

3-2. Procurement Integrated Enterprise Environment (PIEE)

- a. PIEE is the primary enterprise procure-to-pay (P2P) application for DoD and its supporting agencies. PIEE is a procurement portfolio capability that uses a Common Access Card (CAC) enabled single-sign-on capability to grant access to system modules (e.g., Electronic Document Access and Joint Appointment Module (JAM)) hosted both internal and external to that environment. Army mandates 100% use of PIEE single-sign-on.
- b. A/OPCs nominate cardholders and billing officials and track nominations and workflows within PIEE. GPC one-pagers are an excellent resource on how to perform actions within PIEE modules.
- c. Government Administrator Managers (GAMs) must activate roles in PIEE as part of the GPC appointment process. See section 2-8.b. for additional GAM duties.
