Subject: CLASS DEVIATION (CD) in Support of Executive Order (EO) 14275, “Restoring Common Sense to Federal Procurement” - Deviation to FAR Part 41, Acquisition of Utility Services

1. Purpose

This Class Deviation (CD) implements the FAR Council’s model deviation text for FAR Part 41, Acquisition of Utility Services. This action aligns with Executive Order (EO) 14275, "Restoring Common Sense to Federal Procurement," and the Revolutionary FAR Overhaul (RFO) initiative.

FAR part 41, Acquisition of Utility Services, has been retained, with minor changes to streamline and improve clarity.

2. Background

EO 14275, signed on April 15, 2025, established a policy that the FAR should contain only provisions required by statute or those essential for sound procurement. To implement this EO, the Office of Federal Procurement Policy (OFPP) is leading the Revolutionary FAR Overhaul (RFO) initiative, supported by the Federal Acquisition Regulatory Council. The initiative aims to eliminate unnecessary regulations and policies across all levels of the federal government.

Further guidance was provided by OMB Memorandum M-25-26, "Overhauling the Federal Acquisition Regulation," issued on May 2, 2025.

FAR Streamlining

As part of the RFO, the FAR will be streamlined to include only statutory requirements. Non-statutory content moved to new buying guides, collectively known as the Strategic Acquisition Guidance (SAG). The Council will first issue model deviation guidance by FAR part, followed by formal rulemaking through the notice and comment process. Agencies have 30 days to issue class deviations based on the model text once released.

A. Streamlining Agency Acquisition Supplements: Agencies must streamline their FAR supplements by removing regulations not based on statute or executive orders and by aligning with the FAR Council’s deviation guidance. Supporting policies must also be updated to reflect these changes. This is an excellent opportunity for NARA to formally publish a streamlined NARA FAR Supplement, ensuring consistency with the new FAR.

B. FAR Buying Guides and Supplemental Companion Guides (CG): As the FAR and agency supplements are streamlined, helpful non-regulatory content will be moved to these new FAR Buying Guides. These guides will offer practical instructions and best practices for implementing effective contracting methods, including those related to competition. The RFO Part 41 model deviation text is a plain language version that will be adhered to by all NARA contracting personnel.

3. Summary of Changes

FAR part 41, Acquisition of Utility Services, has been retained, streamlined, and improved for clarity. All subparts have been retained. Plain language edits or other updates have been made throughout the part to remove unnecessary information or otherwise clarify the content. All clauses and provisions are retained.

Notably, the definition of “utility service” is updated. Services such as broadband internet and information technology services, which were nascent or nonexistent when the original regulation was drafted, are now explicitly carved out. This prevents agencies from incorrectly applying utility acquisition procedures. This change reduces the risk of improper sole-source justifications and promotes full and open competition in those dynamic markets.

Statutory requirements retained in the RFO FAR part 41 model deviation include, but may not be limited to, the following:

- 40 U.S.C. § 501, Services for Executive Agencies
- 42 U.S.C. § 2204, Electric Utility Contracts
- 42 U.S.C. §§ 7251 et. seq., Department of Energy Organization Act
- 42 U.S.C. § 8287, Authority to Enter into Contracts

4. Instructions

The NARA acquisition workforce shall follow the RFO Part 41 deviated text instead of FAR Part 41 as codified at 48 CFR Chapter 1, Subchapter B, Part 8. The FAR Council’s RFO text is available at [FAR Overhaul - FAR Part 41 - Acquisition.gov](#) and is incorporated by reference into this deviation.

5. Applicability

The requirements in this Class Deviation (CD) apply to all solicitations and contract actions issued or awarded on or after **February 1, 2026**.

6. Authority

This class deviation is issued under the authority of Executive Order 14275 and OMB Memorandum M-25-26, 48 CFR Subpart 1.4.

7. Effective Date

This CD is effective as of the date signed and shall remain in effect until the provisions of the RFO are formally implemented in the FAR through a final rulemaking.
