36.609-4 Requirements for registration of designers.

Insert the clause at 52.236-25, Requirements for Registration of Designers, in architect-engineer contracts, except that it *may* be omitted when the design will be performed-

(a) Outside the United States and its outlying areas; or

(b) In a State or outlying area of the *United States* that does not have registration requirements for the particular field involved.
