Subject: CLASS DEVIATION (CD) in Support of Executive Order (EO) 14275, "Restoring Common Sense to Federal Procurement" - Deviation to FAR Part 5, Publicizing Contract Actions

1. Purpose

This Class Deviation (CD) implements the FAR Council's model deviation text for FAR Part 5, Publicizing Contract Actions. This action aligns with Executive Order (EO) 14275, "Restoring Common Sense to Federal Procurement," and the Revolutionary FAR Overhaul (RFO) initiative.

The revised FAR Part 5 enhances usability by restructuring and organizing the part in the logical flow of the acquisition lifecycle. The model deviation language is revised from a complex, topic-based structure to a streamlined, chronological process that mirrors the three main phases of acquisition. The revision makes extensive use of tables to present complex information regarding content requirements and timing, a significant departure from the dense paragraphs of the original text. The new tables 5-1, 5-2, 5-3, and 5-4 in the part clearly explain posting requirements and timeframes.

2. Background

EO 14275, signed on April 15, 2025, established a policy that the FAR should contain only provisions required by statute or those essential for sound procurement. To implement this EO, the Office of Federal Procurement Policy (OFPP) is leading the Revolutionary FAR Overhaul (RFO) initiative, supported by the Federal Acquisition Regulatory Council. The initiative aims to eliminate unnecessary regulations and policies across all levels of the federal government.

Further guidance was provided by OMB Memorandum M-25-26, "Overhauling the Federal Acquisition Regulation," issued on May 2, 2025.

FAR Streamlining

As part of the RFO, the FAR will be streamlined to include only statutory requirements. Non-statutory content moved to new buying guides, collectively known as the Strategic Acquisition Guidance (SAG). The Council will first issue model deviation guidance by FAR part, followed by formal rulemaking through the notice and comment process. Agencies have 30 days to issue class deviations based on the model text once released.

A. Streamlining Agency Acquisition Supplements: Agencies must streamline their FAR supplements by removing regulations not based on statute or executive orders and by aligning with the FAR Council’s deviation guidance. Supporting policies must also be updated to reflect these changes. This is an excellent opportunity for NARA to formally publish a streamlined NARA FAR Supplement, ensuring consistency with the new FAR.

B. FAR Buying Guides and Supplemental Companion Guides (CG): As the FAR and agency supplements are streamlined, helpful non-regulatory content will be moved to these new FAR Buying Guides. These guides will offer practical instructions and best practices for implementing effective contracting methods, including those related to competition. The RFO Part 5 model deviation text is a plain language version that will be adhered to by all NARA contracting personnel.

3. Summary of Changes

FAR Part 5, Publicizing Contract Actions, is revised from a complex, topic-based structure to a streamlined, chronological process that mirrors the three main phases of an acquisition. The revision makes extensive use of tables to present complex information regarding content requirements and timing, a significant departure from the dense paragraphs of the original text. The new tables 5-1, 5-2, 5-3, and 5-4 clearly explain posting requirements and timeframes.

This approach directly serves the goals of reducing complexity and enhancing clarity by making the content easier to understand and use.

Statutory requirements retained in the RFO FAR part 5 model deviation include, but are not limited to, the following:

- 5 U.S.C. § 552, Public Information; Agency Rules, Opinions, Orders, Records, and Proceedings
- 15 U.S.C. § 637(e) and 41 U.S.C. § 1708, Procurement Notice
- 15 U.S.C. § 637(k), Notices of Subcontracting Opportunities
- 15 U.S.C. § 637b, Availability of Information
- 15 U.S.C. § 644, Awards or Contracts
- 44 U.S.C. §§ 3701-3703, Awarding of Contracts
- Pub. L. 97-219, Small Business Innovation Development Act of 1982

This table is not an exhaustive list.
