GSA ORDER

Subject: General Services Administration Acquisition Manual; GSAM Case 2023-G505, COWB Updates

1. **Purpose.** This order transmits a revision to the General Services Administration Acquisition Manual (GSAM) to streamline and coordinate the agency-wide processes for warrant appointment for contracting officers.

2. **Background.** On January 19, 2023, the Office of Federal Procurement Policy (OFPP) launched a modernized FAC-C framework which included a refreshed contracting competency model, a single-level certification requirement, and the introduction of credentials.

This GSA’s previous Contracting Officer Warrant Program aligned warrant levels to the old three level FAC-C program. With OFPP’s move to a single level certification, GSA is updating its warrant program requirements.

GSA has also created a Contracting Officer Warrant Board (COWB) page on the Acquisition Portal, to assist GSA contracting activities with establishing their warrant boards.

3. **Effective date.** January 1, 2024

4. **Explanation of changes.** This amendment includes non-regulatory changes. For full text changes of the amendment see Attachment A, GSAM Text Line-In/Line-Out.
