact Sheet

What is the GSA Affirmative Procurement Program?

The GSA Affirmative Procurement Program (APP) was developed to fulfill the requirements of both the Resource Conservation and Recovery Act (RCRA) Section 6002 and Executive Order (EO) 13101, “Greening the Government Through Waste Prevention, Recycling and Federal Acquisition.” It ensures that we procure and use “environmentally preferable” products and those containing recycled materials to the maximum extent feasible. GSA will focus its attention on the procurement and use of those products specified by the U.S. Environmental Protection Agency (EPA) as Comprehensive Procurement Guideline (CPG) items and the companion publications “Recovered Materials Advisory Notices” (RMANs) (see <http://www.epa.gov/cpg>).

Why must GSA comply with RCRA Section 6002 and EO 13101?

RCRA requires all Federal agencies to purchase an EPA-designated CPG item when either (1) the purchase of such item or a “functionally equivalent” one exceeds \$10,000, or (2) applicable purchases or acquisitions made in the preceding fiscal year exceeded \$10,000. This \$10,000 threshold applies to each procuring agency as a whole; therefore, all GSA contracting officers and requisitioning offices are required to comply.

How will the GSA APP be implemented?

Each service and region will determine the best way to implement this program, but every GSA employee is responsible for purchasing EPA-designated CPG items whenever feasible. Each region and Central Office service and staff office must also measure their success in meeting environmental goals.

Does the APP apply to micropurchases?

Yes. You must give preference to EPA-designated CPG items, “environmentally preferable” products and services, and biobased products when price, performance, and availability are equal to traditional products and services. The list of EPA-designated CPG items is available at <http://www.epa.gov/cpg>. Many EPA-designated CPG items with appropriate recovered material content levels and “environmentally preferable” products and services are available in the GSA Federal Supply Service “Environmental Products and Services Guide” which is available at <http://pub.fss.gsa.gov/environ>. The United States Department of

Agriculture (USDA) will be developing a Biobased Products List and this APP will be updated once this list becomes available. Neither the clauses in paragraph 9 nor the written determination required in paragraph 11 of the APP apply to micropurchases.

Exactly what products is GSA required to buy and use?

We will concentrate our efforts to buy and use the products designated by EPA as CPG items. These items are manufactured from recycled materials and range from office products to construction materials. A complete listing of these items appears at <http://www.epa.gov/cpg>. We will also procure and use “environmentally preferable” products, especially cleaning products and paints and other chemicals with appropriate Volatile Organic Compound (VOC) content levels. Many of these are available at <http://pub.fss.gsa.gov/environ>.

What is a “Recovered Materials Advisory Notice” (RMAN)?

The RMAN is the amount of recycled content that a CPG item must contain in order to fulfill the objective of RCRA and EO 13101. Before EPA designates a certain product line for inclusion as a CPG item, they do extensive research into the product availability, efficacy, and costs at a specified level of recycled content. For example, suppose you want to buy copier paper containing 100% recycled content; it may be so costly or scarce that its purchase and use wouldn’t be feasible. However, EPA has determined that copier paper containing 30% recycled content is widely available and competitively priced. Therefore 30% recycled content for copier paper becomes the EPA RMAN.

How does the GSA APP impact our contracts and contractors?

Under covered contracts, procurement originators must write specifications to ensure the following: preference for recovered material and elimination of requirements for virgin materials; preference for purchase of products with recovered materials and elimination of requirements that exclude the use of recovered materials; and, performance standards that do not contain more stringent requirements than necessary. Additionally, contracting officers must include the necessary Federal Acquisition Regulation (FAR) provision and clause in solicitations for covered contracts (FAR 52.223-4 and FAR 52.223-9).

Appendix 523A—GSA Affirmative Procurement Program GSA Order OGP 2851.1

Are there any situations when we are excused from purchasing a CPG item?

There are only 3 situations when GSA may justify not purchasing an EPA-designated CPG item:

(1) It is not available competitively within a reasonable time frame.

(2) It does not meet appropriate performance standards.

(3) It is only available at an unreasonable price.

For acquisitions exceeding the micropurchase threshold, contracting officers must submit a written determination citing the appropriate justification(s) and providing an explanation to the GSA Environmental Executive (see sample format at [Appendix B](#) of the GSA APP).

Where can I obtain more information about the GSA APP?

If you have specific questions regarding the environmental aspects of this program, contact the GSA Environmental Executive on (202) 501-0971. For acquisition related questions, contact the GSA Acquisition Policy Division (MVP) on (202) 501-1224.

Who is responsible for reporting GSA's success in implementing this APP?

The GSA Environmental Executive makes annual reports to the Office of Management and Budget and the Office of the Federal Environmental Executive.

Summary of Legislative and Regulatory Requirements

Resource Conservation and Recovery Act (RCRA).

In 1976, RCRA was enacted to replace the Solid Waste Disposal Act of 1965. The primary function of RCRA is to ensure the safe and environmentally acceptable management of solid waste. Two preferred methods of solid waste management are recycling and resource recovery, and both can be encouraged through Federal procurement policies promoting purchasing and using products made from recovered materials.

Executive Order (EO) 13101. On September 14, 1998, the President of the United States issued EO 13101, “Greening the Government Through Waste Prevention, Recycling and Federal Acquisition.” The order expands Federal waste prevention and recycling programs and reiterates Federal procurement policies mandated by RCRA. The order also requires Federal agencies to procure other “environmentally preferable” products and services. EO 13101 specifies that Federal agencies, that have not already done so must develop and implement, to the extent practicable, affirmative procurement programs within 90 days after the effective date of the order.

The main goals of Section 6002 of RCRA and EO 13101 are to:

- Promote cost-effective waste prevention activities and recover materials reusable by Federal agencies.
- Stimulate private sector markets for recovered materials through preferential (designated) item procurement.
- Spur private sector new technologies development, thereby creating new business and employment opportunities, through the use of recycled and “environmentally preferable” products.
- Conserve waste disposal capacity through cost-effective waste prevention and recycling programs.
- Establish Federal waste prevention and recycling leadership.

GSA’s Affirmative Procurement Program (APP) incorporates the requirements of RCRA and the Executive order pertaining to affirmative procurement.

Environmental Protection Agency (EPA). EPA has issued Federal procurement guidelines containing regulatory requirements binding on Federal agencies. The guidelines also contain recommendations for Federal agencies to develop and implement affirmative procurement programs. For each guideline, EPA requires procuring agencies to incorporate the designated item into their APPs. EPA’s guidelines are codified at 40 CFR 247. Agencies have one year from the time of issuance to comply with additional guidelines.

A complete reference of EPA Procurement Guidelines for the current CPG items is available electronically on the EPA web site at <http://www.epa.gov/cpg>.

OFPP Policy Letter 92-4. OFPP Policy Letter 92-4, “Procurement of Environmentally-Sound and Energy-Efficient Products and Services,” establishes Executive branch policies for the acquisition and use of environmentally-sound, energy-efficient products and services. OFPP’s Policy Letter requires procuring Federal agencies, when drafting or reviewing specifications for guideline items, to assure they:

- (1) Do not exclude the use of recovered materials;
- (2) Do not unnecessarily require the item to be manufactured from virgin materials; and
- (3) Require the use of recovered materials and environmentally-sound components to the maximum extent practicable without jeopardizing the intended use of the item.

Federal agencies must use product descriptions and prepare contract specifications reflecting cost-effective procurement and use of designated recycled products, encouraging bidders to supply products containing recycled material.

Appendix D

Definitions

Acquisition—acquiring by contract with appropriated funds for supplies or services (including construction) by and for the use of the Federal Government through purchase or lease, whether the supplies or services are already in existence or must be created, developed, demonstrated and evaluated. Acquisition begins at the point when agency needs are established and includes the description of requirements to satisfy agency needs, solicitation, selection of sources, contract award and financing details, contract performance and administration, and those technical and management functions directly related to the process of fulfilling agency needs by contract. [EO 13101] **Note:** The term acquisition also applies to the act of obtaining items of supply from established Federal supply sources, such as GSA/FSS and DoD/DLA, through the automated or manual requisitioning process.

Affirmative Procurement Program (APP)—a program assuring that EPA-designated Comprehensive Procurement Guideline (CPG) items composed of recovered materials and “environmentally preferable” and biobased products will be purchased to the maximum extent practicable, consistent with Federal law and procurement regulations. [RCRA, Section 6002, EO 13101]

Biobased Product—a commercial or industrial product (other than food or feed) that utilizes biological products or renewable domestic agricultural (plant, animal, and marine) or forestry materials.

Certification—written documentation provided by offerors/bidders/vendors certifying that the percentage of recovered materials contained in products or used in the performance of the contract is at least the amount required by applicable specifications or other contractual requirements. Certification on multi-component or multi-material products should verify the percentage of postconsumer waste and recycled material contained in the major constituents of the product. [EPA Guidelines]

Cost-Effective Procurement Preference Program—a procurement program favoring more environmentally-sound or energy-efficient products and services than other competing products and services, where price and other factors are equal. [OFPP Policy Letter 92-4]

Designated Item—an available EPA guideline item or category of items, made with recovered material, advancing the purpose of RCRA when purchased. [RCRA, Section 6002]

Environmentally Preferable—products or services having a lesser or reduced [negative] effect on human health and the environment when compared with competing products or services, serving the same purpose. This comparison may consider raw materials acquisition, production, manufactur-

ing, packaging, distribution, reuse, operation, maintenance, or disposal of the product or service. [EO 13101]

Environmentally-Sound—a product or service less damaging to the environment when used, maintained, and disposed of in comparison to a competing product or service. [OFPP Policy Letter 92-4]

Estimation—quantitative determination made by vendors of the total percentage of recovered material contained in offered products. Estimations should be based on historical or actual percentages of recovered materials in products sold in substantial quantities to the general public or on other factual basis. EPA recommends procuring agencies maintain records of these documents for three years by product type, quantity purchased, and price paid. [EPA Guidelines]

Executive Agency or Agency—an Executive agency as defined in 5 U.S.C. 105. For the purpose of EO 13101, military departments, as defined in 5 U.S.C. 102, are covered under the auspices of the Department of Defense. [EO 13101]

Federal Supply Source—any supply source managed by a Federal agency such as the General Services Administration’s Federal Supply Service, the Government Printing Office, or the Department of Defense’s Defense Logistics Agency.

Life Cycle Assessment—the comprehensive examination of a product’s environmental and economic aspects and potential impacts throughout its lifetime, including raw material extraction, transportation, manufacturing, use, and disposal. [EO 13101]

Life Cycle Cost—the amortized annual cost of a product, including capital costs, installation costs, operations costs, maintenance costs, and disposal costs discounted over the lifetime of the product. [EO 13101]

Minimum Content Standard—the minimum recovered material content specifications set to assure the recovered material content required is the maximum available without jeopardizing the intended item use or violating the limitations of the minimum content standards set forth by EPA’s guidelines. [RCRA, Section 6002]

Performance Specification—a specification stating the desired product operation or function, but not specifying its construction materials. [EPA Guidelines]

Postconsumer Material—a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. “Postconsumer material” is a part of the broader category of “recovered material.” [EO 13101]

Postconsumer Waste—a material or product, discarded for disposal after passing through the hands of a final user, having served its intended purpose. Postconsumer waste is

Appendix 523A—GSA Affirmative Procurement Program GSA Order OGP 2851.1

part of the broader category of “recycled material.” [OFPP Policy Letter 92-4 and 40 CFR 247.101(e)]

Practicable—capable of performing in accordance with applicable specifications, available at a reasonable price and within a reasonable period of time, and while maintaining a satisfactory level of competition with other products. [EPA Guidelines]

Preference—when two products or services are equal in performance characteristics and price, the Government, in making purchasing decisions, will favor the more environmentally-sound or energy-efficient product. [OFPP Policy Letter 92-4]

Preference Standard—the highest practicable minimum content standards for products. When minimum content is impractical to calculate, preference is for the presence of a recovered material or an environmentally oriented trait (i.e., retread tires).

Procurement Guidelines—regulations issued by EPA pursuant to Section 6002 of RCRA: (1) identifying items produced (or that can be produced) with recovered materials, where procurement of such items will advance the objectives of RCRA; and (2) providing recommended practices for the procurement of such items. [RCRA, Section 6002]

Procuring Agency—any federal or State agency, or agency of a State’s political subdivision using appropriated Federal funds for a procurement, or any person contracting with any such agency with respect to work performed under a contract. [EPA Guidelines]. The term “person” means an individual, trust, firm, joint stock company, corporation (including a government corporation), partnership, association, State, municipality, commission, political subdivision of a State, or any interstate body and shall include each department, agency, and instrumentality of the United States.

[42 U.S.C. 6903 (15)]

Recovered Material—waste materials and by-products recovered or diverted from solid waste, excluding those materials and by-products generated from, and commonly reused within, an original manufacturing process. [EO 13101 and 42 U.S.C. 6903 (19)]

Recycled Material—a material utilized in place of raw or virgin material in product manufacturing consisting of materials derived from postconsumer waste, industrial scrap,

material derived from agricultural wastes, and other items, all of which can be used in new product manufacture. [EPA Guidelines and OFPP Policy Letter 92-4]

Recycling—the series of activities, including collection, separation, and processing, by which products or other materials are recovered from the solid waste stream for use in the form of raw materials in the manufacture of new products other than fuel for producing heat or power by combustion. [EO 13101]

Solid Waste—garbage, refuse, sludges, and other discarded solid materials, including those from industrial, commercial, and agricultural operations, and from community activities. This excludes solids or dissolved materials in domestic sewage or other significant pollutants in water resources, such as silt, dissolved or suspended solids in industrial waste water effluents, dissolved materials in irrigation return flow, etc. [EPA Guidelines]

Specification—a clear and accurate description of the technical requirements for materials, products, or services including the minimum requirement for materials’ quality and construction and any equipment necessary for an acceptable product. In general, specifications are in the form of written descriptions, drawings, prints, commercial designations, industry standards, and other descriptive references. [EPA Guidelines]

Verification—procedures used by procuring agencies to confirm both vendor estimates and certifications of the percentages of recovered material contained in the products supplied to them or to be used in the performance of a contract. [EPA Guidelines]

Virgin Material—a mined or harvested raw material to be used in manufacturing.

Waste Prevention—any change in the design, manufacturing, purchase, or use of materials or products (including packaging) to reduce their amount or toxicity before they are discarded. Waste prevention also refers to the reuse of products or materials. [EO 13101]

Waste Reduction—preventing or decreasing the amount of waste being generated through waste prevention, recycling, or purchasing recycled and “environmentally preferable” products. [EO 13101]

Corporate surety bonds must be manually signed by the Attorney-in-Fact or officer of the surety company and the corporate seal affixed. The contracting officer may waive failure of the surety to affix the corporate seal as a minor informality. (See B-184120, July 2, 1975, 75-2 CPD 9.)

528.202-70 Acceptability of bonds and sureties.

Verify the acceptability of the surety on a bond by placing the words "Acceptability of Bond Verified," and sign immediately thereunder, on the bond or on a properly identified attachment. Subpart 532.2—Commercial Item Purchase Financing**532.206 Solicitation provisions and contract clauses.**

(a) *Discounts for prompt payment.* Include [552.232-8](#), Discounts for Prompt Payments, in multiple award schedule solicitations and contracts instead of the clause at Federal Acquisition Regulation 52.232-8. Use Alternate I in solicitations and contracts for—

Prepare the findings and determinations required by FAR 32.402(e) in coordination with the contract finance office. The HCA approves the findings, determinations and authorization for advance payments.

532.407 Interest.

The contract finance office will give you the interest rate to be charged on the unliquidated balance of advance payments.

Subpart 532.5—Progress Payments Based on Costs

532.501 General.

532.501-2 Unusual progress payments.

The HCA must approve or disapprove requests for “unusual” progress payments.

532.501-70 Use of benchmarks with progress payments based on costs.

(a) In unusual circumstances, you may request that specified benchmarks, such as submission and acceptance of a pre-production or pilot model, be achieved before making progress payments based on costs. If you do this, the HCA must make a written determination that use of benchmarks is in the best interest of the Government. The solicitation and each resulting contract must then include a provision specifying which benchmarks must be achieved before progress payments are made.

(b) Do not use benchmarks in a manner that will convert progress payments based on costs into progress payments based on a percentage or stage of completion.

532.502 Preaward matters.

532.502-2 Contract finance office clearance.

(a) The contract finance office director provides the approval required by FAR 32.502-2.

(c) Provides you written recommendations if findings warrant action by the Government.

532.503-6 Suspension or reduction of payments.

The HCA must approve any action recommended under FAR 32.503-6. Upon approval, request the contract finance office to suspend or reduce payments.

532.503-9 Liquidation rates—alternate method.

Reduction of the liquidation rates specified in paragraph (b) of FAR 52.232-16 may be made only with your

approval after coordination with the contract finance office. Upon approval, request the finance office to reduce the rate.

Subpart 532.6—Contract Debts

532.606 Debt determination and collection.

532.606-70 Definitions.

“Debt” means an amount of money or property that a responsible official has determined is owed to the United States by any person or entity except that the term does not apply to amounts owed by another Federal agency.

“Delinquent debt” means an amount that has not been paid or otherwise collected by the date specified (usually 30 days) in your initial written demand for payment (i.e., contracting officer’s final decision letter).

“Responsible official” means you, the contracting officer. However, the contract finance office is responsible for the administration of debt collection under the Accounting Operations—Accounts Receivable and Credit and Finance Operations, and Related Activities Handbook (PFM P 4253.1).

532.606-71 Referral of delinquent debts.

(a) The contract, or a portion of the contract, will be chargeable to funds of the new fiscal year.

(b) The circumstances described in the prescriptions for FAR 52.232-18 or 52.232-19 do not apply.

Subpart 532.8—Assignment of Claims

532.805 Procedure.

(a) When acknowledging receipt of the notice of assignment, notify the contractor that all future invoices or other requests for payment under the contract must specify the name and address of the assignee and include a notation that payments due thereunder have been duly assigned. You must send a copy of the acknowledgment to the contract finance office.

(b) When payments under requirements or indefinite quantity contracts that are for the sole use of GSA have been assigned, provide all GSA offices that will place orders against the contract the name and address of the assignee that will receive amounts due under the contract. The notification should also state that you requested the contractor to specify the name and address of the assignee on future invoices.

532.806 Contract clauses.

Insert the clause at [552.232-23](#), Assignment of Claims, in solicitations and requirements or indefinite quantity contracts under which more than one agency may place orders.

(b) By the Contractor, to accept and fill orders, submit invoices, and receive payment.

532.905 Invoice payments.

(a) *General and architect-engineer contracts.* Before exercising the authority to modify the date for constructive acceptance or constructive approval of progress payments in the clauses listed below, you must prepare a written justification explaining why a longer period is necessary. An official one level above you must approve your justification. Determine the time needed on a case-by-case basis.

(1) In paragraph (a)(6)(i) of the clause at FAR 52.232-25, Prompt Payment, do not specify a constructive acceptance period that exceeds 30 days.

(2) In paragraph (a)(4)(i)(A) of the clause at FAR 52.232-26, Prompt Payment for Fixed-Price Architect-Engineer Contracts, do not specify a constructive acceptance period that exceeds 30 days.

(3) In paragraph (a)(4)(i)(B) of the clause at FAR 52.232-26, Prompt Payment for Fixed-Price Architect-Engineer Contracts, do not specify a period for constructive approval of progress payments that exceeds 7 days.

(b) Construction contracts.

(1) Determine on a case-by-case basis the time specified for payment of progress payments in paragraph (a)(1)(i)(A) of the clause at FAR 52.232-27, Prompt Payment for Construction Contracts. Justify in writing periods longer than 14 days. An official one level above you must approve your justification. Under no circumstances may more than 30 days be specified.

(2) Determine the time to be specified in paragraph (a)(4)(i) of FAR clause 52.232-27, for constructive acceptance or approval, on a case-by-case basis. This time may not exceed 7 days unless you justify a longer period in writing, and obtain the approval of an official one level above you. Under no circumstances may more than 30 days be specified.

(c) Federal Supply Service.

(1) To increase efficiency and reduce costs to the Government, Federal Supply Service contracts under the Stock, Special Order, and Schedules Programs may authorize payment within 10 days of receipt of a proper invoice. The contract must meet all the following conditions:

(i) The contractor agrees to full cycle electronic commerce.

(ii) The contract includes FAR 52.232-33, Mandatory Information for Electronic Funds Transfer Payment.

(2) The 10 day payment terms apply to each order that meets all the following conditions:

(i) FSS places the order using EDI in accordance with the Trading Partner Agreement.

(ii) The contractor submits EDI invoices in accordance with the Trading Partner Agreement or invoices through the GSA Finance Center Internet-based invoice process.

(iii) A GSA Finance Center pays the invoices using EFT.

(3) The 10 day payment terms do not apply to any order:

(i) Placed by a GSA contracting activity other than FSS.

(ii) Placed by or paid by another agency.

532.905-70 Certification of payment to subcontractors and suppliers under fixed-price construction contracts.

The contractor may use GSA Form 2419, Certification of Progress Payments Under Fixed-Price Construction Contracts, for the certification required by FAR 52.232-5.

532.905-71 Final payment—construction and building service contracts.

The following procedures apply to construction and building service contracts.

(a) Do not process the final payment on construction or building service contracts until the contractor submits a properly executed GSA Form 1142, Release of Claims. If, after repeated attempts, you are unable to obtain a release of claims from the contractor, you may process the final payment with the approval of assigned legal counsel.

(b) The amount of final payment must include, as appropriate, deductions to cover any of the following:

- (1) Liquidated damages for late completion.
- (2) Liquidated damages for labor violations.
- (3) Amounts withheld for improper payment of labor wages.

(4) The amount of unilateral change orders covering defects and omissions.

532.907 Interest penalties.

(a) *Federal Supply Service*. For FSS Stock, Special Order, and Schedules solicitations and contracts that provide payment in 10 days under [532.905\(c\)](#):

(1) If the contract will include FAR 52.212-4, insert the clause at [552.232-74](#), Invoice Payments. GSA received a class deviation to allow use of [552.232-74](#) for commercial items.

(2) If the contract will not include FAR 52.212-4, insert [552.232-25](#), Prompt Payment, instead of FAR 52.232-25.

(2) Insert [552.232-76](#), Electronic Funds Transfer Payment, in solicitations and contracts for acquisition of leasehold interests in real property.

(i) You may modify the date for constructive acceptance in subparagraph (b)(2) of the clause to specify a period longer than 7 calendar days (but not to exceed 30 days) if necessary because of the nature of the services to be received, inspected or accepted by the Government. Prepare a written justification for specifying the longer period and obtain your contracting director's approval.

(ii) Use Alternate I if the lease contract does not contain provisions for ordering alterations or overtime utility services.

(c) *Solicitations, purchase orders, contracts, and leases*. Insert [552.232-78](#), Payment Information:

(1) In all solicitations, purchase orders, and contracts, including acquisitions of leasehold interests in real property.

532.7003 Contract clause.

(a) *Indefinite-delivery, indefinite-quantity (IDIQ) contracts other than Federal Supply Service*. Insert the clause at [552.232-77](#), Payment By Governmentwide Commercial Purchase Card, in IDIQ solicitations and contracts for supplies and services if the contract will provide for payment by Governmentwide commercial purchase card as an alternative method of payment for orders.

(b) *Federal Supply Service contracts.* Use Alternate I of the clause at [552.232-77](#) for all Federal Supply Schedule solicitations and contracts, except for—

- (1) Federal Supply Schedule 70, Information Technology;
- (2) The Consolidated Schedule contracts containing information technology Special Item Numbers;
- (3) Federal Supply Schedule 84; and
- (4) Federal Supply Schedule contracts for recovery purchasing (see [538.7102](#)).

(c) Use [552.232-79](#) instead of [552.232-77](#) in solicitations and contracts for—

- (1) Federal Supply Schedule 70;
- (2) The Consolidated Schedule containing information technology Special Item Numbers;
- (3) Federal Supply Schedule 84; and
- (4) Federal Supply Schedule contracts for recovery purchasing (see [538.7102](#)).

Subpart 532.71—Payments for Recurring Services

532.7101 Definitions.

“Fixed roll payment” means automatic payment of fixed amounts at regular intervals without submission of an invoice or receiving report.

532.7102 Applicability.

You may use fixed roll payments in any contract that meets all four of the following conditions:

- (a) The contract provides for recurring services at a constant level for a period of at least two months.
- (b) The contract does not contain any discount terms.
- (c) Payment is due 30 days following completion of the service month.
- (d) For a commercial item acquisition, fixed roll payments are consistent with customary commercial practice.

532.7103 Procedures.

(a) *Payment.* (1) *Process.* Finance processes payment automatically, without submission of an invoice or receiving report, 30 days from the last day of service. Finance pays the monthly amount authorized in the original contract provided to Finance with the ACT label, or contract modification, less any deductions (see [532.7102\(d\)](#)).

(2) *Vendor payment identification.* Finance generates the 12 digit invoice number using the ACT number followed by an abbreviated month and year of service (e.g., 84261554JUN7, for June 1997). Ensure that the ACT

number appears on the contract award document so that the contractor can identify payments.

(b) *Contract deductions.* Any contract that provides for fixed roll payment requires effective monitoring to ensure satisfactory performance and identify any deductions to which the Government is entitled. If the Government is entitled to a deduction (e.g., as consideration for nonperformance or late performance), notify the Fort Worth Finance Division promptly. Prompt notice is critical to avoiding more burdensome action later to recover an overpayment. Use the following procedures.

(1) To make a deduction from the payment due a contractor, notify the Fort Worth Finance Division. You may provide the notice by any of the following means:

(i) Mail, addressed to:
Chief, Accounts Payable Branch
GSA Finance Division (7BCP)
PO Box 17181
Fort Worth, TX 76102

(ii) Facsimile (receiving report or letter format) to:
Chief, Accounts Payable Branch
(817) 978-7413

(iii) cc:Mail to:
#R7 FINANCE VCPC VENDORS A-I
#R7 FINANCE VCPC VENDORS J-Z

(2) Provide all the following information in the notice:

- (i) ACT number.
- (ii) Specific multiple distribution line (MDL) coding affected by the deduction, unless the deduction is prorated among all accounting coding according to the existing distribution.
- (iii) Contract number.
- (iv) Vendor name.
- (v) Month of service.
- (vi) Original monthly amount.
- (vii) Amount of deduction.
- (viii) Amount authorized for payment.
- (ix) Your phone number.

(3) Provide deduction notices no later than the 20th day of the month following service. For notices received after the 20th, Finance will subtract the deduction from the next month’s payment.

(c) *Final Payment.* Based on the contract expiration date, Finance will automatically remove contracts from the fixed roll system in the month prior to expiration. Finance will request a final receiving report in the usual manner to ensure all requirements for contract close-out have been met. Finance will not make final payment until it receives the final receiving report or like authorization from you.

532.7104 Contract clauses.

(a) *Noncommercial item acquisitions.* For solicitations and contracts to be paid by fixed roll payment, include the clause at [552.232-1](#), Payments. Do not include the clauses at FAR 52.232-1, Payments, or [552.232-70](#), Invoice Requirements.

(b) *Commercial item acquisitions.* For solicitations and contracts to be paid by fixed roll payment, tailor the clause at FAR 52.212-4 by an addendum as noted in (1) and (2) below. This tailoring is authorized by a deviation approved on January 5, 1999.

(1) Delete paragraph FAR 52.212-4(g), Invoice.

(2) Add the following to paragraph FAR 52.212-4(i), Payment:

The Government shall pay the Contractor, without submission of invoices or vouchers, 30 days after the service period, the prices stipulated in this contract for services rendered and accepted, less any deductions provided in this contract.

Subpart 532.72—Payments Under Contracts Subject to Audit

532.7201 General.

(a) Do not approve an initial invoice or voucher before consulting with the Assistant Inspector General—Auditing or the Field Audit Office regarding cost or other supporting data as required under:

- (1) Cost-reimbursement type contracts.
- (2) The cost-reimbursement portion of fixed-price type contracts.
- (3) Time and materials or labor-hour contracts.
- (4) Fixed-price contracts providing for any of the following:
 - (i) Progress payments based on costs.
 - (ii) Advance payments.
 - (iii) Guaranteed loans.
 - (iv) Incentives or redetermination.

(b) Except for fixed-price contracts with redetermination where no price revision (upward or downward) is to be made, do not approve the final payment invoice or voucher for contracts specified in [532.7201\(a\)](#), nor the final payment or settlement of other contracts subject to audit prior to:

- (1) Receipt and review of the contract audit report.
- (2) Consultation with the Assistant Inspector General for Auditing or the Field Audit Office if no audit is to be conducted.

532.7202 Submission and processing of invoices or vouchers.

(a) Require contractors to submit invoices or vouchers to you. Annotate invoices with the date of receipt, as required by FAR 32.905. That date will be used to determine interest penalties for late payments. You, or your designee, must review the processing of invoices or vouchers before payment to determine if the items and amounts claimed are in consonance with the contract terms and represent prudent business transactions. You must ensure that these payments are commensurate with physical and technical progress under the contract. If the contractor has not deducted questionable amounts from the invoice or amounts required to be withheld, you must make the required deduction, except as provided in [532.7203](#).

(b) Subject to [532.7201](#), note your approval of any payment on (or attached to) the invoice or voucher submitted by the contractor. Forward the invoice or voucher to the appropriate contract finance office for retention after certification and scheduling for payment by a disbursing office.

532.7203 Action upon receipt of an audit report.

Audit reports will be furnished to you, with a copy to the appropriate contract finance office. Upon receipt of an audit report, pursuant to contract terms, determine the allowability of all costs covered by audit. Give full consideration to the auditor's recommendations, but make an independent business judgment before taking any action based on the audit report. If you doubt or question any of the auditor's recommendations, you need not make deductions from invoices or vouchers for provisional payments. In these cases, confer with the auditor and other appropriate Government personnel (such as a price specialist and assigned counsel) to determine what action to take. If you disagree with the auditor's recommendations, document the contract file and furnish the auditor with a copy of the statement.

532.7204 Suspension and disapproval of amounts claimed.

(a) Notify the appropriate contract finance office in writing when amounts claimed for payment are either:

- (1) Suspended.
- (2) Disapproved as not being allowable according to contract terms.
- (3) Not allocable to the contract.

(b) Your notice forms the basis for the contract finance office to issue GSA Form 533, Administrative Difference Statement. Finance will attach a copy of GSA Form 533 to each copy of the invoice or voucher from which the deduction has been made, and will include an explanation of the deduction.

PART 533—PROTESTS, DISPUTES, AND APPEALS

Subpart 533.1—Protests

533.101 Definitions.

“Agency Protest Official for GSA” means the Central Office official in the Office of the Chief Acquisition Officer (OCAO) designated to independently review and decide procurement protests filed with GSA when the protester requests an agency review by other than the contracting officer.

“Deciding official” means the person chosen by the protester to decide the agency protest; it may be either the contracting officer or the Agency Protest Official for GSA.

533.102 General.

Unless otherwise authorized by the Office of General Counsel (OGC), OGC contacts anyone outside of GSA involved in protests of GSA contract actions filed with the Comptroller General or in a Federal court.

533.103 Protests to the agency.

533.103-1 Filing a protest.

(a) Any protester filing an agency protest has the choice of requesting either that the contracting officer or the Agency Protest Official decide the protest. If the protest is silent on this matter, the contracting officer will decide the protest. If a party requests a review at a level above the contracting officer, the Agency Protest Official will decide the protest. The decision by the Agency Protest Official for GSA is an alternative to a decision by the contracting officer on a protest. The Agency Protest Official for GSA will not consider an appeal of the contracting officer’s decision on an agency protest.

(b) If an agency protest is filed, the deciding official uses the procedures in FAR 33.103 and this section to resolve the protest. The deciding official will provide a fair and quick review of any protest filed with the agency.

(c) The filing timeframes in FAR 33.103(e) apply. An agency protest is filed when the complete protest is received at the location the solicitation designates for serving protests. GSA’s hours of operation are 8 a.m. to 4:30 p.m. Protests delivered after 4:30 p.m. will be considered received and filed the following business day.

(d) The protest must meet all the following conditions:

- (1) Include the information required by FAR 33.103(d)(2).
- (2) Indicate that it is a protest to the agency.
- (3) Be filed in writing with the contracting officer.

(4) State whether the protester chooses to have the contracting officer or the Agency Protest Official decide the protest. If the protest does not include the protester’s choice, then the contracting officer will decide the protest (see paragraph (a) of this subsection).

(e) The following procedures apply to information submitted in support of or in response to an agency protest:

(1) GSA procedures do not provide for any discovery.

(2) The deciding official has discretion to request additional information from either the agency or the protester, orally or in writing, as may be necessary to render a timely decision on the protest. However, protests are normally decided on the basis of information initially provided by the protester and the agency.

(3) To the extent permitted by law and regulations, the parties may exchange relevant information.

(4) The agency must make a written response to the protest within ten days unless another date is set by the deciding official.

(5) The agency must also provide the protester with a copy of the response on the same day it files the protest response with the deciding official. If the agency believes it needs to redact or withhold any information in the response from the protester, it should identify and provide the information to the deciding official for *in camera* review.

(f) A protester may represent itself or be represented by legal counsel. GSA will not reimburse the protester for any legal fees related to the agency protest.

(g) GSA may dismiss or stay proceedings on an agency protest if a protest on the same or similar basis is filed with a protest forum outside of GSA.

533.103-2 Deciding a protest.

(a) When the Agency Protest Official is the deciding official:

(1) The contracting officer must ensure that the Agency Protest Official and assigned legal counsel receive a copy of the materials served on the contracting officer within one business day after the filing date.

(2) The Agency Protest Official must conduct a scheduling conference with the protester and assigned agency legal counsel as soon as practicable after the protest is filed. The scheduling conference will establish the Agency Protest Official’s plan to develop an appropriate record to assist his/her decision making. The Agency Protest Official, in his/her discretion, may ask the parties to participate in an oral presentation and/or to submit other written material related to the protest issues. In the event the Agency Protest Official deems it necessary to have an oral presentation following submission of the agency’s written response, it should be limited to

resolving remaining issues of material fact necessary for resolution of the protest, as identified in advance by the Agency Protest Official. In such a case, the Agency Protest Official will determine whether a further written response from both parties is required following the oral conference. Other parties (e.g., representatives of the program office) may attend at the discretion of the Agency Protest Official.

(3) If the Agency Protest Official sustains a protest, the contracting officer must, within thirty (30) days after receiving the protest decision, fully implement the recommended relief.

(b) Conferences and presentations may take place either by telephone or in person.

(c) If GSA receives an agency protest before contract award, the contracting officer shall not make award unless the HCA makes a determination to proceed under FAR 33.103(f)(1). Similarly, if GSA receives an agency protest within ten (10) days after award or within five (5) days after a debriefing date offered to the protester under a timely debriefing request under FAR 15.505 or 15.506, whichever is later, the contracting officer must suspend contract performance unless the HCA makes a determination to proceed under FAR 33.103(f)(3). Any stay of award or suspension of performance remains in effect until the protest is decided, dismissed, or withdrawn.

(d) The deciding official must obtain legal review of all draft protest decisions as required by GSA Order, Legal Services (ADM 5000.4A).

(e) The decision of the deciding official must be in writing, dated, and include the following information:

- (1) Whether the protest was denied, sustained, or dismissed; and
- (2) The rationale for the decision.

(f) If the deciding official sustains the protest, relief may consist of any of the following recommendations:

- (1) Terminating the contract.
- (2) Re-competing the requirement.
- (3) Amending the solicitation.
- (4) Refraining from exercising contract options.
- (5) Reevaluating the offers or bids and awarding a contract consistent with statute, regulation, and the terms of the solicitation.

(6) Other action determined appropriate by the deciding official.

533.104 Protests to GAO.

(a) *General procedures.* (1) The expeditious and timely handling of Government Accountability Office (GAO) protests is a GSA priority.

(2) As soon as GAO receives a protest filed against GSA, it informs the GSA Office of General Counsel (OGC). OGC will —

(i) Formally request a Statement of Fact and Position and compilation of documents (see FAR 33.104(a)(3)) from the contracting officer;

(ii) Notify the contracting officer of the designated protest counsel (the GSA attorney responsible for handling the case);

(iii) Provide GAO with the name, title, and telephone number of one or more GSA officials who may be contacted by GAO regarding the protest.

(3) If the contracting activity receives a protest before being informed of it by OGC, he/she must immediately forward it to OGC.

(4) The designated protest counsel is responsible for preparing a report to GAO, based upon the Contracting Officer's Statement of Fact and Position.

(5) The Contracting Officer's Statement of Fact and Position shall be reviewed by designated protest counsel and the contracting director.

(6) The Contracting Officer's Statement of Fact and Position and the compilation of documents under FAR 33.104(a)(3)(ii) are due to the designated protest counsel within 10 business days after receipt of the protest by the contracting officer. The time period may be reduced if the GAO so decides. If the contracting officer cannot complete the Statement of Fact and Position and the compilation of documents within the time, the contracting officer must promptly telephone the designated protest counsel with the reason for the delay. The designated protest counsel has the discretion to authorize or disapprove the request; if the extension would delay submission of GSA's report to GAO beyond 30 days from receipt of the protest, the designated protest counsel must first consult with GAO.

(7) Once the Statement of Fact and Position has been sent to the designated protest counsel, the contracting officer and Regional Counsel are responsible for promptly informing the designated protest counsel of any later developments that may affect the case.

(8) The contracting officer is responsible for informing all interested parties that a GAO protest has been filed. (See FAR 33.104(a)(2).) This should be done in writing using a method that provides evidence of receipt.

(b) *Competition in Contracting Act (CICA) stay overrides.*

GSA requires the contracting officer to prepare the written determination and findings (D&F) under FAR 33.104(b) and (c) and obtain the concurrence of the Associate General Counsel (and Regional Counsel if a regional procurement) before submitting the D&F for the HCA's approval and signature. Once the D&F is signed, the designated protest counsel must inform GAO of the findings and intention to award, or authorize contract performance, before GSA can actually take the intended action. Copies of the decision must be distributed in accordance with FAR 33.104(d).

(c) *Content of Report to GAO.* (1) *All reports.* In addition to the requirements of FAR 33.104(a)(3), the GSA report contains all the following:

- (i) GAO protest number (GAO case file number).
- (ii) Solicitation or contract number.
- (iii) Full corporate name of the protesting organization and other firms involved.
- (iv) Statement indicating if the protest was filed before or after award.

(2) *Report for protest after award.* If the protest is filed after award, the report also includes:

- (i) Identity of the awardee.
- (ii) Date of award.
- (iii) Contract number.
- (iv) Date and time of bid opening (including a statement if the date of bid opening was extended by amendments).
- (v) Total number of offerors.
- (vi) Complete chronological statement of all relevant events and administrative actions taken (including reasons and authority for the actions taken).

(vii) Other relevant documents believed helpful in determining the validity of the protest. This evidence should be referenced and identified within the text of the position statement, alphabetically or numerically, *e.g.*, Tab A, Exhibit 1, etc.

(d) *Notice to GAO.* OGC concurs on the HCA's report to the Comptroller General if GSA has decided not to comply with GAO's recommendation.

533.105 Court of Federal Claims Protests.

(a) Upon receipt of either a copy of a protest filed in the Court of Federal Claims (COFC) or a telephone call from the Department of Justice (DOJ) advising of the filing of a COFC protest, the contracting officer shall immediately notify and/or send a copy of any filed documents received to OGC.

(b) OGC is responsible for communicating and coordinating with DOJ regarding defense of any COFC protest. The contracting officer shall provide information and support as directed by OGC, including compilation of necessary documents and other materials.

Subpart 533.2—Disputes and Appeals

533.209 Suspected fraudulent claims.

In GSA, the agency official responsible for investigating fraud is the Office of Inspector General.

533.211 Contracting officer's decision.

The contracting officer's written decision must include the paragraph at FAR 33.211(a)(4)(v). The contracting officer shall state in the decision that a contractor's notice of appeal to the Civilian Board of Contract Appeals (CBCA) should include a copy of the contracting officer's decision.

533.212 Contracting officer's duties when an appeal is filed.

533.212-1 General.

(a) The contractor may elect to appeal the contracting officer's decision by filing a notice of appeal with the Civilian Board of Contract Appeals (CBCA) or by filing suit in the United States Court of Federal Claims (COFC). In cases brought before the CBCA, GSA is represented by the GSA Office of General Counsel (OGC). In cases brought before the COFC, GSA is represented by the Department of Justice (DOJ), with the assistance of OGC.

(b) When a case is brought before the CBCA or the COFC, OGC will notify the contracting officer of the designated litigation counsel (the GSA attorney responsible for handling the case). The contracting officer shall provide assistance to designated litigation counsel as specified in this section or as otherwise requested by designated litigation counsel.

(c) Notwithstanding the filing of an appeal, the contracting officer retains existing authorities with respect to the administration of the contract. However, the contracting officer is not authorized to represent GSA before the CBCA or the COFC or to an attorney representing the contractor. If the contracting officer is contacted by an attorney for the contractor, the contractor's attorney must be referred to GSA's designated litigation counsel.

(d) If a contractor appeals a decision that has been deemed to be denied in accordance with the Contract Disputes Act (CDA), the CBCA or COFC may require the contracting officer to issue a decision in accordance with the CDA at 41 U.S.C. §605.

533.212-2 Procedures when an appeal is filed.

(a) *Timeliness.* If the contracting officer believes that the appeal is untimely filed, either at the CBCA or COFC, the contracting officer shall immediately transmit to designated litigation counsel copies of documentary evidence related to timeliness, including a copy of the final decision and certified mail receipt.

(b) CBCA Appeal File.

(1) When an appeal is filed before the CBCA, the contracting officer shall prepare the file of documentary exhibits required in the Board's Rules of Procedure at <http://www.cbca.gsa.gov>, in accordance with the Board's rules governing the Appeal File.

(2) Generally, the Appeal File shall include all documents referenced in and supporting the agency's position, including, the contract, the claim, and the contracting officer's decision.

(3) The contracting officer should consult with the counsel to obtain general assistance in preparing the Appeal File, and consult with designated litigation counsel to determine requirements specific to the appeal, including possible electronic submission of the Appeal File. If the contract is voluminous and the dispute pertains only to a discrete portion of the contract, the contracting officer should consult with designated litigation counsel to determine whether inclusion of a portion of the contract is acceptable.

(4) In preparing the Appeal File, the contracting officer must adhere to the following particular requirements:

(i) The exhibits must be placed in a 3-ring binder(s), with numbered tabbed division sheets separating each exhibit.

(ii) The exhibits must be assembled in chronological order, with the oldest exhibit coming first.

(iii) If a multi-page exhibit lacks internal pagination, page numbering must be added, by hand, label, stamp or other means.

(iv) An index must be prepared including a brief description of each exhibit, the date of the exhibit, and the tab number corresponding to the exhibit.

(5) The contracting officer shall submit the proposed Appeal File, together with an electronic version of the index, to designated litigation counsel within 20 days of receiving notice of appeal, or shorter, if notified that accelerated procedures apply. Should the volume of exhibits or other factors require additional time for preparation of the Appeal File, the contracting officer should immediately notify designated litigation counsel in order that an extension may be obtained.

(6) After designated litigation counsel has reviewed the proposed Appeal File and index, the contracting officer shall make revisions as requested. Unless otherwise requested, the contracting officer shall produce five copies of the Appeal File and transmit four copies to designated litigation counsel.

(c) COFC Litigation Report.

(1) When a case is filed at the COFC, the agency is required to furnish a litigation report to DOJ. The contracting officer shall furnish all necessary information to designated litigation counsel for preparation of the litigation report.

(2) At a minimum, the information to be furnished shall include—

(i) A narrative of the factual background underlying the dispute;

(ii) A copy of the claim and the contracting officer's decision;

(iii) Copies of documents related to the dispute, including copies of documents referenced in the claim or contracting officer's decision;

(iv) Name and contact information for GSA and other personnel involved in the dispute.

(d) *Answer to Complaint.* When an appeal is filed at the CBCA or COFC, the contractor is required to file a formal pleading called a Complaint, which sets forth the allegations of fact upon which the claim is based. The Government, except for the situation discussed below, is obligated to respond to the Complaint by admitting, denying, or otherwise responding to the contractor's allegations in a formal pleading called the Answer. The contracting officer shall assist designated litigation counsel in the drafting of the Answer by advising whether the contractor's allegations of fact should be admitted or denied. If a response to an allegation in the complaint requires information in the possession of other GSA personnel, the contracting officer shall conduct sufficient research reasonably necessary in order to form a belief as to the truth of the allegation. If the information necessary to form a belief as to the truth of the allegation is not in GSA's possession, the contracting officer shall so advise designated litigation counsel. In some cases, the Government may respond to the Complaint by filing a motion to dismiss in lieu of filing an Answer. Designated litigation counsel will advise the contracting officer if a motion to dismiss will be filed.

(e) *Discovery.* After the complaint and answer are filed with the CBCA or COFC, each party will usually commence discovery. The contracting officer shall assist designated litigation counsel in responding to all discovery requests, including providing information in response to interrogatories, identifying and locating requested documents, and assisting with production of witnesses for depositions.

533.212-3 Preservation of Evidence.

When an appeal is filed, the contracting officer is required to ensure that evidence in his or her control related to a dispute is preserved. In addition to physical documentation, such evidence includes electronic data stored on agency computer systems. The contracting officer shall assist designated litigation counsel with preservation of evidence by identifying relevant files containing physical documentation, including not only the contract file but files containing information related to the dispute that are maintained by other GSA organizations. The contracting officer shall also assist designated litigation counsel in identifying other GSA personnel whose electronic data, including email, word processing documents, spreadsheets, and other electronic files may include information relating to the dispute.

AMENDMENT 2008-03 JANUARY 8, 2009

533.212-4 Settlement.

Notwithstanding the contracting officer's claim of settlement authority, the contracting officer is not authorized to settle a case brought before the CBCA or COFC. Only OGC may authorize settlement of a case before the CBCA or concur on behalf of GSA to the settlement of a case before the COFC, subject to internal OGC approval requirements. The contracting officer shall provide requested assistance to designated litigation counsel in the negotiation, review, and approval of settlements.

533.214 Alternative dispute resolution (ADR).

It is GSA's policy to use ADR to effect the prompt, efficient and just resolution of disputes. The contracting officer should refer to GSA Order CSL P 5050.1A, Using Alternative Dispute Resolution Techniques, and consult with designated litigation counsel on the use of ADR.

PART 534—MAJOR SYSTEM ACQUISITION

Subpart 534.2—Earned Value Management Systems.

534.201 Policy.

(a) *Policy.* This Subpart provides policies and procedures for incorporating an Earned Value Management System (EVMS) (see FAR 2.101) in GSA contracts, for the exclusive use of GSA, pursuant to OMB Circular A-11, Part 7. It is a results-based tool that can also provide for the preclusion of possible problems or concerns during the project.

(b) *Definition of major acquisition.* OMB Circular A-11, Part 7, Capital Planning Guide Supplement, refers to the definition of “major acquisition” as a capital project that requires special management attention because of its: (1) importance to an agency’s mission; (2) high development, operating, or maintenance costs; (3) high risk; (4) high return; or (5) significant role in the administration of an agency’s programs, finances, property, or other resources.

(c) *Applicability.* It is GSA policy to define major acquisition for the purposes of EVMS as follows:

(1) *GSA acquisitions valued at \$20 million or more.* Cost-reimbursement or incentive contracts and orders (see FAR subparts 16.3 and 16.4) shall require a formally validated EVMS (in accordance with ANSI/EIA-748-A Earned Value Management System Acceptance Guide (see 534.201(d) below)). EVMS requirements shall be included in commercial and non-commercial contracts, MAS orders, and GWAC orders when the requirements entail developmental or modernization work, as defined by OMB’s definition of Developmental/Modernization/Enhancement in A-11, Part 7. Firm-fixed price, time-and-materials, and labor hour contracts and orders that are solely for commercial items or services, as defined at FAR 2.101, should not normally include EVMS.

(2) *GSA acquisitions valued at less than \$20 million.* EVMS requirements apply for contracts and orders of any type valued at less than \$20 million if the program manager and contracting officer determine that EVMS is needed in that instance. This rationale shall be documented in the acquisition plan for the procurement.

(d) *Industry Guides.* Earned Value Management is based upon the application of an international standard, ANSI/EIA-748-A (June 2007). Specific EVMS Guides approved for use by industry and U.S. Government for implementation of various aspects of ANSI/EIA-748-A are maintained by the National Defense Industrial Association (NDIA). These Guides include:

- (1) EVMS Application Guide.
- (2) EVMS Surveillance Guide.
- (3) EVMS Intent Guide.

- (4) EVMS System Acceptance Guide.
- (5) Program Managers’ Guide to the Integrated Baseline Review Process.
- (6) Integrating Risk Management with Earned Value Management.
- (e) The Guides can be found at <http://www.ndia.org/evm>.

534.201-70 Procedures.

(a) *General.* Major acquisitions are designated by agency planners in coordination with OMB. All major acquisitions should have a complete and approved acquisition plan, a performance-based work statement, and a performance-based management system. The contracting officer should coordinate with the program manager to determine whether the program has been designated a major acquisition and, if so, to ensure that the following have been adequately addressed in order to apply EVMS properly.

(b) *Adequate funding.* Before proceeding with the procurement, the contracting officer should verify that the program budget contains sufficient funding to conduct required EVMS reviews and the Integrated Baseline Review (IBR) (see FAR 34.202 and appropriate NDIA Guide).

(c) *Contract work breakdown structure.* The program manager is responsible for preparing the Contract Work Breakdown Structure (CWBS) to be included in the work statement. The reporting of progress, performance, and engineering evaluations, as well as financial data and variance analysis, is based on the CWBS.

(d) *Requirements Package language.* When a proposed acquisition meets the requirements for EVM applicability, the requirements package must address the Contract Work Breakdown Structure (CWBS) and the performance schedule, and it must include in the work statement the requirement for EVMS. Sample language is provided below and should be modified to fit particular program requirements.

(1) *EVMS statement for work statement.*

“The Contractor must utilize an EVMS for planning, controlling, and integrating project scope, schedule, and resources. The Contractor must provide documentation that its EVMS is compliant with the Standard. If the Contractor proposes to use an EVMS or similar system that is not compliant, the Contractor must submit with its proposal a comprehensive plan to develop and implement a compliant EVMS.”

(2) *Contract Work Breakdown Structure (CWBS).* The program manager is responsible for preparing a preliminary CWBS that is compatible with the Program Work Breakdown Structure (PWBS) and for including the CWBS in the requirements package. When determining the appropriate reporting level, the program manager should extend the CWBS only to the level that allows visibility into those high-cost, high-risk, or specific areas critical to the success of the program. The

CWBS should not specify an excessive number of lower-level elements because it may impinge on the contractor's normal method of operations or result in excessive reporting. Sample CWBS language follows:

"The Contractor must extend the preliminary CWBS specified in the solicitation to meaningful management or product-oriented lower levels that reflect the way it does business. The Contractor must prepare and deliver a CWBS Index and Dictionary. The Contractor has complete flexibility in extending the CWBS, but it must ensure that the CWBS is reconcilable with the Program WBS and that reporting of progress, performance, and engineering evaluations, as well as financial data and variance analysis, is based on the CWBS. The CWBS must be extended to the necessary level to support development of a logical and efficient sequence of tasks designed to accomplish the effort described in the Contract."

(3) *Performance Schedule*. To ensure that the management control system is integrated, the program manager is required to define requirements in the work statement for a schedule showing the sequence of events and the critical path for program milestones or deliverables. Offerors should be required to use this schedule in preparing their proposals, and the performance schedule will ultimately result in an Integrated Master Schedule after completion of the IBR. Sample work statement language follows:

"The Contractor must establish a performance schedule that describes in sufficient detail the sequence of events needed to accomplish the requirements of the contract. The performance schedule must also reflect congruent CWBS elements. The Contractor must ensure the performance schedule portrays an integrated schedule plan to meet the milestones and delivery requirements of the contract. The performance schedule also must identify the program's critical path. The performance schedule is to be constructed using a software tool compatible with standard scheduling software. The Contractor must submit the performance schedule at the post-award conference and an updated version monthly in program status reviews."

(e) *Acquisition planning*. See FAR 7.105(b)(3) and (b)(10) for required acquisition planning for EVMS.

(f) *Reporting*. Contractors are required to submit EVM reports on a monthly basis. These reporting requirements shall be included as contract data deliverables. The work statement should require the contractor to use appropriately tailored value information as the basis for preparing the monthly EVM reports and to integrate and present cost, schedule, and technical performance reviews.

534.202 Integrated Baseline Reviews (IBR).

GSA policy prohibits the conduct of pre-award Integrated Baseline Reviews (IBR). Therefore, when an Integrated Baseline Review is conducted, it shall be conducted after award.

PART 536—CONSTRUCTION AND ARCHITECT-ENGINEER CONTRACTS

Subpart 536.1—General

536.101 Applicability.

If a requirement in this part is inconsistent with a requirement in another GSAR part, this part takes precedence.

536.102 Definitions.

“Construction activity” means the organizational level of the agency that has authority and responsibility for the architectural, engineering, and other technical or administrative aspects of design and construction.

“Statutory cost limitations” means the cost limits included in the agency’s statutory authorization or annual appropriations act (by law).

Subpart 536.2—Special Aspects of Contracting for Construction

536.201 Evaluation of contractor performance.

(a) The construction activity must prepare the performance report required by FAR 36.201(a).

(b) Each Regional construction activity must establish an evaluation report file. The file may be either automated or manual. It must implement procedures for all the following:

- (1) Maintaining alphabetically the evaluation reports.
- (2) Cross referencing all names under which a contractor does business with GSA.
- (3) Ensuring that fully qualified personnel with knowledge of the contractor’s performance prepare and review the evaluation reports.

536.202 Specifications.

Under the Resource Conservation and Recovery Act of 1976 (RCRA), 42 U.S.C. 6962, the Environmental Protection Agency issued rules in 40 CFR part 247 allowing the use of certain waste by-products as substitutes for energy-intensive raw materials. These by-products are known as recovered materials. EPA’s rules state that agencies should use construction products containing recovered materials to the maximum extent feasible if technical specifications allow their alternative use. RCRA does not require the use of products containing recovered materials if they will not meet performance requirements or their use would be unsatisfactory for technical reasons.

536.203 Government estimate of construction cost.

(a) A copy of the independent Government estimate must be submitted to you before the date and time for bid opening or the date for receipt of proposals. (See paragraphs [\(b\)](#) and [\(c\)](#).)

(b) Before releasing a solicitation amendment that may affect price, a revised Government estimate must be provided.

(c) You may disclose cost figures in the Government estimate during negotiation, but only to the extent considered necessary for arriving at a fair and reasonable price. The overall amount of the Government estimate cannot be disclosed before award. After award, you may reveal the independent Government estimated price, upon request, to those firms or individuals who submitted proposals.

(d) Use the Government estimate to evaluate offers, as a guide in conducting contract negotiations or negotiations of contract modifications, and as a tool for determining the reasonableness of prices.

536.204 Disclosure of the magnitude of construction projects.

For construction projects over \$10,000,000, show the magnitude in ranges having increments of \$10,000,000 (e.g., \$25,000,000 to \$35,000,000). You may use a multiple of \$10,000,000 (e.g., \$70,000,000 to \$100,000,000), but the lower figure must be at least half of the higher figure.

536.213 Special procedures for sealed bidding in construction contracting.

536.213-3 Invitations for bids.

536.213-370 Bids that include alternates.

(a) The base bid must include all features essential to a sound and adequate building design. If it appears that funds available for a project may be insufficient to include all desired features in the base bid, you may issue a solicitation for a base bid and include one or more alternates in the order of priority. Use alternates only if they are clearly justified and involve substantial amounts of work in relation to the base bid. Their use must be limited and should involve only “add” alternates.

(b) Before opening bids that include alternates, determine, and record in the contract file, the amount of funds available for the project. The amount recorded must be announced at the beginning of the bid opening. The amount is the controlling factor in determining the low bidder. This amount may be increased later when determining the alternate items to award to the low bidder if the following condition is met: the award amount of the base bid plus the combination of alternate items does not exceed the amount offered for the base bid and the same combination of alternate items by any other responsible bidder whose bid conforms to the solicitation. This requirement prevents the displacement of the low bidder by manipulating the alternates to be used.

536.213-371 Bids that include options.

(a) Subject to the limitations in (c) below, you may include options in contracts if it is in the Government's interest.

(b) The appropriate use of options may include, but is not limited to, any of the following:

(1) If additional work is anticipated but funds are not expected to be available at the time of award, and it would not be practicable to award a separate contract or to permit an additional contractor to work on the same site.

(2) If fixed building equipment, e.g. elevators or escalators, will be installed under the construction contract and it is advantageous to have the installer of the equipment maintain and service the equipment during the warranty period.

(c) You must not use options under any of the following conditions:

(1) The prospective option represents known firm requirements for which funds are available unless competition for the option quantity is impracticable once the initial contract is awarded.

(2) The contractor will incur undue risks; e.g., the price or availability of necessary materials or labor is not reasonably foreseeable.

(d) Solicitations containing option provisions must state the period within which the options may be exercised.

(e) Solicitations must state whether the basis of award is inclusive or exclusive of the options. Before issuing a solicitation that includes evaluated options, you must determine that there is reasonable certainty that funds will be made available to permit exercise of the option.

536.213-372 Bids that include both alternates and options.

(a) Solicitations may include both alternates and options if the conditions in [536.213-370](#), Bids that include alternates, and [536.213-371](#), Bids that include options, are satisfied. In these solicitations, the low bidder for purposes of award is the responsible bidder offering the lowest aggregate price for the base bid and the alternates, in the order of priority listed in the solicitation, that provide the most work features within the funds available at bid opening, plus all options designated to be evaluated.

(b) The basis of award may require the evaluation of options associated with alternates if the related alternate is selected.

(c) Before opening bids that include both alternates and options, determine, and record in the contract file, the amount of funds available for the project (i.e., for the base bid and alternate work). The amount recorded must be announced at the beginning of the bid opening. This amount may be increased later when determining the alternate items to be awarded to the low bidder if the following condition is met: the award amount of the base bid and evaluated options plus the alternate items does not exceed the amount offered for the base bid, the evaluated options, and the same combination of alternate items by any other responsible bidder whose bid conforms to the solicitation.

536.270 Exercise of options.

(a) If exercising an option, notify the contractor, in writing, within the time period specified in the contract.

(b) Exercise options only after determining that all the following conditions exist:

(1) Funds are available.

(2) The requirement covered by the option fulfills an existing Government need.

(3) Exercising the option is the most advantageous method of satisfying the Government's need, price and other factors considered.

(c) Before exercising an option, you must determine that the action complies with the option's terms and this section's requirements. Include your written determination in the contract file.

(d) The contract modification, or other written document which notifies the contractor of the exercise of the option, must cite the option clause as authority. If exercising an unpriced or unevaluated option, cite the statutory authority permitting the use of other than full and open competition (see FAR 6.302 and [517.207](#)).

536.271 Project labor agreements.

(a) *Authority.* This subpart implements the Presidential memorandum of June 5, 1997, on using project labor agreements (PLAs) on Federal construction projects. The Presidential memorandum authorizes executive departments and agencies to require PLAs on large and significant construction projects for facilities to be owned by a Federal department or agency.

(b) *Applicability.* These policies and procedures apply to all GSA activities authorized to award contracts for construction of facilities to be owned by a Federal department or agency. You may use a PLA in leasehold arrangements, Federally funded projects, and other appropriate circumstances.

(c) Definitions.

“Construction” means construction, alteration, or repair (including dredging, excavating, and painting) of buildings, structures, or other real property. The terms buildings, structures, or other real property are defined further in Federal Acquisition Regulation (FAR) 36.102.

“Labor organization” means a labor organization engaged in an industry affecting commerce, and any agent of such an organization, and includes any organization of any kind, and any agency, or employee representation committee, group, association, or plan so engaged in which employees participate and which exists for the purpose, in whole or in part, of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours, or other terms or conditions of employment, and any conference, general committee, joint or system board, or joint council so engaged which is subordinate to a national or international labor organization (42 U.S.C. 2000e(d)).

“Large and significant project” means a Federal construction project with a total cost to the Federal Government of more than \$5 million.

“Project Labor Agreement” (PLA) means an agreement between the contractor, subcontractors, and the union(s) representing workers. Under a PLA, the contractor and subcontractors on a project and the union(s) agree on terms and conditions of employment for the project, establishing a framework for labor-management cooperation to advance the Government's procurement interest in cost, efficiency, and quality.

(d) Policy. (1) You may, on a project-by-project basis, use a PLA on a large and significant project when both of the following conditions apply:

(i) A PLA will advance the Government's procurement interests.

(ii) No laws that apply to the specific construction project preclude the use of the PLA.

(2) Do not require any contractor to enter into a PLA with any particular labor organization.

(3) The use of a PLA is not intended to create any right or benefit, substantive or procedural, enforceable by a nonfederal party against the United States, its departments, and agencies, its officers or employees, or any other person.

(e) Procedures. (1) As part of procurement planning for construction projects with a total estimated cost to the Federal Government of more than \$5 million, you may consider requiring a PLA.

(2) To require a PLA, you must determine whether use of a PLA will advance the Government's procurement interests in all the following areas:

(i) Cost, efficiency, and quality.

(ii) Promoting labor-management stability.

(iii) Promoting compliance with applicable legal requirements governing safety and health, equal employment opportunity, labor and employment standards, and other matters.

(3) In making the determination required by paragraph (b) of this section, consult with the agency project or program manager and obtain guidance from the Agency Labor Advisor and assigned legal counsel. You should consider the following factors:

(i) Whether past experience with construction projects in the location where the project will be performed indicates that a PLA will be effective.

(ii) Whether delays in performance of the construction contract would have significant adverse impact on the mission of the agency or operation of the installation or facility.

(iii) Whether any law applies to the specific construction project that would impede use of a PLA.

(iv) Whether the labor organizations in the area can provide a reliable source of skilled, experienced building trades workers in all crafts needed on the job site for the project's duration (taking into consideration other major construction work in the area).

(v) Whether the Government can benefit from uniform work rules and working conditions and established procedures for resolving labor disputes, no strike/no lock-out protections.

(vi) Whether the Government can benefit from increased stability and labor peace that derives from greater labor-management cooperation.

(vii) Whether the requirements for a PLA will unreasonably restrict competition.

(viii) Other relevant information.

(4) Document the rationale supporting your decision to require a PLA in the contract file.

(5) Provide the following information to the Agency Labor Advisor (GSA Acquisition Policy Division (MVP)):

(i) A brief description of the project.

(ii) The estimated cost.

(iii) A copy of the document supporting your decision to require a PLA.

(iv) A copy of the solicitation.

Subpart 536.6—Architect-Engineer Services

536.602 Selection of firms for architect-engineer contracts.

536.602-1 Selection criteria.

(a) FAR 36.602-1 requires that agencies include “location in the general geographical area of the project and knowledge of locality of the project” as one of several selection criteria.

(1) Do not use this evaluation factor as a minimum qualification requirement for determining whether a firm is eligible to compete for a proposed project.

(2) This factor must not exceed 5 percent of the total weight of all evaluation criteria. In order to receive the maximum score for this factor, the architect-engineer firm(s) must demonstrate that at least 35 percent of the architect-engineer contract services (based on the total contract price) will be accomplished within the geographical boundaries established for the project.

(3) Under an approved class deviation from FAR 36.602-1(a)(5), this factor does not apply to projects that the Chief Architect of GSA determines have national significance.

(b) The public announcement (Commerce Business Daily notice) for a proposed project should identify the general geographical area of the project by either:

(1) A radius in miles or other appropriate unit of measure.

(2) The Standard Metropolitan Statistical Area, county(ies), state(s) surrounding the project, or other appropriate geographic boundaries.

(c) Architect-engineer selections under the Design Excellence Program must apply the geographical evaluation criteria in the second phase.

(d) The public announcement (Commerce Business Daily notice) must provide the number of calendar days the architect-engineer of record has to establish a production capability within the general geographical area of the project. You may allow the architect-engineer of record up to 45 calendar days after contract award to establish this production capability.

536.602-2 Evaluation boards.

(a) Architect-engineer evaluation board members must be experts in the fields of architecture, engineering or related design professions, such as landscape architecture, urban design and interior design, except as provided in [536.602-2\(c\)\(5\)](#). Board members must also collectively have expertise in construction, government, and related acquisition matters.

(b) The majority of board members must be GSA employees. Other members may include other Federal agency employees or members of the GSA National Register of Peer

Professionals who are private sector practitioners of architecture, engineering or related design professions.

(c) Evaluation boards must not exceed five (5) voting members. If fewer, the board must have an odd number of voting members. The voting members of the evaluation board shall include:

(1) One (1) highly qualified architect or a related design professional employed by GSA.

(2) One (1) highly qualified engineer employed by GSA.

(3) One (1) representative of the Chief Architect of GSA.

(4) For new construction and prospectus level modernization projects, one (1) private sector practitioner of architecture designated from the GSA National Register of Peer Professionals. For other types of projects this slot may be filled by another GSA design professional.

(5) One (1) representative of the client organization(s), at the client’s option. GSA’s policy is to afford the client organization(s) the opportunity to participate in the architect-engineer selection process. Although not mandatory, GSA strongly recommends that this voting member be a highly qualified design professional.

(d) A maximum of two (2) non-voting advisors may participate in all activities of the evaluation board except voting. The client organization(s) may have only one (1) non-voting advisor to the board. The GSA may also have one non-voting advisor.

(e) Other than you and the individuals appointed under paragraphs (c) and (d) of this subsection, there must be no other advisors, or participants in the official activities of the board.

(f) The selection authority officially appoints the evaluation board members. For new construction and prospectus level modernization projects, the selection authority must obtain the concurrence of the Chief Architect of GSA on the appointment of board members.

(g) Each board member (voting and non-voting) must sign a “Conflict of Interest Acknowledgement and Nondisclosure Agreement” (Figure 515-1) before the activities of the board commence. No person may serve as a board member if that person or any member of that person’s family has any direct financial or employment interest in any of the firms being evaluated. The board member is responsible for identifying any possible conflict of interest once you identify the competing architect-engineer firms. You determine whether to disqualify the member from the board.

536.602-3 Evaluation board functions.

(a) The evaluation board performs the functions described in FAR 36.602-3.

(b) Evaluation board members who are private sector design professionals from the GSA National Register of Peer

Professionals may participate in all activities of the board, including deliberations and voting. However, they must provide their individual and independent evaluation of each competing architect-engineer firm to you.

(c) Evaluation boards recommend, in order of preference, the most highly qualified architect-engineer firms for the specific project to the selection authority.

(1) Each board member is responsible individually for evaluating and rating the qualifications of each firm being considered following the established evaluation criteria.

(2) The Chairperson of the board must maintain the integrity of the evaluation process and ensure that the final selection report is prepared and submitted to the selection authority.

(3) The selection authority concurs with the recommendations from the evaluation board which lists in order of preference the most highly qualified firms. If the selection authority does not concur with the recommendation from the evaluation board, the selection authority must provide for the contract file a written explanation of the reason.

PART 537—SERVICE CONTRACTING

Subpart 537.1—Service Contracts—General

537.101 Definitions.

“Contracts for building services” means contracts for services relating to the operation and maintenance of a building (e.g., janitorial, window washing, snow removal, trash removal, lawn and grounds care), inspection, maintenance, repair or replacement of building systems or equipment (e.g., elevators, air-conditioning, heating systems, and protection or guard service).

537.102-70 Application of performance-based acquisition (PBA) policy for leases and leasehold interests in real property.

GSA contracting activities are not required to use PBA methods for leases and leasehold interests in real property. However, contracting activities are not precluded from using PBA methods when contracting for leases or leasehold interests in real property if using PBA best meets the Government’s needs.

537.106 Funding and term of service contracts.

[517.101](#) identifies GSA-specific statutory authority for multiyear contracts for certain services.

537.110 Solicitation provisions and contract clauses.**Contracts for Building Services**

The following provision and clauses apply to contracts for building services:

(a) If the contract is expected to exceed the simplified acquisition threshold and it is not initiated with Ability One under the Javits-Wagner-O’Day Act:

(1) Insert [552.237-70](#), Qualifications of Offerors, in the solicitation.

(2) Insert [552.237-71](#), Qualifications of Employees, in the solicitation and contract. If needed, use supplemental provisions or clauses to describe specific requirements for employees performing work on the contract.

(b) Insert [552.237-72](#), Prohibition Regarding “Quasi-Military Armed Forces,” in solicitations and contracts for guard service.

Subpart 537.2—Advisory and Assistance Services

537.201 Definitions.

As used in this subpart—

Evaluation or analysis of a proposal means proposal evaluation as described in FAR 15.305. It includes: Cost or price evaluation using cost or price analysis, as defined in FAR 15.404.

Proposal means a proposal submitted for an initial contract award. (See FAR 37.203(d)). It does not include proposals submitted after contract award, such as value engineering proposals, proposals related to contract modifications, claims, or other contract administration actions.

Readily available means that employees with the requisite training and capability are employed by the agency, capable of handling additional work relating to other duties as assigned by management, and that the travel and other costs associated with using covered personnel does not exceed the projected cost of a contract for evaluation and analysis services.

Requisite training and capability means training and capability necessary to successfully perform the task or contract at issue in the time and in the manner required. It may include relevant experience, recent performance of work of similar size and scope, specific training and other factors that the contracting officer determines are necessary to the successful performance of the task or contract at issue.

537.204 Guidelines for determining availability of personnel.

(a) *Authority*. The contracting officer is authorized to make the determinations required by FAR 37.204 unless the HCA designates another agency official.

(b) *Policy*. The contracting officer, or the HCA’s designee, must make the determination whether GSA personnel with the requisite training and capabilities are readily available to perform the evaluation or analysis before issuing a solicitation which includes evaluation and analysis services (see FAR 37.205).

(c) *Identifying qualified personnel*. The contracting officer, or the HCA’s designee, must base the determination on information received in response to a survey conducted as follows:

(1) If the estimated cost of evaluation and analysis services to be obtained under a contract or order is less than the micropurchase threshold, the administrative cost and time associated with conducting the search and other costs, such as travel, will likely exceed the cost of providing the services under the contract or order. In this case, the survey need only include the appropriate Assistant Commissioner, Assistant

Regional Administrator, or designee within the contracting organization at the location where the services are to be performed.

(2) If the estimated cost of the evaluation and analysis services to be obtained under a contract or order is expected to exceed the micropurchase threshold, the survey must include all of the following:

(i) The appropriate Assistant Commissioner, Assistant Regional Administrator, or designee at the location where the services are to be performed, and managers within other GSA Regions and Central Office of the contracting organization.

(ii) Other Federal agencies that are reasonably expected to have covered personnel with the requisite training and capability at the location where the services are to be performed.

(d) *Decisions on availability of personnel.* The contracting officer, or the HCA's designee, should request that decisions on availability be made by a management official at a level higher than the employee's immediate supervisor.

(e) *Documentation.* The determination required by FAR 37.204 may be incorporated in the acquisition plan or made a part of another document prepared in the normal course of a procurement action. The file should, at a minimum, describe:

(1) Who was surveyed and a summary of the responses received;

(2) The circumstances requiring the use of outside evaluators;

(3) Actions GSA will take to avoid organizational or other conflicts of interest under FAR 9.5; and

(4) The competitive relationship between prospective offerors, including proposed subcontractors, and the prospective evaluator(s).

(f) *Indefinite delivery contracts for evaluation and analysis services.* You may issue an indefinite delivery contract for evaluation and analysis services if there is a reasonable expectation that there will be occasions when personnel with the requisite training and capabilities will not be readily available to perform the evaluation and analysis services covered by the contract.

(1) Before issuing a solicitation for an indefinite delivery contract, the appropriate agency official should first assess the ability of the Federal Supply Schedule Program to support the need and consider manpower and workload projections over the proposed contract period. This should help avoid unnecessarily incurring the cost of soliciting offers and awarding a contract. Document the acquisition file accordingly.

(2) The appropriate agency official should establish procedures for making determinations regarding particular evaluations before orders are placed under the contract.

537.270 Contract clause.

Insert the clause at [552.237-73](#), Restriction on Disclosure of Information, in solicitations and contracts for proposal evaluation and analysis services.

PART 538—FEDERAL SUPPLY SCHEDULE CONTRACTING

Subpart 538.2—Establishing and Administering Federal Supply Schedules

538.270 Evaluation of multiple award schedule (MAS) offers.

(a) The Government will seek to obtain the offeror's best price (the best price given to the most favored customer). However, the Government recognizes that the terms and conditions of commercial sales vary and there may be legitimate reasons why the best price is not achieved.

(b) Establish negotiation objectives based on a review of relevant data and determine price reasonableness.

(c) When establishing negotiation objectives and determining price reasonableness, compare the terms and conditions of the MAS solicitation with the terms and conditions of agreements with the offeror's commercial customers. When determining the Government's price negotiation objectives, consider the following factors:

- (1) Aggregate volume of anticipated purchases.
- (2) The purchase of a minimum quantity or a pattern of historic purchases.
- (3) Prices taking into consideration any combination of discounts and concessions offered to commercial customers.
- (4) Length of the contract period.
- (5) Warranties, training, and/or maintenance included in the purchase price or provided at additional cost to the product prices.
- (6) Ordering and delivery practices.
- (7) Any other relevant information, including differences between the MAS solicitation and commercial terms and conditions that may warrant differentials between the offer and the discounts offered to the most favored commercial customer(s). For example, an offeror may incur more expense selling to the Government than to the customer who receives the offeror's best price, or the customer (*e.g.*, dealer, distributor, original equipment manufacturer, other reseller) who receives the best price may perform certain value-added functions for the offeror that the Government does not perform. In such cases, some reduction in the discount given to the Government may be appropriate. If the best price is not offered to the Government, you should ask the offeror to identify and explain the reason for any differences. Do not require offerors to provide detailed cost breakdowns.

(d) You may award a contract containing pricing which is less favorable than the best price the offeror extends to any commercial customer for similar purchases if you make a determination that both of the following conditions exist:

(1) The prices offered to the Government are fair and reasonable, even though comparable discounts were not negotiated.

(2) Award is otherwise in the best interest of the Government.

538.271 MAS contract awards.

(a) MAS awards will be for commercial items as defined in FAR 2.101. Negotiate contracts as a discount from established catalog prices.

(b) Before awarding any MAS contract, determine that the offered prices are fair and reasonable (see FAR Subpart 15.4 and [538.270](#)). Document the negotiation and your determination using FAR 15.406-3 as guidance.

(c) State clearly in the award document the price/discount relationship between the Government and the identified commercial customer (or category of customers) on which the award is predicated.

538.272 MAS price reductions.

(a) Section [552.238-75](#), Price Reductions, requires the contractor to maintain during the contract period the negotiated price/discount relationship (and/or term and condition relationship) between the eligible ordering activities and the offeror's customer or category of customers on which the contract award was predicated (see [538.271\(c\)](#)). If a change occurs in the contractor's commercial pricing or discount arrangement applicable to the identified commercial customer (or category of customers) that results in a less advantageous relationship between the eligible ordering activities and this customer or category of customers, the change constitutes a "price reduction."

(b) Make sure that the contractor understands the requirements of section [552.238-75](#) and agrees to report to you all price reductions as provided for in the clause.

538.273 Contract clauses.

(a) *Multiple award schedules*. Insert in solicitations and contracts:

(1) [552.238-70](#), Identification of Electronic Office Equipment Providing Accessibility for the Handicapped, if you include electronic office equipment items.

(2) [552.238-71](#), Submission and Distribution of Authorized FSS Schedule Pricelists.

(i) Use Alternate I, in solicitations and contracts for—

(A) Federal Supply Schedule 70;

(B) The Consolidated Schedule contracts containing information technology Special Item Numbers;

(C) Federal Supply Schedule 84; and

(D) Federal Supply Schedules for recovery purchasing (see [538.7102](#)), use Alternate I.

(ii) If GSA is not prepared to accept electronic submissions for a particular schedule delete—

(A) The paragraph identifier “(i)” in (b)(1) and the word “and” at the end of paragraph (b)(1)(i); and

(B) Paragraphs (b)(1)(ii) and (b)(3).

(3) [552.238-72](#), Identification of Products that have Environmental Attributes.

(4) [552.238-73](#), Cancellation.

(b) *Multiple and single award schedules*. Insert in solicitations and contracts:

(1) [552.238-74](#), Industrial Funding Fee and Sales Reporting.

(2) [552.238-75](#), Price Reductions. Use Alternate I in solicitations and contracts for—

(i) Federal Supply Schedule 70;

(ii) The Consolidated Schedule containing information technology Special Item Numbers;

(iii) Federal Supply Schedule 84; and

(iv) Federal Supply Schedules for recovery purchasing (see [538.7102](#)).

Subpart 538.70—Cooperative Purchasing**538.7000 Scope of subpart.**

This subpart prescribes policies and procedures that implement statutory provisions authorizing non-federal organizations to use—

(a) Federal Supply Schedule 70;

(b) The Consolidated Schedule contracts containing information technology Special Item Numbers (SINs); and

(c) Federal Supply Schedule 84.

538.7001 Definitions.

“Ordering activity” (also called “ordering agency” and “ordering office”) means an eligible ordering activity (see [552.238-78](#)) authorized to place orders under Federal Supply Schedule contracts.

“Schedule 70,” as used in this subpart, means Schedule 70 information technology contracts, and Consolidated Products and Services Schedule contracts containing information technology SINs. The Consolidated Products and Services Schedule is a compilation of multiple individual Federal Supply Schedules; therefore, only the SINs that fall under Schedule 70 of the Consolidated Products and Services Schedule will apply to Cooperative Purchasing. No other Schedules, or SINs, containing information technology outside of Schedule 70 SINs, and Consolidated Products and Services Schedule contracts containing Schedule 70 SINs, will apply.

“Schedule 84” means the Federal Supply Schedule for alarm and signal systems, facility management systems, fire-fighting and rescue equipment, law enforcement and security equipment, marine craft and related equipment, special purpose clothing, and related services (as contained in Federal Supply Classification Code Group 84 or any amended or subsequent version of that Federal supply classification group).

“State and local government entities,” as used in this subpart, means the states of the United States, counties, municipalities, cities, towns, townships, tribal governments, public authorities (including public or Indian housing agencies under the United States Housing Act of 1937), school districts, colleges and other institutions of higher education, council of governments (incorporated or not), regional or interstate government entities, or any agency or instrumentality of the preceding entities (including any local educational agency or institution of higher education), and including legislative and judicial departments. The term does not include contractors of, or grantees of, State or local governments.

(1) “Local educational agency” has the meaning given that term in section 8013 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7713).

(2) “Institution of higher education” has the meaning given that term in section 101(a) of the Higher Education Act of 1965 (20 U.S.C. 1001(a)).

(3) “Tribal government” means—

(i) The governing body of any Indian tribe, band, nation, or other organized group or community located in the continental United States (excluding the State of Alaska) that is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians; and

(ii) Any Alaska Native regional or village corporation established pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 *et seq.*).

538.7002 General.

(a) 40 U.S.C. 501, (the Act) authorizes the Administrator of General Services to procure and supply personal property and nonpersonal services for the use of Executive agencies. Under 40 U.S.C. 502, the goods and services available to executive agencies are also available to mixed ownership Government corporations, establishments within the legislative or judicial branches of Government (excepting the Senate, House of Representatives, Architect of the Capitol, and any activities under the direction of the Architect of the Capitol), the District of Columbia, and Qualified Non-profit Agencies.

(b) Section 211 of the E-Government Act of 2002 amends 40 U.S.C. 502 to authorize the Administrator of General Services to provide for use of certain Federal Supply Schedules of the GSA by a State or local government, which includes any State, local, regional, or tribal government, or any instrumentality thereof (including any local educational agency or institution of higher education).

(c) Pub. L. 110-248, The Local Preparedness Acquisition Act, authorizes the Administrator of General Services to provide for the use by state or local governments of Federal Supply Schedules of the General Services Administration (GSA) for alarm and signal systems, facility management systems, firefighting and rescue equipment, law enforcement and security equipment, marine craft and related equipment, special purpose clothing, and related services (as contained in Schedule 84).

(d) State and local governments are authorized to procure from Schedule 70 contracts, Consolidated Schedule contracts containing information technology SINS, and Schedule 84 contracts. A listing of the participating contractors and SINS for the products and services that are available through Schedule 70 contracts, the Consolidated Schedule contracts containing information technology SINS, and Schedule 84 contracts, is available in GSA's Schedules e-Library at www.gsa.gov/elibrary. Click on Schedules e-Library, and under Cooperative Purchasing, click on "View authorized vendors." The contractors and the products and services available for Cooperative Purchasing will be labeled with the Cooperative Purchasing icon.

538.7003 Policy.

Preparing solicitations when schedules are open to eligible non-federal entities. When opening Schedule 70, the Consolidated Schedule containing information technology SINS, and Schedule 84, for use by eligible non-federal entities, the contracting officer must make minor modifications to certain Federal Acquisition Regulation and GSAM provisions and clauses in order to make clear distinctions between the rights and responsibilities of the U.S. Government in its management and regulatory capacity pursuant to which it awards schedule contracts and fulfills associated Federal requirements versus the rights and responsibilities of eligible ordering activities placing orders to fulfill agency needs. Accordingly, the contracting officer is authorized to modify the following FAR provisions/clauses to delete "Government" or similar language referring to the U.S. Government and substitute "ordering activity" or similar language when preparing solicitations and contracts to be awarded under Schedule 70, and the Consolidated Schedule containing information technology SINS, and Schedule 84. When such changes are made, the word "(DEVIATION)" shall be added at the end of the title of the provision or clause. These clauses include but are not limited to:

- (a) 52.212-4, Contract Terms and Conditions—Commercial Items.
- (b) 52.216-18, Ordering.

- (d) 52.229-1, State and Local Taxes.
- (e) 52.229-3, Federal, State, and Local Taxes.
- (f) 52.232-7, Payments Under Time-and-Materials and Labor-Hour Contracts.
- (g) 52.232-17, Interest.
- (h) 52.232-19, Availability of Funds for the Next Fiscal Year.

- (n) 52.247-34, F.O.B. Destination.
- (o) 52.247-38, F.O.B. Inland Carrier Point of Exportation.

538.7004 Solicitation provisions and contract clauses.

(a) The contracting officer shall insert the clause at [552.238-77](#), Definition (Federal Supply Schedules), in solicitations and contracts for—

(1) Schedule 70; and

(2) The Consolidated Schedule containing information technology SINs; and

(3) Schedule 84.

(b) The contracting officer shall insert the clause at [552.238-78](#), Scope of Contract (Eligible Ordering Activities), in solicitations and contracts for—

(1) Schedule 70; and

(2) The Consolidated Schedule containing information technology SINs; and

(3) Schedule 84.

(c) The contracting officer shall insert the clause at [552.238-79](#), Use of Federal Supply Schedule Contracts by Certain Entities—Cooperative Purchasing, in solicitations and contracts for—

(3) Schedule 84.

(d) See [552.101-70](#) for authorized FAR deviations.

Subpart 538.71—Recovery Purchasing**538.7100 Scope of subpart.**

This subpart prescribes policies and procedures to implement the John Warner National Defense Authorization Act for Fiscal Year 2007 (Public Law 109-364) authorizing non-federal organizations to use Federal Supply Schedule contracts to purchase products and services to be used for recovery from major disasters, terrorism or nuclear, biological, chemical, or radiological attack.

538.7101 Definitions.

The definitions in subsection [538.7001](#) shall apply for purposes of this subpart.

538.7102 General.

(a) Section 833 of the John Warner National Defense Authorization Act for Fiscal Year 2007 (Public Law 109-364) amends 40 U.S.C. 502 to authorize the Administrator of General Services to provide to State and local governments the use of Federal Supply Schedules of the GSA for purchase of products and services to be used to facilitate recovery from a major disaster declared by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 *et seq.*) or to facilitate recovery from terrorism or nuclear, biological, chemical, or radiological attack. Section 833 requires the Secretary of Homeland Security to determine which products and services qualify before the Administrator provides for the use of the Federal Supply Schedules. Use of Federal supply schedules by State and local governments is voluntary. Agreement of a schedule contractor to offer recovery purchasing under the contract and acceptance of any order for recovery purchasing from a state or local government is voluntary.

(b) State and local governments are authorized to use Federal Supply Schedules to procure products and services determined by the Secretary of Homeland Security to be used to facilitate recovery from major disasters, terrorism, or nuclear, biological, chemical, or radiological attack. A listing of the Federal Supply Schedules for the products and services is available in GSA's Schedules e-Library at web site <http://www.gsaelibrary.gsa.gov>. Click on the link, "Disaster Recovery Purchasing, State and Local." The participating contractors and the products and services available for recovery purchasing will be labeled with the Disaster Recovery Purchasing ICON.

(c) State and local governments that wish to use the Federal Supply Schedules to facilitate recovery from major disasters or attacks are responsible for ensuring that only authorized representatives of their governments place orders against these schedules and that procured products and services are used only for the purposes authorized by Section 833 of Public Law 109-364.

538.7103 Policy.

Preparing solicitations when schedules are open to eligible non-federal entities. When opening the Federal Supply Schedules for products and services determined by the Secretary of Homeland Security, for use by eligible non-federal entities, the contracting officer must make minor modifications to certain Federal Acquisition Regulation (FAR) and GSAM provisions and clauses in order to make clear distinctions between the rights and responsibilities of the U.S. Government in its management and regulatory capacity pursuant to which it awards schedule contracts and fulfills associated Federal requirements versus the rights and responsibilities of eligible ordering activities placing orders to fulfill agency needs. Accordingly, the contracting officer is authorized to modify the following FAR provisions/clauses to delete “Government” or similar language referring to the U.S. Government and substitute “ordering activity” or similar language when preparing solicitations and contracts to be awarded under the Federal Supply Schedules for products and services determined by the Secretary of Homeland Security. When such changes are made, the word “(DEVIATION)” shall be added at the end of the title of the provision or clause. These clauses include but are not limited to—

- (a) 52.212-4, Contract Terms and Conditions—Commercial Items.
- (b) 52.216-18, Ordering.
- (c) 52.216-19, Order Limitations.
- (d) 52.229-1, State and Local Taxes.
- (e) 52.229-3, Federal, State, and Local Taxes.
- (f) 52.232-7, Payments Under Time-and-Materials and Labor-Hour Contracts.
- (g) 52.232-17, Interest.
- (h) 52.232-19, Availability of Funds for the Next Fiscal Year.
- (i) 52.232-34, Payment by Electronic Funds Transfer—Other than Central Contractor Registration.
- (j) 52.232-36, Payment by Third Party.
- (k) 52.237-3, Continuity of Services.
- (l) 52.246-4, Inspection of Services-Fixed Price.
- (m) 52.246-6, Inspection-Time-and-Material and Labor-Hour.
- (n) 52.247-34, F.O.B. Destination.
- (o) 52.247-38, F.O.B. Inland Carrier Point of Exportation.

538.7104 Solicitation provisions and contract clauses.

(a) The contracting officer shall insert the clause at [552.238-76](#), Definition (Federal Supply Schedules)—Recovery Purchasing, in Federal Supply Schedule solicitations and contracts which contain products and services determined by the Secretary of Homeland Security to facilitate recovery from major disasters, terrorism, or nuclear, biological, chemical, or radiological attack.

(b) The contracting officer shall insert the clause at [552.238-78](#), Scope of Contract (Eligible Ordering Activities), with Alternate I in Federal Supply Schedule solicitations and contracts which contain products and services determined by the Secretary of Homeland Security to facilitate recovery from major disasters, terrorism, or nuclear, biological, chemical, or radiological attack.

(c) The contracting officer shall insert the clause at [552.238-80](#), Use of Federal Supply Schedule Contracts by Certain Entities—Recovery Purchasing, in Federal Supply Schedule solicitations and contracts which contain products and services determined by the Secretary of Homeland Security that facilitate recovery from major disasters, terrorism, or nuclear, biological, chemical, or radiological attack.

PART 542—CONTRACT ADMINISTRATION AND AUDIT SERVICES

542.001 Definitions.

“Contract administration” means Government actions taken after contract award to obtain compliance with such contract requirements as timely delivery of supplies or services, acceptance, payment, and closing of the contract. These actions include technical, financial, audit, legal, administrative, and managerial services in support of the contracting officer. It may include additional tasks requested or needed by the contracting activity including support in the pre-award phase of contracting.

Subpart 542.1—Contract Audit Services

542.102 Assignment of contract audit services.

- (a) The contracting officer shall request all audit services through the Assistant Inspector General for Auditing or the Regional Inspector General for Auditing, as appropriate.
- (b) The contracting officer must follow the procedures set out in GSA Order, Audit Resolution and Follow-Up System (ADM P 2030.2C), for handling contract audit reports.

Subpart 542.2—Contract Administration Services

542.202 Assignment of contract administration.

- (a) Assignment of contract administration is the process whereby identified functions, duties, or responsibilities related to the administration of contracts are assigned to either a contract administration office (CAO) or an administrative contracting officer (ACO) within a contracting office.
- (b) Each contracting director must establish procedures that ensure that qualified personnel perform contract administration activities in an effective manner. Usually, the PCO or the ACO in the contracting office performs these activities (but see paragraphs (c)–(g) of this section).
- (c) If it is more efficient, management may establish a separate CAO. Consider each of the following:
 - (1) The nature and complexity of the contract.
 - (2) The need to perform contract administration at or near the contractor’s facility or the place of performance.
 - (3) The availability of resources.
- (d) The contracting officer may designate one or more representatives to perform specified functions such as quality assurance, production, price analysis, finance and various engineering and technical specialties. The contracting officer’s representatives (CORs) may not enter into or modify a contract or otherwise perform functions reserved for a con-

tracting officer (except see [543.202](#) for construction contracts).

(e) If the contracting officer delegates contract administration to an ACO or designates a contracting officer’s technical representative (COTR) or contracting officer’s representative (COR), then provide the contractor with the name of the ACO and any representative and identify the functions each is authorized to perform.

(f) The contracting officer may provide or make available to the ACO a complete copy of the contract file. The contracting officer may provide each COR and COTR with the contract file information they need to perform their duties

(g) The contracting officer may delegate to an ACO functions other than those listed in FAR 42.302 and [542.302\(b\)](#) after obtaining approval from the Senior Procurement Executive. The contracting officer may submit requests through the HCA. If approved, the contracting officer should follow FAR 42.202(c).

Subpart 542.3—Contract Administration Office Functions

542.302 Contract administration functions.

- (a) Assignment of contract administration office functions is the process whereby identified functions, duties, or responsibilities related to the administration of contracts are assigned to a contract administration office (CAO) or an administrative contracting officer (ACO) within a contracting office.
- (b) Usually, the CO or the ACO in the contracting office performs these activities (but see paragraphs (c)–(g) of this section).
- (c) If it is more efficient, management may establish a separate CAO. Consider each of the following:
 - (1) The nature and complexity of the contract.
 - (2) The need to perform contract administration at or near the contractor’s facility or the place of performance.
 - (3) The availability of resources.
- (d) The contracting officer may designate one or more representatives to perform specified functions such as quality assurance, production, price analysis, finance and various engineering and technical specialties. The contracting officer’s representative (COR or COTR) may not enter into or modify a contract or otherwise perform functions reserved for a contracting officer (except see [543.202](#)). However, the authority to issue in-scope change orders not exceeding \$25,000 may be delegated to a COTR assigned to construction contracts. See [543.202](#) and [501.603-2\(d\)](#).
- (e) If the contracting officer delegates contract administration to an ACO or designates a contracting officer’s technical

representative (COTR) or contracting officer’s representative (COR), then the contracting officer must provide the contractor with the name of the ACO and any representative and identify the functions each is authorized to perform.

(f) The contracting officer shall provide or make available to the ACO a complete copy of the contract file and provide each COR and COTR with the contract file information needed to perform assigned duties.

(g) ACO functions other than those listed in FAR 42.302 may be delegated if the Senior Procurement Executive approves. Such requests must be submitted through the HCA. If approved, follow FAR 42.202(c).

Subpart 542.11—Production Surveillance and Reporting

542.1107 Contract clause.

The contracting officer shall insert [552.242-70](#), Status Report of Orders and Shipments, in solicitations and indefinite quantity and requirements contracts for Stock or Special Order Program items. The clause may be used in indefinite-delivery definite-quantity contracts for Stock or Special Order Program items when close monitoring is necessary because numerous shipments are involved.

Subpart 542.12—Novation and Change-of-Name Agreements

542.1203 Processing agreements.

Contracting officers should process agreements as soon as a complete package has been received from the contractor. If the proposed successor is a large business and the contract was originally awarded under a small business set-aside, the contracting officer shall—

(a) Notify and solicit comments from the SBTA (see FAR 42.1203(b) and (c)); and

(b) Not recognize the proposed successor if—

(1) The conclusion is that the transaction is intended to circumvent the requirements and objectives of the small business program; or

(2) If a MAS contract is involved and other MAS small business contracts exist for the same special item number(s); and

(c) Cancel the set-aside items if a MAS contract is involved and the contract has both set-aside and non-set-aside special item numbers, then process the novation request for the non-set-aside items.

Subpart 542.15—Contractor Performance Information

542.1503 Procedures.

(a) *Heads of Services.* (1) Consistent with FAR 42.1500 and this Subpart, the Head of each Service must take all the following actions:

(i) Establish mechanisms for systematically collecting and maintaining positive and negative information on contractor performance.

(ii) Identify pertinent performance data elements for collection.

(iii) Ensure that contractor performance information is readily available to contracting officials and other individuals with procurement-related responsibilities.

(iv) Clearly identify the officials responsible for collecting, disseminating, and applying this information in the acquisition process.

(2) The system for collecting contractor performance data should include, as appropriate:

(i) Timeliness of delivery or performance (for example: Adherence to contract delivery schedules; resolution of delays, number of “show cause” letters and “cure notices” issued, number of delinquent deliveries, number of contract extensions resulting from contractor-caused delays, and/or timely submission or performance or required tests).

(ii) Conformance of product or service to contract requirements (for example: Quality of workmanship, reliability, adequacy of correction of defects, number of safety defects, number of product rejections, results of laboratory tests, number and extent of warranty problems).

(iii) Customer comments (for example: Number and quality of positive comments, number and nature of complaints, and adequacy of resolving customer complaints).

(iv) Terminations for default.

(v) On-the-job safety performance record, including the number of lost or restricted workdays due to occupational injuries in comparison to the national average.

(vi) Adequacy of contractor’s quality assurance system.

(vii) Compliance with other key contract provisions (for example: Subcontracting program, labor standards, safety standards, and reporting requirements).

(viii) Exhibiting customer-oriented behavior.

(ix) Other performance elements identified by the Service.

(b) *Senior Procurement Executive.* The Senior Procurement Executive is responsible for ensuring the evaluation of each Service’s system for collecting and applying contract performance information for compliance with the FAR and GSAM.

(c) *Contracting directors.* The contracting director shall review and consider any disagreement between GSA and the

contractor regarding GSA’s evaluation of the contractor. Based on the review, the contracting director makes the final determination on the performance evaluation.

(d) *Contracting officers.* (1) The contracting officer shall promptly provide a copy of the contracting director’s final determination to the contractor.

(2) When responding to another department or agency request for past performance information, the contracting officer shall include a copy of any related contractor comments and contracting director’s final determination.

Subpart 542.70—Audit of Contractor’s Records

542.7001 General.

The OIG Office of Audits audits a contractor’s records if required by law, regulation, or sound business judgment. These audits include periodic or special request audits necessary to determine a contractor’s financial condition, adequacy of its accounting system, and integrity and reliability. The contracting officer should coordinate with technical specialists, finance and audit personnel to achieve the maximum benefits from these audits.

542.7002 Purpose of audit.

The contracting officer may obtain from audits advice or recommendations on the:

(a) Propriety of amounts paid, or to be paid, by GSA to a contractor when such amounts are based on a cost or time determination or on variable features related to the results of the contractor’s operations.

(b) Adequacy of a contractor’s measures to safeguard Government property in its custody or under its control.

(c) Contractor’s compliance with contractual obligations concerning progress payments, advance payments, guaranteed loans, cash return provisions, and price adjustments.

(d) Reasonableness of a contractor’s termination settlement proposals.

542.7003 Additional internal controls.

(a) The contracting officer should not rely solely on contractual audit rights. The contracting officer should establish internal controls or procedures for any flexible or variable features of these contracts:

- (1) Cost-reimbursement.
- (2) Time-and-materials or labor-hour.
- (3) Requirements or indefinite-quantity.

For example, for a time-and-materials or labor-hour contract performed at a Government facility or elsewhere, the contracting officer should provide for the review of time records. The contracting officer should provide for this review even if the contractor is subject to supervision by Government personnel.

(b) The contracting officer should establish these internal controls or procedures prior to the commencement of contract performance. Use any reasonable and reliable method or procedure that will enable the Government to determine the correctness of the charges for such matters as the time spent on the job and materials or supplies received. If needed, obtain assistance from the Assistant Inspector General for Auditing or the Regional OIG Audit Office.

542.7004 Releasing or withholding of audit reports.

The Freedom of Information Act requires the disclosure of Government records subject to certain exceptions. The contracting officer should consult with both the Assistant Inspector General for Auditing and the GSA Office of General Counsel before releasing or withholding a contract audit report.

PART 543—CONTRACT MODIFICATIONS

Subpart 543.1—General

543.170 Changes in designated subcontractors, inspection and/or production points.

(a) Before executing a contract modification authorizing changes in either a designated subcontractor or inspection or production point, the contracting officer must consider the impact of the change on the contractor's ability to satisfy contract requirements. Employ the same standards that were used to determine that the contractor was responsible (see FAR 9.1 and GSAM [509.1](#)).

(b) The modification must identify the nature of the change and the effective date. In establishing an effective date, consider the time necessary for affected offices to take required actions.

543.202 Authority to issue change orders.

This section applies to construction contracts.

(a) *COR authority.* The contracting officer may authorize a warranted COR to issue change orders. Authorization must be in writing, on a contract-by-contract basis, and must identify any limitations. For example, identify dollar limitations or specify that authority is only valid in emergency situations.

(b) *Additional restrictions.* The Contracting Officer should provide the following instruction to the COR as part of the written authorization:

(1) For any single change order, the COR may perform some or all of these actions:

- (i) Determining the need for a change.
- (ii) Preparing the Government's cost estimate.
- (iii) Conducting negotiations.
- (iv) Issuing the change order.
- (v) Inspecting the work.

(2) For an unpriced change order, if the COR personally performs all the actions in paragraph (1) of this section, the change order must be reviewed by a designated official before issuance or definitization.

(c) *Review change orders.* For unpriced change orders when the COR personally performs all actions, the contracting officer must either personally review each change order or designate a capable official to perform the review. Consider designating the COR's immediate supervisor or a higher-level official within the organization. Avoid designating more than one official to review change orders issued under an individual contract.

(d) *Coordination of change orders.* Issue change orders only after coordination, as appropriate, with quality control, finance, audit or other technical personnel.

PART 552—SOLICITATION PROVISIONS AND CONTRACT CLAUSES

552.000 Scope of part.

This part provides the text of provisions and clauses which are unique to GSA or supplement the FAR.

Subpart 552.1—Instructions for Using Provisions and Clauses

552.101-70 Using Part 552.

(a) *Definition.* “Clause,” as used in this subpart, means provision or clause as defined in FAR w52.101(a).

(b) *Numbering.* (1) Clauses which are “substantially” the same as FAR clauses and clauses to be used instead of FAR clauses are identified as follows:

(i) The clause has the same title as a clause in the FAR.

(ii) The number 5 precedes the clause.

(iii) The clause appears under the same subsection number and caption as in the FAR.

(2) Supplemental clauses are numbered in the same manner as the FAR, except:

(i) The chapter number precedes the clause.

(ii) The subsection numbers begin with 70.

(iii) The clauses are sequentially numbered, e.g., [552.232-70](#), [552.232-71](#), etc.

(c) *Matrixes.* Matrixes provide a guide to locating clauses. Matrixes are included for:

(1) Simplified acquisitions.

(2) Supply, service, construction, and architect-engineer solicitations and contracts.

(3) FAR and GSAR clauses for utility contracts (sole-supplier-regulated rates).

(4) Leases of real property.\

(d) Individuals drafting solicitations must research pertinent regulations or make other determinations to ensure that:

(1) The clauses selected fit the procurement.

(2) There are no restrictions on their use.

(3) When one clause depends on the use of another clause, the solicitation includes all necessary clauses.

552.102 Incorporating provisions and clauses.

You may incorporate clauses prescribed in the GSAR for solicitations and contracts by reference.

552.103 Identification of provisions and clauses.

Deviations. If the GSAR prescribes a class deviation from a FAR clause, identify the clause by the GSAR citation (e.g., [552.232-8](#) PROMPT PAYMENT DISCOUNT (NOV 1987) (DEVIATION FAR 52.232-8)).

552.104 Procedures for modifying and completing provisions and clauses.

(a) The procedures in FAR 52.104 apply when you modify or complete a GSAR provision or clause. Provisions and clauses shall not be modified unless the GSAR authorizes their modification.

(b) You do not need to identify modifications of clauses which result from negotiations unless you issue an amendment to the solicitation.

(c) In general, you should modify FAR or GSAR clauses only for individual cases. If a contracting activity develops a modification for repeated use, furnish a copy to the Office of GSA Acquisition Policy (MV) for potential inclusion in the GSAR.

552.105 Procedures for using alternates.

The procedures in FAR 52.105 apply to GSAR [Part 552](#).

552.107-70 Provisions and clauses prescribed in [Subpart 552.1](#).

(a) Insert the provision at [552.252-5](#), Authorized Deviations in Provisions, in solicitations that include any FAR or GSAR clause with an authorized deviation. You must use this provision in lieu of the FAR provision at 52.252-5.

(b) Insert the clause at [552.252-6](#), Authorized Deviations in Clauses, in solicitations and contracts that include any FAR or GSAR clause with an authorized deviation. You must use this clause in lieu of the FAR clause at 52.252-6.

Subpart 552.2—Text of Provisions and Clauses

552.200 Scope of subpart.

This subpart sets forth the text of all GSAR provisions and clauses. It also cross-references the location in the GSAR that prescribes the use of each provision and clause.

552.203-5 [Reserved]

Any advertisement by the Contractor, including price-off coupons, that refers to a military resale activity shall contain the following statement: “This advertisement is neither paid for nor sponsored, in whole or in part, by any element of the United States Government.”

552.211-15 Defense Priorities and Allocations System Requirements.

As prescribed at 511.604, insert the following clause:

DEFENSE PRIORITIES AND ALLOCATIONS SYSTEM
REQUIREMENTS (SEPT 2004)

(a) Definitions.

“Approved program” means a program determined to be necessary or appropriate for priorities and allocation support to promote the national defense by the Secretary of Defense, the Secretary of Energy, or the Department of Homeland Security Under Secretary for Emergency Preparedness and Response under the authority of the Defense Production Act, the Stafford Act, and Executive Order 12919, or the Selective Service Act and related statutes, and Executive Order 12742. See Schedule 1 of 15 CFR part 700 for a list of Delegate Agencies, approved programs, and program identification symbols at <http://www.bis.doc.gov/DefenseIndustrialBasePrograms/OSIES/DPAS/Default.htm>.

“Defense Priorities and Allocations System (DPAS)” means the regulation published at 15 CFR part 700 that requires preferential treatment for certain contracts and orders placed by a Delegate Agency in support of an approved program.

“Delegate Agency” means an agency of the U.S. Government authorized by delegation from the Department of Commerce (DOC) to place priority ratings on contracts or orders needed to support approved programs.

“Rated order” means, for the purpose of this contract, a delivery or task order issued in accordance with the provisions of the DPAS regulation (15 CFR part 700).

(b) Rated Order Requirement. From time to time, the Contractor may receive a rated order under this contract from a Delegate Agency. The Contractor must give preferential treatment to rated orders as required by the Defense Priorities and Allocations System (DPAS) regulation (15 CFR part 700).

The existence of previously accepted unrated or lower rated orders is not sufficient reason to reject a rated order. Rated orders take preference over all unrated orders as necessary to meet required delivery dates. There are two levels of ratings designated by the symbol of either “DO” or “DX.” All “DO” rated orders have equal priority with each other and take preference over unrated orders. All “DX” rated orders have equal priority with each other and take preference over “DO” rated orders and unrated orders. The rating designation is followed by a program identification symbol. Program identification symbols indicate which approved program is supported by the rated order (see Schedule 1 of 15 CFR part 700 for a list of Delegate Agencies, approved programs, and program identification symbols).

(c) Additional information. Additional information may be obtained at the DOC DPAS website <http://www.bis.doc.gov/DefenseIndustrialBasePrograms/OSIES/DPAS/Default.htm> or by contacting the designated Administrative Contracting Officer.

Each delivery order will specify that shipment is required no later than the number of days shown above. If such order also states that “Early Shipment is Precluded,” the Contractor agrees to make shipment no sooner than _____ calendar days after receipt of order. Concessions include, but are not limited to freight allowance, extended warranty, extended price guarantees, free installation and bonus goods.

"Discount," as used in this solicitation, means a reduction to catalog prices (published or unpublished). Discounts include, but are not limited to, rebates, quantity discounts, purchase option credits, and any other terms or conditions other than concessions) which reduce the amount of money a customer ultimately pays for goods or services ordered or received. Any net price lower than the list price is considered a "discount" by the percentage difference from the list price to the net price.

(b) For each Special Item Number (SIN) included in an offer, the Offeror shall provide the information outlined in

paragraph (c). Offerors may provide a single response covering more than one SIN, if the information disclosed is the same for all products under each SIN. The description of discounts offered shall include all discounts, such as prompt payment discounts, quantity/dollar volume discounts (indicate whether models/products can be combined within the SIN or whether SINs can be combined to earn discounts), blanket purchase agreement discounts, or purchase option credits. If the terms of sale appearing in the commercial catalogs or price list on which an offer is based are in conflict with the terms of this solicitation, the latter shall govern.

(4) A description of concessions offered under this solicitation which are not granted to other customers. Such concessions may include, but are not limited to, an extended warranty, a return/exchange goods policy, or enhanced or additional services.

(5) If the Offeror is a dealer/reseller or the Offeror will use dealers to perform any aspect of contract awarded under this solicitation, describe the functions, if any, that the dealer/reseller will perform.

552.212-73 Evaluation—Commercial Items (Multiple Award Schedule).

As prescribed in [512.301\(a\)\(4\)](#), insert the following provision:

EVALUATION—COMMERCIAL ITEMS (MULTIPLE AWARD SCHEDULE) (AUG 1997)

(a) The Government may make multiple awards for the supplies or services offered in response to this solicitation that meet the definition of a “commercial item” in FAR 52.202-1. Awards may be made to those responsible offerors that offer reasonable pricing, conforming to the solicitation, and will be most advantageous to the Government, taking into consideration the multiplicity and complexity of items of various manufacturers and the differences in performance required to accomplish or produce required end results, production and distribution facilities, price, compliance with delivery

requirements, and other pertinent factors. By providing a selection of comparable supplies or services, ordering activities are afforded the opportunity to fulfill their requirements with the item(s) that constitute the best value and that meet their needs at the lowest overall cost.

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer’s specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

Alternate I (Aug 1997). When anticipating competition of identical items, add the following paragraph after paragraph (b) of the basic provision.

(c) The Government reserves the right to award only one contract for all or a part of a manufacturer’s product line. When two or more offerors (e.g., dealers/resellers) offer the identical product, award may be made competitively to only one offeror on the basis of the lowest price. (Discounts for early payment will not be considered as an evaluation factor in determining the low offeror). During initial open season for an option period, any offers that are equal to or lower than the current contract price received for identical items will be considered. Current contractors will also be allowed to submit offers for identical items during this initial open season. The current contractor which has the identical item on contract will be included in the evaluation process. The Government will evaluate all offers and may award only one contract for each specified product or aggregate group.

552.214-70 “All or None” Offers.

As prescribed in [514.201-6](#), insert the following provision:

“ALL OR NONE” OFFERS (SEP 1999)

(a) Unless awards in the aggregate are specifically precluded in this solicitation, the Government reserves the right to evaluate offers and make awards on an “all or none” basis as provided below.

(b) An offer submitted on an “all or none” or similar basis will be evaluated as follows: The lowest acceptable offer exclusive of the “all or none” offer will be selected with respect to each item (or group of items when the solicitation provides for aggregate awards) and the total cost of all items thus determined shall be compared with the total of the lowest acceptable “all or none” offer. Award will be made to result in the lowest total cost to the Government.

(End of provision)

Alternate I (Sep 1999). For a requirements or indefinite quantity contract, the following paragraph (b) shall be substituted in the basic provision:

(b) An offer submitted on an “all or none” or similar basis will not be considered unless the offer is low on each item to which the “all or none” offer is made applicable. The term “each item” as used in this provision refers either to an item that under the terms of the solicitation may be independently awarded, or to a group of items on which an award is to be made in the aggregate.

552.214-71 Progressive Awards and Monthly Quantity Allocations.

As prescribed in [514.201-7\(a\)](#), insert the following clause:

PROGRESSIVE AWARDS AND MONTHLY QUANTITY ALLOCATIONS (SEP 1999)

(a) *Monthly quantity allocation.* (1) Set forth below are the Government’s estimated annual and monthly requirements for each stock item covered by this solicitation. Offerors shall indicate, in the spaces provided, the monthly quantity which they are willing to furnish of any item or group of items involving the use of the same production facilities. In making monthly allocations, offerors are urged to group as many items as possible. Such groupings will make it possible for the Government to make fullest use of the production capabilities of each offeror.

(2) Offerors need not limit their monthly allocations to the Government’s estimated monthly requirements, since additional unanticipated needs may occur during the period of the contract. If an offeror does not insert monthly allocation quantities, it will be deemed to offer to furnish all of the Government’s requirements, even though they may exceed the stated estimated requirements.

National Stock Number	Estimated Annual Requirements	Estimated Annual Requirements

Bidders Monthly Quantity Allocations

Items or Groups of Items	Monthly Allocation Quantity

(b) *Progressive awards.* If the low responsive offeror’s monthly quantity allocation is less than the Government’s estimated requirements, the Government may make progressive awards beginning with the low responsive offeror and including each next low responsive offeror to the extent necessary to meet the estimated requirements.

(c) *Ordering procedures.* If progressive awards are made, orders will be placed first with the Contractor offering the lowest price on each item normally up to that Contractor’s maximum quantity allocation and then, in the same manner, successively to other Contractors. When cumulative orders during any month, placed with a lower priced Contractor, equal or exceed 95 percent of its monthly quantity allocation, to avoid the placement of unduly small orders or the splitting of a subsequent order, the Government reserves the right to award the full quantity of the subsequent order to the next lower priced Contractor. In no case will orders be placed with any Contractor in excess of its monthly quantity allocation.

(End of clause)

552.214-72 Bid Sample Requirements.

As prescribed in [514.202-4\(a\)\(3\)](#), insert the following provision:

BID SAMPLE REQUIREMENTS (SEP 1999)

The Contractor agrees that the Administrator of General Services or any duly authorized representatives shall, until the expiration of 3 years after final payment under this contract, or of the time periods for the particular records specified in Subpart 4.7 of the Federal Acquisition Regulation (48 CFR 4.7), whichever expires earlier, have access to and the right to examine any books, documents, papers, and records of the Contractor involving transactions related to this contract or compliance with any clauses thereunder. The Contractor further agrees to include in all its subcontracts hereunder a provision to the effect that the subcontractor agrees that the Administrator of General Services or any authorized representatives shall, until the expiration of 3 years after final payment under the subcontract, or of the time periods for the particular records specified in Subpart 4.7 of the Federal Acquisition Regulation (48 CFR 4.7), whichever expires earlier, have access to and the right to examine any books, documents, papers, and records of such subcontractor involving transactions related to the subcontract or compliance with any clauses thereunder. The term “subcontract” as used in this clause excludes (a) purchase orders not exceeding \$100,000 and (b) subcontracts or purchase orders for public utility services at rates established for uniform applicability to the general public.

(End of clause)

552.215-71 Examination of Records by GSA (Multiple Award Schedule).

As prescribed in [515.209-70\(c\)](#) insert the following clause:

EXAMINATION OF RECORDS BY GSA (MULTIPLE AWARD SCHEDULE) (JUL 2003)

The Contractor agrees that the Administrator of General Services or any duly authorized representative shall have

access to and the right to examine any books, documents, papers and records of the Contractor involving transactions related to this contract for overbillings, billing errors, compliance with the Price Reduction clause and compliance with the Industrial Funding Fee and Sales Reporting clause of this contract. This authority shall expire 3 years after final payment. The basic contract and each option shall be treated as separate contracts for purposes of applying this clause.

(End of clause)

552.215-72 Price Adjustment—Failure to Provide Accurate Information.

As prescribed in [515.408\(d\)](#), insert the following clause:

PRICE ADJUSTMENT—FAILURE TO PROVIDE ACCURATE INFORMATION (AUG 1997)

(a) The Government, at its election, may reduce the price of this contract or contract modification if the Contracting Officer determines after award of this contract or contract modification that the price negotiated was increased by a significant amount because the Contractor failed to:

- (1) Provide information required by this solicitation/contract or otherwise requested by the Government; or
- (2) Submit information that was current, accurate, and complete; or
- (3) Disclose changes in the Contractor's commercial pricelist(s), discounts or discounting policies which occurred after the original submission and prior to the completion of negotiations.

(b) The Government will consider information submitted to be current, accurate and complete if the data is current, accurate and complete as of 14 calendar days prior to the date it is submitted.

(c) If any reduction in the contract price under this clause reduces the price for items for which payment was made prior to the date of the modification reflecting the price reduction, the Contractor shall be liable to and shall pay the United States—

- (1) The amount of the overpayment; and
- (2) Simple interest on the amount of such overpayment to be computed from the date(s) of overpayment to the Contractor to the date the Government is repaid by the Contractor at the applicable underpayment rate effective each quarter prescribed by the Secretary of Treasury under 26 U.S.C. 6621(a)(2).

(d) Failure to agree on the amount of the decrease shall be resolved as a dispute.

(e) In addition to the remedy in paragraph (a) of this clause, the Government may terminate this contract for default. The rights and remedies of the Government specified

herein are not exclusive, and are in addition to any other rights and remedies provided by law or under this contract.

(End of clause)

552.216-70 Economic Price Adjustment—FSS Multiple Award Schedule Contracts.

As prescribed in [516.203-4\(a\)](#), insert the following clause:

ECONOMIC PRICE ADJUSTMENT—FSS MULTIPLE AWARD SCHEDULE CONTRACTS (SEP 1999)

Price adjustments include price increases and price decreases. Adjustments will be considered as follows:

(a) Contractors shall submit price decreases anytime during the contract period in which they occur. Price decreases will be handled in accordance with the provisions of the Price Reduction Clause.

(b) Contractors may request price increases under the following conditions:

- (1) Increases resulting from a reissue or other modification of the Contractor's commercial catalog/pricelist that was used as the basis for the contract award.
- (2) Only three increases will be considered during the contract period.
- (3) Increases are requested after the first 30 days of the contract period and prior to the last 60 days of the contract period.
- (4) At least 30 days elapse between requested increases.

(c) The aggregate of the increases in any contract unit price under this clause shall not exceed _____* percent of the original contract unit price. The Government reserves the right to raise this ceiling where changes in market conditions during the contract period support an increase.

(d) The following material shall be submitted with the request for a price increase:

- (1) A copy of the commercial catalog/pricelist showing the price increase and the effective date for commercial customers.
- (2) Commercial Sales Practice format regarding the Contractor's commercial pricing practice relating to the reissued or modified catalog/price- list, or a certification that no change has occurred in the data since completion of the initial negotiation or a subsequent submission.
- (3) Documentation supporting the reasonableness of the price increase.

(e) The Government reserves the right to exercise one of the following options:

- (1) Accept the Contractor's price increases as requested when all conditions of (b), (c), and (d) of this clause are satisfied;

(2) Negotiate more favorable discounts from the new commercial prices when the total increase requested is not supported; or,

(3) Remove the product(s) from contract involved pursuant to the Cancellation Clause of this contract, when the increase requested is not supported.

(f) The contract modification reflecting the price adjustment shall be signed by the Government and made effective upon receipt of notification from the Contractor that the new catalog/pricelist has been mailed to the addressees previously furnished by the Contracting Officer, provided that in no event shall such price adjustment be effective prior to the effective date of the commercial price increases. The increased contract prices shall apply to delivery orders issued to the Contractor on or after the effective date of the contract modification.

(End of clause)

**Insert the percent appropriate at the time the solicitation is issued. This percentage should normally be 10 percent, unless based on a trend established by an appropriate index such as the Producer Prices and Price Index during the most recent 6-month period indicates that a different percentage is more appropriate. Any ceiling other than 10 percent must be approved by the contracting director.*

Alternate I (Sep 1999). As prescribed by [516.203-4\(a\)\(2\)](#), substitute the following for paragraphs (b) and (c) of the clause:

(b) Contractors may request price increases to be effective on or after the first 12 months of the contract period providing all of the following conditions are met:

(1) Increases resulting from a reissue or other modification of the Contractor's commercial catalog/pricelist that was used as the basis for the contract award.

(2) No more than three increases will be considered during each succeeding 12-month period of the contract. (For succeeding contract periods of less than 12 months, up to three increases will be considered subject to the other conditions of this paragraph (b)).

(3) Increases are requested before the last 60 days of the contract period.

(4) At least 30 days elapse between requested increases.

(c) any contract period during which price increases will be considered, the aggregate of the increases during any 12-month period shall not exceed ___*___ percent of the contract unit price in effect at the end of the preceding 12-month period. The Government reserves the right to raise the ceiling when market conditions during the contract period support such a change.

**Insert the percentage appropriate at the time the solicitation is issued. This percentage should be determined based on the trend established by an appropriate index such as the Producer Prices and Price Index. A ceiling of more than 10 percent must be approved by the Contracting Director.*

552.216-71 Economic Price Adjustment—Stock and Special Order Program Contracts.

As prescribed in [516.203-4\(b\)](#), insert the following clause:

ECONOMIC PRICE ADJUSTMENT—STOCK AND SPECIAL ORDER PROGRAM CONTRACTS (SEP 1999)

(a) "Producer Price Index" (PPI), as used in this clause, means the originally released index, not seasonally adjusted, published by the Bureau of Labor Statistics, U.S. Department of Labor (Labor) for product code _____ found under Table _____.

(b) During the term of the contract, the award price may be adjusted once upward or downward a maximum of ___*___ percent. Any price adjustment for the product code shall be based upon the percentage change in the PPI released in the month prior to the initial month of the contract period specified in the solicitation for sealed bidding or the month prior to award in negotiation (the base index) and the PPI released 12 months later (the updated index). The formula for determining the Adjusted Contract Price (ACP) applicable to shipments for the balance of the contract period is—

$$\text{ACP} = \frac{\text{Updated Index}}{\text{Base Index}} \times \text{Award Price}$$

(c) If the PPI is not available for the month of the base index or the updated index, the month with the most recently published PPI prior to the month determining the base index or updated index shall be used.

(d) If a product code is discontinued, the Government and the Contractor will mutually agree to substitute a similar product code. If Labor designates an index with a new title and/or code number as continuous with the product code specified above, the new index shall be used.

(e) Unless the Contractor's written request for a price adjustment resulting from the application of the formula in paragraph (b) of this clause is received by the Contracting Officer within 30 calendar days of the release of the updated index, the Contractor shall have waived its right to an upward price adjustment for the balance of the contract. Alternatively, the Contracting Officer will unilaterally adjust the award price downward when appropriate using the updated index defined in paragraph (b) of this clause.

(f) Price adjustments shall be effective upon execution of a contract modification by the Government or on the 31st day following the release of the updated index, whichever is later, shall indicate the updated index and percent of change

as well as the ACP, and shall not apply to delivery orders issued before the effective date.

(End of clause)

Alternate I (Sep 1999). As prescribed in [516.203-4\(b\)\(1\)](#) and (2), substitute the following paragraphs (b), (e) and (f) for paragraphs (b), (e) and (f) of the basic clause:

(b) In any option period, the contract price may be adjusted upward or downward a maximum of * percent.

(1) For the first option period, any price adjustment for the product code shall be based upon the percentage change in the PPI released in the month prior to the initial month of the contract period specified in the solicitation for sealed bidding or the month prior to award in negotiation (the base index) and the PPI released in the third month before completion of the initial contract period stated in the solicitation (the updated index). This initial contract period may be less than 12 months. The formula for determining the Adjusted Contract Price (ACP) applicable to shipments during the first option period is—

$$\text{ACP} = \frac{\text{Updated Index}}{\text{Base Index}} \times \text{Award Price}$$

(2) For any subsequent option period, the price adjustment shall be the percentage change between the previously updated index (the new base index) and the PPI released 12 months later (the most recent updated index). This percentage shall be applied to the Current Contract Price (CCP). The formula for determining the ACP applicable to shipments for the subsequent option period(s) is—

$$\text{ACP} = \frac{\text{Most Recent Updated Index}}{\text{New Base Index}} \times \text{CCP}$$

(e) Unless the Contractor's written request for a price adjustment resulting from the application of the formulas in paragraphs (b)(1) or (2) of this clause is received by the Contracting Officer within 30 calendar days of the date of the Government's preliminary written notice of its intent to exercise the option, the Contractors shall have waived its right to an upward price adjustment for that option period. Alternatively, the Contracting Officer in its written notice shall exercise the option at the CCP or at a reduced price when appropriate using the formulas in paragraphs (b)(1) or (2) of this clause.

(f) Price adjustments shall be effected by execution of a contract modification by the Government indicating the most recent updated index and percent of change and shall apply to delivery orders placed on or after the first day of the option period.

Alternate II (Sep 1999). As prescribed in [516.203-4\(b\)\(2\)](#), add the following paragraph (g) to the basic clause.

(g) No price adjustment will be made unless the percentage change in the PPI is at least ** percent.

** The appropriate percentage should be determined based upon the historical trend in the PPI for the product code. A ceiling of more than 10 percent must be approved by the Contracting Director.*

*** You should insert a lower percent than the maximum percentage stated in paragraph (b) of the clause.*

552.216-72 Placement of Orders.

As prescribed in [516.506](#), insert the following clause:

(c) If the Contractor agrees, GSA's Federal Supply Service (FSS) will place all orders by EDI using computer-to-computer EDI. If computer-to-computer EDI is not possible, FSS will use an alternative EDI method allowing the Contractor to receive orders by facsimile transmission. Subject to the Contractor's agreement, other agencies may place orders by EDI.

(d) When computer-to-computer EDI procedures will be used to place orders, the Contractor shall enter into one or more Trading Partner Agreements (TPA) with each Federal agency placing orders electronically in order to ensure mutual understanding by the parties of certain electronic transaction conventions and to recognize the rights and responsibilities of the parties as they apply to this method of placing orders. The TPA must identify, among other things, the third party provider(s) through which electronic orders are placed, the transaction sets used, security procedures, and guidelines for implementation. Federal agencies may obtain a sample format to customize as needed from the office specified in paragraph (g) of this clause.

(e) The Contractor shall be responsible for providing its own hardware and software necessary to transmit and receive data electronically. Additionally, each party to the TPA shall be responsible for the costs associated with its use of third party provider services.

(f) Nothing in the TPA will invalidate any part of this contract between the Contractor and the General Services Administration. All terms and conditions of this contract that otherwise would be applicable to a mailed order shall apply to the electronic order.

AMENDMENT 2007-01 FEBRUARY 1, 2007

(g) The basic content and format of the TPA will be provided by:

(a) All delivery orders (orders) under this contract will be placed by the General Services Administration's Federal Supply Service (FSS). (b) All orders shall be placed by Electronic Data Interchange (EDI) using the American National Standards Institute (ANSI) X12 Standard for Electronic Data Interchange (EDI) format.

(c) If the Contractor agrees, transmission will be computer-to-computer EDI. If computer-to-computer EDI is not possible, FSS will use an alternative EDI method allowing the Contractor to receive orders by facsimile transmission.

(d) When computer-to-computer EDI procedures will be used to place orders, the Contractor shall enter into a Trading Partner Agreement (TPA) with FSS in order to ensure mutual understanding by the parties of certain electronic transaction conventions and to recognize the rights and responsibilities of the parties as they apply to this method of placing orders. The TPA must identify, among other things, the third party provider(s) through which electronic orders are placed, the transaction sets used, security procedures, and guidelines for implementation.

Alternate II (Sep 1999). As prescribed in [516.506\(b\)](#), substitute the following paragraph (a) for paragraph (a) of the basic clause:

If computer-to-computer EDI is not possible, FSS will use an alternative EDI method allowing the Contractor to receive orders by facsimile transmission. Subject to the Contractor's agreement, other eligible ordering activities, as defined in paragraphs (a) and (d) of the clause at [552.238-78](#), may also place orders by EDI.

(d) When computer-to-computer EDI procedures will be used to place orders, the Contractor shall enter into one or more Trading Partner Agreements (TPA) with each ordering activity placing orders electronically in order to ensure mutual understanding by the parties of certain electronic transaction conventions and to recognize the rights and responsibilities of the parties as they apply to this method of placing orders. The TPA must identify, among other things, the third party provider(s) through which electronic orders are placed, the transaction sets used, security procedures, and guidelines for implementation. Ordering activities may obtain a sample format to customize as needed from the office specified in paragraph (g) of this clause.

responsibilities of the parties as they apply to this method of placing orders. The TPA must identify, among other things, the third party provider(s) through which electronic orders are placed, the transaction sets used, security procedures, and guidelines for implementation. 552.216-73 Ordering Information.

As prescribed in [516.506\(e\)](#), insert the following provision:

ORDERING INFORMATION (SEP 1999)

(a) In accordance with the Placement of Orders clause of this solicitation, the offeror elects to receive orders placed by GSA's Federal Supply Service (FSS) by either facsimile transmission or computer-to-computer Electronic Data Interchange (EDI).

(b) An offeror electing to receive computer-to-computer EDI is requested to indicate below the name, address, and telephone number of the representative to be contacted regarding establishment of an EDI interface.

(c) An offeror electing to receive orders by facsimile transmission is requested to indicate below the telephone number(s) for facsimile transmission equipment where orders should be forwarded.

(d) For mailed orders, the offeror is requested to include the postal mailing address(es) where paper form orders should be mailed.

(End of provision)

Alternate I (Sep 1999). As prescribed in [516.506\(e\)](#), delete paragraph (d) of the basic provision.

Alternate II (Sep 1999). As prescribed in [516.506\(e\)](#), add the following paragraph (e) to the basic provision:

(e) Offerors marketing through dealers are requested to indicate below whether those dealers will be participating in the proposed contract.

YES NO

If "yes" is checked, ordering information to be inserted above shall reflect that in addition to offeror's name, address, and facsimile transmission telephone number, orders can be addressed to the offeror's name, c/o nearest local dealer. In this event, two copies of a list of participating dealers shall accompany this offer, and shall also be included in Contractor's Federal Supply Schedule pricelist.

552.217-70 Evaluation of Options.

As prescribed in [517.208\(a\)](#), insert the following provision:

EVALUATION OF OPTIONS (AUG 1990)

(a) The Government will evaluate offers for award purposes by determining the lowest base period price. When option year pricing is based on a formula (e.g., changes in the Producer Price Index or other common standard); option year pricing is automatically considered when evaluating the base year price, as any change in price will be uniformly related to changes in market conditions. All options are therefore considered to be evaluated. Evaluation of options will not obligate the Government to exercise the option(s).

(b) The Government will reject the offer if exceptions are taken to the price provisions of the Economic Price Adjustment clause, unless the exception results in a lower maximum option year price. Such offers will be evaluated without regard to the lower option year(s) maximum. However, if the offeror offering a lower maximum is awarded a contract, the award will reflect the lower maximum.

552.217-71 Notice Regarding Option(s).

As prescribed in [517.208\(b\)](#), insert the following provision:

NOTICE REGARDING OPTION(S) (NOV 1992)

The General Services Administration (GSA) has included an option to *[Insert "purchase additional quantities of supplies or services" or "extend the term of this contract" or "purchase additional quantities of supplies or services and to extend the term of this contract"]* in order to demonstrate the value it places on quality performance by providing a mechanism for continuing a contractual relationship with a successful Offeror that performs at a level which meets or exceeds GSA's quality performance expectations as communicated to the Contractor, in writing, by the Contracting Officer or designated representative. When deciding whether to exercise the option, the Contracting Officer will consider the quality of the Contractor's past performance under this contract in accordance with 48 CFR 517.207.

(End of provision)

552.219-70 Allocation of Orders—Partially Set-aside Items.

As prescribed in [519.508](#), insert the following clause:

ALLOCATION OF ORDERS—PARTIALLY SET-ASIDE ITEMS
(SEP 1999)

Where the set-aside portion of an item or group of items is awarded to a Contractor other than the one receiving the award on the corresponding non-set-aside portion, the Government will divide the requirements to be ordered between the two Contractors with the objective of achieving, as nearly as possible, a 50/50 division of the total value of orders placed after the award of the set-aside portion. In no case will this division vary by more than a 60/40 division (with either the non-set-aside or set-aside Contractor receiving the larger portion) from the time of the award of the set-aside portion.

(End of clause)

552.219-71 Notice to Offerors of Subcontracting Plan Requirements.

As prescribed in [519.708-70\(a\)](#), insert the following provision:

NOTICE TO OFFERORS OF SUBCONTRACTING
PLAN REQUIREMENTS (JUNE 2005)

The General Services Administration (GSA) is committed to assuring that maximum practicable opportunity is provided to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns to participate in the performance of this contract consistent with its efficient performance. GSA expects any subcontracting plan submitted pursuant to FAR 52.219-9, Small Business Subcontracting Plan, to reflect this commitment. Consequently, an offeror, other than a small business concern, before being awarded a contract exceeding \$500,000 (\$1,000,000 for construction), must demonstrate that its subcontracting plan represents a creative and innovative program for involving small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns as subcontractors in the performance of this contract.

(End of provision)

552.219-72 Preparation, Submission, and Negotiation of Subcontracting Plans.

As prescribed in [519.708-70\(b\)](#), insert the following provision:

PREPARATION, SUBMISSION, AND NEGOTIATION OF
SUBCONTRACTING PLANS (JUNE 2005)

(a) An offeror, other than a small business concern, submitting an offer that exceeds \$500,000 (\$1,000,000 for construction) shall submit a subcontracting plan with its initial offer. The subcontracting plan will be negotiated concurrently with price and any required technical and management proposals, unless the offeror submits a previously-approved commercial plan.

(b) Maximum practicable utilization of small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns as subcontractors is a matter of national interest with both social and economic benefits. The General Services Administration (GSA) expects that an offeror's subcontracting plan will reflect a commitment to assuring that small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns are provided the maximum practicable opportunity, consistent with efficient contract performance, to participate as subcontractors in the performance of the resulting contract. An offeror submitting a commercial plan can reflect this commitment through subcontracting opportunities it provides that relate to the offeror's production generally; i.e., for both its commercial and Government business.

(c) GSA believes that this potential contract provides significant opportunities for the use of small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns as subcontractors. Consequently, in addressing the eleven elements described at FAR 52.219-9(d) of the clause in this contract entitled Small Business Subcontracting Plan, the offeror shall:

(1) Demonstrate that its subcontracting plan represents a creative and innovative program for involving small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns in performing the contract.

(2) Include a description of the offeror's subcontracting strategies used in any previous contracts, significant achievements, and how this plan will build upon those earlier achievements.

(3) Demonstrate through its plan that it understands the small business subcontracting program's objectives and GSA's expectations, and it is committed to taking those actions necessary to meet these goals or objectives.

(d) In determining the acceptability of any subcontracting plan, the Contracting Officer will take each of the following actions:

(1) Review the plan to verify that the offeror demonstrates an understanding of the small business subcontracting program’s objectives and GSA’s expectations with respect to the program and has included all the information, goals, and assurances required by FAR 52.219-9.

(2) Consider previous goals and achievements of contractors in the same industry.

(3) Consider information and potential sources obtained from agencies administering national and local preference programs and other advocacy groups in evaluating whether the goals stated in the plan adequately reflect the anticipated potential for subcontracting to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns.

(4) Review the offeror’s description of its strategies, historical performance and significant achievements in placing subcontracts for the same or similar products or services with small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns. The offeror’s description can apply to commercial as well as previous Government contracts.

(e) Failure to submit an acceptable subcontracting plan and/or correct deficiencies in a plan within the time specified by the Contracting Officer shall make the offeror ineligible for award.

(End of provision)

552.219-73 Goals for Subcontracting Plan.

As prescribed in [519.708-70\(c\)](#), insert the following provision:

GOALS FOR SUBCONTRACTING PLAN (JUNE 2005)

(a) Maximum practicable utilization of small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns as subcontractors is a matter of national interest with both social and economic benefits.

(1) The General Services Administration’s (GSA’s) commitment to ensuring that maximum practicable opportunity is provided to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns to participate as subcontractors in the performance of this contract, consistent with its efficient performance, must be reflected in the offeror’s subcontracting plan submitted pursuant to the clause of this contract at FAR 52.219-9, Small Business Subcontracting Plan.

(2) In addressing the eleven elements described at FAR 52.219-9(d), the offeror shall demonstrate that its subcontracting plan represents a creative and innovative program for involving small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns in performing this contract. An offeror submitting a commercial plan can demonstrate its commitment in providing maximum practicable opportunities through subcontracting opportunities it provides to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns that relate to the offeror’s production generally; i.e., for both its commercial and Government business.

(3) The subcontracting plan shall include a description of the offeror’s subcontracting strategies used in previous contracts and significant achievements, with an explanation of how this plan will build upon those earlier achievements. Additionally, the offeror shall demonstrate through its plan that it understands the small business subcontracting program’s objectives, GSA’s expectations, and is committed to taking those actions necessary to meet these goals or objectives.

(b) GSA believes that this contract provides significant opportunities for the use of small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns as subcontractors. Accordingly, it is anticipated that an acceptable subcontracting plan will contain at least the following goals:

Small Business	_____ percent
HUBZone Small Business	_____ percent
Small Disadvantaged Business	_____ percent
Women-Owned Small Business	_____ percent
Veteran-Owned Small Business	_____ percent
Service-Disabled Veteran-Owned Small Business	_____ percent

NOTE: Target goals are expressed as a percentage of planned subcontracting dollars.

(c) In determining the acceptability of any subcontracting plan, the Contracting Officer will—

(1) Review the plan to verify that the offeror has demonstrated an understanding of the small business subcontracting program’s objectives and GSA’s expectations with respect to the programs and has included all the information, goals, and assurances required by FAR 52.219-9;

(2) Consider previous goals and achievements of contractors in the same industry;

(3) Consider information and potential sources obtained from agencies administering national and local preference programs and other advocacy groups in evaluating

whether the goals stated in the plan adequately reflect the anticipated potential for subcontracting to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns; and

(4) Review the offeror's description of its strategies, historical performance and significant achievements in placing subcontracts for the same or similar products or services with small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns. The offeror's description can apply to commercial as well as previous Government contracts.

(d) Failure to submit an acceptable subcontracting plan and/or correct deficiencies in a plan within the time specified by the Contracting Officer shall make the offeror ineligible for award.

(End of provision)

Alternate I (Sep 1999). As prescribed in [519.708-70\(c\)\(2\)](#), delete paragraph (b) of the basic provision and redesignate paragraphs (c) and (d) as paragraphs (b) and (c).

552.219-74 Section 8(a) Direct Award.

As prescribed in [519.870-8](#), insert the following clause:

SECTION 8(A) DIRECT AWARD (SEP 1999)

(a) This contract is issued as a direct award between the contracting activity and the 8(a) Contractor pursuant to the Memorandum of Understanding between the Small Business Administration (SBA) and the General Services Administration. SBA retains the responsibility for 8(a) certifications, 8(a) eligibility determinations, and related issues, and will provide counseling and assistance to the 8(a) contractor under the 8(a) program. The cognizant SBA district office is:

[Complete at time of award]

(b) The contracting activity is responsible for administering the contract and taking any action on behalf of the Government under the terms and conditions of the contract. However, the contracting activity shall give advance notice to SBA before it issues a final notice terminating performance, either in whole or in part, under the contract. The contracting activity shall also coordinate with SBA prior to processing any advance payments or novation agreements. The contracting activity may assign contract administration functions to a contract administration office.

(c) The Contractor agrees:

(1) To notify the Contracting Officer, simultaneous with its notification to SBA (as required by SBA's 8(a) regulations), when the owner or owners upon whom 8(a) eligibility is based plan to relinquish ownership or control of the concern. Consistent with 15 U.S.C. 637(a)(21),

transfer of ownership or control shall result in termination of the contract for convenience, unless SBA waives the requirement for termination prior to the actual relinquishing of ownership and control.

(2) To the requirements of 52.219-14, Limitations on Subcontracting.

(End of clause)

552.219-75 GSA Mentor-Protégé Program.

As prescribed in [519.7017\(a\)](#), insert the following clause:

GSA MENTOR-PROTÉGÉ PROGRAM (SEP 2009)

(a) Prime contractors, including small businesses, are encouraged to participate in the GSA Mentor-Protégé Program for the purpose of providing developmental assistance to eligible protégé entities to enhance their capabilities and increase their participation in GSA contracts.

(b) The Program consists of:

(1) Mentor firms are large prime contractors with at least one active subcontracting plan, or that are eligible small businesses;

(2) Protégés are subcontractors to the prime contractor, and include small business concerns, small disadvantaged business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, and women-owned small business concerns meeting the qualifications specified in [Subpart 519.70](#); and

(3) Mentor-protégé Applications and Agreements, approved by the Mentor-Protégé Program Manager in the GSA Office of Small Business Utilization (OSBU).

(c) *Mentor participation in the Program* means providing technical, managerial and financial assistance to aid protégés in developing requisite high-tech expertise and business systems to compete for and successfully perform GSA contracts and subcontracts.

(d) Contractors interested in participating in the Program are encouraged to read FAR Subpart 19.7 and to contact the GSA Office of Small Business Utilization (E), Washington, DC 20405, (202) 501-1021, for further information.

(End of clause)

552.219-76 Mentor Requirements and Evaluation.

As prescribed in [519.7017\(b\)](#), insert the following clause:

MENTOR REQUIREMENTS AND EVALUATION (SEP 2009)

(a) The purpose of the GSA Mentor-Protégé Program is for a GSA prime contractor to provide developmental assistance to certain subcontractors qualifying as protégés. Eligible protégés include small business concerns, small disadvantaged business concerns, veteran-owned small business concerns, service-disabled veteran-owned small busi-

ness concerns, HUBZone small business concerns, and women-owned small business concerns meeting the qualifications specified in section [519.7007](#). The Program requires an Application process and an Agreement between the mentor and the protégé. See GSAR [Subpart 519.70](#) for more information.

(b) GSA will evaluate a GSA mentor's performance on the following factors:

(1) Specific actions taken by the contractor, during the evaluation period, to increase the participation of its protégé as a subcontractor and supplier;

(2) Specific actions taken by the contractor during this evaluation period to develop the technical and corporate administrative expertise of its protégé as defined in the Agreement;

(3) To what extent the protégé has met the developmental objectives in the Agreement; and

(4) To what extent the firm's participation in the Mentor-Protégé Program resulted in the protégé receiving competitive contract(s) and subcontract(s) from private firms other than the mentor, and from agencies.

(c) Semi-annual reports shall be submitted by a GSA mentor to the GSA Mentor-Protégé Program Manager, GSA Office of Small Business Utilization (E), Washington, DC 20405. The reports must include information as outlined in paragraph (b) of this section. The semi-annual report may include a narrative describing the forms of developmental assistance a mentor provides to a protégé and any other types of permissible, mutually beneficial assistance.

(d) A GSA mentor will notify the GSA Mentor-Protégé Program Manager and the contracting officer, in writing, at least 30 days in advance of the mentor firm's intent to voluntarily withdraw from the GSA Program or terminate the Agreement, or upon receipt of a protégé's notice to withdraw from the Program.

(e) GSA mentor and protégé firms will submit a "Lessons Learned" evaluation to the GSA Mentor-Protégé Program Manager at the conclusion of the Mentor-Protégé Agreement. At the end of each year in the Mentor-Protégé Program, the mentor and protégé, as appropriate, will formally brief the GSA Mentor-Protégé Program manager, the technical program manager, and the contracting officer during a formal Program review regarding Program accomplishments as they pertain to the approved Agreement.

(f) GSA has the authority to exclude mentor or protégé firms from participating in the GSA Program. If GSA excludes a mentor or a protégé from the Program, the GSA Office of Small Business Utilization will deliver to the contractor a Notice specifying the reason for Program exclusion and the effective date. The exclusion from the Program does not constitute a termination of the subcontract between the mentor and the protégé. A plan for accomplishing the subcontract effort should the Agreement be terminated shall be

submitted with the Agreement as required in section 519.7011(j).

(g) Subcontracts awarded to GSA protégé firms under this Program are exempt from competition requirements, notwithstanding FAR 52.244-5. However, price reasonableness should still be determined.

(End of clause)

552.223-70 Hazardous Substances.

As prescribed in [523.303\(a\)](#), insert the following clause:

HAZARDOUS SUBSTANCES (MAY 1989)

(a) If the packaged items to be delivered under this contract are of a hazardous substance and ordinarily are intended or considered to be for use as a household item, this contract is subject to the Federal Hazardous Materials Act, as amended (15 U.S.C. 1261-1276), implementing regulations thereof (16 CFR Chapter II), and Federal Standard No. 123, Marking for Shipment (Civil Agencies), issue in effect on the date of this solicitation.

(b) The packaged items to be delivered under this contract are subject to the preparation of shipping documents, the preparation of items for transportation, shipping container construction, package making, package labeling, when required, shipper's certification of compliance, and transport vehicle placarding in accordance with Parts 171 through 178 of 49 CFR and the Hazardous Materials Transportation Act.

(c) The minimum packaging acceptable for packaging Department of Transportation regulated hazardous materials shall be those in 49 CFR 173.

(End of clause)

552.223-71 Nonconforming Hazardous Materials.

As prescribed in [523.303\(b\)](#), insert the following clause:

NONCONFORMING HAZARDOUS MATERIALS (SEP 1999)

(a) Nonconforming supplies that contain hazardous material or that may expose persons who handle or transport the supplies to hazardous material and which require replacement under the inspection and/or warranty clauses of this contract shall be reshipped to the Contractor at the Contractor's expense. The Contractor agrees to accept return of these nonconforming supplies and to pay all costs occasioned by their return.

(b) "Hazardous materials," as used in this clause, includes any material defined as hazardous under the latest version of Federal Standard No. 313 (including revisions adopted during the term of the contract).

(c) If the Contractor fails to provide acceptable disposition instructions for the nonconforming supplies within 10 days from the date of the Government's request (or such longer period as may be agreed to between the Contracting Officer

and the Contractor), or fails to accept return of the reshipped nonconforming supplies, such failure:

- (1) May be interpreted as a willful failure to perform,
- (2) May result in termination of the contract for default and

(3) Shall be considered by the Contracting Officer in determining the responsibility of the Contractor for any future award (see FAR 9.104-3(b) and 9.406-2).

(d) Pending final resolution of any dispute, the Contractor shall promptly comply with the decision of the Contracting Officer.

(End of clause)

552.223-72 Hazardous Material Information.

As prescribed in [523.370](#), insert the following provision:

HAZARDOUS MATERIAL INFORMATION (SEP 1999)

Offeror shall indicate for each national stock number (NSN) the following information:

NSN	DOT Shipping Name	DOT Hazard Class	DOT Label Required
			Yes [] No []
			Yes [] No []

(End of provision)

552.227-70 Government Rights (Unlimited).

As prescribed in [527.409\(a\)](#), insert the following clause:

GOVERNMENT RIGHTS (UNLIMITED) (MAY 1989)

The Government shall have unlimited rights in all drawings, designs, specifications, notes and other works developed in the performance of this contract, including the right to use same on any other Government design or construction without additional compensation to the Contractor. The Contractor hereby grants to the Government a paid-up license throughout the world to all such works to which he may assert or establish any claim under design patent or copyright laws. The Contractor for a period of three years after completion of the project agrees to furnish the original or copies of all such works on the request of the Contracting Officer.

(End of clause)

552.227-71 Drawings and Other Data to Become Property of Government.

As prescribed in [527.409\(b\)](#), substitute the following clause:

DRAWINGS AND OTHER DATA TO BECOME
PROPERTY OF GOVERNMENT (MAY 1989)

All designs, drawings, specifications, notes and other works developed in the performance of this contract shall become the sole property of the Government and may be used on any other design or construction without additional compensation to the Contractor. The Government shall be considered the “person for whom the work was prepared” for the purpose of authorship in any copyrightable work under Section 201(b) of Title 17, United States Code. With respect thereto, the Contractor agrees not to assert or authorize others to assert any rights nor establish any claim under the design patent or copyright laws. The Contractor for a period of three years after completion of the project agrees to furnish all retained works on the request of the Contracting Officer. Unless otherwise provided in this contract, the Contractor shall have the right to retain copies of works beyond such period.

(End of clause)

552.228-5 Government as Additional Insured.

As prescribed in [528.310](#), insert the following clause:

GOVERNMENT AS ADDITIONAL INSURED (MAY 2009)

(a) This clause supplements the requirements set forth in FAR clause 52.528-5, Insurance—Work on a Government Installation.

(b) Each insurance policy required under this contract, other than workers’ compensation insurance, shall contain an endorsement naming the United States as an additional insured with respect to operations performed under this contract. The insurance carrier is required to waive all subrogation rights against any of the named insured.

(End of clause)

552.229-70 Federal, State, and Local Taxes.

As prescribed in [529.401-70](#), insert the following clause:

FEDERAL, STATE, AND LOCAL TAXES (APR 1984)

The contract price includes all applicable Federal, State, and local taxes. No adjustment will be made to cover taxes which may subsequently be imposed on this transaction or changes in the rates of currently applicable taxes. However, the Government will, upon the request of the Contractor, furnish evidence appropriate to establish exemption from any tax from which the Government is exempt and which was not included in the contract price.

(End of clause)

552.229-71 Federal Excise Tax—DC Government.

As prescribed in [529.401-71](#), insert the following clause:

FEDERAL EXCISE TAX—DC GOVERNMENT (SEP 1999)

If the District of Columbia cites an Internal Revenue Tax Exempt Certificate Number on orders placed under this contract, the Contractor shall bill shipments to the District of Columbia at prices exclusive of Federal excise tax and show the amount of such tax on the invoice.

(End of clause)

552.232-1 Payments.

As prescribed in [532.7104](#), insert the following clause:

PAYMENTS (APR 1984) (DEVIATION FAR 52.232-1)

(a) The Government shall pay the Contractor, without submission of invoices or vouchers, 30 days after the service period, the prices stipulated in this contract for supplies delivered and accepted or services rendered and accepted, less any deductions provided in this contract.

(b) Unless otherwise specified in this contract, the Government will make payment on partial deliveries accepted by the Government if either:

(1) The amount due on the deliveries warrants it.

(2) The Contractor requests it and the amount due on the deliveries is at least \$1,000 or 50 percent of the total contract price.

(c) When processing payment, GSA's Finance Office will automatically generate the 12 digit invoice number using the ACT number assigned to the contract, followed by an abbreviated month and year of service (e.g., 84261554JUN7, for June 1997). The ACT number appears on the contract award document.

(End of clause)

552.232-8 Discounts for Prompt Payment.

As prescribed in [532.206](#), insert the following clause:

DISCOUNTS FOR PROMPT PAYMENT (APR 1989)
(DEVIATION FAR 52.232-8)

(a) Discounts for early payment (hereinafter referred to as "discounts" or "the discount") will be considered in evaluating the relationship of the offeror's concessions to the Government vis-a-vis the offeror's concessions to its commercial customers, but only to the extent indicated in this clause.

(b) Discounts will not be considered to determine the low offeror in the situation described in the "Offers on Identical Products" provision of this solicitation.

(c) Uneconomical discounts will not be considered as meeting the criteria for award established by the Government. In this connection, a discount will be considered uneconomical if the annualized rate of return for earning the discount is lower than the "value of funds" rate established by the Department of the Treasury and published quarterly in the Federal Register. The "value of funds" rate applied will be the rate in effect on the date specified for the receipt of offers.

(d) Agencies required to use the resultant schedule will not apply the discount in determining the lowest delivered price pursuant to the FPMR, 41 CFR 101-26.408, if the agency determines that payment will probably not be made within the discount period offered. The same is true if the discount is considered uneconomical at the time of placement of the order.

(e) Discounts for early payment may be offered either in the original offer or on individual invoices submitted under the resulting contract. Discounts offered will be taken by the Government if payment is made within the discount period specified.

(f) Discounts that are included in offers become a part of the resulting contracts and are binding on the Contractor for all orders placed under the contract. Discounts offered only on individual invoices will be binding on the Contractor only for the particular invoice on which the discount is offered.

(g) In connection with any discount offered for prompt payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the date on which an electronic funds transfer was made.

(End of clause)

Alternate I (May 2003). As prescribed in [532.206\(a\)](#), remove paragraph (d) and redesignate paragraphs (e), (f), and (g) as (d), (e), and (f), respectively.

552.232-23 Assignment of Claims.

As prescribed in [532.806](#), insert the following clause:

ASSIGNMENT OF CLAIMS (SEP 1999)

Because this is a requirements or indefinite quantity contract under which more than one agency may place orders, paragraph (a) of the Assignment of Claims clause (FAR 52.232-23) is inapplicable and the following is substituted therefor:

In order to prevent confusion and delay in making payment, the Contractor shall not assign any claim(s) for amounts due or to become due under this contract. However, the Contractor is permitted to assign separately to a bank, trust company, or other financial institution, including any Federal lending agency, under the provisions of the Assignment of Claims Act, as amended, 31 U.S.C. 3727, 41 U.S.C. 15 (hereinafter referred to as "the Act"), all amounts due or to become due under any order amounting to \$1,000 or more issued by any Government agency under this contract. Any such assignment takes effect only if and when the assignee files written notice of the assignment together with a true copy of the instrument of assignment with the contracting officer issuing the order and the finance office designated in the order to make payment. Unless otherwise stated in the order, payments to an assignee of any amounts due or to become due under any order assigned may, to the extent specified in the Act, be subject to reduction or set-off.

(End of clause)

552.232-25 Prompt Payment.

As prescribed in [532.908\(a\)\(2\)](#), insert the following clause:

PROMPT PAYMENT (JUL 1998)
(DEVIATION FAR 52.232-25)

Notwithstanding any other payment clause in this contract, the Government will make invoice payments and contract financing payments under the terms and conditions specified in this clause. Payment shall be considered as being made on the day a check is dated or the date of an electronic funds transfer. Definitions of pertinent terms are set forth in section 32.902 of the Federal Acquisition Regulation. All days referred to in this clause are calendar days, unless otherwise specified. (However, see paragraph [\(g\)\(4\)](#) of this clause concerning payments due on Saturdays, Sundays, and legal holidays.)

(a) *Invoice payments.* (1) The due date for making invoice payments by the designated payment office is:

(i) For orders placed electronically by the General Services Administration (GSA) Federal Supply Service (FSS), and to be paid by GSA through electronic funds transfer (EFT), the later of the following two events:

(A) The 10th day after the designated billing office receives a proper invoice from the Contractor. If the designated billing office fails to annotate the invoice with the date of receipt at the time of receipt, the invoice payment due date shall be the 10th day after the date of the Contractor's invoice; provided the Contractor submitted a proper invoice and no disagreement exists over quantity, quality, or Contractor compliance with contract requirements.

(B) The 10th day after Government acceptance of supplies delivered or services performed by the Contractor.

(ii) For all other orders, the later of the following two events:

(A) The 30th day after the designated billing office receives a proper invoice from the Contractor. If the designated billing office fails to annotate the invoice with the date of receipt at the time of receipt, the invoice payment due date shall be the 30th day after the date of the Contractor's invoice; provided the Contractor submitted a proper invoice and no disagreement exists over quantity, quality, or Contractor compliance with contract requirements.

(B) The 30th day after Government acceptance of supplies delivered or services performed by the Contractor.

(iii) On a final invoice, if the payment amount is subject to contract settlement actions, acceptance occurs on the effective date of the contract settlement.

(2) The General Services Administration will issue payment on the due date in paragraph (a)(1)(i) of this clause if the Contractor complies with full cycle electronic commerce. Full cycle electronic commerce includes all the following elements:

(i) The Contractor must receive and fulfill electronic data interchange (EDI) purchase orders (transaction set 850).

(ii) The Contractor must generate and submit to the Government valid EDI invoices (transaction set 810) or submit invoices through the GSA Finance Center Internet-based invoice process. Internet-based invoices must be submitted using procedures provided by GSA.

(iii) The Contractor's financial institution must receive and process, on behalf of the Contractor, EFT payments through the Automated Clearing House (ACH) system.

(iv) The EDI transaction sets in paragraphs (a)(2)(i) through (a)(2)(iii) of this clause must adhere to implementation conventions provided by GSA.

(3) If any of the conditions in paragraph (a)(2) of this clause do not occur, the 10 day payment due dates in (a)(1) become 30 day payment due dates.

(4) *Certain food products and other payments.* (i) Due dates on Contractor invoices for meat, meat food products, or fish; perishable agricultural commodities; and dairy products, edible fats or oils, and food products prepared from edible fats or oils are—

(A) For meat or meat food products, as defined in section 2(a)(3) of the Packers and Stockyard Act of 1921 (7 U.S.C. 182(3)), and as further defined in Pub. L. 98-181, including any edible fresh or frozen poultry meat, any perishable poultry meat food product, fresh eggs, and any perishable egg product, as close as possible to, but not later than, the 7th day after product delivery.

(B) For fresh or frozen fish, as defined in section 204(3) of the Fish and Seafood Promotion Act of 1986 (16 U.S.C. 4003(3)), as close as possible to, but not later than, the 7th day after product delivery.

(C) For perishable agricultural commodities, as defined in section 1(4) of the Perishable Agricultural Commodities Act of 1930 (7 U.S.C. 499a(4)), as close as possible to, but not later than, the 10th day after product delivery, unless another date is specified in the contract.

(D) For dairy products, as defined in section 111(e) of the Dairy Production Stabilization Act of 1983 (7 U.S.C. 4502(e)), edible fats or oils, and food products prepared from edible fats or oils, as close as possible to, but not later than, the 10th day after the date on which a proper invoice has been received. Liquid milk, cheese, certain processed cheese products, butter, yogurt, ice cream, mayonnaise, salad dressings, and other similar products, fall within this classification. Nothing in the Act limits this classification to refrigerated products. When questions arise regarding the proper classification of a specific product, prevailing industry practices will be followed in specifying a contract payment due date. The burden of proof that a classification of a specific product is, in fact, prevailing industry practice is upon the Contractor making the representation.

(ii) If the contract does not require submission of an invoice for payment (e.g., periodic lease payments), the due date will be as specified in the contract.

(5) *Contractor's invoice.* The Contractor shall prepare and submit invoices to the designated billing office specified in the contract. Notwithstanding paragraph (g) of the clause at FAR 52.212-4, Contract Terms and Conditions—Commercial Items, if the Contractor submits hard-copy invoices, submit only an original invoice. No copies of the invoice are required. A proper invoice must include the items listed in paragraphs (a)(5)(i) through (a)(5)(viii) of this clause. If the invoice does not comply with these requirements, it shall be returned within 7 days after the date the designated billing office received the invoice (3 days for meat, meat food products, or fish; 5 days for perishable agricultural commodities, edible fats or oils, and food products prepared from edible fats or oils), with a statement of the reasons why it is not a proper invoice. Untimely notification will be taken into account in computing any interest penalty owed the Contractor in the manner described in paragraph (a)(5) of this clause.

(i) Name and address of the Contractor.

(ii) Invoice date. (The Contractor is encouraged to date invoices as close as possible to the date of the mailing or transmission.)

(iii) Contract number or other authorization for supplies delivered or services performed (including order number and contract line item number).

(iv) Description, quantity, unit of measure, unit price, and extended price of supplies delivered or services performed.

(v) Shipping and payment terms (e.g., shipment number and date of shipment, prompt payment discount terms). Bill of lading number and weight of shipment will be shown for shipments on Government bills of lading.

(vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment).

(vii) Name (where practicable), title, phone number, and mailing address of person to be notified in the event of a defective invoice.

(viii) Any other information or documentation required by the contract (such as evidence of shipment).

(ix) While not required, the Contractor is strongly encouraged to assign an identification number to each invoice.

(6) *Interest penalty.* An interest penalty shall be paid automatically by the designated payment office, without request from the Contractor, if payment is not made by the due date and the conditions listed in paragraphs (a)(6)(i) through (a)(6)(iii) of this clause are met, if applicable. However, when the due date falls on a Saturday, Sunday, or legal holiday when Federal Government offices are closed and Government business is not expected to be conducted, payment may be made

on the following business day without incurring a late payment interest penalty.

(i) A proper invoice was received by the designated billing office.

(ii) A receiving report or other Government documentation authorizing payment was processed, and there was no disagreement over quantity, quality, or Contractor compliance with any contract term or condition.

(iii) In the case of a final invoice for any balance of funds due the Contractor for supplies delivered or services performed, the amount was not subject to further contract settlement actions between the Government and the Contractor.

(7) *Computing penalty amount.* The interest penalty shall be at the rate established by the Secretary of the Treasury under section 12 of the Contract Disputes Act of 1978 (41 U.S.C. 611) that is in effect on the day after the due date, except where the interest penalty is prescribed by other governmental authority (e.g., tariffs). This rate is referred to as the "Renegotiation Board Interest Rate," and it is published in the Federal Register semiannually on or about January 1 and July 1. The interest penalty shall accrue daily on the invoice principal payment amount approved by the Government until the payment date of such approved principal amount; and will be compounded in 30-day increments inclusive from the first day after the due date through the payment date. That is, interest accrued at the end of any 30-day period will be added to the approved invoice principal payment amount and will be subject to interest penalties if not paid in the succeeding 30-day period. If the designated billing office failed to notify the Contractor of a defective invoice within the periods prescribed in paragraph (g)(5) of this clause, the due date on the corrected invoice will be adjusted by subtracting from such date the number of days taken beyond the prescribed notification of defects period. Any interest penalty owed the Contractor will be based on this adjusted due date. Adjustments will be made by the designated payment office for errors in calculating interest penalties.

(i) For the sole purpose of computing an interest penalty that might be due the Contractor, Government acceptance shall be deemed to have occurred constructively on the 7th day (unless otherwise specified in this contract) after the Contractor delivered the supplies or performed the services in accordance with the terms and conditions of the contract, unless there is a disagreement over quantity, quality, or Contractor compliance with a contract provision. In the event that actual acceptance occurs within the constructive acceptance period, the determination of an interest penalty shall be based on the actual date of acceptance. The constructive acceptance requirement does not, however, compel Government officials to accept supplies or services, perform contract administration functions, or make payment prior to fulfilling their responsibilities.

(ii) The following periods of time will not be included in the determination of an interest penalty:

(A) The period taken to notify the Contractor of defects in invoices submitted to the Government, but this may not exceed 7 days (3 days for meat, meat food products, or fish; 5 days for perishable agricultural commodities, dairy products, edible fats or oils, and food products prepared from edible fats or oils).

(B) The period between the defects notice and resubmission of the corrected invoice by the Contractor.

(C) For incorrect electronic funds transfer (EFT) information, in accordance with the EFT clause of this contract.

(iii) Interest penalties will not continue to accrue after the filing of a claim for such penalties under the clause at 52.233-1, Disputes, or for more than 1 year. Interest penalties of less than \$1 need not be paid.

(iv) Interest penalties are not required on payment delays due to disagreement between the Government and the Contractor over the payment amount or other issues involving contract compliance or on amounts temporarily withheld or retained in accordance with the terms of the contract. Claims involving disputes, and any interest that may be payable, will be resolved in accordance with the clause at 52.233-1, Disputes.

(8) Prompt payment discounts. An interest penalty also shall be paid automatically by the designated payment office, without request from the Contractor, if a discount for prompt payment is taken improperly. The interest penalty will be calculated as described in paragraph (g)(7) of this clause on the amount of discount taken for the period beginning with the first day after the end of the discount period through the date when the Contractor is paid.

(9) *Additional interest penalty.* (i) If this contract was awarded on or after October 1, 1989, a penalty amount, calculated in accordance with paragraph (a)(9)(iii) of this clause, shall be paid in addition to the interest penalty amount if the Contractor—

(A) Is owed an interest penalty of \$1 or more;

(B) Is not paid the interest penalty within 10 days after the date the invoice amount is paid; and

(C) Makes a written demand to the designated payment office for additional penalty payment, in accordance with paragraph (a)(9)(ii) of this clause, postmarked not later than 40 days after the invoice amount is paid.

(ii) (A) Contractors shall support written demands for additional penalty payments with the following data. No additional data shall be required. Contractors shall—

(1) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(2) Attach a copy of the invoice on which the unpaid late payment interest was due; and

(3) State that payment of the principal has been received, including the date of receipt.

(B) Demands must be postmarked on or before the 40th day after payment was made, except that—

(1) If the postmark is illegible or nonexistent, the demand must have been received and annotated with the date of receipt by the designated payment office on or before the 40th day after payment was made; or

(2) If the postmark is illegible or nonexistent and the designated payment office fails to make the required annotation, the demand's validity will be determined by the date the Contractor has placed on the demand; provided such date is no later than the 40th day after payment was made.

(iii) (A) The additional penalty shall be equal to 100 percent of any original late payment interest penalty, except—

(1) The additional penalty shall not exceed \$5,000;

(2) The additional penalty shall never be less than \$25; and

(3) No additional penalty is owed if the amount of the underlying interest penalty is less than \$1.

(B) If the interest penalty ceases to accrue in accordance with the limits stated in paragraph (a)(5)(iii) of this clause, the amount of the additional penalty shall be calculated on the amount of interest penalty that would have accrued in the absence of these limits, subject to the overall limits on the additional penalty specified in subdivision (a)(7)(iii)(A) of this clause.

(C) For determining the maximum and minimum additional penalties, the test shall be the interest penalty due on each separate payment made for each separate contract. The maximum and minimum additional penalty shall not be based upon individual invoices unless the invoices are paid separately. Where payments are consolidated for disbursing purposes, the maximum and minimum additional penalty determination shall be made separately for each contract therein.

(D) The additional penalty does not apply to payments regulated by other Government regulations (e.g., payments under utility contracts subject to tariffs and regulation).

(b) *Contract financing payments.* (1) Due dates for recurring financing payments. If this contract provides for contract financing, requests for payment shall be submitted to the designated billing office as specified in this contract or as directed by the Contracting Officer. Contract financing payments shall be made on the *[insert day as prescribed by Agency head; if not prescribed, insert 30th day]* day after receipt of a proper contract financing request by the designated billing office. In the event that an audit or other review

of a specific financing request is required to ensure compliance with the terms and conditions of the contract, the designated payment office is not compelled to make payment by the due date specified.

(2) Due dates for other contract financing. For advance payments, loans, or other arrangements that do not involve recurring submissions of contract financing requests, payment shall be made in accordance with the corresponding contract terms or as directed by the Contracting Officer.

(3) Interest penalty not applicable. Contract financing payments shall not be assessed an interest penalty for payment delays.

(c) Fast payment procedure due dates. If this contract contains the clause at 52.213-1, Fast Payment Procedure, payments will be made within 15 days after the date of receipt of the invoice.

(End of clause)

552.232-70 Invoice Requirements.

As prescribed in [532.111\(a\)](#), insert the following clause:

(c) In addition to the requirements for a proper invoice specified in the Prompt Payment clause of this contract or order, the following information or documentation must be submitted with each invoice:

[Contracting Officer list additional requirements.]

(End of clause)

552.232-71 Adjusting Payments.

As prescribed in [532.111\(b\)](#), insert the following clause:

ADJUSTING PAYMENTS (SEP 1999)

(a) Under the Inspection of Services clause of this contract, payments may be adjusted if any services do not conform with contract requirements. The Contracting Officer or a designated representative will inform the Contractor, in writing, of the type and dollar amount of proposed deductions by the 10th workday of the month following the performance period for which the deductions are to be made.

(b) The Contractor may, within 10 working days of receipt of the notification of the proposed deductions, present to the

Contracting Officer specific reasons why any or all of the proposed deductions are not justified. Reasons must be solidly based and must provide specific facts that justify reconsideration and/or adjustment of the amount to be deducted. Failure to respond within the 10-day period will be interpreted to mean that the Contractor accepts the deductions proposed.

(c) All or a portion of the final payment may be delayed or withheld until the Contracting Officer makes a final decision on the proposed deduction. If the Contracting Officer determines that any or all of the proposed deductions are warranted, the Contracting Officer shall so notify the Contractor, and adjust payments under the contract accordingly.

(End of clause)

552.232-72 Final Payment.

As prescribed in [532.111\(c\)](#), insert the following clause:

FINAL PAYMENT (SEP 1999)

Before final payment is made, the Contractor shall furnish the Contracting Officer with a release of all claims against the Government relating to this contract, other than claims in stated amounts that are specifically excepted by the Contractor from the release. If the Contractor's claim to amounts payable under the contract has been assigned under the Assignment of Claims Act of 1940, as amended (31 U.S.C. 3727, 41 U.S.C. 15), a release may also be required of the assignee.

(End of clause)

552.232-73 Availability of Funds.

As prescribed in [532.705-1](#), insert the following clause:

AVAILABILITY OF FUNDS (SEP 1999)

The authorization of performance of work under this contract during the initial contract period and any option or extension period(s) is contingent upon the appropriation of funds to procure this service. If the contract is awarded, extended, or option(s) exercised, the Government's obligation beyond the end of the fiscal year (September 30), in which the award or extension is made or option(s) exercised, is contingent upon the availability of funds from which payment for the contract services can be made. No legal liability on the part of the Government for payment of any money beyond the end of each fiscal year (September 30) shall arise unless or until funds are made available to the Contracting Officer for this procurement and written notice of such availability is given to the Contractor.

(End of clause)

552.232-74 Invoice Payments.

As prescribed in [532.908\(a\)\(1\)](#), insert the following clause:

INVOICE PAYMENTS (SEP 1999)

(a) The due date for making invoice payments by the designated payment office is:

(1) For orders placed electronically by the General Services Administration (GSA) Federal Supply Service (FSS), and to be paid by GSA through electronic funds transfer (EFT), the later of the following two events:

(i) The 10th day after the designated billing office receives a proper invoice from the Contractor. If the designated billing office fails to annotate the invoice with the date of receipt at the time of receipt, the invoice payment due date shall be the 10th day after the date of the Contractor's invoice; provided the Contractor submitted a proper invoice and no disagreement exists over quantity, quality, or Contractor compliance with contract requirements.

(ii) The 10th day after Government acceptance of supplies delivered or services performed by the Contractor.

(2) For all other orders, the later of the following two events:

(i) The 30th day after the designated billing office receives a proper invoice from the Contractor. If the designated billing office fails to annotate the invoice with the date of receipt at the time of receipt, the invoice payment due date shall be the 30th day after the date of the Contractor's invoice; provided the Contractor submitted a proper invoice and no disagreement exists over quantity, quality, or Contractor compliance with contract requirements.

(ii) The 30th day after Government acceptance of supplies delivered or services performed by the Contractor.

(3) On a final invoice, if the payment amount is subject to contract settlement actions, acceptance occurs on the effective date of the contract settlement.

(b) The General Services Administration will issue payment on the due date in paragraph (a)(1) of this clause if the Contractor complies with full cycle electronic commerce. Full cycle electronic commerce includes all the following elements:

(1) The Contractor must receive and fulfill electronic data interchange (EDI) purchase orders (transaction set 850).

(2) The Contractor must generate and submit to the Government valid EDI invoices (transaction set 810) or submit invoices through the GSA Finance Center Internet-based invoice process. Internet-based invoices must be submitted using procedures provided by GSA.

(3) The Contractor's financial institution must receive and process, on behalf of the Contractor, EFT payments through the Automated Clearing House (ACH) system.

(4) The EDI transaction sets in paragraphs (b)(1) through (b)(3) of this clause must adhere to implementation conventions provided by GSA.

(c) If any of the conditions in paragraph (b) of this clause do not occur, the 10-day payment due dates in paragraph (a)(1) of this clause become 30-day payment due dates.

(d) Notwithstanding paragraph (g) of the clause at FAR 52.212-4, Contract Terms and Conditions—Commercial Items, if the Contractor submits hard-copy invoices, submit only an original invoice. No copies of the invoice are required.

(e) All other provisions of the Prompt Payment Act (31 U.S.C. 3901 et seq.) and Office of Management and Budget (OMB) Circular A-125, Prompt Payment, apply.

(End of clause)

552.232-75 Prompt Payment.

As prescribed in [532.908\(b\)\(1\)](#), insert the following clause:

PROMPT PAYMENT (SEP 1999)

The Government will make payments under the terms and conditions specified in this clause. Payment shall be considered as being made on the day a check is dated or an electronic funds transfer is made. All days referred to in this clause are calendar days, unless otherwise specified.

(a) *Payment due date.* (1) *Rental payments.* Rent shall be paid monthly in arrears and will be due on the first workday of each month, and only as provided for by the lease.

(i) When the date for commencement of rent falls on the 15th day of the month or earlier, the initial monthly rental payment under this contract shall become due on the first workday of the month following the month in which the commencement of the rent is effective.

(ii) When the date for commencement of rent falls after the 15th day of the month, the initial monthly rental payment under this contract shall become due on the first workday of the second month following the month in which the commencement of the rent is effective.

(2) *Other payments.* The due date for making payments other than rent shall be the later of the following two events:

(i) The 30th day after the designated billing office has received a proper invoice from the Contractor.

(ii) The 30th day after Government acceptance of the work or service. However, if the designated billing office fails to annotate the invoice with the actual date of receipt, the invoice payment due date shall be deemed to be the 30th day after the Contractor's invoice is dated, provided a proper invoice is received and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

(b) *Invoice and inspection requirements for payments other than rent.*

(1) The Contractor shall prepare and submit an invoice to the designated billing office after completion of the work. A proper invoice shall include the following items:

- (i) Name and address of the Contractor.
- (ii) Invoice date.
- (iii) Lease number.
- (iv) Government's order number or other authorization.
- (v) Description, price, and quantity of work or services delivered.
- (vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the remittance address in the lease or the order).
- (vii) Name (where practicable), title, phone number, and mailing address of person to be notified in the event of a defective invoice.

(2) The Government will inspect and determine the acceptability of the work performed or services delivered within 7 days after the receipt of a proper invoice or notification of completion of the work or services unless a different period is specified at the time the order is placed. If actual acceptance occurs later, for the purpose of determining the payment due date and calculation of interest, acceptance will be deemed to occur on the last day of the 7 day inspection period. If the work or service is rejected for failure to conform to the technical requirements of the contract, the 7 days will be counted beginning with receipt of a new invoice or notification. In either case, the Contractor is not entitled to any payment or interest unless actual acceptance by the Government occurs.

(c) *Interest Penalty.* (1) An interest penalty shall be paid automatically by the Government, without request from the Contractor, if payment is not made by the due date.

(2) The interest penalty shall be at the rate established by the Secretary of the Treasury under Section 12 of the Contract Disputes Act of 1978 (41 U.S.C. 611) that is in effect on the day after the due date. This rate is referred to as the "Renegotiation Board Interest Rate," and it is published in the *Federal Register* semiannually on or about January 1 and July 1. The interest penalty shall accrue daily on the payment amount approved by the Government and be compounded in 30-day increments inclusive from the first day after the due date through the payment date.

(3) Interest penalties will not continue to accrue after the filing of a claim for such penalties under the clause at 52.233-1, Disputes, or for more than 1 year. Interest penalties of less than \$1.00 need not be paid.

(4) Interest penalties are not required on payment delays due to disagreement between the Government and Contractor over the payment amount or other issues involving contract compliance or on amounts temporarily withheld or retained in accordance with the terms of the contract. Claims involving disputes, and any interest that may be payable, will

be resolved in accordance with the clause at 52.233-1, Disputes.

(End of clause)

Alternate I (Sep 1999). If Alternate I is used, subparagraph (a)(1) of the basic clause should be designated as paragraph (a) and subparagraph (a)(2) and paragraph (b) should be deleted. Paragraph (c) of the basic clause should be redesignated (b).

552.232-76 Electronic Funds Transfer Payment.

As prescribed in [532.908\(b\)\(2\)](#), insert the following clause:

ELECTRONIC FUNDS TRANSFER PAYMENT (MAR 2000)

(a) The Government will make payments under this lease by electronic funds transfer (EFT). The Lessor must, no later than 30 days before the first payment:

(1) Designate a financial institution for receipt of EFT payments.

(2) Submit this designation to the Contracting Officer or other Government official, as directed.

(b) The Lessor must provide the following information:

(1) The American Bankers Association 9-digit identifying number for Automated Clearing House (ACH) transfers of the financing institution receiving payment if the institution has access to the Federal Reserve Communications System.

(2) Number of account to which funds are to be deposited.

(3) Type of depositor account ("C" for checking, "S" for savings).

(4) If the Lessor is a new enrollee to the EFT system, the Lessor must complete and submit a "Payment Information Form," SF 3881, before payment can be processed.

(c) If the Lessor, during the performance of this contract, elects to designate a different financial institution for the receipt of any payment, the appropriate Government official must receive notice of such change and the required information specified above no later than 30 days before the date such change is to become effective.

(d) The documents furnishing the information required in this clause must be dated and contain the:

(1) Signature, title, and telephone number of the Lessor or the Lessor's authorized representative.

(2) Lessor's name.

(3) Lease number.

(e) Lessor's failure to properly designate a financial institution or to provide appropriate payee bank account information may delay payments of amounts otherwise properly due.

(End of clause)

552.232-77 Payment By Governmentwide Commercial Purchase Card.

As prescribed in [532.7003](#), insert the following clause:

PAYMENT BY GOVERNMENTWIDE COMMERCIAL
PURCHASE CARD (MAR 2000)

(a) Definitions. “Governmentwide commercial purchase card” means a uniquely numbered credit card issued by a contractor under GSA’s Governmentwide Contract for Fleet, Travel, and Purchase Card Services to named individual Government employees or entities to pay for official Government purchases.

“Oral order” means an order placed orally either in person or by telephone.

(b) At the option of the Government and if agreeable to the Contractor, payments of * or less for oral or written orders may be made using the Governmentwide commercial purchase card.

(c) The Contractor shall not process a transaction for payment through the credit card clearinghouse until the purchased supplies have been shipped or services performed. Unless the cardholder requests correction or replacement of a defective or faulty item under other contract requirements, the Contractor must immediately credit a cardholder’s account for items returned as defective or faulty.

(d) Payments made using the Governmentwide commercial purchase card are not eligible for any negotiated prompt payment discount. Payment made using a Government debit card will receive the applicable prompt payment discount.

(End of clause)

**Enter amount not to exceed \$100,000.*

Alternate I (Mar 2000). For FSS schedule solicitations and contracts, replace paragraph (b) of the basic clause and add paragraph (c) as follows. Redesignate paragraphs (c) and (d) of the basic clause as (d) and (e) respectively.

(b) The Contractor must accept the Governmentwide commercial purchase card for payments equal to or less than the micro-purchase threshold (see Federal Acquisition Regulation 2.101) for oral or written orders under this contract.

(c) The Contractor and the ordering agency may agree to use the Governmentwide commercial purchase card for dollar amounts over the micro-purchase threshold, and the Government encourages the Contractor to accept payment by the purchase card. The dollar value of a purchase card action must not exceed the ordering agency’s established limit. If the Contractor will not accept payment by the purchase card for an order exceeding the micro-purchase threshold, the Contractor must so advise the ordering agency within 24 hours of receipt of the order.

552.232-78 Payment Information.

As prescribed in [532.908\(c\)](#), insert the following clause:

PAYMENT INFORMATION (JUL 2000)

The General Services Administration (GSA) makes information on contract payments available electronically at <http://www.finance.gsa.gov>. The Contractor may register at the site and review its record of payments. This site provides information only on payments made by GSA, not by other agencies.

(End of clause)

552.232-79 Payment by Credit Card.

As prescribed in [532.7003\(c\)](#) insert the following clause:

PAYMENT BY CREDIT CARD (MAY 2003)

(a) Definitions.

“Credit card” means any credit card used to pay for purchases, including the Governmentwide Commercial Purchase Card.

“Governmentwide commercial purchase card” means a uniquely numbered credit card issued by a Contractor under GSA’s Governmentwide Contract for Fleet, Travel, and Purchase Card Services to named individual Government employees or entities to pay for official Government purchases.

“Oral order” means an order placed orally either in person or by telephone.

(b) The Contractor must accept the credit card for payments equal to or less than the micro-purchase threshold (see Federal Acquisition Regulation 2.101) for oral or written orders under this contract.

(c) The Contractor and the ordering agency may agree to use the credit card for dollar amounts over the micro-purchase threshold, and the Government encourages the Contractor to accept payment by the purchase card. The dollar value of a purchase card action must not exceed the ordering agency’s established limit. If the Contractor will not accept payment by the purchase card for an order exceeding the micro-purchase threshold, the Contractor must so advise the ordering agency within 24 hours of receipt of the order.

(d) The Contractor shall not process a transaction for payment through the credit card clearinghouse until the purchased supplies have been shipped or services performed. Unless the cardholder requests correction or replacement of a defective or faulty item under other contract requirements, the Contractor must immediately credit a cardholder’s account for items returned as defective or faulty.

(e) Payments made using the Governmentwide commercial purchase card are not eligible for any negotiated prompt payment discount. Payment made using an ordering activity

AMENDMENT 2008-03 JANUARY 8, 2009

debit card will receive the applicable prompt payment discount.

(End of clause)

552.232-81 Payments by Non-Federal Ordering

Activities.

As prescribed in 532.206(b), insert the following clause:

PAYMENTS BY NON-FEDERAL ORDERING ACTIVITIES (MAY 2003)

If eligible non-federal ordering activities are subject to a State prompt payment law, the terms and conditions of the applicable State law apply to the orders placed under this contract by such activities. If eligible non-federal ordering activities are not subject to a State prompt payment law, the terms and conditions of the Federal Prompt Payment Act as reflected in Federal Acquisition Regulation clause 52.232-25, Prompt Payment, or 52.212-4, Contract Terms and Conditions—Commercial Items, apply to such activities in the same manner as to Federal ordering activities.

(End of clause)

552.232-82 Contractor's Remittance (Payment) Address.

As prescribed in 532.206(c), insert the following provision:

CONTRACTOR'S REMITTANCE (PAYMENT) ADDRESS (MAY 2003)

(a) Payment by electronic funds transfer (EFT) is the preferred method of payment. However, under certain conditions, the ordering activity may elect to make payment by check. The offeror shall indicate below the payment address to which checks should be mailed for payment of proper invoices submitted under a resultant contract.

Payment Address: _____

(b) Offeror shall furnish by attachment to this solicitation, the remittance (payment) addresses of all authorized participating dealers receiving orders and accepting payment by check in the name of the Contractor in care of the dealer, if different from their ordering address(es) specified elsewhere in this solicitation. If a dealer's ordering and remittance address differ, both must be furnished and identified as such.

(c) All offerors are cautioned that if the remittance (payment) address shown on an actual invoice differs from that shown in paragraph (b) of this provision or on the attachment, the remittance address(es) in paragraph (b) of this provision

or attached will govern. Payment to any other address, except as provided for through EFT payment methods, will require an administrative change to the contract.

NOTE: All orders placed against a Federal Supply Schedule contract are to be paid by the individual ordering activity placing the order. Each order will cite the appropriate ordering activity payment address, and proper invoices should be sent to that address. Proper invoices should be sent to GSA only for orders placed by GSA. Any other ordering activity's invoices sent to GSA will only delay your payment.

(End of provision)

552.232-83 Contractor's Billing Responsibilities.

As prescribed in 532.206(d), insert the following clause:

CONTRACTOR'S BILLING RESPONSIBILITIES (MAY 2003)

The Contractor is required to perform all billings made pursuant to this contract. However, if the Contractor has dealers that participate on the contract and the billing/payment process by the Contractor for sales made by the dealer is a significant administrative burden, the following alternative procedures may be used. Where dealers are allowed by the Contractor to bill ordering activities and accept payment in the Contractor's name, the Contractor agrees to obtain from all dealers participating in the performance of the contract a written agreement, which will require dealers to—

- (1) Comply with the same terms and conditions regarding prices as the Contractor for sales made under the contract;
(2) Maintain a system of reporting sales under the contract to the manufacturer, which includes—
(i) The date of sale;
(ii) The ordering activity to which the sale was made;
(iii) The service or product/model sold;
(iv) The quantity of each service or product/model sold;
(v) The price at which it was sold, including discounts; and
(vi) All other significant sales data.
(3) Be subject to audit by the Government, with respect to sales made under the contract; and
(4) Place orders and accept payments in the name of the Contractor in care of the dealer.

An agreement between a Contractor and its dealers pursuant to this procedure will not establish privity of contract between dealers and the Government.

552.236-70 Definitions.

As prescribed in [536.570-1](#), insert the following clause:

DEFINITIONS (APR 1984)

The terms “Administration” and “Service” as used in this contract shall mean the General Services Administration (GSA) and the Public Buildings Service (PBS), respectively.

(End of clause)

552.236-71 Authorities and Limitations.

As prescribed in [536.570-2](#), insert the following clause:

AUTHORITIES AND LIMITATIONS (APR 1984)

(a) All work shall be performed under the general direction of the Contracting Officer, who alone shall have the power to bind the Government and to exercise the rights, responsibilities, authorities and functions vested in him by the contract documents, except that he shall have the right to designate authorized representatives to act for him. Wherever any provision in this contract specifies an individual (such as, but not limited to, Construction Engineer, Resident Engineer, Inspector or Custodian) or organization, whether Governmental or private, to perform any act on behalf of or in the interests of the Government, that individual or organization shall be deemed to be the Contracting Officer’s authorized representative under this contract but only to the extent so specified. The Contracting Officer may, at any time during the performance of this contract, vest in any such authorized representatives additional power and authority to act for him or designate additional representatives, specifying the extent of their authority to act for him; a copy of each document vesting additional authority in an authorized representative or designating an additional authorized representative shall be furnished to the Contractor.

(b) The Contractor shall perform the contract in accordance with any order (including but not limited to instruction, direction, interpretation, or determination) issued by an authorized representative in accordance with his authority to act for the Contracting Officer; but the Contractor assumes all the risk and consequences of performing the contract in accordance with any order (including but not limited to instruction, direction, interpretation, or determination) issued by an authorized representative in accordance with his authority to act for the ion) of anyone not authorized to issue such order.

(End of clause)

552.236-72 Specialist.

As prescribed in [536.570-3](#), insert the following clause:

SPECIALIST (APR 1984)

The term “Specialist,” as used in the contract specification, shall mean an individual or firm of established reputation (or, if

newly organized, whose personnel have previously established a reputation in the same field), which is regularly engaged in, and which maintains a regular force of workmen skilled in either (as applicable) manufacturing or fabricating items required by the contract, installing items required by the contract, or otherwise performing work required by the contract. Where the contract specification requires installation by a specialist, that term shall also be deemed to mean either the manufacturer of the item, an individual or firm licensed by the manufacturer, or an individual or firm who will perform the work under the manufacturer’s direct supervision.

(End of clause)

552.236-73 Basis of Award—Construction Contract.

As prescribed in [536.570-4](#), insert the following provision or the appropriate Alternate:

BASIS OF AWARD—CONSTRUCTION CONTRACT
(APR 1985)

(a) The low bidder for purposes of award is the responsible bidder offering the lowest price for the base bid (consisting of the lump sum bid and any associated unit price bids extended by the applicable number of units shown on the bid form). See Standard Form 1442, Solicitation, Offer, and Award and the provision entitled “Contract Award—Sealed Bidding.”

(b) A bid may be rejected as nonresponsive if the bid is materially unbalanced as to bid prices. A bid is unbalanced when the bid is based on prices significantly less than cost for some work and significantly overstated for other work.

(End of provision)

Alternate I (Apr 1985). If the solicitation includes a base bid and options, the Contracting Officer shall delete paragraph (a) of the basic provision and insert paragraph (a) substantially as follows:

(a) The low bidder for purposes of award is the responsible bidder offering the lowest aggregate price for (1) the base bid (consisting of the lump sum bid and any associated unit price bids extended by the applicable number of units shown on the bid form) plus (2) all options designated to be evaluated. The evaluation of options will not obligate the Government to exercise the options. See Standard Form 1442, Solicitation, Offer, and Award and the provision entitled “Contract Award—Sealed Bidding.”

Alternate II (Apr 1985). If the solicitation includes a base bid and alternates, the Contracting Officer shall delete paragraph (a) of the basic provision and insert paragraphs (a), (c), and (d) substantially as follows:

(a) The low bidder for purposes of award is the responsible bidder offering the lowest aggregate price for (1) the base bid (consisting of the lump sum bid and any associated unit price

bids extended by the applicable number of units shown on the bid form) plus (2) those alternates in the order of priority listed in the solicitation that provide the most features of work within the funds available at bid opening. See the provision entitled “Contract Award—Sealed Bidding.”

(c) Alternates will be added to the base bid in the order listed in the solicitation (see Standard Form 1442, Solicitation, Offer, and Award). If the addition of an alternate would make all bids exceed the funds available at bid opening, that alternate shall be skipped and the next subsequent alternate in a lower amount shall be added, provided that the aggregate of base bid and the selected alternates do not exceed the funds available at bid opening. For example, when the amount available is \$100,000 and a bidder’s base bid is \$85,000, with its separate bids on four successive alternates being \$10,000, \$8,000, \$6,000, and \$4,000, the aggregate amount of the bid for purposes of selecting the alternates would be \$99,000 (base bid plus the first and fourth alternates). The second and third alternates are skipped because each of them would cause the aggregate of the base bid and alternates to exceed the \$100,000 amount available when considered with the first alternate. All bids shall be evaluated on the basis of the same alternates.

(d) After the low bidder has been determined in accordance with paragraph (a), an award may be made to that low bidder on the base bid, plus any combination of alternates for which funds are available at the time of award, but only if the award amount does not exceed the amount offered by any other responsible bidder. If the base bid plus the proposed combination of alternates exceed the amount offered by any other responsible bidder for the same combination of alternates, the award cannot be made on that combination of alternates.

Alternate III (Apr 1985). If the solicitation includes a base bid, alternates, and options, the Contracting Officer shall delete paragraph (a) of the basic provision and insert paragraphs (a), (c), and (d) substantially as follows:

(a) The low bidder for purposes of award is the responsible bidder offering the lowest aggregate price for (1) the base bid (consisting of the lump sum bid and any associated unit price bids extended by the applicable number of units shown on the bid form) plus (2) those alternates in the order of priority listed in the solicitation that provide the most features of work within the funds available at bid opening plus (3) all options designated to be evaluated except those options associated with alternates which are skipped during the selection process outlined in paragraph (c) of this provision. The evaluation of

options will not obligate the Government to exercise the options. See the provision entitled “Contract Award—Sealed Bidding.”

(c) Alternates will be added to the base bid in the order listed in the solicitation (see Standard Form 1442, Solicitation, Offer, or Award). If the addition of an alternate would make all bids exceed the funds available at bid opening, that alternate shall be skipped and the next subsequent alternate in a lower amount shall be added, provided that the aggregate of base bid and the selected alternates do not exceed the funds available at bid opening. For example, when the amount available is \$100,000 and a bidder’s base bid is \$85,000, with its separate bids on four successive alternates being \$10,000, \$8,000, \$6,000, and \$4,000, the aggregate amount of the bid for purposes of selecting the alternates would be \$99,000 (base bid plus the first and fourth alternates). The second and third alternates are skipped because each of them would cause the aggregate of the base bid and alternates to exceed the \$100,000 amount available when considered with the first alternate. All bids shall be evaluated on the basis of the same alternates.

(d) After the low bidder has been determined in accordance with paragraph (a), award may be made to that low bidder on the base bid and evaluated options plus any combination of alternates for which funds are available at the time of award, but only if that low bidder is still low on the sum thereof plus any previously unevaluated options designated to be evaluated which are associated with proposed alternates that were skipped during the selection under paragraph (c) of this provision. If that low bidder is not still low, award cannot be made on the proposed combination of alternates.

552.236-74 Working hours.

As prescribed in [536.570-5](#), insert the following clause:

WORKING HOURS (APR 1984)

(a) It is contemplated that all work will be performed during the customary working hours of the trades involved unless otherwise specified in this contract. Work performed by the Contractor at his own volition outside such customary working hours shall be at no additional expense to the Government.

(b) Any requests received by the Contractor from occupants of existing buildings to change the hours of work shall be referred to the Contracting Officer for determination.

(End of clause)

552.236-75 Use of Premises.

As prescribed in [536.570-6](#), insert the following clause:

USE OF PREMISES (APR 1984)

(a) If the premises are occupied, the Contractor, his subcontractors, and their employees shall comply with the regulations governing access to, operation of, and conduct while in or on the premises and shall perform the work required under this contract in such a manner as not to unreasonably interrupt or interfere with the conduct of Government business.

(b) Any request received by the Contractor from occupants of existing buildings to change the sequence of work shall be referred to the Contracting Officer for determination.

(c) If the premises are occupied, the Contractor, his subcontractors and their employees shall not have access to or be admitted into any building outside the scope of this contract except with official permission.

(c) Standard Details or Specification Drawings are applicable when listed, bound with the specifications, noted on the

drawings or referenced elsewhere in the specifications. Where the notes on the drawings indicate modifications, such modifications shall govern.

(d) In case of difference between Standard Details or Specification Drawings and the specifications, the specifications will govern. In case of difference between the Standard Details or Specification Drawings and the drawings prepared specifically for this contract, the later shall govern.

552.238-72 Identification of Products that have Environmental Attributes.

As prescribed in [538.273\(a\)\(3\)](#), insert the following clause:

IDENTIFICATION OF PRODUCTS THAT HAVE ENVIRONMENTAL ATTRIBUTES (SEP 2003)

(a) Several laws, Executive orders, and Agency directives require Federal buyers to purchase products that are less harmful to the environment, when they are life cycle cost-effective (see FAR Subpart 23.7). The U.S. General Services Administration (GSA) requires contractors to highlight environmental products under Federal Supply Service schedule contracts in various communications media (*e.g.*, publications and electronic formats).

(b) *Definitions.* As used in this clause—

“Energy-efficient product” means a product that—

(1) Meets Department of Energy and Environmental Protection Agency criteria for use of the ENERGY STAR® trademark label; or

(2) Is in the upper 25 percent of efficiency for all similar products as designated by the Department of Energy’s Federal Energy Management Program.

“GSA *Advantage!*” is an on-line shopping mall and ordering system that provides customers with access to products and services under GSA contracts.

“Other environmental attributes” refers to product characteristics that provide environmental benefits, excluding recovered materials and energy and water efficiency. Several examples of these characteristics are biodegradable, recyclable, reduced pollutants, ozone safe, and low volatile organic compounds (VOCs).

“Post-consumer material” means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Post-consumer material is part of the broader category of “recovered material.” The Environmental Protection Agency (EPA) has developed a list of EPA-designated products in their Comprehensive Procurement Guidelines (CPGs) to provide Federal agencies with purchasing recommendations on specific products in a Recovered Materials Advisory Notice (RMAN). The RMAN contains recommended recovered and post-consumer material content levels for the specific products designated by EPA (40 CFR part 247 and <http://www.epa.gov/cpg/>).

“Recovered materials” means waste materials and by-products recovered or diverted from solid waste, but the term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process (Executive Order 13101 and 42 U.S.C. 6903(19) and <http://www.epa.gov/cpg/>). For paper and paper products, see the definition at FAR 11.301 (42 U.S.C. 6962(h)).

“Remanufactured” means factory rebuilt to original specifications.

“Renewable energy” means energy produced by solar, wind, geothermal, and biomass power.

“Renewable energy technology” means—

(1) Technologies that use renewable energy to provide light, heat, cooling, or mechanical or electrical energy for use in facilities or other activities; or

(2) The use of integrated whole-building designs that rely upon renewable energy resources, including passive solar design.

(c) (1) The offeror must identify products that—

(i) Are compliant with the recovered and post-consumer material content levels recommended in the Recovered Materials Advisory Notices (RMANs) for EPA-designated products in the CPG program (<http://www.epa.gov/cpg/>);

(ii) Contain recovered materials that either do not meet the recommended levels in the RMANs or are not EPA-designated products in the CPG program (see FAR 23.401 and <http://www.epa.gov/cpg/>);

(iii) Are energy-efficient, as defined by either ENERGY STAR® and/or FEMP’s designated top 25th percentile levels (see ENERGY STAR® at <http://www.energystar.gov/> and FEMP at <http://www.eere.energy.gov/femp/procurement/>);

(iv) Are water-efficient;

(v) Use renewable energy technology;

(vi) Are remanufactured; and

(vii) Have other environmental attributes.

(2) These identifications must be made in each of the offeror’s following mediums:

(i) The offer itself.

(ii) Printed commercial catalogs, brochures, and pricelists.

(iii) Online product website.

(iv) Electronic data submission for GSA *Advantage!* submitted via GSA’s Schedules Input Program (SIP) software or the Electronic Data Inter-change (EDI). Offerors can use the SIP or EDI methods to indicate environmental and other attributes for each product that are translated into respective icons in GSA *Advantage!*.

(d) An offeror, in identifying an item with an environmental attribute, must possess evidence or rely on a reasonable basis to substantiate the claim (see 16 CFR part 260, Guides for the Use of Environmental Marketing Claims). The Government will accept an offeror’s claim of an item’s environmental attribute on the basis of—

(1) Participation in a Federal agency sponsored program (e.g., the EPA and DOE ENERGY STAR® product labeling program);

(2) Verification by an independent organization that specializes in certifying such claims; or

(3) Possession of competent and reliable evidence. For any test, analysis, research, study, or other evidence to be “competent and reliable,” it must have been conducted and evaluated in an objective manner by persons qualified to do so, using procedures generally accepted in the profession to yield accurate and reliable results.

(End of clause)

552.238-73 Cancellation

As prescribed in [538.273\(a\)\(4\)](#), insert the following clause:

CANCELLATION (SEP 1999)

Either party may cancel this contract in whole or in part by providing written notice. The cancellation will take effect 30 calendar days after the other party receives the notice of cancellation. If the Contractor elects to cancel this contract, the Government will not reimburse the minimum guarantee.

(End of clause)

552.238-74 Industrial Funding Fee and Sales Reporting.

As prescribed in [538.273\(b\)\(1\)](#), insert the following clause:

INDUSTRIAL FUNDING FEE AND SALES REPORTING
(JUL 2003)

(a) *Reporting of Federal Supply Schedule Sales.* The Contractor shall report all contract sales under this contract as follows:

(1) The Contractor shall accurately report the dollar value, in U.S. dollars and rounded to the nearest whole dollar, of all sales under this contract by calendar quarter (January 1–March 31, April 1–June 30, July 1–September 30, and October 1–December 31). The dollar value of a sale is the price paid by the Schedule user for products and services on a Schedule task or delivery order. The reported contract sales value shall include the Industrial Funding Fee (IFF). The Contractor shall maintain a consistent accounting method of sales reporting, based on the Contractor’s established commercial accounting practice. The acceptable points at which sales may be reported include—

(i) Receipt of order;

(ii) Shipment or delivery, as applicable;

(iii) Issuance of an invoice; or

(iv) Payment.

(2) Contract sales shall be reported to FSS within 30 calendar days following the completion of each reporting quarter. The Contractor shall continue to furnish quarterly reports, including “zero” sales, through physical completion of the last outstanding task order or delivery order of the contract.

(3) Reportable sales under the contract are those resulting from sales of contract items to authorized users unless the purchase was conducted pursuant to a separate contracting authority such as a Governmentwide Acquisition Contract (GWAC); a separately awarded FAR Part 12, FAR Part 13, FAR Part 14, or FAR Part 15 procurement; or a non-FAR contract. Sales made to state and local governments under Cooperative Purchasing authority shall be counted as reportable sales for IFF purposes.

(4) The Contractor shall electronically report the quarterly dollar value of sales, including “zero” sales, by utilizing the automated reporting system at an Internet website designated by the General Services Administration (GSA)’s Federal Supply Service (FSS). Prior to using this automated system, the Contractor shall complete contract registration with the FSS Vendor Support Center (VSC). The website address, as well as registration instructions and reporting procedures, will be provided at the time of award. The Contractor shall report sales separately for each National Stock Number (NSN), Special Item Number (SIN), or sub-item.

(5) The Contractor shall convert the total value of sales made in foreign currency to U.S. dollars using the “Treasury Reporting Rates of Exchange” issued by the U.S. Department of Treasury, Financial Management Service. The Contractor shall use the issue of the Treasury report in effect on the last day of the calendar quarter. The report is available from Financial Management Service, International Funds Branch, Telephone: (202) 874-7994, Internet: <http://www.fms.treas.gov/intn.html>.

(b) The Contractor shall remit the IFF at the rate set by GSA’s FSS.

(1) The Contractor shall remit the IFF to FSS in U.S. dollars within 30 calendar days after the end of the reporting quarter; final payment shall be remitted within 30 days after physical completion of the last outstanding task order or delivery order of the contract.

(2) The IFF represents a percentage of the total quarterly sales reported. This percentage is set at the discretion of GSA’s FSS. GSA’s FSS has the unilateral right to change the percentage at any time, but not more than once per year. FSS will provide reasonable notice prior to the effective date of the change. The IFF reimburses FSS for the costs of operating the Federal Supply Schedules Program and recoups its operating costs from ordering activities. Offerors must include the IFF in their prices. The fee is included in the award price(s) and reflected in the total amount charged to ordering activities. FSS will post notice of the current IFF at <http://72a.fss.gsa.gov/> or successor website as appropriate.

(c) Within 60 days of award, an FSS representative will provide the Contractor with specific written procedural instructions on remitting the IFF. FSS reserves the unilateral right to change such instructions from time to time, following notification to the Contractor.

(d) Failure to remit the full amount of the IFF within 30 calendar days after the end of the applicable reporting period constitutes a contract debt to the United States Government under the terms of FAR Subpart 32.6. The Government may exercise all rights under the Debt Collection Improve-

ment Act of 1996, including withholding or setting off payments and interest on the debt (see FAR clause 52.232-17, Interest). Should the Contractor fail to submit the required sales reports, falsify them, or fail to timely pay the IFF, this is sufficient cause for the Government to terminate the contract for cause.

(End of clause)

552.238-75 Price Reductions.

As prescribed in [538.273\(b\)\(2\)](#), insert the following clause:

PRICE REDUCTIONS (MAY 2004)

(a) Before award of a contract, the Contracting Officer and the Offeror will agree upon (1) the customer (or category of customers) which will be the basis of award, and (2) the Government’s price or discount relationship to the identified customer (or category of customers). This relationship shall be maintained throughout the contract period. Any change in the Contractor’s commercial pricing or discount arrangement applicable to the identified customer (or category of customers) which disturbs this relationship shall constitute a price reduction.

(b) During the contract period, the Contractor shall report to the Contracting Officer all price reductions to the customer (or category of customers) that was the basis of award. The Contractor’s report shall include an explanation of the conditions under which the reductions were made.

(c) (1) A price reduction shall apply to purchases under this contract if, after the date negotiations conclude, the Contractor—

(i) Revises the commercial catalog, pricelist, schedule or other document upon which contract award was predicated to reduce prices;

(ii) Grants more favorable discounts or terms and conditions than those contained in the commercial catalog, pricelist, schedule or other documents upon which contract award was predicated; or

(iii) Grants special discounts to the customer (or category of customers) that formed the basis of award, and the change disturbs the price/discount relationship of the Government to the customer (or category of customers) that was the basis of award.

(2) The Contractor shall offer the price reduction to the Government with the same effective date, and for the same time period, as extended to the commercial customer (or category of customers).

(d) There shall be no price reduction for sales—

(1) To commercial customers under firm, fixed-price definite quantity contracts with specified delivery in excess of the maximum order threshold specified in this contract;

(2) To Federal agencies;

(3) Made to State and local government entities when the order is placed under this contract (and the State and local government entity is the agreed upon customer or category of customer that is the basis of award); or

(4) Caused by an error in quotation or billing, provided adequate documentation is furnished by the Contractor to the Contracting Officer.

(e) The Contractor may offer the Contracting Officer a voluntary Governmentwide price reduction at any time during the contract period.

(f) The Contractor shall notify the Contracting Officer of any price reduction subject to this clause as soon as possible, but not later than 15 calendar days after its effective date.

(g) The contract will be modified to reflect any price reduction which becomes applicable in accordance with this clause.

(End of clause)

Alternate I (May 2003). As prescribed in [538.273\(b\)\(2\)](#) substitute the following paragraph (c)(2) for paragraph (c)(2) of the basic clause, and substitute the following paragraph (d)(2) for paragraph (d)(2) of the basic clause.

(c)(2) The Contractor shall offer the price reduction to the eligible ordering activities with the same effective date, and for the same time period, as extended to the commercial customer (or category of customers).

(d)(2) To eligible ordering activities under this contract; or

(MAY 2004)

(a) If an entity identified in paragraph (d) of the clause at [552.238-78](#), Scope of Contract (Eligible Ordering Activities), elects to place an order under this contract, the entity agrees that the order shall be subject to the following conditions:

(1) When the Contractor accepts an order from such an entity, a separate contract is formed which incorporates by reference all the terms and conditions of the Schedule contract except the Disputes clause, the patent indemnity clause, and the portion of the Commercial Item Contract Terms and Conditions that specifies “Compliance with laws unique to Government contracts” (which applies only to contracts with entities of the Executive branch of the U.S. Government). The parties to this new contract which incorporates the terms and

conditions of the Schedule contract are the individual ordering activity and the Contractor. The U.S. Government shall not be liable for the performance or nonperformance of the new contract. Disputes which cannot be resolved by the parties to the new contract may be litigated in any State or Federal court with jurisdiction over the parties, applying Federal procurement law, including statutes, regulations and case law, and, if pertinent, the Uniform Commercial Code. To the extent authorized by law, parties to this new contract are encouraged to resolve disputes through Alternative Dispute Resolution. Likewise, a Blanket Purchase Agreement (BPA), although not a contract, is an agreement that may be entered into by the Contractor with such an entity and the Federal Government is not a party.

(2) Where contract clauses refer to action by a Contracting Officer or a Contracting Officer of GSA, that shall mean the individual responsible for placing the order for the ordering activity (e.g., FAR 52.212-4 at paragraph (f) and FSS clause I-FSS-249 B.)

The ordering activity and the Contractor expressly acknowledge that, in entering into an agreement for the ordering activity to purchase goods or services from the Contractor, neither the ordering activity nor the Contractor will look to, primarily or in any secondary capacity, or file any claim against the United States or any of its agencies with respect to any failure of performance by the other party.

(4) The ordering activity is responsible for all payments due the Contractor under the contract formed by acceptance of the ordering activity's order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(5) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

(6) The supplies or services purchased will be used for governmental purposes only and will not be resold for personal use. Disposal of property acquired will be in accordance with the established procedures of the ordering activity for the disposal of personal property.

(b) If the Schedule Contractor accepts an order from an entity identified in paragraph (d) of the clause at [552.238-78](#), Scope of Contract (Eligible Ordering Activities), the Contractor agrees to the following conditions:

The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

(c) In accordance with clause [552.238-74](#), Industrial Funding Fee and Sales Reporting, the Contractor must report the quarterly dollar value of all sales under this contract. When submitting sales reports, the Contractor must report two dollar values for each Special Item Number:

(1) The dollar value for sales to entities identified in paragraph (a) of the clause at [552.238-78](#), Scope of Contract (Eligible Ordering Activities), and

(2) The dollar value for sales to entities identified in paragraph (d) of clause [552.238-78](#).

(End of clause)

552.243-71 Equitable Adjustments.

As prescribed in [543.205](#), insert the following clause:

EQUITABLE ADJUSTMENTS (JAN 2009)

(a) This clause governs the determination of equitable adjustments to which the Contractor may be entitled under the “Changes” clause prescribed by FAR 52.243-4, the “Differing Site Conditions” clause prescribed by FAR 52.236-2, and any other provision of this contract allowing entitlement to an equitable adjustment. This clause does not govern determination of the Contractor’s relief allowable under the “Suspension of Work” clause prescribed by FAR 52.242-14.

(b) At the written request of the Contracting Officer, the Contractor shall submit a proposal, in accordance with the requirements set forth herein, for an equitable adjustment to the contract for changes or other conditions that may entitle a Contractor to an equitable adjustment. If the Contractor deems an oral or written order to be a change to the contract, it shall promptly submit to the Contracting Officer a proposal for equitable adjustment attributable to such deemed change. The proposal shall also conform to the requirements set forth herein.

(c) The proposal shall be submitted within the time specified in the “Changes” clause, or such other time as may reasonably be required by the Contracting Officer. In the case of a proposal submitted based on the “Differing Site Conditions” clause, the notice requirement of that clause shall be met.

(d) Proposals for equitable adjustments, including no cost requests for adjustment of the contract’s required completion date, shall include a detailed breakdown of the following elements, as applicable:

- (1) Direct Costs.
- (2) Markups.
- (3) Change to the time for completion specified in the contract.

(e) *Direct Costs.* The Contractor shall separately identify each item of deleted and added work associated with the change or other condition giving rise to entitlement to an equitable adjustment, including increases or decreases to unchanged work impacted by the change. For each item of work so identified, the Contractor shall propose for itself and, if applicable, its first two tiers of subcontractors, the following direct costs:

- (1) Material cost broken down by trade, supplier, material description, quantity of material units, and unit cost (including all manufacturing burden associated with material fabrication and cost of delivery to site, unless separately itemized);
- (2) Labor cost broken down by trade, employer, occupation, quantity of labor hours, and burdened hourly labor

rate, together with itemization of applied labor burdens (exclusive of employer’s overhead, profit, and any labor cost burdens carried in employer’s overhead rate);

(3) Cost of equipment required to perform the work, identified with material to be placed or operation to be performed;

(4) Cost of preparation and/or revision to shop drawings and other submittals with detail set forth in paragraphs [\(e\)\(1\)](#) and [\(e\)\(2\)](#) of this clause;

(5) Delivery costs, if not included in material unit costs;

(6) Time-related costs not separately identified as direct costs, and not included in the Contractor’s or subcontractors’ overhead rates, as specified in paragraph [\(g\)](#) of this clause; and

(7) Other direct costs.

(f) Marked-up costs of subcontractors below the second tier may be treated as other direct costs of a second tier subcontractor, unless the Contracting Officer requires a detailed breakdown under paragraph [\(i\)](#) of this clause.

(g) *Extensions of Time and Time-related Costs.* The Contractor shall propose a daily rate for each firm’s time-related costs during the affected period, and, for each firm, the increase or decrease in the number of work days of performance attributable to the change or other condition giving rise to entitlement to an equitable adjustment, with supporting analysis. Entitlement to time and time-related costs shall be determined as follows:

(1) Increases or decreases to a firm’s time-related costs shall be allowed only if such increase or decrease necessarily and exclusively results from the change or other condition giving rise to entitlement to an equitable adjustment.

(2) The Contractor shall not be entitled to an extension of time or recovery of its own time-related costs except to the extent that such change or other condition necessarily and exclusively causes its duration of performance to extend beyond the completion date specified in the contract.

(3) Costs may be characterized as time-related costs only if they are incurred solely to support performance of this contract and the increase or decrease in such costs is solely dependent upon the duration of a firm’s performance of work.

(4) Costs may not be characterized as time-related costs if they are included in the calculation of a firm’s overhead rate.

(5) Equitable adjustment of time and time-related costs shall not be allowed unless the analysis supporting the proposal complies with provisions specified elsewhere in this contract regarding the Contractor’s project schedule.

(h) *Markups.* For each firm whose direct costs are separately identified in the proposal, the Contractor shall propose

AMENDMENT 2008-04 JANUARY 9, 2009

an overhead rate, profit rate, and where applicable, a bond rate and insurance rate. Markups shall be determined and applied as follows:

(1) Overhead rates shall be negotiated, and may be subject to audit and adjustment.

(2) Profit rates shall be negotiated, but shall not exceed ten percent, unless entitlement to a higher rate of profit may be demonstrated.

(3) The Contractor and its subcontractor[s] shall not be allowed overhead or profit on the overhead or profit received by a subcontractor, except to the extent that the subcontractor's costs are properly included in other direct costs as specified in paragraph (f) of this clause.

(4) Overhead rates shall be applied to the direct costs of work performed by a firm, and shall not be allowed on the direct costs of work performed by a subcontractor to that firm at any tier except as set forth below in paragraphs (h)(6) and (h)(7) of this clause.

(5) Profit rates shall be applied to the sum of a firm's direct costs and the overhead allowed on the direct costs of work performed by that firm.

(6) Overhead and profit shall be allowed on the direct costs of work performed by a subcontractor within two tiers of a firm at rates equal to only fifty percent of the overhead and profit rates negotiated pursuant to paragraphs (h)(1) and (h)(2) of this clause for that firm, but not in excess of ten percent when combined.

(7) Overhead and profit shall not be allowed on the direct costs of a subcontractor more than two tiers below the firm claiming overhead and profit for subcontractor direct costs.

(8) If changes to a Contractor's or subcontractor's bond or insurance premiums are computed as a percentage of the gross change in contract value, markups for bond and insurance shall be applied after all overhead and profit is applied. Bond and insurance rates shall not be applied if the associated costs are included in the calculation of a firm's overhead rate.

(9) No markup shall be applied to a firm's costs other than those specified herein.

(i) At the request of the Contracting Officer, the Contractor shall provide such other information as may be reasonably necessary to allow evaluation of the proposal. If the proposal includes significant costs incurred by a subcontractor below the second tier, the Contracting Officer may require the same detail for those costs as required for the first two tiers of subcontractors, and markups shall be applied to these subcontractor costs in accordance with paragraph (h).

(j) *Proposal Preparation Costs.* If performed by the firm claiming them, proposal preparations costs shall be included in the labor hours proposed as direct costs. If performed by an outside consultant or law firm, proposal preparation costs shall be treated as other direct costs to the firm incurring them.

Requests for proposal preparation costs shall include the following:

(1) A copy of the contract or other documentation identifying the consultant or firm, the scope of the services performed, the manner in which the consultant or firm was to be compensated, and if compensation was paid on an hourly basis, the fully burdened and marked-up hourly rates for the services provided.

(2) If compensation was paid on an hourly basis, documentation of the quantity of hours worked, including descriptions of the activities for which the hours were billed, and applicable rates.

(3) Written proof of payment of the costs requested. The sufficiency of the proof shall be determined by the Contracting Officer.

(k) Proposal preparation costs shall be allowed only if—

(1) The nature and complexity of the change or other condition giving rise to entitlement to an equitable adjustment warrants estimating, scheduling, or other effort not reasonably foreseeable at the time of contract award;

(2) Proposed costs are not included in a firm's time-related costs or overhead rate; and

(3) Proposed costs were incurred prior to a Contracting Officer's unilateral determination of an equitable adjustment under the conditions set forth in paragraph (o), or were incurred prior to the time the request for equitable adjustment otherwise became a matter in dispute.

(l) Proposed direct costs, markups, and proposal preparation costs shall be allowable in the determination of an equitable adjustment only if they are reasonable and otherwise consistent with the contract cost principles and procedures set forth in Part 31 of the Federal Acquisition Regulation (48 CFR part 31) in effect on the date of this contract. Characterization of costs as direct costs, time-related costs, or overhead costs must be consistent with the requesting firm's accounting practices on other work under this contract and other contracts.

(m) If the Contracting Officer determines that it is in the Government's interest that the Contractor proceed with a change before negotiation of an equitable adjustment is completed, the Contracting Officer may order the Contractor to proceed on the basis of a unilateral modification to the contract increasing or decreasing the contract price by an amount to be determined later. Such increase or decrease shall not exceed the increase or decrease proposed by the Contractor.

(n) If the parties cannot agree to an equitable adjustment, the Contracting Officer may determine the equitable adjustment unilaterally.

(o) The Contractor shall not be entitled to any proposal preparation costs incurred subsequent to the date of a unilateral determination or denial of the request if the Contracting Officer issues a unilateral determination or denial under any of the following circumstances:

MANUFACTURER (JULY 2009)

(a) *Inspection system and inspection facilities.* (1) The inspection system maintained by the Contractor under the Inspection of Supplies—Fixed Price clause (FAR 52.246-2) of this contract shall be maintained throughout the contract period. Unless otherwise authorized in writing by the Contracting Officer, the Contractor shall comply with all requirements of editions in effect on the date of the solicitation of either Federal Standard 368 or the International Organization for Standardization (ISO) Standard 9001:2000 (Quality Management Systems—Requirements). At the sole discretion of the Contracting Officer, he/she may authorize in writing exceptions to the quality assurance standards identified above. The Contractor shall immediately notify the Administrative Contracting Officer (ACO) of any changes made in the inspection system during the contract period. As used herein, the term “inspection system” means the Contractor’s own facility or any other facility acceptable to the Government that will be used to perform inspections or tests of materials and components before incorporation into end articles and for inspection of such end articles before shipment. When the manufacturing plant is located outside of the United States, the Contractor shall arrange delivery of the items from a plant or warehouse located in the United States (including Puerto Rico and the U.S. Virgin Islands) equipped to perform all inspections and tests required by the contract or specifications to evidence conformance therewith, or shall arrange with a testing laboratory or other facility in the United States, acceptable to the Government, to perform the required inspections and tests.

(2) In addition to the requirements in Federal Standard 368, ISO 9001:2000 or as otherwise approved by the Govern-

(3) Offerors are required to specify, in the space provided elsewhere in this solicitation, the name and address of each manufacturing plant or other facility where supplies will be available for inspection, indicating the item number(s) to which each applies.

(4) The Contractor shall provide the Administrative Contracting Officer ACO with the name(s) of the individual and an alternate responsible for the inspection system. In the event that the designated individual(s) becomes unavailable to oversee the inspection system, the Contractor, within 10 calendar days of such event, shall provide the ACO with the names of the replacement individual(s).

(b) *Inspection by the Contractor.* The Contractor is required to demonstrate that the supplies in the shipment have been subject to and have passed all inspections and tests required by the contract and meet the requirements of the contract.

(c) *Inspection by Government personnel.* (1) Although the Government will normally rely upon the Contractor’s representation as to the quality of supplies shipped, it reserves the right under the Inspection of Supplies—Fixed Price clause to inspect and test all supplies called for by this contract, before acceptance, at all times and places, including the point of manufacture. When the Government notifies the Contractor of its intent to inspect supplies before shipment, the Contractor shall notify or arrange for subcontractors to notify the designated GSA quality assurance office 7 workdays before the date when supplies will be ready for inspection. Shipment shall not be made until inspection by the Government is completed and shipment is authorized by the Government.

(2) The offeror shall indicate, in the spaces provided below, the location(s) at which the supplies will be inspected or made available for inspection.

(d) *Quality deficiencies.* (1) Notwithstanding any other clause of this contract concerning the conclusiveness of acceptance by the Government, any supplies or production lots shipped under this contract found to be defective in material or workmanship, or otherwise not in conformity with the requirements of this contract within a period of ___* months after acceptance shall, at the Government's option, be replaced, repaired, or otherwise corrected by the Contractor at no cost to the Government within 30 calendar days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice to replace or correct. The Contractor shall remove, at its own expense, supplies rejected or required to be replaced, repaired, or corrected. When the nature of the defect affects an entire batch or lot of supplies, and the Contracting Officer determines that correction can best be accomplished by retaining the nonconforming supplies, and reducing the contract price by an equitable amount under the circumstances, then the equitable price adjustment shall apply to the entire batch or lot of supplies from which the nonconforming item was taken.

(2) The Contractor may be issued a Quality Deficiency Notice (QDN) if:

(i) Supplies in process, shipped, or awaiting shipment to fill Government orders are found not to comply with contract requirements, or

(ii) deficiencies in either plant quality or process controls are found. Upon receipt of a QDN, the Contractor shall take immediate corrective action and shall suspend shipment of the supplies covered by the QDN until such time as corrective action has been completed. The Contractor shall notify the Government representative, within 5 workdays, of the action plan or the corrective action taken. The Government may elect to verify the corrective action at the Contractor location(s). Shipments of nonconforming supplies will be returned at the Contractor's expense and may constitute cause for termination of the contract. Delays due to the insurance of a QDN do not constitute excusable delay under the default clause of this contract. Failure to complete corrective action in a timely manner may result in termination of the contract.

(3) This contract may be terminated for default if subsequent Government inspection discloses that plant quality or process controls are not being maintained, supplies that do not meet the requirements of the contract are being shipped, or if the contractor fails to comply with any other requirement of this clause.

(e) *Additional cost for inspection and testing.* The Contractor shall be charged for any additional cost of inspection/testing or reinspecting/retesting supplies for the reasons stated in paragraph (e) of FAR 52.246-2, Inspection of Supplies-Fixed Price. When inspection or testing is performed by or under the direction of GSA, charges will be at the rate of \$ ___* per man-hour or fraction thereof if the inspection is at a GSA distribution center; \$ ___* per man-hour or fraction thereof, plus travel costs incurred, if the inspection is at any other location; and \$ ___* per man-hour or fraction thereof for laboratory testing, except that when a testing facility other than a GSA laboratory performs all or part of the required tests, the Contractor shall be assessed the actual cost incurred by the Government as a result of testing at such facility. When inspection is performed by or under the direction of any agency other than GSA, the charges indicated above may be used, or the agency may assess the actual cost of performing the inspection and testing.

(f) *Responsibility for rejected supplies.* When the Contractor fails to remove or provide instructions for the removal of rejected supplies under paragraph (d) of this clause, pursuant to the Contracting Officer's instructions, the Contractor shall be liable for all costs incurred by the Government in taking such measures as are expedient to avoid unnecessary loss to the Contractor. In addition to the remedies provided in FAR 52.246-2, supplies may be—

(1) Stored and charged against the Contractor's account;

(2) Reshipped to the Contractor at its expense (any additional expense incurred by the Government or the freight carrier caused by the refusal of the Contractor to accept their return shall also be charged against the Contractor's account);

(3) Sold to the highest bidder on the open market and the proceeds applied against the accumulated storage and other costs, including the cost of the sale; or

(4) Otherwise disposed of by the Government.

(g) *Subcontracting requirements.* The Contractor shall insert in any subcontracts the inspection or testing provisions set forth in paragraphs (a) through (d) of this clause and the Inspection of Supplies—Fixed Price clause of this contract. The Contractor shall be responsible for compliance by any subcontractor with the provisions set forth in paragraphs (a) through (d) of this clause and the Inspection of Supplies—Fixed Price clause.

(End of clause)

* *Normally insert 12 months as the period during which defective or otherwise nonconforming supplies must be replaced. However, when the supplies being bought have a shelf life of less than 1 year, you should use the shelf-life period, or in the instance where you reasonably expect a longer period to be available, you should use the longer period.*

** *The rates to be inserted are established by the Commissioner of the Federal Acquisition Service or a designee.*

552.246-71 Source Inspection by Government.

As prescribed in [546.302-71](#), insert the following clause:

Notwithstanding the foregoing, the Government may perform any or all tests contained in the contract specifications at a Government facility without prior written notice by the Contracting Officer before release of the supplies for shipment. Samples sent to a Government testing facility will be disposed of as follows: Samples from an accepted lot, not damaged in the testing process, will be returned promptly to the Contractor after completion of tests. When required, the Contractor will be furnished a supply of GSA Form 308 and/or DD Form 250, and complete instructions for their preparation and distribution.

(c) Inspection facilities. (1) The inspection system required to be maintained by the Contractor in accordance with FAR 52.246-2, Inspection of Supplies—Fixed Price, may be the Contractor's own facilities or any other facilities acceptable to the Government. These facilities shall be utilized to perform all inspections and tests of materials and components before incorporation into end articles, and for the inspection of such end articles before shipment. The Government reserves the right to evaluate the acceptability and effectiveness of the Contractor's inspection system before award and periodically during the contract period.

(2) Offerors are required to specify, in the spaces provided elsewhere in the solicitation, the name and address of each manufacturing plant or other facility where supplies will be available for inspection, indicating the item number(s) to which each applies.

(3) The Contractor shall deliver the items specified in this contract from a plant or warehouse located within the United States (including Puerto Rico and the the U.S. Virgin Islands) that is equipped to perform all inspections and tests required by this contract or specifications to evidence conformance therewith, or shall arrange with a testing laboratory or other facility in the United States, acceptable to the Government, to perform the required inspections and tests.

(d) Availability of records. (1) In addition to any other requirement of this contract, the Contractor shall maintain records showing the following information for each order received under the contract:

(e) Additional cost for inspection and testing. The Contractor will be charged for any additional cost for inspecting/testing or reinspection/ retesting supplies for the reasons stated in paragraph (e) of FAR 52.246-2, Inspection of Supplies—Fixed Price. When inspection or testing is performed by or under the direction of GSA, charges will be at the rate of \$ ___* per man-hour or fraction thereof if the inspection is at a GSA distribution center; \$ ___* per man-hour or fraction thereof, plus travel costs incurred, if the inspection is at any other location; and \$ ___* per man-hour or fraction thereof for laboratory testing, except that when a testing facility other than a GSA laboratory performs all or part of the required tests, the Contractor shall be assessed the actual cost incurred by the Government as a result of testing at such facility. When inspection is performed by or under the direction of any agency other than GSA, the charges indicated above may be used, or the agency may assess the actual cost of performing the inspection and testing.

AMENDMENT 2009–06 JUNE 29, 2009

(f) *Responsibility for rejected supplies.* When the Contractor fails to remove or provide instructions for the removal of rejected supplies under FAR 52.246-2(h) pursuant to the Contracting Officer's instructions, the Contractor shall be liable for all costs incurred by the Government in taking such measures as are expedient to avoid unnecessary loss to the Contractor. In addition to the remedies provided in FAR 52.246-2, supplies may be—

552.270-1 Instructions to Offerors—Acquisition of Leasehold Interests in Real Property.

As prescribed in [570.602](#), insert the following provision:

INSTRUCTIONS TO OFFERORS—ACQUISITION OF
LEASEHOLD INTERESTS IN REAL PROPERTY (MAR 1998)

(a) *Definitions.* As used in this provision—

“Discussions” are negotiations that occur after establishment of the competitive range that may, at the Contracting Officer’s discretion, result in the offeror being allowed to revise its proposal.

“In writing” or “written” means any worded or numbered expression which can be read, reproduced, and later communicated, and includes electronically transmitted and stored information.

“Proposal modification” is a change made to a proposal before the solicitation’s closing date and time, or made in response to an amendment, or made to correct a mistake at any time before award.

“Proposal revision” is a change to a proposal made after the solicitation closing date, at the request of or as allowed by a Contracting Officer as the result of negotiations.

“Time,” if stated as a number of days, is calculated using calendar days, unless otherwise specified, and will include Saturdays, Sundays, and legal holidays. However, if the last day falls on a Saturday, Sunday, or legal holiday, then the period shall include the next working day.

(b) *Amendments to solicitations.* If this solicitation is amended, all terms and conditions that are not amended remain unchanged. Offerors shall acknowledge receipt of any amendment to this solicitation by the date and time specified in the amendment(s).

(c) *Submission, modification, revision, and withdrawal of proposals.* (1) Unless other methods (e.g., electronic commerce or facsimile) are permitted in the solicitation, proposals and modifications to proposals shall be submitted in paper media in sealed envelopes or packages. Offers must be:

(i) Submitted on the forms prescribed and furnished by the Government as a part of this solicitation or on copies of those forms, and

(ii) Signed. The person signing an offer must initial each erasure or change appearing on any offer form. If the offeror is a partnership, the names of the partners composing the firm must be included with the offer.

(2) *Late proposals and revisions.* (i) The Government will not consider any proposal received at the office designated in the solicitation after the exact time specified for receipt of offers unless it is received before the Government makes award and it meets at least one of the following conditions:

(A) It was sent by registered or certified mail not later than the 5th calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to a

solicitation requiring receipt of offers by the 20th of the month must have been mailed by the 15th).

(B) It was sent by mail (or telegram or facsimile, if authorized) or hand-carried (including delivery by a commercial carrier) if it is determined by the Government that the late receipt was due primarily to Government mishandling after receipt at the Government installation.

(C) It was sent by U.S. Postal Service Express Mail Next Day Service-Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals. The term “working days” excludes weekends and U.S. Federal holidays.

(D) It was transmitted through an electronic commerce method authorized by the solicitation and was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of proposals.

(E) There is acceptable evidence to establish that it was received at the activity designated for receipt of offers and was under the Government’s control prior to the time set for receipt of offers, and the Contracting Officer determines that accepting the late offer would not unduly delay the procurement.

(F) It is the only proposal received.

(ii) Any modification or revision of a proposal or response to request for information, including any final proposal revision, is subject to the same conditions as in paragraphs (c)(2)(i)(A) through (c)(2)(i)(E) of this provision.

(iii) The only acceptable evidence to establish the date of mailing of a late proposal or modification or revision sent either by registered or certified mail is the U.S. or Canadian Postal Service postmark both on the envelope or wrapper and on the original receipt from the U.S. or Canadian Postal Service. Both postmarks must show a legible date or the proposal, response to a request for information, or modification or revision shall be processed as if mailed late. “Postmark” means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, offerors or respondents should request the postal clerk to place a legible hand cancellation bull’s eye postmark on both the receipt and the envelope or wrapper.

(iv) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the proposal wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(v) The only acceptable evidence to establish the date of mailing of a late offer, modification or revision, or withdrawal sent by Express Mail Next Day Service-Post

Office to Addressee is the date entered by the post office receiving clerk on the “Express Mail Next Day Service-Post Office to Addressee” label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service. “Postmark” has the same meaning as defined in paragraph (c)(2)(iii) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, offerors or respondents should request the postal clerk to place a legible hand cancellation bull’s eye postmark on both the receipt and the envelope or wrapper.

(vi) Notwithstanding paragraph (c)(2)(i) of this provision, a late modification or revision of an otherwise successful proposal that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(vii) An offeror may withdraw its proposal by written notice or telegram (including mailgram) received at any time before award. If the solicitation authorizes facsimile proposals, an offeror may withdraw its proposal via facsimile received at any time before award, subject to the conditions specified in the provision entitled “Facsimile Proposals.” Proposals may be withdrawn in person by an offeror or an authorized representative, if the representative’s identity is made known and the representative signs a receipt for the proposal before award.

(viii) If an emergency or unanticipated event interrupts normal Government processes so that proposals cannot be received at the office designated for receipt of proposals by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of proposals will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office.

(3) Any information given to a prospective offeror concerning this solicitation will be furnished promptly to all other prospective offerors, if that information is necessary in submitting offers or if the lack of it would be prejudicial to any other prospective offeror.

(4) Offerors may submit modifications to their proposals at any time before the solicitation closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.

(5) Offerors may submit revised proposals only if requested or allowed by the Contracting Officer.

(6) The Government will construe an offer to be in full and complete compliance with this solicitation unless the offer describes any deviation in the offer.

(7) Offerors may submit proposals that depart from stated requirements. Such a proposal shall clearly identify why the acceptance of the proposal would be advantageous to

the Government. The proposal must clearly identify and explicitly define any deviations from the terms and conditions of the solicitation, as well as the comparative advantage to the Government. The Government reserves the right to amend the solicitation to allow all offerors an opportunity to submit revised proposals based on the revised requirements.

(d) *Restriction on disclosure and use of data.* An offeror that includes in its proposal data that it does not want disclosed to the public for any purpose, or used by the Government except for evaluation purposes, must meet both of the following conditions:

(1) Mark the title page with the following legend:

This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed—in whole or in part—for any purpose other than to evaluate this proposal. If, however, a lease is awarded to this offeror as a result of—or in connection with—the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets [*insert numbers or other identification of sheets*].

(2) Mark each sheet of data it wishes to restrict with the following legend:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal.

(e) *Lease award.* (1) The Government intends to award a lease resulting from this solicitation to the responsible offeror whose proposal represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.

(2) The Government may reject any or all proposals if such action is in the Government's interest.

(3) The Government may waive informalities and minor irregularities in proposals received.

(4) The Government intends to evaluate proposals and award a lease after conducting discussions with offerors whose proposals have been determined to be within the competitive range. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals. Therefore, the offeror's initial proposal should contain the offeror's best terms from a price and technical standpoint.

(5) Exchanges with offerors after receipt of a proposal do not constitute a rejection or counteroffer by the Government.

(6) The Government may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that the lack of balance poses an unacceptable risk to the Government.

(7) The unconditional written acceptance of an offer establishes a valid contract.

(8) The Government may disclose the following information in postaward debriefings to other offerors:

(i) The overall evaluated cost or price and technical rating of the successful offeror;

(ii) The overall ranking of all offerors, when any ranking was developed by the agency during source selection; and

(iii) A summary of the rationale for award.

(End of provision)

Alternate I (Mar 1998). As prescribed in [570.602](#), substitute the following paragraph for paragraph (c)(2)(i) of the basic provision:

(i) Any offer received at the office designated in the solicitation after the exact time specified for receipt of final proposal revisions will not be considered unless it is received before award is made and it meets one of the following conditions—

Alternate II (Mar 1998). As prescribed in [570.602](#), substitute the following paragraph for paragraph (e)(4) of the basic provision:

(4) The Government intends to evaluate proposals and award a lease without discussions with offerors (except clarifications as described in FAR 15.306(a)). Therefore, the offeror's initial proposal should contain the offeror's best terms from a cost or price and technical standpoint. The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

552.270-2 Historic Preference.

As prescribed in [570.602](#), insert the following provision:

HISTORIC PREFERENCE (SEPT 2004)

(a) The Government will give preference to offers of space in historic properties following this hierarchy of consideration:

(1) Historic properties within historic districts.

(2) Non-historic developed and non-historic undeveloped sites within historic districts.

(3) Historic properties outside of historic districts.

(b) *Definitions.* (1) “Determination of eligibility” means a decision by the Department of the Interior that a district, site, building, structure or object meets the National Register criteria for evaluation although the property is not formally listed in the National Register (36 CFR 60.3(c)).

(2) “Historic district” means a geographically definable area, urban or rural, possessing a significant concentration, linkage, or continuity of sites, buildings, structures, or objects united by past events or aesthetically by plan or physical development. A district may also comprise individual elements separated geographically but linked by association or history (36 CFR 60.3(d)). The historic district must be included in or be determined eligible for inclusion in the National Register of Historic Places.

(3) “Historic property” means any pre-historic or historic district, site, building, structure, or object included in or been determined eligible for inclusion in the National Register of Historic Places maintained by the Secretary of the Interior (36 CFR 800.16(l)).

(4) “National Register of Historic Places” means the National Register of districts, sites, buildings, structures and objects significant in American history, architecture, archeology, engineering and culture that the Secretary of the Interior is authorized to expand and maintain under the National Historic Preservation Act (36 CFR 60.1).

(c) The offer of space must meet the terms and conditions of this solicitation. The Contracting Officer has discretion to accept alternatives to certain architectural characteristics and safety features defined elsewhere in this solicitation to maintain the historical integrity of an historic building, such as high ceilings and wooden floors, or to maintain the integrity of an historic district, such as setbacks, floor-to-ceiling heights, and location and appearance of parking.

(d) When award will be based on the lowest price technically acceptable source selection process, the Government will give a price evaluation preference, based on the total annual square foot (ANSI/BOMA Office Area) cost to the Government, to historic properties as follows:

(1) First to suitable historic properties within historic districts, a 10 percent price preference.

(2) If no suitable historic property within an historic district is offered, or the 10 percent preference does not result in such property being the lowest price technically acceptable offer, the Government will give a 2.5 percent price preference to suitable non-historic developed or undeveloped sites within historic districts.

(3) If no suitable non-historic developed or undeveloped site within an historic district is offered, or the 2.5 percent preference does not result in such property being the

lowest price technically acceptable offer, the Government will give a 10 percent price preference to suitable historic properties outside of historic districts.

(4) Finally, if no suitable historic property outside of historic districts is offered, no historic price preference will be given to any property offered.

(e) When award will be based on the best value tradeoff source selection process, which permits tradeoffs among price and non-price factors, the Government will give a price evaluation preference, based on the total annual square foot (ANSI/BOMA Office Area) cost to the Government, to historic properties as follows:

(1) First to suitable historic properties within historic districts, a 10 percent price preference.

(2) If no suitable historic property within a historic district is offered or remains in the competition, the Government will give a 2.5 percent price preference to suitable non-historic developed or undeveloped sites within historic districts.

(3) If no suitable non-historic developed or undeveloped site within an historic district is offered or remains in the competition, the Government will give a 10 percent price preference to suitable historic properties outside of historic districts.

(4) Finally, if no suitable historic property outside of historic districts is offered, no historic price preference will be given to any property offered.

(f) The Government will compute price evaluation preferences by reducing the price(s) of the offerors qualifying for a price evaluation preference by the applicable percentage provided in this provision. The price evaluation preference will be used for price evaluation purposes only. The Government will award a contract in the amount of the actual price(s) proposed by the successful offeror and accepted by the Government.

(g) To qualify for a price evaluation preference, offerors must provide satisfactory documentation in their offer that their property qualifies as one of the following:

(1) An historic property within an historic district.

(2) A non-historic developed or undeveloped site within an historic district.

(3) An historic property outside of an historic district..

(End of provision)

552.270-3 Parties to Execute Lease.

(a) If the lease is executed by an attorney, agent, or trustee on behalf of the Lessor, an authenticated copy of his power of attorney, or other evidence to act on behalf of the Lessor, shall accompany the lease.

Except in case of damage arising out of the willful act or negligence of a Government employee, Lessor shall maintain the premises, including the building and all equipment, fixtures, and appurtenances furnished by the lessor under this lease, in good repair and condition so that they are suitable in appearance and capable of supplying such heat, air conditioning, light, ventilation, access and other things to the premises, without reasonably preventable or recurring disruption, as is required for the Government's access to, occupancy, possession, use and enjoyment of the premises as provided in this lease. For the purpose of so maintaining the premises, the Lessor may at reasonable times enter the premises with the approval of the authorized Government representative in charge.

(End of clause)

As prescribed in [570.603](#), insert the following clause:

FIRE AND CASUALTY DAMAGE (SEP 1999)

If the entire premises are destroyed by fire or other casualty, this lease will immediately terminate. In case of partial destruction or damage, so as to render the premises untenable, as determined by the Government, the Government may terminate the lease by giving written notice to the Lessor within 15 calendar days of the fire or other casualty; if so terminated, no rent will accrue to the Lessor after such partial destruction or damage; and if not so terminated, the rent will be reduced proportionately by supplemental agreement hereto effective from the date of such partial destruction or damage. Nothing in this lease shall be construed as relieving Lessor from liability for damage to or destruction of property of the United States of America caused by the willful or negligent act or omission of Lessor.

(End of clause)

552.270-8 Compliance with Applicable Law.

As prescribed in [570.603](#), insert the following clause:

COMPLIANCE WITH APPLICABLE LAW (SEP 1999)

Lessor shall comply with all Federal, state and local laws applicable to the Lessor as owner or lessor, or both, of the building or premises, including, without limitation, laws applicable to the construction, ownership, alteration or operation of both or either thereof, and will obtain all necessary permits, licenses and similar items at Lessor's expense. The

Government will comply with all Federal, state and local laws applicable to and enforceable against it as a tenant under this lease; provided that nothing in this lease shall be construed as a waiver of any sovereign immunity of the Government. This lease shall be governed by Federal law.

(End of clause)

552.270-9 Inspection—Right of Entry.

As prescribed in [570.603](#), insert the following clause:

INSPECTION—RIGHT OF ENTRY (SEP 1999)

(a) At any time and from time to time after receipt of an offer (until the same has been duly withdrawn or rejected), after acceptance thereof and during the term, the agents, employees and contractors of the Government may, upon reasonable prior notice to Offeror or Lessor, enter upon the offered premises or the premises, and all other areas of the building access to which is necessary to accomplish the purposes of entry, to determine the potential or actual compliance by the Offeror or Lessor with the requirements of the solicitation or this lease, which purposes shall include, but not be limited to:

(1) Inspecting, sampling and analyzing suspected asbestos-containing materials and air monitoring for asbestos fibers;

(2) Inspecting the heating, ventilation and air conditioning system, maintenance records, and mechanical rooms for the offered premises or the premises;

(3) Inspecting for any leaks, spills, or other potentially hazardous conditions which may involve tenant exposure to hazardous or toxic substances; and

(4) Inspecting for any current or past hazardous waste operations, to ensure that appropriate mitigative actions were taken to alleviate any environmentally unsound activities in accordance with Federal, State and local law.

(b) Nothing in this clause shall be construed to create a Government duty to inspect for toxic materials or to impose a higher standard of care on the Government than on other lessees. The purpose of this clause is to promote the ease with which the Government may inspect the building. Nothing in this clause shall act to relieve the Lessor of any duty to inspect or liability which might arise as a result of Lessor's failure to inspect for or correct a hazardous condition.

(End of clause)

552.270-10 Failure in Performance.

As prescribed in [570.603](#), insert the following clause:

FAILURE IN PERFORMANCE (SEP 1999)

The covenant to pay rent and the covenant to provide any service, utility, maintenance, or repair required under this lease are interdependent. In the event of any failure by the

Lessor to provide any service, utility, maintenance, repair or replacement required under this lease the Government may, by contract or otherwise, perform the requirement and deduct from any payment or payments under this lease, then or thereafter due, the resulting cost to the Government, including all administrative costs. If the Government elects to perform any such requirement, the Government and each of its contractors shall be entitled to access to any and all areas of the building, access to which is necessary to perform any such requirement, and the Lessor shall afford and facilitate such access. Alternatively, the Government may deduct from any payment under this lease, then or thereafter due, an amount which reflects the reduced value of the contract requirement not performed. No deduction from rent pursuant to this clause shall constitute a default by the Government under this lease. These remedies are not exclusive and are in addition to any other remedies which may be available under this lease or at law.

(End of clause)

552.270-11 Successors Bound.

As prescribed in [570.603](#), insert the following clause:

SUCCESSORS BOUND (SEP 1999)

This lease shall bind, and inure to the benefit of, the parties and their respective heirs, executors, administrators, successors and assigns.

(End of clause)

552.270-12 Alterations.

As prescribed in [570.603](#), insert the following clause:

ALTERATIONS (SEP 1999)

The Government shall have the right during the existence of this lease to make alterations, attach fixtures, and erect structures or signs in or upon the premises hereby leased, which fixtures, additions or structures so placed in, on, upon, or attached to the said premises shall be and remain the property of the Government and may be removed or otherwise disposed of by the Government. If the lease contemplates that the Government is the sole occupant of the building, for purposes of this clause, the leased premises include the land on which the building is sited and the building itself. Otherwise, the Government shall have the right to tie into or make any physical connection with any structure located on the property as is reasonably necessary for appropriate utilization of the leased space.

(End of clause)

552.270-13 Proposals for Adjustment.

As prescribed in [570.603](#), insert the following clause:

PROPOSALS FOR ADJUSTMENT (SEP 1999)

(a) The Contracting Officer may, from time to time during the term of this lease, require changes to be made in the work or services to be performed and in the terms or conditions of this lease. Such changes will be required under the Changes clause.

(b) If the Contracting Officer makes a change within the general scope of the lease, the Lessor shall submit, in a timely manner, an itemized cost proposal for the work to be accomplished or services to be performed when the cost exceeds \$100,000. The proposal, including all subcontractor work, will contain at least the following detail—

- (1) Material quantities and unit costs;
- (2) Labor costs (identified with specific item or material to be placed or operation to be performed);
- (3) Equipment costs;
- (4) Worker's compensation and public liability insurance;
- (5) Overhead;
- (6) Profit; and
- (7) Employment taxes under FICA and FUTA.

(c) The following Federal Acquisition Regulation (FAR) provisions also apply to all proposals exceeding \$500,000 in cost—

- (1) The Lessor shall provide cost or pricing data including subcontractor cost or pricing data (48 CFR 15.403-4); and
- (2) The Lessor's representative, all Contractors, and subcontractors whose portion of the work exceeds \$500,000 must sign and return the "Certificate of Current Cost or Pricing Data" (48 CFR 15.406-2).

(d) Lessors shall also refer to 48 CFR Part 31, Contract Cost Principles, for information on which costs are allowable, reasonable, and allocable in Government work.

(End of clause)

552.270-14 Changes.

As prescribed in [570.603](#), insert the following clause:

CHANGES (SEP 1999)

(a) The Contracting Officer may at any time, by written order, make changes within the general scope of this lease in any one or more of the following:

- (1) Specifications (including drawings and designs).
- (2) Work or services.
- (3) Facilities or space layout.
- (4) Amount of space, provided the Lessor consents to the change.

(b) If any such change causes an increase or decrease in Lessor's cost of or the time required for performance under this lease, whether or not changed by the order, the Contract

ing Officer shall modify this lease to provide for one or more of the following:

- (1) A modification of the delivery date.
- (2) An equitable adjustment in the rental rate.
- (3) A lump sum equitable adjustment.
- (4) An equitable adjustment of the annual operating costs per usable square foot specified in this lease.

(c) The Lessor must assert its right to an adjustment under this clause within 30 days from the date of receipt of the change order and must submit a proposal for adjustment. Failure to agree to any adjustment shall be a dispute under the Disputes clause. However, nothing in this clause excuses the lessor from proceeding with the change as directed.

(d) Absent such written change order, the Government is not liable to Lessor under this clause.

(End of clause)

552.270-15 Liquidated Damages.

As prescribed in [570.603](#), insert the following clause:

LIQUIDATED DAMAGES (SEP 1999)

In case of failure on the part of the Lessor to complete the work within the time fixed in the lease contract or letter of award, the Lessor shall pay the Government as fixed and agreed liquidated damages, pursuant to this clause, the sum of \$ _____ for each and every calendar day that the delivery is delayed beyond the date specified for delivery of all of the space ready for occupancy by the Government. This remedy is not exclusive and is in addition to any other remedies which may be available under this lease or at law.

(End of clause)

552.270-16 Adjustment for Vacant Premises.

As prescribed in [570.603](#), insert the following clause:

ADJUSTMENT FOR VACANT PREMISES (SEP 1999)

(a) If the Government fails to occupy any portion of the leased premises or vacates the premises in whole or in part before the lease term expires, the rental rate will be reduced.

(b) The rental rate will be reduced by that portion of the costs per usable square foot of operating expenses not required to maintain the space. The reduction takes effect 30 calendar days after the Government gives notice to the Lessor, and continues in effect until the Government occupies the premises or the lease expires or is terminated.

(End of clause)

552.270-17 Delivery and Condition.

As prescribed in [570.603](#), insert the following clause:

DELIVERY AND CONDITION (SEP 1999)

(a) Unless the Government elects to have the space occupied in increments, the space must be delivered ready for occupancy as a complete unit. The Government reserves the right to determine when the space is substantially complete.

(b) If the premises do not in every respect comply with the provisions of this lease the Contracting Officer may, in accordance with the Failure in Performance clause of this lease, elect to reduce the rent payments.

(End of clause)

552.270-18 Default in Delivery—Time Extensions.

As prescribed in [570.603](#), insert the following clause:

DEFAULT IN DELIVERY—TIME EXTENSIONS (SEP 1999)

(a) With respect to Lessor's obligation to deliver the premises substantially complete by the delivery date, time is of the essence. If the Lessor fails to work diligently to ensure its substantial completion by the delivery date or fails to substantially complete the work by such date, the Government may by notice to the Lessor terminate this lease. Such termination is effective when received by Lessor. The Lessor and the Lessor's sureties, if any, are jointly and severally liable for any damages to the Government resulting from such termination, as provided in this clause. The Government is entitled to the following damages:

(1) The Government's aggregate rent, estimated real estate tax, and operating cost adjustments for the firm term and all option terms of its replacement lease or leases, in excess of the aggregate rent and estimated real estate tax and operating cost adjustments for the term. If the Government procures replacement premises for a term (including all option terms) in excess of this lease term, the Lessor is not liable for excess Government rent or adjustments during such excess lease term.

(2) All administrative and other costs the Government incurs in procuring a replacement lease or leases.

(3) Other, additional relief provided for in this lease, at law, or in equity.

(b) Damages to which the Government is entitled to under this clause are due and payable thirty (30) days following the date Lessor receives notice from the Contracting Officer specifying such damages.

(c) Delivery by Lessor of less than the minimum usable square footage required by this lease shall in no event be construed as substantial completion, except as the Contracting Officer permits.

(d) The Government shall not terminate this lease under this clause nor charge the Lessor with damages under this clause, if (1) the delay in substantially completing the work

arises from excusable delays, and (2) the Lessor within 10 days from the beginning of any such delay (unless extended in writing by the Contracting Officer) provides notice to the Contracting Officer of the causes of delay. The Contracting Officer shall ascertain the facts and the extent of delay. If the facts warrant, the Contracting Officer shall extend the delivery date, to the extent of such delay at no additional costs to the Government. A time extension is the sole remedy of the Lessor.

(End of clause)

552.270-19 Progressive Occupancy.

As prescribed in [570.603](#), insert the following clause:

PROGRESSIVE OCCUPANCY (SEP 1999)

The Government shall have the right to elect to occupy the space in partial increments prior to the substantial completion of the entire leased premises, and the Lessor agrees to schedule its work so as to deliver the space incrementally as elected by the Government. The Government shall pay rent commencing with the first business day following substantial completion of the entire leased premise unless the Government has elected to occupy the leased premises incrementally. In case of incremental occupancy, the Government shall pay rent pro rata upon the first business day following substantial completion of each incremental unit. Rental payments shall become due on the first workday of the month following the month in which an increment of space is substantially complete, except that should an increment of space be substantially completed after the fifteenth day of the month, the payment due date will be the first workday of the second month following the month in which it was substantially complete. The commencement date of the firm lease term will be a composite determined from all rent commencement dates.

(End of clause)

552.270-20 Payment.

As prescribed in [570.603](#), insert the following clause:

PAYMENT (SEP 1999)

(a) When space is offered and accepted, usable square footage delivered will be confirmed by either:

(1) The Government's measurement of plans submitted by the successful offeror as approved by the Government, and an inspection of the space to verify that the delivered space conforms with such plans.

(2) A mutual on-site measurement of the space if the Contracting Officer determines it necessary.

(b) The Government will not pay for space in excess of the amount of usable square footage stated in the lease.

(c) If the amount of usable square footage delivered is less than the amount agreed to in the lease, the lease will be modified to reflect the amount of usable space delivered and the annual rental will be adjusted as follows:

Usable square feet (USF) not delivered multiplied by one plus the common area factor (CAF), multiplied by the rate per rentable square foot (RSF). That is:

$$\text{USF} \times (1 + \text{CAF}) \times \text{Rate per RSF} = \text{Reduction in Annual Rent}$$

(End of clause)

552.270-21 Effect of Acceptance and Occupancy.

As prescribed in [570.603](#), insert the following clause:

EFFECT OF ACCEPTANCE AND OCCUPANCY (SEP 1999)

Neither the Government's acceptance of the premises for occupancy, nor the Government's occupancy thereof, shall be construed as a waiver of any requirement of or right of the Government under this Lease, or as otherwise prejudicing the Government with respect to any such requirement or right.

(End of clause)

552.270-22 Default by Lessor During the Term.

As prescribed in [570.603](#), insert the following clause:

DEFAULT BY LESSOR DURING THE TERM (SEP 1999)

(a) Each of the following shall constitute a default by Lessor under this lease:

(1) Failure to maintain, repair, operate or service the premises as and when specified in this lease, or failure to perform any other requirement of this lease as and when required provided any such failure shall remain uncured for a period of thirty (30) days next following Lessor's receipt of notice thereof from the Contracting Officer or an authorized representative.

(2) Repeated and unexcused failure by Lessor to comply with one or more requirements of this lease shall constitute a default notwithstanding that one or all such failures shall have been timely cured pursuant to this clause.

(b) If a default occurs, the Government may, by notice to Lessor, terminate this lease for default and if so terminated, the Government shall be entitled to the damages specified in the Default in Delivery-Time Extensions clause.

(End of clause)

552.270-23 Subordination, Nondisturbance and**Attornment.**

As prescribed in [570.603](#), insert the following clause:

SUBORDINATION, NONDISTURBANCE AND ATTORNMENT
(SEP 1999)

(a) Lessor warrants that it holds such title to or other interest in the premises and other property as is necessary to the Government's access to the premises and full use and enjoyment thereof in accordance with the provisions of this lease. Government agrees, in consideration of the warranties and conditions set forth in this clause, that this lease is subject and subordinate to any and all recorded mortgages, deeds of trust and other liens now or hereafter existing or imposed upon the premises, and to any renewal, modification or extension thereof. It is the intention of the parties that this provision shall be self-operative and that no further instrument shall be required to effect the present or subsequent subordination of this lease. Government agrees, however, within twenty (20) business days next following the Contracting Officer's receipt of a written demand, to execute such instruments as Lessor may reasonably request to evidence further the subordination of this lease to any existing or future mortgage, deed of trust or other security interest pertaining to the premises, and to any water, sewer or access easement necessary or desirable to serve the premises or adjoining property owned in whole or in part by Lessor if such easement does not interfere with the full enjoyment of any right granted the Government under this lease.

(b) No such subordination, to either existing or future mortgages, deeds of trust or other lien or security instrument shall operate to affect adversely any right of the Government under this lease so long as the Government is not in default under this lease. Lessor will include in any future mortgage, deed of trust or other security instrument to which this lease becomes subordinate, or in a separate nondisturbance agreement, a provision to the foregoing effect. Lessor warrants that the holders of all notes or other obligations secured by existing mortgages, deeds of trust or other security instruments have consented to the provisions of this clause, and agrees to provide true copies of all such consents to the Contracting Officer promptly upon demand.

(c) In the event of any sale of the premises or any portion thereof by foreclosure of the lien of any such mortgage, deed of trust or other security instrument, or the giving of a deed in lieu of foreclosure, the Government will be deemed to have attorned to any purchaser, purchasers, transferee or transferees of the premises or any portion thereof and its or their successors and assigns, and any such purchasers and transferees

will be deemed to have assumed all obligations of the Lessor under this lease, so as to establish direct privity of estate and contract between Government and such purchasers or transferees, with the same force, effect and relative priority in time and right as if the lease had initially been entered into between such purchasers or transferees and the Government; provided, further, that the Contracting Officer and such purchasers or transferees shall, with reasonable promptness following any such sale or deed delivery in lieu of foreclosure, execute all such revisions to this lease, or other writings, as shall be necessary to document the foregoing relationship.

(d) None of the foregoing provisions may be deemed or construed to imply a waiver of the Government's rights as a sovereign.

(End of clause)

552.270-24 Statement of Lease.

As prescribed in [570.603](#), insert the following clause:

STATEMENT OF LEASE (SEP 1999)

(a) The Contracting Officer will, within thirty (30) days next following the Contracting Officer's receipt of a joint written request from Lessor and a prospective lender or purchaser of the building, execute and deliver to Lessor a letter stating that the same is issued subject to the conditions stated in this clause and, if such is the case, that (1) the lease is in full force and effect; (2) the date to which the rent and other charges have been paid in advance, if any; and (3) whether any notice of default has been issued.

(b) Letters issued pursuant to this clause are subject to the following conditions:

(1) That they are based solely upon a reasonably diligent review of the Contracting Officer's lease file as of the date of issuance;

(2) That the Government shall not be held liable because of any defect in or condition of the premises or building;

(3) That the Contracting Officer does not warrant or represent that the premises or building comply with applicable Federal, State and local law; and

(4) That the Lessor, and each prospective lender and purchaser are deemed to have constructive notice of such facts as would be ascertainable by reasonable prepurchase and precommitment inspection of the Premises and Building and by inquiry to appropriate Federal, State and local Government officials.

(End of clause)

552.270-25 Substitution of Tenant Agency.

As prescribed in [570.603](#), insert the following clause:

SUBSTITUTION OF TENANT AGENCY (SEP 1999)

The Government may, at any time and from time to time, substitute any Government agency or agencies for the Government agency or agencies, if any, named in the lease.

(End of clause)

552.270-26 No Waiver.

As prescribed in [570.603](#), insert the following clause:

NO WAIVER (SEP 1999)

No failure by either party to insist upon the strict performance of any provision of this lease or to exercise any right or remedy consequent upon a breach thereof, and no acceptance of full or partial rent or other performance by either party during the continuance of any such breach shall constitute a waiver of any such breach of such provision.

(End of clause)

552.270-27 Integrated Agreement.

As prescribed in [570.603](#), insert the following clause:

INTEGRATED AGREEMENT (SEP 1999)

This Lease, upon execution, contains the entire agreement of the parties and no prior written or oral agreement, express or implied, shall be admissible to contradict the provisions of the Lease.

(End of clause)

552.270-28 Mutuality of Obligation.

As prescribed in [570.603](#), insert the following clause:

MUTUALITY OF OBLIGATION (SEP 1999)

The obligations and covenants of the Lessor, and the Government's obligation to pay rent and other Government obligations and covenants, arising under or related to this Lease, are interdependent. The Government may, upon issuance of and delivery to Lessor of a final decision asserting a claim against Lessor, set off such claim, in whole or in part, as against any payment or payments then or thereafter due the Lessor under this lease. No setoff pursuant to this clause shall constitute a breach by the Government of this lease.

(End of clause)

552.270-29 Acceptance of Space.

As prescribed in [570.603](#), insert the following clause:

ACCEPTANCE OF SPACE (SEP 1999)

(a) When the lessor has completed all alterations, improvements, and repairs necessary to meet the requirements of the lease, the lessor shall notify the Contracting Officer. The Contracting Officer or designated representative shall promptly inspect the space.

(b) The Government will accept the space and the lease term will begin after determining that the space is substantially complete and contains the required usable square footage as indicated in Paragraph 1.1, Amount and Type of Space, of this solicitation.

52.222-40 SERVICE CONTRACT ACT OF 1965, AS AMENDED -- CONTRACTS OF \$2,500 OR LESS (MAY 1989)

Except to the extent that an exemption, variation, or tolerance would apply if this contract were in excess of \$2,500, the Contractor and any subcontractor shall pay all employees working on the contract not less than the minimum wage specified under Section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended (29 U.S.C. 201-206). Regulations and interpretations of the Service Contract Act of 1965, as amended, are contained in 29 CFR Part 4.

552.229-70 FEDERAL, STATE, AND LOCAL TAXES (APR 1984)
The contract price includes all applicable Federal, State, and local taxes. No adjustment will be made to cover taxes which may subsequently be imposed on this transaction or changes in the rates of currently applicable taxes. However, the Government will, upon the request of the Contractor, furnish evidence appropriate to establish exemption from any tax from which the Government is exempt and which was not included in the contract price.

552.210-79 PACKING LIST (DEC 1989)
(a) A packing list or other suitable shipping documents shall accompany each shipment and shall indicate: (1) Name and address of consignee; (2) Name and complete address of consignor; (3) Government order or requisition number; (4) Government bill of lading number covering the shipment (if any); and (5) Description of the material shipped, including item number, quantity, number of containers, and package number (if any).

The Government shall pay the Contractor, upon the submission of proper invoices or vouchers, the prices stipulated in this contract for supplies delivered and accepted or services rendered and accepted, less any deductions provided in this contract. Unless otherwise specified in this contract, payment shall be made on partial shipments accepted by the Government if: (a) The amount of the invoice exceeds \$10,000; or (b) The Contractor requests it and the amount due the Contractor is at least \$1,000 or 50 percent of the total contract price.

52.232-8 DISCOUNTS FOR PROMPT PAYMENT (APR 1989)
(a) Discounts for prompt payment will not be considered in the evaluation of offers. However, any offered discount will form a part of the award, and will be taken if payment is made within the discount period indicated in the offer by the offeror. As an alternative to offering a prompt payment discount in conjunction with the offer, offerors awarded contracts may include prompt payment discounts on individual invoices.

(b) In connection with any discount offered for prompt payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the date on which an electronic funds transfer was made.

PROMPT PAYMENT
Prompt payment clause 52.232-25 is incorporated in this contract by reference. The clause contains information on payment due date, invoice requirements, constructive acceptance and interest penalties. PART 570—ACQUIRING LEASEHOLD INTERESTS IN REAL PROPERTY

Subpart 570.1—General

570.101 Applicability.

(a) This part applies to acquisitions of leasehold interests in real property except:

(1) Leasehold interests acquired by the power of eminent domain or by donation.

(2) Acquisition of leasehold interests in bare or unimproved land.

(b) In addition, the GSAR rules in the table below apply. Other provisions of 48 CFR Chapter 5 (GSAR) do not apply to leases of real property unless specifically cross-referenced in this [Part 570](#).

501	514.201-7(b)	517.207	533
502	514.407	519.7	536.271
503	515.204-1	519.12	537.2
504.5	515.209-70	522.8	552
505	515.305	532.1	553
509.4	517.202	532.908	

(c) The following GSAM provisions apply to acquisitions of leasehold interests in real property. These are in addition to the GSAR requirements identified in [570.101\(b\)](#).

501	507	522.14	532.8
503	519.3	523.4	532.9
504.2	519.6	530	532.11
504.9	519.7	532.1	533
505	519.12	532.4	537.2
506	522.13	532.6	

570.102 Definitions.

“Acquisition” means the acquiring by lease of an interest in improved real property for use by the Federal Government, whether the space already exists or must be constructed.

“Contract” means lease.

“Contractor” means lessor.

“Landlord” or “lessor” means any individual, firm, partnership, trust, association, State or local government, or other legal entity that leases real property to the Government.

“Lease” or “leasehold interest in real property” means a conveyance to the Government of the right of exclusive possession of real property for a definite period of time by a land-

lord. It may include operational services provided by the landlord.

“Lessee” or “tenant” means the United States of America.

“Operational services” means services that support use of a leased property, such as heating, ventilation, air conditioning, utilities, and custodial services.

“Rent and related services” means the consideration paid for the use of leased property plus the costs of operational services whether furnished by the lessor, the Government, or both.

“Simplified lease acquisition procedures” mean the procedures for awarding leases at or below the simplified lease acquisition threshold.

“Simplified lease acquisition threshold” means \$100,000 average annual rent for the term of the lease, including option periods and excluding the cost of operational services.

“Small business” means a concern including affiliates, which is organized for profit, is independently-owned and operated, is not dominant in the field of leasing commercial real estate, and has annual average gross receipts of \$15 million or less for the preceding three fiscal years.

“Solicitation for Offers (SFO)” means invitation for bids in sealed bidding or request for proposals in negotiations.

“Space in buildings” means the premises leased, or to be leased, including improvements. Its quantity is normally expressed in square feet. It does not include space acquired by the power of eminent domain, donation, or condemnation, nor acquisitions of bare or unimproved land.

“Substantially as follows” or “substantially the same as,” when used in prescribing a provision or clause, means that you may prepare and use a variation of that provision or clause to accommodate requirements peculiar to an individual acquisition. The variation must include the salient features of the FAR or GSAR provision or clause. It must also be consistent with the intent, principle, and substance of the FAR or GSAR provision or clause and related coverage on the subject matter.

570.103 Authority to lease.

(a) The Federal Property and Administrative Services Act of 1949 (40 U.S.C. 490(h)(1)), as amended, and Section 1 of the Reorganization Plan No. 18 of 1950 (40 U.S.C. 490 Note) authorize the Administrator of General Services to acquire leasehold interests in real property for use by Federal agencies. The authority is limited to leases for buildings and improvements that bind the Government for periods not exceeding 20 years.

(b) You have exclusive authority to enter into and administer leases on the Government’s behalf to the extent provided in your certificate of appointment as a contracting officer.

570.104 Competition.

Unless you use the simplified procedures in [Subpart 570.2](#), the competition requirements of FAR Part 6 apply to acquisition of leasehold interests in real property.

570.105 Methods of contracting.**570.105-1 Contracting by negotiation.**

Contracting by negotiation is usually appropriate for acquiring space in a building through a lease contract. You will usually need to conduct discussions with offerors about their proposals and consider factors other than price in making the award.

570.105-2 Two-phase design-build selection procedures.

Unless you use another acquisition procedure authorized by law, you must use the two-phase design-build selection procedures in section 303M of the Federal Property and Administrative Services Act of 1949, as amended, for lease construction projects. This includes lease construction projects with options to purchase the real property leased. Use the procedures in section 303M when you meet the conditions in (a) and (b) below:

(a) You anticipate the lease will involve the design and construction of a public building, facility, or work for lease to the Government.

(b) You determine the procedures are appropriate for entering into a lease construction contract based on the following:

(1) You expect to receive three or more offers.

(2) Offerors will need to perform design work before developing a price.

(3) Offerors will incur a substantial amount of expense in preparing offers.

(4) You consider criteria such as the following:

(i) The extent to which the project requirements have been adequately defined.

(ii) The time constraints for delivery of the project.

(iii) The capability and experience of potential contractors.

(iv) The suitability of the project for use of the two-phase selection procedures.

(v) The capability of the agency to manage the two-phase selection process.

(vi) Other criteria established by the HCA.

570.105-3 Sealed bidding.

For sealed bidding, use the procedures in FAR Part 14. In most cases you should not use sealed bidding to acquire space in buildings unless you meet all the following conditions:

(a) You have a preselected site.

(b) A building will be constructed on the site using Government furnished plans and specifications.

(c) The Government will lease the building.

570.106 Publicizing/Advertising.

(a) Subparts [505.101](#), [505.202](#), and [505.203](#) define requirements for publicizing lease actions.

(b) Instead of issuing separate advertisements for multiple, known leasing actions, you may include the actions in one consolidated advertisement.

570.107 Oral presentations.

You may use oral presentations for acquisitions of leasehold interests in real property. Follow the procedures in FAR 15.102.

570.108 Responsibility determination.

(a) Determine that the prospective awardee is responsible with respect to the lease under consideration. The standards in FAR 9.104 apply. As part of the determination that a prospective contractor is otherwise qualified and eligible for award, review the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

(b) Your signature on the contract is deemed an affirmative determination.

(c) If you find an offeror nonresponsible, sign and place in the contract file a determination of nonresponsibility. State the basis for the determination.

(d) If you find a small business concern nonresponsible, the procedures at FAR 19.6 apply. Place all documents and reports supporting a determination of responsibility or nonresponsibility in the lease file.

570.109 Certifications.

Before awarding a lease, review applicable certifications for compliance with statute and regulations.

570.110 Cost or pricing data and information other than cost or pricing data.

(a) The policies and procedures of FAR 15.403 apply to lease contract actions.

(b) FAR 15.403-1 defines exceptions to and waivers for submitting cost or pricing data. Most leasing actions will have adequate price competition. For price analysis, you may use a market survey or an appraisal conducted using accepted real property appraisal procedures to establish a market price for comparison.

(c) In exceptional cases, the requirement for submission of certified cost or pricing data may be waived under FAR 15.403-1(c)(4).

(d) If cost or pricing data are required, follow the procedures in FAR 15.403-4 and 15.406-2.

570.111 Inspection and acceptance.

Before you accept space, obtain an inspection to ensure that the space complies with the Government's requirements

and specifications. Document the inspection and acceptance in the contract file.

570.112 Awards to Federal employees.

If you receive an offer from an officer or employee of the Government, follow the procedures in FAR 3.6.

570.113 Disclosure of mistakes after award.

If you discover a mistake in a lessor's offer after award, follow the procedures in FAR 14.407-4 and Subpart 514.407-4.

570.114 Protests.

FAR 33.1 and [533.1](#) apply to protests of lease acquisitions.

Subpart 570.2—Simplified Lease Acquisition Procedures

570.201 Purpose.

This subpart prescribes simplified procedures for small leases. These procedures reduce administrative costs, while improving efficiency and economy, when acquiring small leasehold interests in real property.

570.202 Policy.

Use simplified lease acquisition procedures to the maximum extent practicable for actions at or below the simplified lease acquisition threshold.

570.203 Procedures.

570.203-1 Market survey.

Conduct a market survey to identify potential sources. Use information available in GSA or from other sources to identify locations that will meet the Government's requirements.

570.203-2 Competition.

(a) Solicit at least three sources to promote competition to the maximum extent practicable. If you have repeated requirements for space in the same market, and if practicable, invite two sources not included in the most recent solicitation to submit offers.

(b) If you solicit only one source, document the file to explain the lack of competition.

570.203-3 Soliciting offers.

(a) Solicit offers by providing each prospective offeror a proposed short form lease or SFO. The short form lease or SFO must provide all the following information:

- (1) A description of the Government's requirements.
- (2) All award factors, including price or cost, and any significant subfactors you will consider in awarding the lease.

(3) A statement of the relative importance of the evaluation factors and subfactors.

(4) A statement of whether all evaluation factors other than cost or price, when combined, are either:

- (i) Significantly more important than cost or price.
- (ii) Approximately equal in importance to cost or price.

(iii) Significantly less important than cost or price.

(5) Either in full text or by reference, applicable FAR provisions and contract clauses required by [570.6](#).

(b) As necessary, review with prospective offerors the Government's requirements, pricing matters, evaluation procedures and submission of offers.

570.203-4 Negotiation, evaluation, and award.

(a) If you need to conduct negotiations, use the procedures in [570.307](#).

(b) Evaluate offers in accordance with the solicitation. Evaluate prices and document the lease file to demonstrate whether the proposed contract prices are fair and reasonable.

(c) If the total price, including options, exceeds \$500,000, consider whether you need cost and pricing data to determine that the price is fair and reasonable. In most cases the exceptions at FAR 15.403-1 will apply.

(d) If the total contract value of the lease, including options, will exceed \$500,000, the proposed awardee must provide an acceptable small business subcontracting plan. This requirement does not apply if the proposed awardee is a small business concern.

(e) Make award to the responsible offeror whose proposal is most advantageous to the Government considering price and other factors included in the solicitation.

Subpart 570.3—Contracting Procedures for Leasehold Interests in Real Property

570.301 Market survey.

Conduct a market survey to identify potential sources. Use information available in GSA or from other sources to identify locations capable of meeting the Government's requirements.

570.302 Description of requirements.

(a) The description of requirements depends on the nature of the space the agency needs and the market available to satisfy that need.

(b) The description of requirements must include all the following:

- (1) A statement of the purpose of the lease.
- (2) Functional, performance, or physical requirements.
- (3) Any special requirements.
- (4) The delivery schedule.

(c) The description must promote full and open competition. Include restrictive provisions or conditions only to the extent necessary to satisfy the agency's needs or as authorized by law.

570.303 Solicitation for offers.

570.303-1 Preparing the SFO.

The SFO forms the basis for the lease negotiation process and becomes part of the lease. Document each SFO in writing or electronically. Include the information necessary to enable prospective offerors to prepare proposals. Each SFO, at a minimum, must provide all the following:

- (a) Describe the Government's requirements.
- (b) State the method the Government will use to measure space.
- (c) Explain how to structure offers.
- (d) Specify a date, time, and place for submission of offers.
- (e) Explain how the Government will evaluate offers.
- (f) Describe the source selection procedures the Government will use.
- (g) Include a statement outlining the information the Government may disclose in debriefings.
- (h) Include appropriate forms prescribed in [570.7](#).

570.303-2 Issuing the SFO.

Release the SFO to all prospective offerors at the same time.

570.303-3 Late offers, modifications of offers, and withdrawals of offers.

Follow the procedures in FAR 15.208.

570.303-4 Changes to SFOs.

(a) If the Government's requirements change, either before or after receipt of proposals, issue an amendment. Document the amendment using the same method as for the SFO, written or electronic.

(b) If time is critical, you may provide information on SFO amendments orally.

- (1) Make a record of the information provided.
 - (2) Provide, or attempt to provide, the notice to all offerors or prospective offerors on the same day.
 - (3) Promptly confirm the information provided orally in a written amendment.
- (c) Distribute an amendment as follows:
- (1) If before the proposal due date, send the amendment to all prospective offerors who were sent a copy of the SFO.
 - (2) If after proposal receipt, send the amendment to each offeror who submitted a proposal.
- (d) If an amendment is so substantial that it requires a complete revision of the SFO, cancel the SFO and issue a new one.

570.304 General source selection procedures.

(a) These procedures apply to acquisitions of leasehold interests except if you use either:

- (1) Simplified lease acquisition procedures authorized by [570.2](#).
- (2) Two-phase design-build selection procedures authorized by [570.105-2](#).

(b) The contracting officer is designated as the source selection official unless the HCA appoints another individual for a particular leasing action or group of leasing actions.

(c) You must include price or cost to the Government and past performance as evaluation factors in every case.

- (d) The SFO must comply with FAR 15.304 and either:
- (1) FAR 15.101-1 if you will use the tradeoff process.
 - (2) FAR 15.101-2 if you will use the lowest price technically acceptable source selection process.

570.305 Two-phase design-build selection procedures.

(a) These procedures apply to acquisitions of leasehold interests if you use the two-phase design-build selection procedures authorized by [570.105-2](#).

- (b) The SFO must include all the following information:
- (1) The Scope of Work.
 - (2) The evaluation factors and subfactors to be used in evaluating phase-one proposals and their relative importance.
 - (3) The maximum number of offerors to be selected to submit competitive proposals in phase-two.
 - (4) The evaluation factors, including cost or price, and subfactors to be used in evaluating phase-two proposals and selecting the successful offeror, and their relative importance.

(c) The following procedures apply to phase-one evaluation factors:

- (1) Phase one factors include:
 - (i) Specialized experience and technical competence.
 - (ii) Capability to perform.
 - (iii) Past performance of the offeror's team (including architect-engineer and construction members of the team).
 - (iv) Other appropriate factors, such as site or location.
- (2) Do not require offerors to submit detailed design information or cost or price information in phase one. Do not use cost related or price related evaluation factors.

(d) Set the maximum number of offerors to be selected for phase-two to not exceed five (5) unless you determine that a number greater than five is both:

- (1) In the government's interest.
- (2) Consistent with the purpose and objectives of the two-phase selection process.

(e) In phase-two, require detailed technical and price proposals. Evaluate the proposals using the procedures in [570.306](#).

570.306 Evaluating offers.

(a) You must evaluate offers solely in accordance with the factors and subfactors stated in the SFO.

(b) Evaluate prices and document the lease file to demonstrate that the proposed contract price is fair and reasonable.

(c) Evaluate past performance in accordance with FAR 15.305(a)(2).

(d) Document the evaluation of award factors other than price listed in the solicitation. The file must include the basis for evaluation, an analysis of each offer, and a summary of findings.

570.307 Negotiations.

(a) Follow the procedures in FAR 15.306 and 15.307 for exchanges (including clarifications, communications, negotiations, discussions, and revisions).

(b) Place a written record of all exchanges in the lease file.

(c) Provide prompt written notice to any offeror excluded from the competitive range or otherwise eliminated from the competition in accordance with FAR 15.503(a).

570.308 Award.

(a) Make award to the responsible offeror whose proposal represents the best value after evaluation in accordance with the factors and subfactors in the SFO.

(b) Make award in writing and in the timeframe specified in the SFO.

(1) If you cannot make an award in that time, request in writing from each offeror an extension of the acceptance period through a specific date.

(2) If time is critical, you may request the extensions orally. You must make a record of the request and confirm it promptly in writing.

(c) Notify unsuccessful offerors in writing or electronically in accordance with FAR 15.501 and 15.503(b).

(d) The source selection authority may reject all proposals received in response to an SFO, if doing so is in the best interest of the Government.

570.309 Debriefings.

The procedures of FAR 15.505 and 15.506 apply to leasing actions.

Subpart 570.4—Special Aspects of Contracting for Continued Space Requirements

570.401 Renewal options.

(a) *Exercise of options.* Before exercising an option to renew, follow the procedures in [517.202](#) and [517.207](#). The contract must first provide the right to renew the lease.

(b) *Market survey.* Before exercising an option to renew a lease, review current market information to ensure the rental rate in the option is fair and reasonable.

570.402 Succeeding leases.**570.402-1 General.**

(a) If a succeeding lease for the continued occupancy of space in a building does not exceed the simplified lease acquisition threshold, you may use the simplified procedures in [570.2](#). Explain the absence of competition in the contract file.

(b) If a succeeding lease will exceed the simplified lease acquisition threshold, you may enter into the lease under either of the following conditions:

(1) You do not identify any potential acceptable locations.

(2) You identify potential acceptable locations, but a cost-benefit analysis indicates that award to an offeror other than the present lessor will result in substantial relocation costs or duplication of costs to the Government, and the Government cannot expect to recover such costs through competition.

570.402-2 Publicizing/Advertising.

Publish a notice if required by [505.101\(c\)](#). The notice should:

(a) Indicate the Government's lease is expiring.

(b) Describe the requirement in terms of type and quantity of space.

(c) Indicate the Government is interested in considering alternative space if economically advantageous.

(d) Advise prospective offerors that the Government will consider the cost of moving, alterations, etc., when deciding whether it should relocate.

(e) Provide a contact person for those interested in providing space to the Government.

570.402-3 Market survey.

Conduct a market survey following [570.301](#).

570.402-4 No potential acceptable locations.

If you do not identify any potential acceptable locations through the advertisement or the market survey, you may prepare a justification to negotiate directly with the present lessor. Fully document the efforts to locate alternative sources. Prepare the justification and obtain approval following FAR 6.3 and [506.3](#).

570.402-5 Potential acceptable locations.

If you identify potential acceptable locations through the advertisement or market survey, conduct a cost-benefit analysis following the procedures [570.402-6](#). Based on the results

of the cost-benefit analysis, take appropriate action as follows:

(a) If the cost-benefit analysis indicates that the Government will recover relocation costs and duplication of costs through competition, develop an SFO and negotiate with all interested parties following [570.3](#).

(b) If the cost-benefit analysis indicates that the Government cannot expect to recover relocation costs and duplication of costs through competition, prepare a justification for approval in accordance with FAR 6.3 and [506.3](#). Explain both:

- (1) How you performed the cost-benefit analysis.
- (2) That the cost-benefit analysis indicates that award to any other offeror will likely result in substantial costs to the Government that the Government cannot expect to recover through competition.

570.402-6 Cost-benefit analysis.

(a) The cost-benefit analysis must consider all the following:

- (1) The prices of other potentially available properties.
- (2) Relocation costs, including estimated costs for moving, telecommunications, and alterations, amortized over the firm term of the lease.
- (3) Duplication of costs to the Government.
- (4) Other appropriate considerations.

(b) Establish the prices for other potentially available properties by requesting each prospective offeror to provide an informational quotation for standard space for comparison purposes.

- (1) Adjust the prices quoted for standard space for any special requirements.
- (2) You do not need a formal SFO to obtain the informational quotation. However, you must provide a general description of the Government's needs.
- (3) If you obtain oral quotations, document the following information, as a minimum:
 - (i) Name and address of the firm solicited.
 - (ii) Name of the firm's representative providing the quote.
 - (iii) Price(s) quoted.
 - (iv) Description of the space and services for which the quote is provided.
 - (v) Name of the Government employee soliciting the quotation.
 - (vi) Date of the conversation.
- (4) Compare the informational quotations to the present lessor's price, adjusted to reflect the anticipated price for a succeeding lease.

570.403 Expansion requests.

(a) If the expansion space is in the general scope of the lease, you may acquire the space through a modification without further justification under FAR 6.3.

(b) If the expansion space needed is outside the general scope of the lease, determine whether it is more prudent to provide the expansion space by supplemental agreement to the existing lease or to satisfy the requirement by competitive means.

(1) Conduct a market survey to determine the availability of suitable alternative locations.

(2) If you identify alternate locations that can satisfy the total requirement, perform a cost-benefit analysis to determine whether it is in the Government's best interest to relocate. Consider, as appropriate:

- (i) The cost of the alternate space compared to the cost of expanding at the existing location.
- (ii) The cost of moving.
- (iii) The cost of duplicating existing improvements.
- (iv) The cost of the unexpired portion of the firm lease term. If a termination is possible, use the actual cost of such an action.

(v) The cost of disruption to the agency's operation.

(c) If you determine not to use competitive procedures and the expansion space is outside the general scope of the lease:

(1) If the estimated value of the acquisition does not exceed the simplified lease acquisition threshold, document the file as required by [570.203-2\(b\)](#).

(2) If the estimated value of the acquisition exceeds the simplified lease acquisition threshold, prepare a justification for approval under FAR 6.3 and [506.3](#).

570.404 Superseding leases.

(a) Consider executing a superseding lease to replace an existing lease when the Government needs numerous or detailed modifications to the space that would cause complications or substantially change the present lease.

(b) If the value of the superseding lease exceeds the simplified lease acquisition threshold, the justification and approval requirements in FAR 6.3 and [506.3](#) apply. If the cost does not exceed the simplified lease acquisition threshold, you may use the simplified procedures in [570.2](#) and explain the absence of competition in the file.

570.405 Lease extensions.

(a) This subsection applies to extension of the term of a lease to provide for continued occupancy on a short term basis.

(b) If the value of a lease extension will exceed the simplified lease acquisition threshold, the justification and approval requirements in FAR 6.3 and [506.3](#) apply. For extensions that will not exceed the simplified lease acquisition threshold, you

may use the simplified procedures in [570.2](#) and explain the absence of competition in the file.

(c) FAR 6.302-1 permits contracting without providing for full and open competition when the property or services needed by the agency are available from only one responsible source and no other type of property or services will satisfy the needs of the agency. This authority may apply to lease extensions in situations such as the following:

(1) The agency occupying the leased space is scheduled to move into other Federally controlled space, but encounters unexpected delays in preparing the new space for occupancy.

(2) The Government encounters unexpected delays outside of its control in acquiring replacement space.

(3) The Government is consolidating various agencies occupying the leased space and you need to extend the terms of some leases to establish a common expiration date.

Subpart 570.5—Special Aspects of Contracting for Lease Alterations

570.501 General.

(a) Acquire alterations through a modification to an existing lease if you meet all the following conditions:

(1) The alterations fall in the general scope of the lease. Consider whether the work can be regarded as fairly and reasonably an inseparable part of the lease requirement originally contracted for.

(2) The lessor is willing to perform the proposed alterations at a fair and reasonable price.

(3) It is in the Government's interest to acquire the alterations from the lessor.

(b) If proposed alterations are outside the general scope of the existing lease, decide whether to acquire the alterations through either:

(1) A supplemental lease agreement, justified and approved under [570.502-1](#).

(2) Government performance or a separate contract. The lease must first provide the Government with the right to perform alterations to the leased space.

570.502 Alterations by the lessor.

These procedures apply to alterations you acquire directly from a lessor by modification or supplement lease agreement.

570.502-1 Justification and approval requirements.

If the proposed alterations are outside the general scope of the lease and you plan to acquire them from the lessor without competition, the following justification and approval requirements apply:

(a) If the alteration project will exceed the simplified lease acquisition threshold, the justification and approval requirements in FAR 6.3 and [506.3](#) apply.

(b) If the alteration project will exceed \$2,500, but not the simplified lease acquisition threshold, you may use simplified acquisition procedures and explain the absence of competition in the file.

(c) If the alteration project will not exceed \$2,500, no justification and approval is required.

570.502-2 Procedures.

(a) *Scope of work.* Prepare a scope of work for each alteration project.

(b) *Independent Government estimate.* Obtain an independent Government estimate for each alteration project, including changes to existing alteration agreements with the lessor.

(c) *Request for proposal.*

(1) Provide the scope of work to the lessor, including any plans and specifications, and request a proposal. Indicate in the request for proposal if the Government will make progress payments and provide for retainage, when appropriate.

(2) Request sufficient cost or price information to permit a price analysis.

(d) *Audits.* If you require cost or pricing data and the alteration project will exceed \$500,000, request an audit.

(e) *Proposal evaluation.*

(1) Determine if the proposal meets the Government's requirements.

(2) Analyze price or cost. At a minimum, compare the proposed cost to the independent estimate and, if applicable, any audit received.

(3) Analyze profit following FAR 15.404-4.

(4) Document your analysis under this paragraph and the resulting negotiation objectives.

(f) *Price negotiations.*

(1) Exercise sound judgment. You may make reasonable compromises as necessary.

(2) The negotiated price should provide the lessor with the greatest incentive for efficient and economical performance.

(3) Document negotiations in the contract file.

(g) *Award.* Use GSA Form 276, Supplemental Lease Agreement. If the modification does not exceed the simplified acquisition threshold, you may use GSA Form 300, Order for Supplies or Services. Reference the lease on the form.

(h) *Inspection and payment.* Do not make final payment for alterations until the work is:

(1) Inspected by a qualified Government employee or independent Government contractor.

(2) Confirmed as completed in a satisfactory manner.

570.503 Alterations by the Government or through a separate contract.

(a) If the Government chooses to exercise its right to make the alterations rather than contracting directly with the lessor, the Government may either:

(1) Have Federal employees perform the work.

(2) Contract out the work using standard contracting procedures that apply to a construction contract performed on Federal property.

(b) If the Government decides to contract for the work, invite the lessor, as well as all other prospective contractors, to submit an offer for the project.

You do not require a deviation under [570.604](#) to determine that a clause in this section is not appropriate. Use the clauses at your discretion in actions at or below the simplified lease acquisition threshold.

[552.270-4](#) Definitions. You must use this clause if you use [552.270-28](#).

(b) You also need an approved deviation to modify the language of a provision or clause mandated by statute (e.g., GSAR [552.203-5](#), Covenant Against Contingent Fees, FAR 52.215-2, Audit and Records—Negotiation). The authorizing statute must allow for a waiver.

For example, 52.222-26, Equal Opportunity; 52.222-35, Affirmative Action for Disabled Veterans and Veterans of the Vietnam Era; and 52.222-36, Affirmative Action for Workers with Disabilities, require the approval of the Department of Labor's Office of Federal Contract Compliance Programs before they can be deleted from or modified in the SFO or lease.

Subpart 570.7—Forms**570.701 Standard forms.**

Use Standard Form 2, U.S. Government Lease for Real Property, to award leases unless you use GSA Form 3626 (see [570.702](#)). Delete the reference to the Standard Form 2-A in paragraph 7.

570.702 GSA forms.

(b) You may use GSA Form 276, Supplemental Lease Agreement, for actions requiring the agreement of both par-
