

9.106-1 Conditions for preaward surveys.

(a) A *preaward survey* is normally required only when the information on hand or readily available to the *contracting officer*, including information from commercial sources, is not sufficient to make a determination regarding responsibility. In addition, if the contemplated contract will have a fixed price at or below the *simplified acquisition threshold* or will involve the *acquisition of commercial products or commercial services* (see [part 12](#)), the *contracting officer* should not request a *preaward survey* unless circumstances justify its cost.

(b) When a cognizant *contract administration office* becomes aware of a prospective award to a contractor about which unfavorable information exists and no *preaward survey* has been requested, it shall promptly obtain and transmit details to the *contracting officer*.

(c) Before beginning a *preaward survey*, the *surveying activity* shall ascertain whether the prospective contractor is debarred, suspended, or *ineligible* (see [subpart 9.4](#)). If the prospective contractor is debarred, suspended, or *ineligible*, the *surveying activity* shall advise the *contracting officer* promptly and not proceed with the *preaward survey* unless specifically requested to do so by the *contracting officer*.
