Subpart 9.3 - First Article Testing and Approval

Parent topic: Part 9 - Contractor Qualifications

9.301 Definition.

Approval, as used in this subpart, means the *contracting officer*'s written notification to the contractor accepting the test results of the *first article*.

9.302 General.

First article testing and approval (hereafter referred to as testing and approval) ensures that the contractor can furnish a product that conforms to all contract requirements for acceptance. Before requiring testing and approval, the contracting officer shall consider the-

- (a) Impact on cost or time of delivery;
- (b) Risk to the Government of foregoing such test; and
- (c) Availability of other, less costly, methods of ensuring the desired quality.

9.303 Use.

Testing and approval may be appropriate when-

- (a) The contractor has not previously furnished the product to the Government;
- (b) The contractor previously furnished the product to the Government, but-
- (1) There have been subsequent changes in processes or specifications;
- (2) Production has been discontinued for an extended period of time; or
- (3) The product acquired under a previous contract developed a problem during its life;
- (c) The product is described by a performance specification; or
- (d) It is essential to have an approved *first article* to serve as a manufacturing standard.

9.304 Exceptions.

Normally, testing and approval is not required in contracts for-

- (a) Research or development:
- (b) *Products* requiring qualification before award (*e.g.*, when an applicable *qualified products list* exists (see <u>subpart</u> 9.2));
- (c) Products normally sold in the commercial market; or
- (d) *Products* covered by complete and detailed technical specifications, unless the requirements are so novel or exacting that it is questionable whether the *products* would meet the requirements without testing and *approval*.

9.305 Risk.

Before *first article approval*, the *acquisition* of materials or *components*, or commencement of production, is normally at the sole risk of the contractor. To minimize this risk, the *contracting officer shall* provide sufficient time in the delivery schedule for *acquisition* of materials and *components*, and for production after receipt of *first article approval*. When Government requirements preclude this action, the *contracting officer may*, before *approval* of the *first article*, authorize the contractor to acquire specific materials or *components* or commence production to the extent essential to meet the delivery schedule (see *Alternate* II of the clause at <u>52.209-3</u>, *First Article Approval*-Contractor Testing, and *Alternate* II of the clause at <u>52.209-4</u>, *First Article Approval*-Government Testing). Costs incurred based on this authorization are allocable to the contract for—

- (a) Progress payments; and
- (b) Termination settlements if the contract is terminated for the convenience of the Government.

9.306 Solicitation requirements.

Solicitations containing a testing and approval requirement shall-

- (a) Provide, in the circumstance where the contractor is to be responsible for the *first article approval* testing-
- (1) The performance or other characteristics that the first article must meet for approval;
- (2) The detailed technical requirements for the tests that *must* be performed for *approval*; and
- (3) The necessary data that *must* be submitted to the Government in the *first article approval* test report;
- (b) Provide, in the circumstance where the Government is to be responsible for the *first article approval* testing-
- (1) The performance or other characteristics that the first article must meet for approval; and
- (2) The tests to which the *first article* will be subjected for *approval*;
- (c) Inform offerors that the requirement may be waived when supplies identical or similar to those

called for have previously been delivered by the *offeror* and accepted by the Government (see 52.209-3(h) and 52.209-4(i));

- (d) Permit the submission of alternative *offers*, one including testing and *approval* and the other excluding testing and *approval* (if eligible under paragraph (c) of this section);
- (e) State clearly the *first article*'s relationship to the contract quantity (see paragraph (e) of the clause at <u>52.209-3</u>, *First Article Approval*-Contractor Testing, or <u>52.209-4</u>, *First Article Approval*-Government Testing);
- (f) Contain a delivery schedule for the production quantity (see 11.403). The delivery schedule may-
- (1) Be the same whether or not testing and *approval* is waived; or
- (2) Provide for earlier delivery when testing and *approval* is waived and the Government desires earlier delivery. In the latter case, any resulting difference in delivery schedules *shall* not be a factor in evaluation for award. The clause at <u>52.209-4</u>, *First Article Approval*-Government Testing, *shall* contain the delivery schedule for the *first article*;
- (g) Provide for the submission of contract numbers, if any, to document the *offeror*'s eligibility under paragraph (c) of this section;
- (h) State whether the approved *first article* will serve as a manufacturing standard;
- (i) Include, when the Government is responsible for *first article testing*, the Government's estimated testing costs as a factor for use in evaluating *offers* (when appropriate); and
- (j) Inform offerors that the prices for first articles and first article tests in relation to production quantities shall not be materially unbalanced (see 15.404-1(g)) if first article test items or tests are to be separately priced.

9.307 Government administration procedures.

- (a) Before the contractor ships the *first article*, or the *first article* test report, to the Government laboratory or other activity responsible for *approval* at the address specified in the contract, the *contract administration office shall* provide that activity with as much advance notification as is feasible of the forthcoming *shipment*, and-
- (1) Advise that activity of the contractual requirements for testing and *approval*, or evaluation, as appropriate;
- (2) Call attention to the notice requirement in paragraph (b) of the clause at <u>52.209-3</u>, *First Article Approval*-Contractor Testing, or <u>52.209-4</u>, *First Article Approval*-Government Testing; and
- (3) Request that the activity inform the *contract administration office* of the date when testing or evaluation will be completed.
- (b) The Government laboratory or other activity responsible for *first article testing* or evaluation *shall* inform the *contracting office* whether to approve, conditionally approve, or disapprove the *first article*. The *contracting officer shall* then notify the contractor of the action taken and furnish a copy of the notice to the *contract administration office*. The notice *shall* include the *first article shipment*

number, when available, and the applicable *line item number*. Any changes in the drawings, designs, or specifications determined by the *contracting officer* to be necessary *shall* be made under the Changes clause, and not by the notice of *approval*, conditional *approval*, or disapproval furnished the contractor.

9.308 Contract clauses.

9.308-1 Testing performed by the contractor.

(a)

- (1) The contracting officer shall insert the clause at <u>52.209-3</u>, First Article Approval-Contractor Testing, in solicitations and contracts when a fixed-price contract is contemplated and it is intended that the contract require-
- (i) First article approval; and
- (ii) That the contractor be required to conduct the first article testing.
- (2) If it is intended that the contractor be required to produce the *first article* and the production quantity at the same facility, the *contracting officer shall* use the clause with its *Alternate* I.
- (3) If it is necessary to authorize the contractor to purchase material or to commence production before *first article approval*, the *contracting officer shall* use the clause with its *Alternate* II.

(b)

- (1) The *contracting officer shall* insert a clause substantially the same as the clause at <u>52.209-3</u>, *First Article Approval*—Contractor Testing, in *solicitations* and contracts when a cost-reimbursement contract is contemplated and it is intended that the contract require
- (i) First article approval and
- (ii) That the contractor be required to conduct the *first article* test.
- (2) If it is intended that the contractor be required to produce the *first article* and the production quantity at the same facility, the *contracting officer shall* use a clause substantially the same as the clause at <u>52.209-3</u>, *First Article Approval*—Contractor Testing, with its *Alternate* I.
- (3) If it is necessary to authorize the contractor to purchase material or to commence production before *first article approval*, the *contracting officer shall* use a clause substantially the same as the clause at <u>52.209-3</u>, *First Article Approval*—Contractor Testing, with its *Alternate* II.

9.308-2 Testing performed by the Government.

- (1) The contracting officer shall insert the clause at 52.209-4, First Article Approval-Government Testing, in solicitations and contracts when a fixed-price contract is contemplated and it is intended that the contract require first article approval and that the Government will be responsible for conducting the first article test.
- (2) If it is intended that the contractor be required to produce the *first article* and the production quantity at the same facility, the *contracting officer shall* use the basic clause with its *Alternate* I.
- (3) If it is necessary to authorize the contractor to purchase material or to commence production before *first article approval*, the *contracting officer shall* use the basic clause with its *Alternate* II.

(b)

- (1) The contracting officer shall insert a clause substantially the same as the clause at <u>52.209-4</u>, First Article Approval-Government Testing, in solicitations and contracts when a cost-reimbursement contract is contemplated and it is intended that the contract require first article approval and that the Government be responsible for conducting the first article test.
- (2) If it is intended that the contractor be required to produce the *first article* and the production quantity at the same facility, the *contracting officer shall* use a clause substantially the same as the clause at <u>52.209-4</u>, *First Article Approval*-Government Testing, with its *Alternate* I.
- (3) If it is necessary to authorize the contractor to purchase material or to commence production before *first article approval*, the *contracting officer shall* use a clause substantially the same as the clause at 52.209-4, *First Article Approval*-Government Testing, with its *Alternate* II.
